# REGULAR SESSION OF 1992

## HOUSE JOURNAL No. 1

Wednesday, January 8, 1992

This day, January 8, 1992, the first Wednesday following the first Tuesday in January, being the day designated by the Constitution (Art. 3rd, Part 2nd) for assembling of the second-year session of the 152nd General Court of the State of New Hampshire, at the Capitol in the city of Concord, the Speaker convened the 1992 House of Representatives and called the session to order at 12:30 p.m.

Prayer was offered by Rep. Lindblade.

Let us pray. Almighty God grant us wisdom, grant us courage for the facing of this hour and all the hours of sessions and committees.

In these times of quiet desperation, remind us ever that it is ultimately to ourselves that we must look for answers to the problems which so sorely beset us.

May the laws we pass and the laws we do not pass prove to be a blessing and not a bane to the people of our state. Amen.

Rep. William Desrosiers led the Pledge of Allegiance.

**REMARKS**

The Speaker addressed the House.

Good afternoon and welcome back to the House. I hope you all had a happy and relaxing holiday with your families and are ready to resume your work.

We are starting off today with a busy session. In addition to hearing the Governor's State of the State address, we will act on a consent calendar of 81 bills and a regular calendar of 19 bills. We plan to wrap up by 4:30 this afternoon. Any re-referred bills not acted on will be put off until tomorrow under special order.

I also hope that you will all attend the reception this afternoon at the Hampton Inn.

This legislative session will be a busy one. The number of House bills scheduled for consideration is actually slightly smaller than usual - but the issues involved are important and complex. Fortunately, your work during the Interim dealing with ethics, retirement, air pollution and other issues will make the session easier. I especially want to thank the members who worked so hard on those study committees.

One issue that we will not have to deal with is a major budget deficit. The Medicaid money has helped to resolve that problem, but that does not mean we will have a lot of money available for new projects or programs.

The Governor's office estimates that we will end the biennium with a maximum surplus of about \$1.5 million. Fiscal restraint is essential and your cooperation will be appreciated if we are to end with a balanced budget.

We also need to keep in mind that the Medicaid money will not be available in Fiscal Year '94. Whatever we can do now to plan for the next budget cycle will be time well spent. The Government Operations Task Force, for example, will be working with the Appropriations Committee in efforts to find ways to cut spending and make government more efficient.

In addition, please keep in mind that under the law we passed last year only three legislative days are available for action on the new ethics rules. Under RSA 14-B, the rules take effect automatically unless both houses object to all or portions of them within the three-day period.

There will be a full presentation of the Ethics Committee's rules on the floor tomorrow. If, after the briefing you have any objections to the ethics rules, please file them with the Clerk's office by Tuesday.

Again, thank you for your fine work during the interim and welcome back.

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to small employer insurance.

Amend the bill by replacing all after the enacting clause with the following:

#### 1 Purpose and Intent.

I. The legislature finds that a significant number of New Hampshire residents do not have health insurance because they or their employers or both cannot afford to pay the premiums or because they are denied insurance due to their current or past medical history or condition or their occupation.

II. Approximately 3/4 of the uninsured Americans are workers and their dependents. Many of the uninsured work for small firms or are self-employed.

III. These small employers are facing increased barriers to obtain or retain affordable coverage for their employees.

IV. The legislature believes that wherever possible private initiatives should be used to provide access to health insurance and that it is the legislature's responsibility to create the statutory and regulatory environment to enable this to work.

2 New Chapter; Small Employer Insurance. Amend RSA by inserting after chapter 420-D the following new chapter:

#### CHAPTER 420-E SMALL EMPLOYER INSURANCE

420-E:1 Definitions. In this chapter

I. "Actuarial certification" means a written statement by a member of the American Academy of Actuaries that a small employer insurer is in compliance with the provisions of this chapter, based upon the person's examination, including a review of the appropriate records and of the actuarial assumptions and methods utilized by the insurer in establishing premium rates for applicable health insurance plans.

II. "Base premium rate" means, as to a rating period, the lowest premium rate charged or which could have been charged under a rating system by the small employer insurer to small employers with similar case characteristics for health insurance plans with the same or similar coverage.

III. "Case characteristics" mean demographic or other relevant characteristics of a small employer, as determined by a small employer insurer, which are considered by the insurer in the determination of premium rates for the small employer. Claim experience, health status and duration of coverage since issue are not case characteristics for the purposes of this chapter.

IV. "Commissioner" means the commissioner of insurance.

V. "Department" means the department of insurance.

VI. "Health insurance plan" or "plan" means any hospital or medical expense incurred policy or certificate, hospital or medical service plan contract, or health maintenance organization subscriber contract. Health insurance plan does not include accident-only, credit, dental or disability income insurance; coverage issued as a supplement to liability insurance; worker's compensation or similar insurance; or automobile medical-payment insurance.

VII. "Index rate" means the arithmetic average of the applicable base premium rate and the corresponding highest premium rate for small employers with similar case characteristics.

VIII. "Insurer" means any person who provides health insurance in this state. For the purposes of this chapter, insurer includes a licensed insurance company, a prepaid hospital or medical service plan, a health maintenance organization, a multiple employer welfare arrangement or any other person providing a plan of health insurance subject to state insurance regulation.

IX. "New business premium rate" means, as to a rating period, the premium rate charged or offered by the small employer insurer to small employers with similar case characteristics for newly issued health insurance plans with the same or similar coverage.

X. "Rating period" means the calendar period for which premium rates established by a small employer insurer are assumed to be in effect, as determined by the small employer insurer.

XI. "Small employer" means a business or organization with between 1 and 50 employees inclusive.

XII. "Small employer insurer" means any insurer which offers health insurance plans covering the employees of a small employer.

420-E:2 Health Insurance Plans Subject to this Chapter.

I. Except as provided in paragraph II, the provisions of this chapter apply to any health insurance plan which provides coverage to one or more employees of a small employer.

II. The provisions of this chapter shall not apply to individual health insurance policies which are subject to policy form and premium rate approval.

420-E:3 Restrictions Relating to Premium Rates.

I. Premium rates for health insurance plans subject to this chapter shall be subject to the following provisions:

(a) The premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage, or the rates which could be charged to such employers under the rating system, shall not vary from the index rate by more than 30 percent of the index rate.

(b) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(1) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. If the small employer insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate.

(2) An adjustment, not to exceed 15 percent annually and adjusted pro rata for rating periods of less than one year, due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer as determined from the insurer's rate manual.

(3) Any adjustment due to change in coverage or change in the case characteristics of the small employer as determined from the insurer's rate manual.

(c) In the case of health insurance plans issued prior to January 1, 1993, a premium rate for a rating period may exceed the ranges described in paragraphs I and II until January 1, 1998. In such case, the percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(1) The percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. If the small employer insurer is not issuing new policies, the insurer shall use the percentage change in the base premium rate.

(2) Any adjustment due to change in coverage or change in the case characteristics of the small employer as determined from the insurer's rate manual.

II. Nothing in this section is intended to affect the use by a small employer insurer of legitimate rating factors other than claim experience, health status or duration of coverage in the determination of premium rates. Small employer insurers shall apply rating factors, including case characteristics, consistently with respect to all small employers.

420-E:4 Provisions on Renewability of Coverage.

I. Except as provided in paragraph II, a health insurance plan subject to this chapter shall be renewable to all eligible employee and dependents at the option of the small employer, except for the following reasons.

(a) Nonpayment of required premiums.

(b) Fraud or misrepresentation of the small employer, or with respect to coverage of an insured individual, fraud or misrepresentation by the insured individual or such individual's representative.

(c) Noncompliance with plan provisions.

(d) The number of individuals covered under the plan is less than the number or percentage of eligible individuals required by percentage requirements under the plan.

(e) The small employer is no longer actively engaged in the business in which it was engaged on the effective date of the plan.

II. A small employer insurer may cease to renew all plans issued to small employers. The insurer shall provide notice to all affected health insurance plans and to the commissioner in each state in which an affected insured individual is known to reside at least 90 days prior to termination of coverage. An insurer which exercises its right to cease to renew all small employer plans shall not offer health insurance plans to small employers for a period of 5 years after the nonrenewal of the plans without prior approval of the commissioner.

420-E:5 Disclosure of Rating Practices and Renewability Provisions. Each small employer insurer shall make reasonable disclosure in solicitation and sales materials provided to small employers of the following:

I. The extent to which premium rates for a specific small employer are established or adjusted due to the claim experience, health status or duration of coverage of the employees or dependents of the small employer.

II. The provisions concerning the insurer's right to change premium rates and the factors, including case characteristics, which affect changes in premium rates.

III. The provisions relating to renewability of coverage.

420-E:6 Maintenance of Records.

I. Each small employer insurer shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation which demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

II. Each small employer insurer shall file each March 1, with the commissioner, an actuarial certification stating that the insurer is in compliance with this section and that the rating methods of the insurer are actuarially sound. Health maintenance organizations shall file such information as required by the commissioner. A copy of such certification shall be retained by the insurer at its principal place of business.

III. A small employer insurer shall make the information and documentation described in paragraph I available to the commissioner upon request. The information shall be considered proprietary and trade secret information and shall not be subject to disclosure by the commissioner to persons outside of the department except as agreed to by the insurer or as ordered by a court of competent jurisdiction.

420-E:7 Filing of Rates. No policy or contract of insurance or any certificate under such policy or contract shall be issued under this chapter until the premium rates have been filed with the insurance commissioner nor until the expiration of 30 days thereafter unless the commissioner shall sooner give his written approval thereof.

420-E:8 Discretion of the Commissioner. The commissioner may suspend all or any part of RSA 420-E:3 as to the premium rates applicable to one or more small employers for one or more rating periods upon a filing by the small employer insurer

and a finding by the commissioner that either the suspension is reasonable in light of the financial condition of the insurer or that the suspension would enhance the efficiency and fairness of the marketplace for small employer health insurance.

420-E:9 Rulemaking. The commissioner shall adopt rules, under RSA 541-A, necessary to the proper administration of this chapter.

420-E:10 Applicability. This chapter shall apply to each health insurance plan for a small employer that is delivered, issued for delivery, renewed, or continued in this state on or after January 1, 1993. The date a plan is continued shall be the first rating period which begins after January 1, 1993.

3 Effective Date. This act shall take effect January 1, 1993.

#### AMENDED ANALYSIS

This bill regulates health insurance costs to small employers and their employees by placing certain restrictions on premium rates chargeable to small employers.

**HB 411**, relative to discrimination in the issuance of health insurance policies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patricia A. Fair for Commerce, Small Business and Consumer Affairs: The bill, as amended, has three sections. The first requires insurers to take all employees and dependents of an employer regardless of health status or condition (ban "cherry picking" by insurers) and requires an open enrollment period. The second changes the 39-week extension for health insurance after leaving employment to the federal limits of 18, 29 or 36 months; and changes the \$3 administrative fee to two percent of the monthly premium and incorporates changes requested by the Insurance Department. The third change requires insurers to spread the cost of pregnancy and childbirth across the entire rate base. Vote 18-0.

During the open enrollment period, any late enrollee shall be permitted to enroll without submitting any evidence of insurability based on medical conditions.

VI. No health maintenance organization shall discriminate on the basis of gender in the determination of rates or the assignment of costs associated with maternity care and childbirth.

5 New Paragraphs; Non-Discrimination through Preferred Provider Agreements. Amend RSA 420-C:4 by inserting after paragraph VI the following new paragraphs:

VII. No preferred provider shall, when issuing or renewing a policy or contract of insurance or any certificate under such policy or contract covered by this chapter, deny coverage or limit coverage to any resident of this state on the basis of health risk or condition except that a waiting period consistent with insurance department rules may be imposed for pre-existing medical conditions. If a preferred provider accepts an application for group coverage, such acceptance shall be subject to the following:

(a) If the group has coverage in effect through another plan, the preferred provider shall accept all persons covered under the existing plan. If the group does not have coverage in effect through another plan, the preferred provider shall accept all persons for which the group seeks coverage.

(b) Once a group policy has been issued, any person becoming eligible for coverage shall become covered by enrolling within 31 days after first becoming eligi-

ble. Any person so enrolling shall not be required to submit evidence of insurability based on medical conditions. If a person does not enroll at this time, he is a late enrollee.

(c) Once a group policy has been issued, the preferred provider shall provide the group with an annual open enrollment period for late enrollees. During the open enrollment period, any late enrollee shall be permitted to enroll without submitting any evidence of insurability based on medical conditions.

VIII. No preferred provider shall discriminate on the basis of gender in the determination of rates or the assignment of costs associated with maternity care and childbirth.

6 Access to Group Plan Extended. Amend RSA 415:18, VII(g)(1) to read as follows:

(g)(1) Whenever any individual *who has been employed for at least 6 months and* who is a member of any group hospital, surgical, medical insurance plan or health maintenance organization becomes ineligible for continued participation in such plan for any reason including death, *except dismissal for gross misconduct*, the benefits of such plan shall be available at the same group rate to the individual, the surviving spouse and the dependents covered by the group plan, for an extension period of [39 weeks]:

(A) 18 months; or

(B) 29 months in the case of an individual who is determined, under Title II or XVI of the Social Security Act to have been disabled at the time such individual becomes ineligible for continued participation in the plan; or

(C) 36 months in the case of:

(i) the death of the covered employee;

(ii) the divorce or the legal separation of the covered employee from the employee's spouse;

(iii) the covered employee's becoming entitled to benefits under Title XVIII of the Social Security Act; or

(iv) a dependent child ceasing to be a dependent child or until such member, surviving spouse or dependent becomes eligible for benefits under another group plan, whichever occurs first. The individual, surviving spouse or dependent shall elect to continue the participation in the group plan [within 30 days after the member becomes ineligible to participate] *according to rules adopted by the commissioner under RSA 541-A*. The member, surviving spouse or dependent shall be responsible for payment of premiums *which may include an administrative fee not to exceed 2 percent of the monthly premium* to the employer or policyholder throughout the extension period. Upon termination of the extension period, the member, surviving spouse or dependent shall be entitled to exercise any option which is provided in the group plan to elect a converted policy. After timely receipt of the premium payment from the individual or surviving spouse, if the employer fails to make payments to the insurer or hospital or medical service corporation or health maintenance organization, with the result that coverage is terminated, the employer shall be liable for benefits to the same extent as the insurer or hospital or medical service corporation would have been liable if coverage had not been terminated.

7 Notice of the Right to Continue Group Coverage. Amend RSA 415:18, VII(g)(4) to read as follows:

(4) Whenever any group hospital, surgical, medical insurance plan, or health maintenance organization coverage terminates for any reason, *unless such member,*

*surviving spouse or dependent is, at the termination date, enrolled in the group plan pursuant to RSA 415:18, VII(g)(1), the benefits of such plan shall be available at the same group rate to the individual, the surviving spouse, and the dependents covered by the group plan, for an extension period of 39 weeks, or until such member, surviving spouse, or dependent becomes eligible for benefits under another group plan, whichever occurs first. Any such member, surviving spouse or dependent who is enrolled in the group plan pursuant to RSA 415:18, VII(g)(1) upon the termination date shall have the benefits of such plan available to him at the same group rate for an extension period of 39 weeks, or an extension period to the date the extension provided under RSA 514:18(g)(1) would have expired had the plan not been terminated, or until such member, surviving spouse or dependent becomes eligible for benefits under another group plan, whichever occurs first.* Written notice of the right to continue such group coverage shall be given by the insurance company in each master policy, certificate, and group policy. The insurance company shall furnish each employer or group an adequate supply of attachments for each master policy, certificate, or group policy in effect. An individual, surviving spouse, or dependent electing continuation of coverage under this subparagraph shall provide the insurance company written notice of election together with the first monthly premium contribution within 31 days from the date coverage would otherwise terminate. The group rate shall be paid by the individual, surviving spouse, or dependent directly to the insurance company. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate, but a reasonable administrative fee not [exceeding \$3 per month] *to exceed 2 percent of the monthly premium* may be charged to offset billing and payment costs. Upon termination of the extension period, the member, surviving spouse, or dependent shall be entitled to exercise any option which is or was provided in the group plan to elect a converted policy. If a person or member becomes entitled to the 39-week extension period under this subparagraph and if such person or member has not been given notice of the termination of the group plan 31 days from the date of termination of the group coverage, then the person or member shall have an additional period within which to elect the 39-week extension period. This additional period shall expire 15 days after the person or member shall have been given said notice, but in no event shall the additional period extend beyond 6 months after the expiration of the original 31-day period. Written notice presented to the person or member or mailed by the policyholder to the last known address of the person or member as furnished by the policyholder shall constitute the giving of notice for the purpose of this subparagraph. If an additional period is allowed the person or member for election of the 39-week extension period as provided in this subparagraph, and if written notice of election accompanied by the first monthly premium and any monthly premiums which may be overdue, if any, is made after the expiration of the original 31-day period, but within the additional period allowed an employee or member in accordance with this subparagraph, the effective date of the extension period shall be the date of termination from the group. In no event shall a person or member entitled to such extension period be responsible for premiums accrued and unpaid prior to the termination or cancellation of the coverage.

8 Effective Date. This act shall take effect January 1, 1993.

## AMENDED ANALYSIS

This bill prohibits health insurers, health service corporations, health maintenance organizations, and preferred provider plans from denying or limiting coverage on the basis of health risk or condition, except that a waiting period may be required for pre-existing medical conditions. Such entities are also prohibited from discriminating on the basis of gender in determining rates associated with maternity care and childbirth.

This bill extends the time frame within which a person, or that person's surviving spouse or dependent, who has become ineligible to participate in his group health insurance policy due to death or any other reason, except dismissal for gross misconduct, has access to such group policy to a period consistent with COBRA.

**HB 439**, relative to employee cooperative corporations. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: Since there was very little interest in this bill and no overwhelming need to create a new type of "co-op"; the Committee felt this legislation is unnecessary at this time. Vote 16-1.

**HB 698-FN**, relative to debt collection agencies and consumer credit reporting agencies. INEXPEDIENT TO LEGISLATE.

Rep. Richard L. Hill for Commerce, Small Business and Consumer Affairs: This bill would take away a very important element in a business's decision to extend credit or some other benefit to a consumer. Vote 15-1.

**HB 718-FN**, relative to improving access to health insurance coverage for employees of small and moderate sized businesses. REFER FOR INTERIM STUDY.

Rep. Patricia A. Fair for Commerce, Small Business and Consumer Affairs: This bill is being referred for further study since the Subcommittee could not agree on the bill or amendments. The subject matter is needed for all additional legislation in the 1992 session. Vote 18-0.

**HB 744-FN**, relative to restricting all town and district regular business meetings and elections from being held on biennial election day. INEXPEDIENT TO LEGISLATE.

Rep. Carol H. Holden for Constitutional and Statutory Revision: This bill is not needed as the subject matter was dealt with in an amendment to House Bill 532, Chapter 370 in the 1991 Session. Vote 10-0.

**HB 497-FN-A**, relative to an equipment challenge grant program for vocational and technical education programs and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT.

Rep. Kathleen M. Hoelzel for Education: At the cost of one dollar this bill would create a steering committee to focus on three programs that would benefit vocational education at both the secondary and postsecondary levels. 1. Collaboration between postsecondary, secondary, business and industry, especially in the area of competitive grant awards for more updated equipment. 2. Training and development of educators to build partnerships and work with business and industry to secure funds and resources. 3. Equalize the distribution of funds between secondary and postsecondary vocational institutions. Vote 17-0.

## Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Intent.

I. The general court finds that the present economic environment has caused industry to reassess its contribution to the education sector. In response to this economic environment and in order to ensure ongoing private sector support, it becomes increasingly important to demonstrate to the business and industry community that the vocational educational system is maximizing its available resources and is internally cohesive. Therefore, it is the intent of this act to address the increase in instructional equipment needs. The program established in this act is meant to provide local districts and the postsecondary technical system with the resources needed to enable their continued development, in order to be more responsible to labor and market needs of employers and to become an integrated participant in the economic development of the state.

II. This act is not intended to supplant local, state or federal tax dollars appropriated for the support of vocational and technical education as delivered by the department of postsecondary technical education, the department of education and the local school districts. The intent is to supplement customary and usual appropriations for vocational and technical education and encourage supplemental support by business and industry within the state.

Each action committee shall be chaired by a member of the steering committee and shall include at least one additional member of the steering committee, along with representatives of those affected by each program and individuals who have expertise in those areas.

188-F:43 Equipment Challenge Grant Initiative Program. The steering committee shall establish the following 3 programs:

I. A program for a vocational-technical resource collaborative that shall include activities such as:

(a) Development of a model state plan to identify shared program and equipment needs of the secondary and postsecondary systems:

(e) Support for selected regional centers and technical colleges in implementing local plans aimed at training administrators and instructional staff.

- (1) Local or regional labor market needs.
- (2) Active participation in local or regional economic development plans.
- (3) A high related job placement rate of graduates.
- (4) A high related further education placement rate of graduates.
- (5) Consultation with secondary regional vocational centers and postsecondary institutions within geographic service areas.

(b) The challenge grants under subparagraph III(a) shall require a one to one match from secondary regional vocational centers and postsecondary institutions. The ultimate goal of the initiative is to enhance private sector support and minimize public sector support. No local, state, or federal funds may be used as the match for challenge grants unless specifically designated for such purpose. Private sector grants and donations are to be used for the one to one match. The fair market value of the private sector donations shall be determined by the steering committee.

188-F:44 Application. The programs established in this subdivision shall be available to both secondary vocational educational programs and to postsecondary technical institutions.

188-F:45 Report. At the conclusion of each biennium, the steering committee shall submit a report on the accountability of the program to the commissioner of the postsecondary technical education, the commissioner of education, the governor, president of the senate, and the speaker of the house no later than October 1, of each subsequent biennial period.

188-F:46 Administrative Attachment. The steering committee shall be administratively attached to the department of postsecondary technical education.

188-F:47 Rulemaking. The commissioner of postsecondary technical education, after consultation with the steering committee established in RSA 188-F:42, shall adopt rules, pursuant to RSA 541-A, relative to:

I. Guidelines for the awarding of grants under this subdivision.

II. Other matters related to the administration of this subdivision.

3 Appropriation. The sum of \$1 is hereby appropriated for the biennium ending June 30, 1993, to the department of postsecondary technical education for the purposes of this act. Such funds shall be nonlapsing. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill creates a steering committee which shall be responsible for directing and developing an equipment challenge grant program for vocational and technical education programs.

The committee shall focus on establishing the following 3 programs: a program for a vocational-technical resource collaborative, a program for educational administrators training initiative, and an instructional equipment needs challenge grant program.

The steering committee shall submit a report no later than October 1, of each subsequent biennium. The report shall include the committee's progress in the establishment of the 3 programs outlined and recommendations for their continued development.

The bill makes an appropriation to the committee for the purposes of the program. Referred to Appropriations.

**SB 18-FN-A**, relative to the conservation corps program and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Patricia M. Skinner for Education: Senate Bill 18 was re-referred to Education because of its impact. The Committee had a full hearing on this measure dealing with the conservation corps program with an appropriation of \$100,000 for the program, for the purpose of matching funds for federal grants, to be handled within the Department of Resources and Economic Development.

The program is an excellent one, dealing with youths, many of whom are potential dropouts. The funding for this program, in the past, has come from the Division of Parks and Recreation. However, due to severe cuts in the budget, it was not able to be funded.

The program was established in 1988 and was created in order to help New Hampshire youths in summer employment — developing hiking trails, conservation projects, and resource management. The program has assisted many young people who, in order to perform successfully in school, require vocational and educational assistance. Funds have been from federal, state and local governments, as well as from foundations and other outside donations.

The Committee feels that this measure is Inexpedient to Legislate by a vote of 18-0 and a bit premature in asking for limited state funds at this time with a new federal act in place. This excellent program will be considered and funded under the National Community Service act of 1990, P.L. 101-610. The federal regulations have not been developed as yet, but a Community Service Learning Advisory Committee has been meeting in New Hampshire. The Governor has designated the New Hampshire Private Industry Council as the lead agency for this project.

**HB 164-FN**, establishing an unclassified attorney position within the department of corrections. **INEXPEDIENT TO LEGISLATE.**

Rep. William F. Kidder for Executive Departments and Administration: No action required on this bill. It has been properly taken care of by Department of Personnel. Vote 14-0.

**HB 326-FN**, relative to disciplinary hearings before the pharmacy board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. George E. Letourneau for Executive Departments and Administration: An amendment was offered by the Subcommittee deleting the words “or any other qualified person appointed by the board” under section 12-I. This amendment assures that only a member of the board may preside at adjudicatory hearings. The Pharmacy Board had no objection to this amendment. Vote 14-0.

9 New Sections; Reciprocal Discipline; Immunity from Civil Action. Amend RSA 318 by inserting after section 29-a the following new sections:

318:29-b Denial or Revocation of License.

I. Upon receipt of an administratively final order from the licensing authority of another jurisdiction which imposes disciplinary sanctions against a licensee, permittee, or certificate holder of the board, or a person applying for a license, permit, or certificate, the board may issue an order directing the licensee, permittee or applicant to appear and show cause why similar disciplinary sanctions or, in the case of an applicant, license denial or restriction, should not be imposed in the state. In any such proceeding, the decision of the foreign licensing authority may not be collaterally attacked, but the licensee, permittee, or applicant shall be given the opportunity to demonstrate why a lesser sanction should be imposed.

II. The board may issue any disciplinary sanction or take any action with regard to any pending application pursuant to this section otherwise permitted by this chap-

ter, including sanctions or actions which are more stringent than those imposed by the foreign jurisdiction.

III. The board may adopt summary procedures for handling proceedings brought under this chapter, but shall furnish the respondent at least 10 days' written notice and a reasonable opportunity to be heard. The board may require a licensee, permittee, or certificate holder to suspend practice in this state as a condition of postponing a hearing date established for allegations brought under this section.

318:29-c Immunity from Civil Action. No civil action shall be maintained against the board or any member thereof or its agents or employees with regard to any action or activity taken in the performance of any duty or authority established by this chapter. No civil action shall be maintained against any organization or its members or against any other person for or by reason of any good faith statement, report, communication, or testimony to the board or determination by the board in relation to proceedings under this chapter.

10 Investigations and Complaints. RSA 318:30 is repealed and reenacted to read as follows:

318:30 Investigatory Powers of the Board; Complaints.

I. The board may investigate possible misconduct by licensees, permittees, certificate holders, applicants, and any other matters governed by the provisions of this chapter and RSA 318-B. Investigations may be conducted with or without the issuance of a board order setting forth the general scope of the investigation. Board investigations and any information obtained by the board pursuant to such investigations shall be exempt from the public disclosure provisions of RSA 91-A, unless such information subsequently becomes the subject of a public disciplinary hearing. However, the board may disclose information obtained in an investigation to law enforcement or health licensing agencies in this state or any other jurisdiction, or in accordance with specific statutory requirements or court orders.

II. The board may appoint legal counsel, technical advisors or other investigators to assist with any investigation and with adjudicatory hearings.

III. The board may commence a formal or informal investigation, or an adjudicative hearing, concerning allegations of misconduct and other matters within the scope of this chapter on its own motion whenever it has a reasonable basis for doing so, and the type of procedure chosen shall be a matter reserved to the discretion of the board. Investigations may be conducted on an ex parte basis.

IV.(a) The board may administer oaths or affirmations, preserve testimony, and issue subpoenas for witnesses and for documents during any formal investigation or adjudicatory hearing. The board may also subpoena patient records, as provided in paragraph V, during informal investigations.

(b) Subpoenas not covered by paragraph V shall be served in accordance with the procedures and fee schedules established by the superior court, except that:

(1) Persons licensed by the board shall not be entitled to a witness fee or mileage expenses for travel within the state;

(2) Witness fees and mileage expenses need not be tendered in advance if the subpoena is annotated "Fees Guaranteed by the New Hampshire Board of Pharmacy."

(3) The respondent shall be allowed at least 48 hours' to comply.

V. The board may at any time subpoena medical and pharmacy records from its licensees and from physicians, dentists, veterinarians, hospitals, and other health care providers or facilities licensed by or certified in this state. Such subpoenas shall be

served by certified mail or by personal delivery to the address shown on the licensee's current license, and no witness or other fee shall be required. A minimum of 15 days' advance notice shall be allowed for complying with a subpoena duces tecum issued under this chapter.

VI. Persons holding or applying for licenses or other privileges granted by the board shall keep the board informed of their current business and residence addresses. A licensee shall receive adequate notice of any hearing or other action taken under this chapter if notice is mailed in a timely fashion to the most recent home or business address furnished to the board by the licensee.

VII. Complaints of licensee misconduct shall be in writing and shall be treated as petitions for the commencement of a disciplinary hearing. The board shall fairly investigate all complaints to the extent and in the manner warranted by the allegations. A complaint which fails to state a cause of action may be summarily denied in whole or in part. Some or all of the allegations in a complaint may be consolidated with another complaint or with issues which the board wishes to investigate or hear on its own motion. If investigation of a complaint results in an offer of settlement by the licensee, the board may settle the allegations against the licensee without the consent of the complainant, provided that material facts are not in dispute and the complainant is given an opportunity to comment upon the terms of the proposed settlement.

VIII. At the commencement of an adjudicatory proceeding, or at any time during a formal or informal investigation, and without issuing a subpoena, the board may mail a statement of the issues being investigated or heard to a licensee or other person who is a proper subject of inquiry and require that licensee or other person to provide a detailed and good faith written response to such statement. The board may also require the licensee or other person to furnish complete copies of appropriate office records concerning any patient whose treatment is relevant to the matters at issue. The licensee or other person shall respond to such request within a reasonable time period of not less than 15 days, as the board may specify in its written request.

11 New Section; Temporary Suspension. Amend RSA 318 by inserting after section 30 the following new section:

318:30-a Temporary Suspension Where Imminent Threat. In cases involving imminent danger to life or health, the board may order suspension of a license or privilege granted under this chapter pending hearing for a period of no more than 60 days. In such cases, the basis for the board's finding of imminent danger to life or health shall be reduced to writing and combined with a hearing notice which complies with RSA 315:18, XI and RSA 541-A:16, III. Notwithstanding the requirements of RSA 541-A:15, III, the board's hearing may commence as much as 30 days after the date of the order suspending the license. If the board does not commence the hearing within 30 days the suspension order shall be automatically vacated, but a licensee shall be allowed additional time to prepare for or to complete a hearing under this section only by agreeing to a further suspension commensurate with the additional time extended.

12 Hearings, Decisions and Appeals. RSA 318:31 is repealed and reenacted to read as follows:

318:31 Hearings, Decisions and Appeals.

I. Adjudicatory hearings shall be open public proceedings. Any member of the board may preside at such a hearing and issue oaths or affirmations to witnesses.

II. The board shall furnish the licensee or any other respondent with at least 15 days' written notice of the date, time and place of a hearing, except as otherwise

provided in this chapter. Such notice shall include an itemization of the issues to be heard, and, in the case of a disciplinary hearing, a statement as to whether the action has been initiated by a written complaint or upon the board's own motion, or both. If a written complaint is involved, the complainant shall also receive a copy of the hearing notice and shall be provided with a reasonable opportunity to intervene as a party.

III. Any person appearing at a board hearing or investigation may be represented by legal counsel, but the board shall have no obligation or authority to appoint or provide an attorney to any such person.

IV. The board may at any time dispose of issues or allegations in an adjudicatory hearing, or an investigation, by default, by settlement agreement or consent order, by issuing an order of dismissal for failing to state a proper basis for disciplinary action or by summary judgment order based upon undisputed material facts. In disciplinary hearings, the board may hold prehearing conferences which shall be exempt from the provisions of RSA 91-A, but all final disciplinary actions, including those which occur without holding a public hearing, shall be available to the public.

V. Adjudicatory decisions and final disciplinary actions of the board shall be made by a majority of the board members participating in the decision. Such decisions shall not be made public until they have been reduced to writing, signed by a representative of the board, and served upon the parties.

VI. Decisions of the board may be appealed to the supreme court pursuant to RSA 541. No disciplinary sanction imposed by the board shall be stayed during appeal if the board determines that the public well-being so requires.

13 Repeal. The following are repealed:

I. RSA 318:29, II(h), relative to suspension of a license issued in another jurisdiction.

II. RSA 318:29, III, relative to license suspensions in cases of immediate threat.

14 Effective Date. This act shall take effect July 1, 1992.

**HB 366-FN-A**, establishing an office of information technology management and making an appropriation therefor. INEXPEDIENT TO LEGISLATE.

Rep. Kathleen W. Ward for Executive Departments and Administration: The content of this bill, dealing with information technology management, was covered in Senate Bill 182 in the 1991 Session. The Committee found no reason to go further than the current law at this time. Vote 15-0.

**HB 446-FN**, relative to the board of registration in medicine. OUGHT TO PASS WITH AMENDMENT.

Rep. Lawrence A. Emerton for Executive Departments and Administration: This bill, as requested by the Board of Registration in Medicine, tightens and modernizes the laws of the medical board. It also standardizes several areas that this committee is doing with many state boards.

The main thrust of this bill is to extend conditional licenses from six months to 12 months on applicants from other states and countries. It codifies the board's authority to conduct formal and informal hearings; it provides certain subpoena authority to the board to conduct investigations on an ex parte (without notice to the affected party) basis.

The bill was amended to specify that board members cannot act as investigators, but may retain investigators, legal counsel or other medical advisors; and that only a board member may preside at its hearings.

It also corrects technical errors in a bill (now Chapter 343, Laws of 1991) regarding psychologists.

In this law the word "or" was incorrectly used in two places when the word "and" should have been used.

By correcting this legislation using the word "and," one of the definitions of the term psychologist is a person who is certified or licensed in another state "and," not "or," is listed in the National Register of Health Service Providers in psychology in RSA 419:5-a, IV (b) and RSA 420:5-a, IV (b). Vote 14-0.

In any such proceeding, the decision of the foreign licensing authority may not be collaterally attacked, but the licensee or applicant shall be given the opportunity to demonstrate why a lesser sanction should be imposed. The board may issue any disciplinary sanction or take any action with regard to a license application pursuant to this section otherwise permitted by this chapter, including sanctions or actions which are more stringent than those imposed by the foreign jurisdiction. The board may adopt summary procedures for handling proceedings brought under this chapter, but shall furnish the respondent at least 10

days' written notice and a reasonable opportunity to be heard. The board may require a licensee to suspend practice in this state as a condition of postponing a hearing date established for allegations brought under this section.

10 Investigations and Preliminary Hearings. RSA 329:18 is repealed and reenacted to read as follows:

329:18 Investigations and Preliminary Hearings.

I. The board may investigate possible misconduct by licensees and other matters within the scope of this chapter. Investigations may be conducted formally, after issuance of a board order setting forth the general scope of the investigation, or informally, without such an order. In either case, board investigations and the information gathered in such investigations shall be exempt from the public disclosure provisions of RSA 91-A, except to the extent such information may later become the subject of a public disciplinary hearing. The board may disclose information acquired in an investigation to law enforcement or health licensing agencies in this state or any other jurisdiction, or in response to specific statutory requirements or court orders.

II. The board may retain legal counsel, medical advisors or other investigators to assist with any investigation and with adjudicatory hearings. Members of the board are not eligible for retainment.

III. The form taken by an investigation is a matter reserved to the discretion of the board. The board may conduct investigations on an ex parte basis.

(e) A minimum of 48 hours' notice shall be given for compliance with a subpoena issued under this chapter.

V. The board may at any time subpoena medical records and pharmacy records from its licensees and from hospitals and other health care providers licensed or certified in this state. A licensee shall receive adequate notice of any hearing or other action taken under this chapter if notice is mailed in a timely fashion to the most recent home or business address furnished to the board by the licensee.

VII. On its own motion or in response to a complaint received by the board, the board may informally mail a copy of a complaint to any licensee who is the subject of the complaint and require the licensee to provide a detailed and good faith written response to the allegations identified by the board. The licensee shall provide com-

plete copies of his office records concerning any patient identified in the complaint. The licensee shall respond to such request within a reasonable time period of not less than 15 days, as the board may specify in its written request.

VIII. Any person may file a written complaint with the board which charges that a person licensed by the board has committed misconduct. The board may hold preliminary hearings to facilitate the informal disposition of complaints which, during the preliminary hearing, are found to be unwarranted or unjustified. The board shall follow the provisions of RSA 541-A:16, V in conducting such hearings. Some or all of the allegations in a complaint may be consolidated with another complaint or with issues which the board wishes to investigate or hear on its own motion. If an investigation of a complaint results in an offer of settlement by the licensee, the board may settle the allegations against the licensee without the consent of a complainant, provided that material facts are not in dispute and the complainant is given an opportunity to comment upon the terms of the proposed settlement.

11 Hearings; Temporary Suspension. Amend RSA 329 by inserting after section 18 the following new sections:

Such notice shall include an itemization of the issues to be heard, and, in the case of a disciplinary hearing, a statement as to whether the action has been initiated by a written complaint or upon the board's own motion, or both. If a written complaint is involved, the notice shall provide the complainant with a reasonable opportunity to intervene as a party.

III. The board may at any time dispose of allegations in a complaint, investigation, or disciplinary hearing by settlement, default, or consent order, by issuing an order of dismissal for failing to state a proper basis for disciplinary action or by summary judgment order based upon undisputed material facts. In disciplinary hearings, the board may hold prehearing conferences which shall be exempt from the provisions of RSA 91-A, but all final disciplinary actions, including those which occur without holding a public hearing, shall be publicly released at the time they are served upon the parties.

IV. Every final disciplinary action and other adjudicatory decisions made final by the board shall be reduced to writing and served upon the parties. Such decisions shall not be public until they are served upon the parties.

V. The board shall have no obligation or authority to appoint or provide an attorney to any person appearing at a board hearing or investigation.

329:18-b Temporary Suspension Where Imminent Threat. In cases involving imminent danger to life or health, the board may order suspension of a license pending hearing for a period of no more than 120 days. In such cases, the basis for the board's finding of imminent danger to life or health shall be reduced to writing and combined with a hearing notice which complies with RSA 329:18-a. A licensee may be allowed additional time to prepare for a hearing, but any additional time for preparation shall result in an extension of license suspension commensurate with the additional time extended.

**SB 16-FN**, relative to the board of dental examiners. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Lawrence A. Emerton for Executive Departments and Administration: The bill was requested by the Board of Dental Examiners and the Dental Society to "tighten up" and modernize the laws and procedures of this board. Furthermore it standardizes several areas that this Committee is doing with many state boards.

The major changes allow the board to impose administrative fines, delete certain fees, specify types of dental conduct which could result in disciplinary action, provides the board with immunity from civil liability, and sets forth procedures for hearings and investigations.

The Committee specified that board members cannot conduct formal investigations and that only a board member can preside at its hearings. Vote 14-0.

**HB 277-FN**, requiring licensure of out-of-state mail order pharmacies. **INEXPEDIENT TO LEGISLATE.**

Rep. Katherine W. Wheeler for Health, Human Services and Elderly Affairs: House Bill 277 was voted Inexpedient to Legislate by a vote of 12-0. Vote 12-0.

**HB 380-FN**, relative to sheltered care facilities. **INEXPEDIENT TO LEGISLATE.**

Rep. Katherine W. Wheeler for Health, Human Services and Elderly Affairs: House Bill 380 was unanimously voted Inexpedient to Legislate because the Committee believes that the concerns of the developmentally disabled expressed by House Bill 380 can be addressed in the rulemaking process for House Bill 451, the omnibus bill to license health facilities which passed in the 1991 session. II. Before taking the actions authorized by this section to deny, suspend or revoke the license, the commissioner shall provide the licensee with reasonable time to supply additional information demonstrating compliance with the requirements of this chapter and the opportunity to request a hearing under RSA 541-A. Rehearings and appeals shall be conducted in accordance with RSA 541.

**HB 562**, extending the surgical authority of podiatrists. OUGHT TO PASS WITH AMENDMENT.

Rep. Katherine D. Foster for Health, Human Services and Elderly Affairs: The study committee requested data from each hospital in the state regarding its podiatry privileges, if available. Two-thirds of the hospitals replied. Often the respondent was the head of orthopedics, and in some cases, the chief executive officer. Consultation was secured from the Chairperson of the Board of Examiners for the Practice of Podiatry, two officers of the New Hampshire Podiatry Medical Association, and the Executive Director of the New Hampshire Medical Association. Due to changes in updating RSA Chapter 315 (New Hampshire Board of Registration in Podiatry) which will cite new educational requirements and safeguards for patients, the Committee voted to pass the bill as amended by the study committee. Vote 13-0.

3966L

#### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Surgical Authority Extended. Amend RSA 315:6 to read as follows:

Except where disciplinary action has been taken by the board pursuant to RSA 315:9, [any person licensed under this chapter shall be authorized] *the board shall issue the certificate for a licensed podiatrist to whoever satisfactorily passes an examination, and thereupon he shall have legal authority to diagnose and to treat [ailments of the human foot] by [any] medical, mechanical, electrical and surgical means [available, except that any person licensed under this chapter shall not be authorized to perform amputations or] ailments of the human foot and lower leg. Allowable surgical treatment in a health care facility shall be determined by that health care facility credential committee, and such surgical treatment shall be performed at that health care facility. Such certificate shall not authorize the licensee to administer general anesthesia. Licenses shall not be issued for a period exceeding one year and shall be renewed as provided herein.*

2 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill amends existing law to provide that any surgical treatment in a health care facility necessary to treat foot or lower leg problems shall be determined by a health care facility credential committee and performed at the facility. Podiatric licenses shall be good for one year.

**HB 686-FN-A**, establishing a trauma care registry and making an appropriation therefor. INEXPEDIENT TO LEGISLATE.

Rep. Marion L. Copenhagen for Health, Human Services and Elderly Affairs: The need for establishing a trauma care registry was not the question. It was self-evident to the Committee that such a registry would be beneficial in the overall collection of data relating to the broad spectrum of Emergency Medical Services. However, given the fiscal crisis of the state, the Committee found the establishment of a registry at this time to be inappropriate despite the merit of the bill. Vote 13-0.

**HB 712-FN**, relative to access to health care for the uninsured. REFER FOR INTERIM STUDY.

Rep. Mary C. Holmes for Health, Human Services and Elderly Affairs: This is greatly needed legislation, which provides medical access to needy children age six or younger and pregnant women whose income does not exceed 185 percent of the poverty level. However, given our state's economy the Committee does not recommend passage, but wishes to keep this bill alive. Vote 12-0.

**HB 726-FN-A**, relative to vital records and continually appropriating a fund for records automation. OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas C. Cain for Health, Human Services and Elderly Affairs: This bill changes fees charged for certified copies of vital records. A portion of the fee is to remain with the municipality to cover its costs and the balance of such fees is to be placed in a special fund to be used for automation of the vital records system and is continually appropriated to the Division of Public Health Services. Vote 11-0.

9 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill requires adoptive parents or an adopted person over 18 to pay a fee of \$25 for a birth certificate for a foreign-born child. The fee is to be deposited into the vital records improvement fund established in RSA 126:31.

The bill increases the fee charged for a delayed birth certificate from \$4 to \$25. The \$25 fee shall be retained by the town clerk as his fee for issuing such certificate.

The bill also increases the fees for amending or correcting vital records and establishes heirloom certificates.

**SB 159-FN**, relative to posting of public documents in licensed health facilities and health care facilities. **INEXPEDIENT TO LEGISLATE.**

Rep. Marion L. Copenhagen for Health, Human Services and Elderly Affairs: Requiring additional posting of public documents in health care facilities is redundant and the unanimous opinion of the Committee. The state already mandates that licenses be conspicuously posted. If there are problems with health care facilities and their licensing, there are better ways to deal with them than by the provisions of this bill. Vote 13-0.

**HB 61-FN**, relative to the distribution of moneys received as a result of the commission of a crime. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: The original subject matter of this bill referred to as "Son of Sam" is currently pending before the Supreme Court. It was not feasible to deal with that subject matter until the court has handed down its opinion. The Committee found a repeal provision relative to the victims witness assistance program and therefore chose to use this bill as a vehicle to repeal that prospective repeal. The Committee believes that the victims witness assistance program has proved itself worthy of not operating under the cloud of being "temporary." It is a program that has no cost to the general fund. Vote 14-0.

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

repealing the prospective repeal of the victims' assistance fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Repeal. The following are repealed:

I. RSA 21-M:8-h, VI and VII, relative to a report to the fiscal committee on the victims' assistance fund and the lapse of the fund.

II. 1989, 408:82, I, relative to the repeal of the victims' assistance fund.

III. 1989, 408:82, III, relative to the administration of the victims' assistance fund.

IV. 1989, 417:9, relative to the repeal of the victims' assistance fund.

2 Effective Date. This act shall take effect January 1, 1993.

#### AMENDED ANALYSIS

The bill repeals provisions of law which would terminate the victims' assistance program on July 1, 1994. The bill also repeals a provision requiring the department of justice to submit a report on the victims' assistance fund to the fiscal committee no later than July 1, 1993.

Referred to Appropriations.

**HB 182-FN**, authorizing the interception of wire or oral communications regarding securities crimes. INEXPEDIENT TO LEGISLATE.

Rep. Peter H. Burling for Judiciary: This bill was a so-called "wire tap" bill for the Office of Securities Regulation. The Committee felt that consolidation of the Office of Securities Regulation with the Attorney General's Office obviated any need for this statute. Vote 9-3.

**HB 201**, relative to the authority of the pharmacy board to seize evidence. INEXPEDIENT TO LEGISLATE.

Rep. Peter H. Burling for Judiciary: Upon motion of the Civil Subcommittee, the Committee felt that this statute would represent an inappropriate extension of powers, duties and changes of the members of the Pharmacy Board. The Committee further felt that the proper way to handle the problem of pharmacy investigators is to insure that the Attorney General's Office is properly funded and staffed. Vote 12-0.

**HB 316-FN**, relative to publication of notice requirements in situations in which property escheats to the state. INEXPEDIENT TO LEGISLATE.

Rep. Alf E. Jacobson for Judiciary: The intention of this bill was to save some money for the state by eliminating notice requirements with respect to abandoned property. Since the savings were small in relationship to the fiscal problems of the state in their total frame, the public service these notices provided, outweighs the small savings. Vote 15-0.

**HB 344-FN**, relative to eligibility for admission to the New Hampshire bar. INEXPEDIENT TO LEGISLATE.

Rep. Alf E. Jacobson for Judiciary: This piece of legislation introduced for a single, special purpose has been resolved by the Supreme Court, and therefore is now unnecessary. Vote 13-0.

**HB 503**, relative to recovery of medical assistance payments. OUGHT TO PASS WITH AMENDMENT.

Rep. Peter H. Burling for Judiciary: This bill is designed to make enforcement of the state's lien in certain cases involving support system more efficient. The interests of surviving spouses are fully protected, and the Committee feels this is an appropriate piece of legislation. Vote 10-1.

3910L

**Amendment**

Amend RSA 167:16-a, III as inserted by section 3 of the bill by replacing it with the following:

III. All demands for adjustment or recovery under paragraph II may be filed pursuant to the requirements in RSA 556:6.

Amend the bill by replacing all after section 3 with the following:

4 Clarification of Liability of Estate of Recipient's Spouse. Amend RSA 167:14 to read as follows:

167:14 Claims and Liens. The estate of every recipient, and the estate of a recipient's spouse [residing with said recipient], if any, owned severally or as joint tenants, shall be liable for all assistance granted to the recipient, *provided, however, that the estate of a recipient's spouse shall be liable only for such assistance as was granted to the recipient during the time that the recipient and the recipient's spouse were neither legally separated nor divorced.* All such liens shall continue during the lifetime of the recipient and of the spouse of the recipient, if any, and until enforced as provided in this section, unless sooner released by the director of the division of human services. Within 30 days after the first grant of assistance to a recipient, the director of the division of human services shall file with the register of deeds of the county in which the recipient, or the spouse of the recipient, if any, owns real property, notice of the lien, together with the name of the recipient, and the spouse of the recipient, if any. The register of deeds shall keep a suitable record of such notices without charging any fee therefor and enter on the record an acknowledgment of satisfaction upon written request from the director of the division of human services.

5 Effective Date. This act shall take effect 30 days after its passage.

**HB 534-FN**, amending the habitual offender penalties to provide for special alternative incarceration. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: This bill, as amended, corrects a horrendous mistake which resulted in serious problems relative to habitual offenders. There is a significant number of people imposed with a mandatory one-year jail sentence for minor infractions, at an average cost to the state of \$55 per day. It seems not only expensive but unjustified. This bill now gives the judge discretion relative to these offenders. Vote 15-0.

3862L

**Amendment**

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Habitual Offender Penalty. Amend RSA 262:23 by inserting after paragraph II the following new paragraph:

III. Notwithstanding paragraph I, any person who qualifies under RSA 259:39, who does not have a conviction under RSA 265:82 or any misdemeanor or felony motor vehicle convictions pursuant to RSA Title XXI, shall not be subject to the minimum mandatory provisions of paragraph I; provided, however, that any such person may be sentenced to one year or less. Any person incarcerated upon the effective date of this act, pursuant to certification as an habitual offender under RSA 259:39, who does not have a conviction under RSA 265:82 or any misdemeanor or felony motor vehicle convictions pursuant to RSA Title XXI, may apply immediately to the superior court for sentence review and reduction.

2 Effective Date. This act shall take effect January 1, 1993.

## AMENDED ANALYSIS

This bill exempts a non-DWI habitual offender from the minimum mandatory penalty provisions otherwise applicable to habitual offenders and alternatively provides for a maximum imprisonment penalty of one year.

This bill also allows any person incarcerated and certified as an habitual offender, who has no DWI conviction on convicting for misdemeanor or felony motor vehicle offense under the motor vehicle laws, to seek immediate sentence review and reduction by the superior court.

**HB 554-FN**, permitting the Wolfeboro district court and the Ossipee district court to hold sessions in the same location. **INEXPEDIENT TO LEGISLATE.**

Rep. Alf E. Jacobson for Judiciary: The Committee heard opposing testimony on the merits of this bill from the two towns involved. Furthermore, there is a special committee studying these problems under the supervision of the Supreme Court. Therefore, it seems inadvisable for the General Court to act at this time. Vote 14-0.

**HB 663-FN-A**, establishing a pilot project in the Sullivan county superior court to train volunteer attorneys to serve as mediators and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter H. Burling for Judiciary: This bill spends a penny to save a dime. It appropriates four thousand dollars to help train volunteer attorneys to be marital mediators in Sullivan County Superior Court. It has the potential of saving time and money in the Superior Court budget, and it may prove an important step for improving efficiency in all the Superior Courts. The Fiscal Note calls for state expenditures of \$4,000 in FY '92. Vote 11-0.

3893L

## Amendment

Amend paragraph I of section 2 of the bill by replacing it with the following:

1. There is hereby established a pilot mediation project to be situated in the Sullivan county superior court. The pilot program shall expire on June 30, 1994, unless renewed by the legislature.

Amend the bill by replacing all after section 2 with the following:

3 Report. The clerk of the Sullivan county superior court shall submit a report showing the results and effectiveness of the pilot program in achieving its purpose and how moneys were spent to the speaker of the house, the president of the senate and the governor on or before November 15, 1993.

4 Appropriation. The sum of \$4,000 is hereby appropriated to the Sullivan county superior court for the pilot mediation project established in section 2 of this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

5 Effective Date. This act shall take effect July 1, 1992.

Referred to Appropriations.

**HB 675-FN**, relative to DWI penalties while operating a motor vehicle, OHRV, or boat or while transporting a child. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Richard H. Campbell, Jr. for Judiciary: This bill: 1. Revises the law covering DWI and implied consent for off-highway recreational vehicles to make it consistent with the highway motor vehicle laws; 2. Moves the boating-while-intoxicated provisions from the criminal code to the chapter on boats, while reducing simple boating-while-intoxicated infractions from misdemeanor to violation; 3. Provides a one-day

minimum, 30-day maximum sentence for DWI or boating-while-intoxicated while transporting a child. The amendment is a complete rewrite of the original bill and covers the same subject matter. Vote 14-2.

Any person convicted of a violation of RSA 215-A:11, RSA 265:82 or RSA 265:82-a and who at the time of driving a vehicle or off highway recreational vehicle was transporting a person under the age of 16 shall have his driver's license or privilege to drive revoked for the maximum time period under the section violated and shall be sentenced to not less than one nor more than 30 days.

**HB 681-FN**, relative to a private property protection act. INEXPEDIENT TO LEGISLATE.

Rep. Alf E. Jacobson for Judiciary: House Bill 681 would provide compensation to an owner when the value of his property falls below fifty percent due to a zoning law or other ordinance. The intent is to provide a mechanism outside of formal court proceedings to settle such questions of inverse condemnation. As there are presently ways to settle these controversies, the Supreme Court has ruled that these questions would be settled on an individual basis rather than by general rules. The Committee felt that this was too radical a change to initiate without much more extensive study on the impact on zoning if this legislation was to pass. Vote 12-1.

**HB 758-FN**, relative to the right to privacy act. OUGHT TO PASS WITH AMENDMENT.

Rep. Alf E. Jacobson for Judiciary: The bill changes the phrase "credit records" to "financial records" and defines the conditions under which such financial records are to be disclosed. The bill also changes the phrase "credit reporting agency" to "financial institution." The amendment deletes the section that provides for obtaining financial records under a subpoena duces tecum without notice and changes the effective date. Vote 18-0.

#### Amendment

Amend RSA 359-C:10, IV as inserted by section 11 of the bill by deleting it.

Amend the bill by replacing section 14 with the following:

**HB 783**, relative to prior DWI convictions. OUGHT TO PASS WITH AMENDMENT.

Rep. Richard H. Campbell, Jr. for Judiciary: This bill revises the provisions on informing the court of prior convictions before sentencing on any DWI conviction, so as to reduce the likelihood of subsequent offenses being sentenced as first offenses. As amended, the bill also authorizes positions in Health and Human Services that are essential to enforcement of the alcohol and drug DWI laws. These positions were fully funded, but not authorized in 1991 legislation. Vote 19-0.

### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to motor vehicle records and DWI convictions and establishing new positions within the division of public health services.

Amend the bill by replacing all after the enacting clause with the following:

1 Motor Vehicle Records; Prior DWI Convictions. RSA 265:82-b, IV is repealed and reenacted to read as follows:

IV. Upon conviction under the provisions of RSA 265:82 or 82-a, the prosecutor shall present to the court a certified copy of the defendant's record of convictions of motor vehicle offenses under RSA title XXI and similar offenses in out-of-state jurisdictions which are on record at the New Hampshire division of motor vehicles, or a signed statement that the defendant has no such prior convictions of record within the preceding 7 years. Prior to sentencing the court shall note on the complaint the number of prior convictions for drug or alcohol-related motor vehicle offenses, or the absence of any such prior convictions, as shown on such report or statement.

2 New Positions. The commissioner of the department of health and human services is authorized to hire a laboratory scientist II, a laboratory scientist III, and a secretary-typist II to be located in the division of public health services.

3 Forensic Toxicologist Salary. Amend RSA 94:1-a, I by inserting in group N: forensic toxicologist.

4 Effective Date.

I. Section 1 of this act shall take effect January 1, 1993.

II. The remainder of this act shall take effect upon its passage.

### AMENDED ANALYSIS

This bill requires the prosecutor, upon a DWI conviction, to provide the trial judge with a copy of the defendant's record of motor vehicle convictions. The court is required to note on the complaint the number of prior DWI convictions of the defendant or the absence of any such prior convictions.

The bill also authorizes the commissioner of the department of health and human services to hire for the division of public health services 2 laboratory scientists and a secretary-typist and creates the position of forensic toxicologist within the division.

Referred to Appropriations.

**HB 337-FN**, relative to drug and alcohol testing in the workplace. INEXPEDIENT TO LEGISLATE.

Rep. Carl R. Johnson for Labor, Industrial and Rehabilitative Services: The Subcommittee found more questions than answers. The Subcommittee felt this bill would

have an overall negative impact on existing testing programs in the workplace. Vote 16-0.

**HB 590-FN**, relative to employee leaves of absence for family and catastrophic medical purposes. INEXPEDIENT TO LEGISLATE.

Rep. David D. Dow for Labor, Industrial and Rehabilitative Services: After having a Subcommittee meet throughout the summer and fall, the Committee recognized the existing need to support New Hampshire workers and their families, but the members realized that this bill would be perceived by employers as another mandate from the state that could make the job of operating a successful business in New Hampshire just that much more difficult. Therefore, the Committee could not recommend its passage. Vote 12-4.

**HB 435-FN**, permitting adjustments in legislative mileage resulting from changes in the price of gasoline. INEXPEDIENT TO LEGISLATE.

Rep. Caroline L. Gross for Legislative Administration: The bill was re-referred to Committee in case a vehicle was needed in our discussion with the Internal Revenue Service regarding legislative mileage. In the event that any change in state law will help the situation, the Committee is confident that any bill to accomplish this will be easily approved by the House Rules Committee for introduction. Vote 14-0.

**HB 654-FN**, establishing an ethics committee to regulate public officials. REFER FOR INTERIM STUDY.

Rep. Rick A. Trombly for Legislative Administration: The Committee recommends this bill be studied further. The ramifications of enacting legislation could be far reaching and intrusive. A careful weighing of how to monitor the conduct of public officials, information and disclosure needed to do monitoring, and what are the appropriate standards for ethical conduct simply requires this bill be sent to Interim Study. Vote 14-0.

**SB 21**, establishing a commission to study and recommend the elimination of state-mandated programs. INEXPEDIENT TO LEGISLATE.

Rep. Ann M. Torr for Legislative Administration: The subject matter was incorporated into HB 603 of the 1991 session and is now law therefore SB 21 is not needed. Vote 14-0.

**HB 360-FN**, relative to calculating income for purposes of elderly property tax exemptions. INEXPEDIENT TO LEGISLATE.

Rep. John A. Middleton for Municipal and County Government: The Committee feels that adequate legislation is already in place to cover exemption over 65. This bill would change the tax base and tax rate and shift the tax burden to other taxpayers in towns that adopt this option in their localities. Vote 15-0.

**HB 449-FN**, to double the net income requirements under the optional adjusted elderly property tax exemption. INEXPEDIENT TO LEGISLATE.

Rep. John Middleton for Municipal and County Government: The Committee feels that any rise in exemption limits that now exist will adversely effect city and town revenues. Either you raise taxes or lay off employees or both to compensate for the lost revenues, which will be borne by other taxpayers. We feel that \$10,000 single and \$12,000 married without loss of Social Security benefits, with a ceiling of \$30,000 assets, excluding residence, is adequate. Vote 15-0.

**HB 540-FN**, to tax certain faculty quarters located at private educational institutions. **INEXPEDIENT TO LEGISLATE**.

Rep. Fredrik Peyron for Municipal and County Government: Per RSA 76:16, the selectmen of a town already have the power of abatement. Further, these problems could and should be worked out at the local level. Vote 17-1.

**HB 623-FN**, relative to contracts negotiated by public employers. **INEXPEDIENT TO LEGISLATE**.

Rep. Richard T. Trelfa for Municipal and County Government: The Committee feels that House Bill 623 commendably approaches the important issues surrounding presentation and approval of labor contracts by legislative bodies. However, in the course of studying House Bill 623 it became apparent that a great many other issues and questions should be considered simultaneously with the labor contract issues highlighted by the Sanborn Decision. Accordingly House Bill 1190 (sponsored by Rep. Salatiello) proposes a study group to address legislative/administrative problems, definitions, procedures, etc. and to recommend appropriate legislation. Vote 15-0.

**HB 697-FN**, relative to compliance with local codes and zoning ordinances and the operation of child day care agencies. **REFER FOR INTERIM STUDY**.

Rep. Karen O. Wadsworth for Municipal and County Government: The recommendation for interim study is the result of several factors. The Committee believes the provision of family home day care is extremely important for the State. Many providers are currently having problems dealing with local zoning regulations. Additionally, new administrative rules adopted over the summer impact this issue. It would like more time to resolve this issue, balancing local regulatory authority with the needs of family home day care providers. Vote 15-0.

**HB 772-FN**, exempting land at aeronautical facilities from taxation. **REFER FOR INTERIM STUDY**.

Rep. Fredrik Peyron for Municipal and County Government: Although the bill, as amended, might solve some airport-related taxation problems, testimony revealed that it would cause others. The many airport-related activities which were established in the years following World War II had a variety of arrangements regarding leases and taxation. Because of the prospective developments at Pease Air Force Base and the Manchester Airport, the Committee, feeling that extreme caution is needed, recommends further study. Vote 17-0.

**HB 379-FN**, relative to advertising devices within highway rights-of-way. **OUGHT TO PASS**.

Rep. Sandra B. Keans for Public Works: This bill affects only those rights-of-way on highways which the state does not own (old colonial roads). This legislation is an attempt to make regulations consistent with federal laws governing advertising materials. U.S. Code Title 23, Section 131 allows signs for 1) Directionals 2) Sale or lease of the property 3) Activities on the property. This legislation also provides that notification (before removal) be given to property owner explaining that the sign is illegally placed. Vote 14-0.

**HB 425**, enabling the state and counties to contract with private entities to manage and operate state and county correctional facilities. **INEXPEDIENT TO LEGISLATE.**

Rep. Roland A. Frechette for Public Works: The intent of the sponsor was to provide flexibility to the Commissioner of Corrections and to County Commissioners in contracts for management services. Research by the Committee revealed that this flexibility already exists and the bill is not needed. Vote 14-0.

**SB 60-A**, creating a task force to study the Laconia - I-93 connector highway. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gene G. Chandler for Public Works: Senate Bill 60 was re-referred primarily due to the proposed makeup of the task force designed to study a Laconia - I-93 connector highway by using federal demonstration funds. The Department of Transportation and local representatives on the study committee agreed that no such funds would be available in the foreseeable future and establishes a fairly appointed task force to study and make recommendations for improvements utilizing existing highway corridors, and present alignment whenever possible. The task force is made up of mainly local representation from affected communities. Vote 14-0.

(c) Six public members, one each from the towns of Tilton, Northfield, Belmont and Sanbornton, appointed by the respective board of selectmen; and one each from the cities of Franklin and Laconia, appointed by the respective mayor and city council.

(d) The chairman of the Lakes Region planning commission.

(e) The commissioner of the department of transportation, or designee.

(f) One public member from the geographical area under study, appointed by the governor and council.

(g) Two non-voting members, one each from the towns of Meredith and Guilford, appointed by the respective boards of selectmen.

3 Duration of Task Force. The task force shall remain in existence for 2 years from the effective date of this act.

4 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill establishes a task force to study the Franklin to Laconia highway problems.

**SB 162-A**, relative to rebuilding, modernizing, and maintaining rail properties and making an appropriation for the Conway branch line. INEXPEDIENT TO LEGISLATE.

Rep. Gene G. Chandler for Public Works: Senate Bill 162 dealt with rebuilding and maintaining rail properties for the Conway Branch Line, the principal user of which is Ossipee Aggregates. The sponsor of the bill requested the bill be re-referred in order to continue talks with the owner of the line, Guilford Industries. Since talks were not fruitful the sponsor and Public Works Committee agree the bill should be killed. Vote 13-0.

**HB 297-FN-A**, authorizing the racing commission to license electronic games of chance wherever licensed pari-mutuel wagering takes place. REFER FOR INTERIM STUDY.

Rep. Arthur P. Klemm, Jr. for Regulated Revenues: The Committee felt in view of the many concerns raised at the public hearing and because of the many pieces of gambling legislation it will be asked to consider this session that this bill should be considered as part of the overall picture and should be sent back to the Committee for Interim Study and such action as is deemed necessary. Vote 11-0.

**HB 300-FN**, relative to bingo and lucky 7 license application fees. INEXPEDIENT TO LEGISLATE.

Rep. Lynn C. Horton for Regulated Revenues: Fees were increased for distributors and manufacturers in Senate Bill 189 which passed last year. The small charity organizations cannot afford additional fees at this time. Vote 12-0.

**HB 747-FN**, relative to liquor stores. OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas A. Behrens for Regulated Revenues: The Subcommittee heard additional testimony from the sponsors, the Liquor Commission and the public. Review of this material suggested that privatization of the Liquor Commission is not in the best interest of the state at this time. However, the Subcommittee felt that a review of the state's retail liquor operations should be conducted in the form of a statutory study committee. The Subcommittee in its hearings also identified the uniform pricing policy as a hindrance to maximization of service and profits. This amendment enables the commission to adjust pricing levels between retail outlets to be more competitive. Vote 13-0.

The registration forms shall contain name, address, home and work telephone numbers, and one line labeled "other" for optional information the purchaser may choose to provide. The stickers shall be made available at the cost of 3 for \$1, and shall be valid for 5 years from the date of issuance. The department of corrections prison industries shall manufacture or produce the stickers pursuant to RSA 622:26-32.

I. The department of safety shall prescribe the procedure for the issuance of identification stickers, and the appointment of agents shall be at the discretion of the director or by request of the agent.

II. The department of safety shall implement an information access network, which shall enable emergency and police personnel to retrieve the identification information provided to the department by the voluntary registration process.

III. The department of corrections prison industries shall establish and maintain a database to store all information gathered relative to the issuance of said stickers and shall make the same information available to the department of safety for use pursuant to paragraph II above.

In the event that the fund does not contain \$5,000 and the program is not implemented, the program shall terminate and any moneys remaining in the fund shall be returned to the private sector donor, unless said donor agrees that the gift, grant or donation should lapse to the department of safety. If the program is implemented, all moneys in the fund in excess of production and administrative costs shall be directed to increase public awareness of this service. If, after one year of the program's operation, the fund does not contain at least \$2,500, which amount is necessary to continue the manufacture of the stickers, the program shall terminate and any moneys remaining in the fund shall lapse to the industries inventory account established in RSA 622:28-a. This act shall terminate on September 30, 1993, unless extended by legislative action.

The bill creates a fund into which all fees, gifts, grants and donations for the program shall be deposited. The fund must contain at least \$5,000 before the program may be implemented under this act. In the event that the fund does not contain \$5,000

and the program is not implemented, the program shall terminate. In the event that the program is implemented and after one year of the program's operation, the fund does not contain at least \$2,500, the program shall terminate and all moneys remaining in the fund shall lapse to the industries inventory account of the department of corrections.

Operation of the program is contingent upon funding generated from the private sector.

**HB 716-FN**, relative to site assessment studies of developed properties with sewage disposal systems. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donald L. Roulston for Resources, Recreation and Development: The open-forum discussion format of the House Bill 716 Subcommittee hearings raised several topics of grave concern to both constituents and the Department of Environmental Services. Responses to four of these issues were "spun-off" as separate Bills for the current session to debate.

But the greater issues were fraught with many ramifications which could not be foreseen in their entirety within the time constraints allotted to the Subcommittee and the dedicated body of participants.

At the close of the final Subcommittee hearing, it was agreed by all participants, Legislators, lobbyists and private citizens alike, that discussions, however fruitful they had been, were far from completed. Hence it was agreed that the forum thus established should continue into the future as a formal study committee to seek solutions to pressing problems presently afflicting all-too-many of our constituents. House Bill 716 is now that gateway to the future, the establishment of the study. Vote 13-0.

**HB 501-FN**, relative to electric utility conservation measures. **INEXPEDIENT TO LEGISLATE.**

**SCR 2**, urging the Federal Energy Regulatory Commission to deny a rate increase for Public Service Company of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Karen K. McRae for Science, Technology and Energy: With the New Hampshire Electric Cooperative already in bankruptcy, the need for this resolution is moot at this time. Vote 12-0.

**HB 155**, relative to notice to tenants of manufactured housing park foreclosure. **INEXPEDIENT TO LEGISLATE.**

Rep. Patricia A. Dowling for State Institutions and Housing: This bill becomes overcomplicated by involving many issues, including banking powers. Though some of the ideas deserve merit, the Committee felt that the language and variety of topics could not be legislated. Vote 11-0.

**HB 557-FN**, relative to the BOCA code. **INEXPEDIENT TO LEGISLATE.**

Rep. John J. Coffey for State Institutions and Housing: The substance of this bill was merged into HB 282-FN which was signed into law by the Governor in June 1991. The sponsor of the bill has recommended the bill be Inexpedient to Legislate. The bill is now known as Chapter 290:3, I. Vote 15-0.

II.(a) Security deposits held by a landlord continue to be the money of the tenant and shall be held in [trust] *an escrow account* by the person with whom such deposit is made and shall not be mingled with the personal moneys or become an asset of the landlord until the provisions of RSA 540-A:7 are complied with, but may be disposed of as provided in RSA 540-A:6, III. *Security deposits shall not be subject to the claims of any creditors of the landlord or the landlord's successor in interest, including a foreclosing mortgagee or trustee in bankruptcy.*

Amend the bill by replacing section 5 with the following:

5 Effective Date. This act shall take effect January 1, 1993.

#### AMENDED ANALYSIS

This bill requires landlords to place security deposits in escrow accounts.

The bill also clarifies the procedure of transferring tenants' security deposits to subsequent owners.

**SB 205-FN**, establishing a committee to study the enforcement of RSA 205-A. INEXPEDIENT TO LEGISLATE.

Rep. Lowell D. Apple for State Institutions and Housing: Senate Bill 205 is so close to House Bill 695 that it was determined to vote SB 205 as Inexpedient to Legislate and concentrate on House Bill 695, which was reported Ought to Pass with Amendment on the Regular Calendar. Vote 16-0.

**HB 206**, relative to OHRV noise levels. INEXPEDIENT TO LEGISLATE.

Rep. Sherman A. Packard for Transportation: After many rewrites the Committee felt that this bill did not solve the problems the sponsor tried to address. Vote 13-0.

**HB 518-FN**, relative to motor vehicle and boat registration revocations for court defaults and relative to the payment of court obligations. INEXPEDIENT TO LEGISLATE.

Rep. Andrew Christie, Jr. for Transportation: The Committee reviewed Senate Bill 191 (now chapter 347, effective 7/1/91) which allows the revocation of plates and registrations for defaults of motor vehicle offenses. The only addition that this bill makes was the revocation of boat plates and registration for court defaults. The Committee felt that adding these boat plate and registration revocations was unmanageable and so did the Department of Safety. The Committee also felt that it should give Chapter 347 of the Laws of 1991 a chance to work and see the results before adding more categories. Vote 13-0.

**SB 196-FN**, relative to administrative revocation of motor vehicle licenses of persons under age 21. **INEXPEDIENT TO LEGISLATE.**

Rep. George N. Katsakiores for Transportation: In as much as most major portions of Senate Bill 196, administrative revocation of motor vehicle licenses, are included in the amended House Bill 689 as proposed by the House Judiciary Committee, this Committee is recommending that Senate Bill 196 should be reported as Inexpedient to Legislate. Vote 12-1.

**CACR 13**, relating to taxes on business profits. Providing that the general court may levy taxes on profits or distributions paid to the owners by the business. **INEXPEDIENT TO LEGISLATE.**

Rep. David M. LaMar for Ways and Means: The subject matter of CACR 13 was considered in CACR 6, with amendment, which was recommended as Ought to Pass. " Thus CACR 13 became moot and the Committee recommends that it be Inexpedient to Legislate. Vote 18-0.

**HCR 15**, requesting the department of revenue administration to change its interpretation of the legislative intent concerning the applicability of the business profits tax to the sale and rental of personal residences. **INEXPEDIENT TO LEGISLATE.**

Rep. Donna P. Sytek for Ways and Means: The resolution is an attempt to clarify the intent of the Legislature when it enacted the Business Profits Tax in 1970. At the hearing, it became evident that the impetus for the bill was a difference of opinion between the Department of Revenue Administration and one taxpayer over whether his property should be treated as a business or a residence for the BPT purposes. Since the matter is currently being litigated, and is not a widespread problem, the Committee recommends that the resolution be Inexpedient to Legislate. Vote 14-0.

### SENATE MESSAGE

The Senate is ready to meet in Joint Convention for the purpose of hearing the State of the State Address by the Honorable Judd Gregg.

### RECESS

### JOINT CONVENTION

(Speaker presiding)

The Speaker introduced Governor Judd Gregg who addressed the Joint Convention. Kathy, Mr. Speaker, Mr. President, Members of the General Court, Members of the Executive Council, friends and neighbors in New Hampshire.

I assume that some would expect that beginning a speech on the state of the State there would be reflections on the troubles of the past year, of which there have been a few. We all have friends and neighbors who have gone through very tough times, some are out of work, some find their jobs difficult to maintain, the business climate is weak, many more individuals have come to the state to seek assistance, and certainly at the state level we have had issues to address that have been fairly complex and difficult. However, that is not my inclination. Yes, we have seen some tough times, but the year 1991, I believe, will be remembered as one of the most positive in history. How can I make such a statement? Well, think for a moment. What has been the single most dominant threat hanging over the heads of that generation born in the immediate post-World War II period? Obviously, it was the threat of nuclear holocaust. For 50 years our world, our nation, and New Hampshire's citizenry were caught up in the swirl of confrontation between the totalitarian socialism of the Communist ideology and the ideals of freedom defined by our Constitution. And, because these two competing ideas were backed up with nuclear arsenals, the threat of world annihilation was real, and often immediate.

Now, in the brief span of a year, we have seen an end to this confrontation and a radical reduction in the threat of nuclear obliteration. What an incredible turn of events that has been. The year 1991 will be remembered as a high water mark in human history because of those events. So weak economy and all, there is, I believe, a great deal to smile about. An extraordinary gift has been given to our children—the chance to grow in a world free of the threat of mass destruction, free of the threat of Communism and its totalitarian ideology.

As we move into 1992, let us acknowledge that we have severe economic problems, but let us also acknowledge that we have immense opportunities as a state, as a people and as a world.

First and foremost, from an economic standpoint, is the opportunity to take advantage of a world generally at peace where goods can be sold and jobs created. If you think about it, probably not since the time that the Yankee Clipper ships sailed from Portsmouth to the far reaches of the world, to Asia, to Europe, and to the Near East, has there been a more opportune time to take advantage of the Yankee spirit and know-how for trading and participating in international commerce. We are seeing a world that is opening up to our entrepreneurs and our manufacturers. We have a free trade agreement with Canada, with Israel, and hopefully soon with Mexico. We have twelve new nations in Europe and Asia as a result of the breakup of the Soviet Union. We have an Eastern Europe where we can trade freely and a new Europe where trade will be made even easier and more accessible. All this represents immense opportunity for New Hampshire. Foreign trade, international competitiveness, this is where our future prosperity as a state and people lies. And the things we need to do to take advantage of this are not a great deal different than those things which our forefathers did back in the 1840s and 1850s when they set forth in their sailing ships. The formula for success is not complex. But executing on the formula is what is critical.

First, we have to have a national and a state policy that understands the importance of trade. We must actively pursue free trade opportunities and not be drawn into some jingoistic, protectionist viewpoint. The fact that somebody makes a product which competes effectively with one of our products should not cause us to close that product out of our marketplaces, but should rather force us to produce a better product, to become more competitive.

Second, as a state, we need to commit ourselves to infrastructure improvement so that we have the capacity to take advantage of New Hampshire's unique location. We are part of a region that is physically located closest to Europe by travel time, both in the air and on the sea. We are a region which physically adjoins the most populous part of Canada. But to access the European markets and the newly opening Russian Commonwealth markets and Canada, we have to have the capacity to move our goods. We need, therefore, to undertake the expansion of the Port facility at Portsmouth, assure that Pease is used as an international air facility, improve our own highway system, and introduce the latest and most advanced technology in the area of communications for our businesses. We are in the process of pursuing all these avenues and you the legislature have made that commitment. However, in pursuing some of these efforts our capacity to succeed is being limited by forces outside the state of New Hampshire. We cannot allow our need for these infrastructure improvements, which improvements have been agreed on and supported by you the elected leadership of this state, to be stopped or inappropriately delayed by out-of-state, unelected, dictatorial fringe groups.

The third thing that we must do to remain competitive is to educate our population to be competitive. Yankee traders were known for their guile and brains. You have heard me say before that the commodity of our region is not oil or agriculture or some other physical item. It is, rather, the commodity of brain power. We, more than any other region, should understand the need for this commitment to education and should understand that our educational system is now working.

We find ourselves with an educational system whose ideas appear to have atrophied in the 1950s. We are seeing a system unwilling to take on new initiatives and address what are clearly the changing demands of a changing world. We have, as I have said in the past, an educational system which is teaching knowledge for an industrial age when we are in an information age, basing our schedules on an agrarian calendar

when we are a commercial state, and we are teaching with the belief that there is a majority of two-parent families with one parent at home and not working, when in most families, if there are two parents, both parents are working and there are a large number of families where there is only a single parent and obviously that parent is working. What we need is an educational system to be willing to address new and imaginative ideas.

We need, for example, to look at a longer school day and a longer school year. When asked why the average student in Japan does so much better than the average student in the United States, certainly part of the answer is that the student in Japan goes to school for 240 days while the student in the United States goes to school for 180 days. There is no logic to a school year structured around the concept that children are needed at home to bring in the hay during the summer months. We are losing valuable time when we could be educating our children with the skills they will need to be competitive in this world.

We should also consider alternative certification. Clearly, within this hall there are innumerable people who could contribute immensely to the teaching of our children. Your life experiences and knowledge could play a major role in forming and educating our young people and preparing them for the competitive environment they will be finding themselves when they leave school. But you are not allowed to teach. You are not allowed in the school systems because we do not have alternative certification. It is time to draw from the huge talent pool which is available beyond just certified teachers and use that talent pool which is available beyond just certified teachers and use that talent as an additional resource and support method to the professional teacher.

We need also to look at the issue of merit pay. We live in a capitalist system. There is one basic rule of the capitalist system which is that you reward people who do a good job and you reward them not only with acknowledgment, but with monetary support. For some reason this concept is rejected within our educational bureaucracy, but if we are to get the best and the brightest in our school systems, and keep them there, we are going to need a system of incentives which is not only socially but monetarily driven.

Further, we must address the issue of teaching ethics and character in our school systems. We are a nation which has led the world in defining those ideals which can best be described as fundamental values. And yet, there seems to be a resistance towards teaching these basic, fundamental values within our school systems. I am not talking about bringing into the school systems a catechism of political thought. I am rather talking about teaching some very high quality and productivity in one's work and yet we find resistance to them. The teaching of these values is critical if we are to develop our students into productive citizens and have them contribute to the work force upon their graduation.

We also must address the difficult issue of sex education in our school systems. The nation is facing an epidemic, New Hampshire is facing the same epidemic, the epidemic of AIDS. This is a disease which there is no excuse for getting. This is a disease which can be totally avoided through intelligent action on an individual's part. However, if our children are uninformed as to what those intelligent actions are, they obviously are at risk of acquiring the disease. I recognize that it is a difficult issue; one involving the distinct local, community values system. It is without question a sensitive area, the teaching of sex education. But, it is absolutely critical that we begin intensive sex education curriculums at early levels of our school education

process so that our children are not put at risk for this terrible disease. We, as a society, cannot afford the social trauma which this epidemic is causing to say nothing of the inordinate cost of care which it is generating.

And, most importantly in the area of education, we need to undertake an aggressive program of choice within our school systems. Here we are in the late 20th century, seeing the demise of the socialist states throughout the world, the collapse of state-run monopolies throughout eastern Europe, but in New Hampshire and in the United States, we continue to have our primary and most important activity, the education of our children, dominated by a state monopoly. It is simply unconscionable. Competition is what makes a capitalist system work. If you create a product and you wish to sell it in a capitalist system, the quality of that product, the price of that product, is going to be driven by the competition which you receive. And yet, in our school systems, we have no competition. And thus, we have seen a solidification of the status quo and an unwillingness to take risks and create opportunities for our children. We obviously can no longer afford this.

We are in a world competition. Our capacity to succeed in international trade depends on our capacity to produce individuals who are educated, not at a level that competes with or is equal to our sister states of Vermont, Illinois or Texas, but rather who are at a level where they can compete with our sister nations of Japan and Germany. We can no longer afford to drag out feet on this. And this Legislature has an obligation to ignore the influence of those groups who are content with the status quo and simply demand more money to support a failed system, and instead authorize and initiate change in the area of education. Local communities such as Derry are undertaking these types of initiatives and it is time that this Legislature started to be supportive of the risk-takers in education.

The fourth area which we must address, if we are going to be successful in the economic opportunities of this new world, involves departing from the traditional *laissez-faire* approach which we have taken towards industry. There are some companies, some manufacturers, to whom if we are to succeed in attracting them to New Hampshire, and the jobs they will bring with them, we are going to have to offer assistance and there are other New Hampshire manufacturers who, because of their unique impact on the state, can be assisted and should be assisted.

Let me give you examples of places where the state of New Hampshire is going to need to step up and give assistance in order to create jobs or maintain jobs. First is in the area of Pease. We recognize that Pease can be the engine for economic prosperity for not only the Seacoast region but also for our state. In order for its to succeed, it is obviously going to need a basic industry group. Probably the best hope for such an industry group is the opportunity put forward by the chance to attract Deutsche Airbus to New Hampshire. However, in order to attract Airbus we are in competition with a number of other states and with other capital demands within the Airbus group. It will be necessary, therefore, that New Hampshire end up assisting in the development of Pease by assisting with financial support in the effort to attract companies like Airbus.

In the North Country it is estimated that 74% of the economic activity of Coos County is either directly or indirectly tied to the economic vitality of James River. We all recognize that the paper industry has traditionally been a cyclical industry and that certainly the paper industry in Northern New Hampshire has gone through its share of ups and downs. James River has come to the state and asked for assistance in the form of using state backed guarantees to obtain lower interest rates. New

Hampshire has not traditionally pursued this course. But, I believe that we must be willing in these tough economic times to show some imagination and be willing to depart from tradition. With 74% of the economic activity and a huge number of jobs at risk in the North Country, it is critical that we have a vibrant and viable paper industry. Thus, I will be proposing that New Hampshire give this type of support to James River. This can be accomplished without seriously impacting New Hampshire's bond rating and without generating any significant costs to New Hampshire taxpayers.

Also, to attract industry to central and southern New Hampshire, a convenient and modern Manchester Airport is essential. In order to assure that the planned improvements to Manchester Airport are successful, I will support the increasing of the commitment of the State of New Hampshire to guarantee principle and interest on bonds to build the Airport from \$25 million to \$50 million.

In addition, we are going to assist in an understanding between the University of New Hampshire and Dartmouth which will combine their wealth of resources to help us promote economic development, a major step forward for the relationship of these two extraordinary institutions, and a major step forward for the state of New Hampshire.

As must be obvious, the state's government involvement in economic development is an expensive undertaking. The last three years we have dramatically increased funding in this area to meet these needs. And, we have added a tremendous number of initiatives which include in part:

New Hampshire Business Development Corporation, Small Business Investment Corporation, Small Business Development Center, Industrial research center, Procurement Assistance Center, International Trade Center, Loaned Executive Program, Small Business Administration, Loan Guarantee program, UNH/Dartmouth cooperative agreement, Business Visitation Program, Buy in New Hampshire/Made in New Hampshire program, Corporate Vendor Matching program, Advisory Leadership Council, New England Governors' Conference, Business Excellence program, Business Ambassador's program, New Marketing initiatives which include: Cooperative advertising with local communities, Direct mail project Trade shows; Canadian initiatives, Wood products - economic development. Addition of an International Trade Specialist, Creation of the Office of International Commerce, Doubled funding of the Office of Economic Development, EXIM Bank, Establishment of a bank working group, and New England broadbased Cooperative.

However, as I have outlined, the cost of this effort will have to be increased. For example, simply the operation of Pease, the day to day expenses, not including the Deutsche commitment, could be as high as \$3 million annually.

In order to accomplish this commitment, we will need additional resources. It is my belief that there are a variety of ways to accomplish this. It is my belief that there are a variety of ways to accomplish this. We could, for example, repeal the shotgun approach of tax credits for jobs and investment passed in the last Session or pass the \$100 filing fee on business activity and place the proceeds of either of these actions into a special economic development account to pay for the cost of Pease and other development programs. The old saying that "it takes money to make money" can be varied a bit to "it takes money to create jobs", and in this case, economic activity.

If we are to remain competitive, we must also have a state government which is not an excessive burden to those people who wish to compete and create jobs in the economy. The burden of government can come in three ways. First, through its own

disorganization and economic ineptness; second, by being an overregulator and, therefore, suffocator, of the entrepreneur; and third, through overtaxation.

You have not heard me mention the budget, but clearly it is in the budget process and in the day-to-day operation of government that New Hampshire has an obligation to maintain an orderly house. With your help we have accomplished that goal. In this, the most difficult fiscal period for the New England states in the post-World War II time frame, we in New Hampshire, although having suffered, have done fairly well. We have a budget which for this biennium is in balance. As you all realize, this balance was reached through maintaining a tight control over spending while having the good fortune to receive the additional Medicaid funds which have assisted us in paying for what were formerly unreimbursed, unfunded federal mandates. We are, of course, not out of the woods. December revenues show that the economy still has not recovered and that we cannot expect to see a windfall in income to the state. It will, therefore, be my policy not to support and to actively oppose any legislation coming to my desk which increases spending in any accounts above those which have already been budgeted or spending which is required as a result of federally driven entitlement activity. We do not have the luxury of adding back programs that we have reduced or adding new programs. We must, rather, run a tight fiscal ship and I will insist on it.

The state will continue to deliver services in a high quality and orderly manner. In fact, I will be coming to you with a supplemental budget which will ask for \$43 million in additional spending in entitlement-driven programs. These are programs that help the people who are having tough times in this economy. These are the programs for the welfare mother, for the person who needs medicaid assistance, and for the food stamp distribution. In these tough times, those programs have increased and it is the obligation of government to pay for them. We will live up to that obligation and do it in a quality way. In addition, we will live up to our commitments to towns and cities. But, we are not in a position to greatly expand the activities of government, nor, as a practical matter, should we even if we were in such a position.

The second area that the state must be concerned about is overregulation of the marketplace. New Hampshire is continually rated as having one of the best business climates of any of the states in the country when it comes to doing business and having to deal with the state government. In fact, as I have met with different individuals who have been thinking of coming to New Hampshire to create jobs, one of their most consistent, positive comments has been their view of state government as a government willing to work with rather than against the job creators in society. We intend to continue that atmosphere.

However, in order to assure that we are not sitting on our successes, I am going to, by Executive Order, direct the creation of a State Council on Competitiveness, the primary purpose of which will be to review state regulatory activity to assure that we are carrying out the obligations of state government in a manner which is timely and not overly duplicative or bureaucratic. The Council will be a group of department heads and private citizens who can correct problems on the spot and improve systems for the overall better administration of government. It will be a place where business and individuals can get a fair hearing, not on specific fact problems, but on procedural and substantive policy and regulatory issues. The goal of this group will be to streamline government's response to the folks we serve in the private sector.

The third, and, of course, most important issue where government can impact economic activity is in the area of tax policy. New Hampshire has always uniquely

understood the basic truism that prosperity is tied to productivity and productivity is tied to tax burden.

And yet, even though we understand this fact there are some in government and many outside of government who believe that we should move to broadbased tax. Let me address that for a moment. You have heard me speak about this subject before, but I think it is worth repeating because this is clearly a core issue of New Hampshire public policy at this time. Some make the argument that they simply wish to pass a broadbased tax, an income tax or a sales tax, for the purposes of reducing the property tax. I don't believe that anyone takes that position seriously. It is such an obvious smoke screen and red herring in light of the factual history of tax policy in this country and it is not defensible as a concept. You cannot reduce taxes by raising taxes. There is no state that has ever been sold the bill of goods that by passing some form of broadbased tax that some other tax would go down where that has occurred. Wherever a broadbased tax, and specifically an income tax, has been brought on board, the total tax burden in the state has increased, and increased rather dramatically. Not only has the tax burden for the present generation increased, but the tax burden for future generations also is increased exponentially as states begin to borrow more money because they have generated more revenue. It may make for good press releases, but it is so substantiveless that it is hardly worth debating. No one takes the concept seriously that taxes are going to go down through passage of a brand new income tax. So let's not waste a lot of time debating that issue.

No, the issue of whether or not we should go to a broadbased tax, to an income tax, is much more fundamental. It is a question of how large we wish government to be. If you look at the groups and individuals who have gathered around the banner of promotion of an income tax, they are not people who are seeking to reduce or maintain the size of government. For the most part, they are organizations and individuals who believe fundamentally that government should do more, should spend more, and should be greater in its involvement in the activities of society. They are a collection primarily of public labor unions, teachers' unions, provider groups and individuals who believe that the burden of government should be increased in order to undertake various social functions. The debate, quite simply, is about how large you wish government to be. It is a simple fact of life that the size of government in a democracy constantly grows. The percentage of gross national product which is absorbed by government increases inexorably. Statistics confirm this, but also common sense confirms it. The question is how fast do we wish this growth to occur. If the government of New Hampshire were a train car, it would have presently hitched to it, three diesel engines. The question is, do we wish to add another 20 to 30 diesel engines. For that is what a broadbased tax, such as an income tax, amounts to. No more efficient or productive machinery for the production of revenue has been invented in democratic society than an income tax or sales tax. These are engines of huge revenue production. Revenue which in the good times will be spent on the creation of programs which are very difficult to support in the hard times. When you look at our sister states who are going through the same difficult economic times that we are today, with many having a much more chaotic experience than we are, all of them have a broad-based tax in place. You can see the programmatic costs put in place during the good times, as a result of a broadbased tax, greatly exceed the capacity of the state government to support those needs in the difficult times.

And if we are to pursue economic recovery, nothing could be more debilitating to our chances to generate economic activity and growth than the addition on to the

private sector of a brand new, gigantic burden of an income or a sales tax. New Hampshire continues to maintain, as a state, one of the lowest overall tax burdens of any state in the country, and that includes all our taxes. Our capacity to attract new job creators into the state is tied in large part to our ability to maintain this low tax burden. As we know, prosperity is tied to productivity, and productivity is tied to tax burden. Certainly, if we are to remain an attractive climate it is essential that we maintain a low tax burden. For years we have been a refugee camp for entrepreneurs within the New England region. Not only because we have highly productive people and a state government which is not overly regulatory and a wonderful physical environment, but also because we maintain a low tax burden. I happen to view the maintenance of that low tax burden as being one of the primary, if not the primary thing, that the state can do in order to maintain an attractive climate for the creation of jobs.

As we begin the year 1992, let us look at the opportunities for they are immense. This economic slowdown is a hill in the road, but it is a road on which the sun is rising, not setting; on which the sky is clearing, not clouding up. New Hampshire has so much going for it—the character of our people, the ability of our work force, our attitude towards government, our physical location, and our extraordinary environment. Working with these qualities, we can, as a people, as a state, as a culture, energize an immense amount of prosperity for our citizens. And, working with you, I intend to do exactly that.

**HB 506-FN**, relative to cost-of-living increases in the AFDC standard of need.  
REFER FOR INTERIM STUDY.

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: Realizing the AFDC families have not had an increase since the mid-1970s in their benefits and are at least \$300 behind the "cost-of-living allowances" granted to other segments of our population, the bill should have passed — leading to its ultimate failure in other committees. Attempting to keep this bill alive, the Committee recommends Interim Study. Vote 9-1.

Referred for Interim Study.

**HB 476-FN-A**, establishing a marital commission pilot program in Sullivan county and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Alf E. Jacobson for Judiciary: The bill is designed to establish an experiment for handling judicially marital disputes by an alternative method. Under this two-year pilot program, parties seeking a divorce or involved in other marital disputes may elect to have their cases heard before a three-person commission in a non-adversary procedure. The hope is that this experiment may well open the door for a fundamental change in settling marital disputes as provided for in the Constitution of New Hampshire Part II, Article 76. The FN called for state expenditures of \$40,000 in FY '94 and \$40,000 in FY '95. The Committee amendment decreases expenditures to \$1. Vote 14-5.

4085L

#### Amendment

Amend the bill by replacing section 2 with the following:

2 Commission Established; Pilot Program. There is hereby established the marital commission pilot program to be situated in Sullivan county. The pilot program shall expire on June 30, 1994, unless renewed by the legislature.

Amend the bill by replacing section 5 with the following:

5 Election of Marital Commission. Before filing an answer to a petition or libel for any of the proceedings listed in section 4, paragraph I of this act, the parties may file petitions with the clerk of court of Sullivan county electing to go before the marital commission by completing any necessary forms and following any procedures established by the commission.

Amend the bill by replacing sections 7 and 8 with the following:

7 Required Documents; Session with Mediator Suggested.

I. The commission shall have the power to require of the parties such documents and material which the commission deems necessary for proper adjudication. Such documents shall be available to the opposing parties.

II. The commission shall advise the parties to attend at least one session with a certified mediator. If the parties elect to attend sessions with the certified mediator, the certified mediator shall make a report of findings to the commission and shall be available to answer any questions posed by the commission.

8 Transfer to Superior Court. Upon review of a case, the commission shall have the authority to transfer any case to the superior court at any time during the proceedings if, in the opinion of the commission, procedures in the superior court better suit the case. Whenever a party to the case alleges domestic violence and requests that the case be transferred to the superior court, the commissioner shall transfer the case to the superior court.

Amend the bill by replacing sections 11 and 12 with the following:

11 Appropriation. The sum of \$1 is hereby appropriated for the biennium ending June 30, 1994, to the supreme court for the marital commission pilot program established in section 2 of this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

12 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill establishes a 2-year marital commission pilot program in Sullivan county. The commission is composed of 3 members: a certified psychologist or clinical social worker, a family financial planner, and a member of the New Hampshire Bar Association. The commission has the power to hear cases on issues of divorce, annulment, separation, custody, child support, visitation, alimony and property settlement.

At the beginning of the legal proceedings the parties may agree to have the case heard by the marital commission rather than going to superior court. Parties may appear before the commission with or without legal counsel. During the proceeding the commission may ask questions of the parties and may require documents from the parties. The decision of the commission must be issued within 90 days of the initial filing of the case with the commission. The parties may appeal the decision to the supreme court.

Money is appropriated to the commission for the biennium ending June 30, 1994.

Adopted.

Report adopted.

Referred to Appropriations.

**HB 677-FN**, establishing a 2-year pilot program in Rockingham county eliminating the trial de novo system in misdemeanor cases. OUGHT TO PASS WITH AMENDMENT.

Rep. Donnalee M. Lozeau for Judiciary: This bill, as amended, allows the court to implement a pilot program to address the problems relative to what is referred to as the "second bite of the apple" which allows a DWI defendant the benefit of having a second trial and requesting a jury at that second trial. The bill also addresses the monetary issue by allowing the court to implement this program when there are available funds in the judicial budget. If the savings are as great as the Committee believes, it will be in the system's best interest to get this on-line and save both time and money. Vote 16-1.

3660L

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

establishing a 2-year pilot program in Rockingham county eliminating the trial de novo system in misdemeanor cases and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Pilot Program; Elimination of Trial De Novo in Superior Courts; Rockingham County.

I. Notwithstanding RSA 502-A, RSA 599, or any other provision of law to the contrary, the supreme court is directed to establish a 2-year pilot program eliminating the trial de novo system in misdemeanor cases in Rockingham county.

II. For purposes of this pilot program, the district courts in Rockingham county shall have original and exclusive jurisdiction over any crime or offense which is punishable by a fine of not more than \$2,000 and imprisonment not exceeding one year. For the purposes of this pilot program only and notwithstanding the provisions of RSA 502-A:1, the supreme court shall divide Rockingham county into 3 judicial districts for which jury trials may be conducted at the current locations for the Salem district court, the Portsmouth district court, and the Rockingham superior court.

III. At the time of his arraignment in a district court in Rockingham county or, at the discretion of the court, for up to 20 days after the date of his arraignment, the defendant shall have an option of electing a jury trial or a non-jury trial. A non-jury trial shall be held in the district court where the complaint was filed. If the defendant chooses a jury trial, the case shall be heard in the judicial district designated by the supreme court to be served by the Rockingham superior court, the Salem district court, or the Portsmouth district court for trial by jury. Appeal of a decision on a misdemeanor case heard in Rockingham county shall be directly to the supreme court on issues of law only.

IV. The pilot program shall take effect on July 1, 1992, and shall continue for 2 years. The end result of this pilot program shall be as outlined in paragraph II; however, the method and dispatch with which it is implemented is within the discretion of the supreme court. On or before January 15, 1995, the supreme court shall submit a report, including any recommendations for continuation or expansion of the pilot program, to the speaker of the house, the senate president and the governor.

2 Appropriation; Supreme Court. The sum of \$202,000 is appropriated to the supreme court for the biennium ending June 30, 1993, for the purposes of establishing the pilot program. The governor is authorized to draw his warrant for such sum out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1992.

**AMENDED ANALYSIS**

This bill directs the supreme court to establish a 2-year pilot program in Rockingham county eliminating the 2 trial system in misdemeanor cases. Under this program a defendant in a misdemeanor case in Rockingham county may elect, at the district court level, either a jury trial or a non-jury trial. Any appeal on a misdemeanor decision shall be directly to the supreme court on issues of law only.

The bill makes an appropriation to the supreme court for purposes of establishing the pilot program.

#### Floor Amendment

Amend the bill by replacing section 2 with the following:

Rep. Gene Chandler spoke in favor.

Referred to Appropriations.

**HB 469-A**, relative to improvements on route 106 and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT.

Rep. David J. Alukonis for Public Works: The amendment totally replaces the original bill. The ten-million dollar appropriation in the amendment is not new money. It is money which has already been appropriated for Route 106 in the 10-year plan. The amended bill is needed to emphasize and prioritize the application of the funds towards the preservation and purchase of right-of-way in a manner consistent with the "Highway Corridor Protection Act" which was passed last year. Vote 14-0.

3926L

#### Amendment

Amend the bill by replacing sections 1 and 2 with the following:

1 Appropriation. The sum of \$10,000,000 is hereby appropriated for the biennium ending June 30, 1993, to the department of transportation for the costs of rights-of-way acquisition, planning, design, engineering studies, and construction, for improvements to New Hampshire route 106 from Concord to Laconia. The emphasis of the expenditure of these funds shall be on preservation of the right-of-way for the ultimate build out and construction which will address areas of high daily and peak traffic volumes, or high daily or peak traffic volumes.

2 Bonds. To provide funds for the appropriation in section 1 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$10,000,000 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provision of RSA 6-A. This appropriation shall be non-lapsing and in addition to any other appropriations for the department of transportation. The department may accept funds from any

other sources for this project and the appropriation shall be reduced by the amount of any such funds made available.

Amend the bill by replacing section 4 with the following:

4 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill authorizes the department of transportation to acquire rights-of-way, and to plan, design, conduct engineering studies and make improvements to New Hampshire route 106 from Concord to Laconia, for preservation of the right-of-way for the ultimate build out and construction which will address areas of high daily and peak traffic volumes, or high daily or peak traffic volumes.

This bill also authorizes the state treasurer to issue bonds and notes to provide funds for the purposes of this bill.

Adopted.

Report adopted.

Referred to Appropriations.

**HB 505-FN**, relative to the distribution of the normal yield tax. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Howard C. Dickinson for the Majority of Resources, Recreation and Development: This bill, as amended, 1. Clarifies legislation passed in 1969 which was intended to relieve landowners from the need to post bonds before filing an "intent to cut" application for timber harvesting. 2. Extends reporting deadline of the clearcut study committee until November 1, 1992. 3. Specifies that revenues from the state nursery and from the sale of timber products from lands managed by the Department of Resources and Economic Development be dedicated to forest management and protection by the Division of Forests and Lands. 4. Clarifies legislation passed in the 1991 session concerning the filing of the report of timber cut in a timely manner. Vote 13-1.

Rep. Steven R. Maviglio for the Minority of Resources, Recreation and Development: In this period of fiscal crisis, it seems inappropriate to set up a dedicated fund from existing revenues, which is what this legislation, as amended, proposes. If approved, the Division of Forests and Lands would be excluded from any cuts in this year's budget and in the future. The Minority believes that this agency's budget should be subject to the same budget scrutiny as every other division in state government will be.

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to the normal yield tax, the extension of the reporting  
deadline for the study committee on clearcutting forest  
resources, the report of cut, and establishing a  
forest management and protection fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Certain Real Property Owners Exempted. Amend RSA 79:10-a, II to read as follows:

II. No owner required to furnish bond or other security in accordance with RSA 79:3-a shall commence to cut or continue to cut until he has posted the bond or other security; *however, no owner who owns land in the town where he intends to cut shall be required to post a bond or other security as a condition for filing an intent to cut or receiving a permit to cut, unless such owner intends to cut on public lands.*

2 Report Required. Amend RSA 79:11 to read as follows:

79:11 Report.

I. Every owner who has filed a notice of intent to cut as provided in RSA 79:10 shall make under the penalties of perjury and file with the assessing officials a report of all wood and timber cut within 60 days after completion of an operation. The report shall be upon a form provided by the commissioner of revenue administration, with 2 copies to be sent to him. The report shall state if no growing wood and timber was cut on an operation for which a notice of intent to cut was filed. The assessing officials may require that a report of cut be filed immediately upon the completion or termination of the cutting referred to in a notice of intent to cut. Reports of cut shall contain the name, residence, and social security number of the owner, volume of wood and timber cut by species or species group and primary products, and such other information as may be necessary to enable the assessing officials to locate, identify, verify and determine the full amount and true stumpage value of all wood and timber cut on the operation for which the report is filed. In addition, the person who did the cutting or the person responsible for the cutting must sign and verify the volumes of wood and timber reported to have been cut by the owner. The commissioner of revenue administration shall send one copy of the report of cut to the division of forests and lands of the department of resources and economic development. A report of wood and timber severed covering operations still in progress through March 31 of any year shall be filed not later than April 15 of said year for all wood and timber severed during the tax year up to and including March 31.

II. *Notwithstanding the provisions of paragraph I, any owner who has commenced cutting operations under a valid notice of intent to cut prior to April 1, which notice has been extended to June 30 under provisions contained in RSA 79:10, II, shall be required to file the report of cut as required in paragraph I of this section within 30 days of the completion of the operation or by August 31, whichever occurs first.*

3 New Paragraph; Forest Management and Protection Fund Established. Amend RSA 219:14 by inserting after paragraph I the following new paragraph:

I-a. All revenue derived from sales of forest products from properties managed by the division of forests and lands of the department of resources and economic development and all revenue derived from the sale of nursery stock raised at the state forest nursery shall be kept by the state treasurer in a separate account as a continuous fund to be known as the forest management and protection fund from which the expenses of forest management and protection of department of resources and economic development lands and other lands under the protection of the division of forests and lands of the department of resources and economic development may be paid. Such funds shall not lapse until the close of the second fiscal year of each biennium.

4 Reporting Deadline Extended. Amend 1991, 375:2, III to read as follows:

III. The study committee shall also investigate the findings on clearcutting of other New England states, and its recommendation shall be in the form of a report to be submitted by November 1, [1991] **1992** to the governor, the president of the senate, and the speaker of the house. A study committee goal will be to distribute this report to the general public as widely as possible, using ongoing appropriate public and private program efforts.

5 Effective Date.

I. Section 1 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

(a) Exempts any landowner who owns land in the town in which the landowner intends to cut growing wood or timber from posting a bond prior to engaging in the cutting, unless it shall occur on public lands.

(b) Extends the reporting deadline for the study committee on clearcutting forest resources from November 1, 1991, to November 1, 1992.

(c) Requires filing of a report of cut within 30 days of the completion of valid cutting operations.

(d) Establishes the forest management and protection fund for the payment of department of resources and economic development lands' management and protection.

SPECIAL ORDER

Rep. Tufts moved that **HB 695-FN**, relative to the establishment and funding of a review board to address grievances of tenants and owners of manufactured housing parks, be made a special order for January 9.

Adopted.

**HB 367-FN**, relative to the profession of engineering. **INEXPEDIENT TO LEGISLATE.**

Rep. Lawrence A. Emerton for Executive Departments and Administration: The Subcommittee working on this legislation met many times, with many representatives of the various engineering disciplines, received much input and considered all possibilities. Even though the goals of the bill were honorable in intent, they were not accomplished in the present construction of the bill.

It was felt that passage of the bill would result in irreparable harm to many people who are not professional engineers. The bill is too harsh in that testimony given stated that there are at least 40 to 50 types of engineering areas, and more coming "on line" all the time, and this bill would require ALL to be licensed. Also if all were licensed, they could, under this bill, be prosecuted in court by any member or agent of the Engineering Board.

Several people that testified said they felt that there should be licensing of other types of engineers. Vote 14-0.

#### MOTION TO SPECIAL ORDER

Rep. John Chandler moved that **HB 367-FN**, relative to the profession of engineering be made a Special Order for January 9 at the end of the regular calendar, and spoke in favor.

Rep. Ward spoke against and yielded to questions.

Motion to Special Order failed.

Rep. Emerton spoke in favor of the Committee report.

#### MOTION TO LAY ON THE TABLE

Rep. John Chandler moved that **HB 367-FN**, relative to the profession of engineering, be laid on the table.

Motion to table failed.

Report adopted.

**HB 214-FN-A**, creating a new class of highways for access to public waters and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Richard W. Lougee for Fish and Game: This is a companion bill to House Bill 601 which was re-referred to Resources, Recreation and Development and recommended to be sent to Interim Study. It creates and defines class III-A highways, allowing the Fish and Game Department to propose and manage boating access to New Hampshire public waters. Vote 17-0.

Rep. Kinney moved that the words Recommit to the Committee on Resources, Recreation and Development be substituted for the report of the Committee, Ought to Pass with Amendment.

Recommitted to Committee.

**HB 24-FN**, prohibiting departments from mandating by rule programs or responsibilities to political subdivisions without full funding. **INEXPEDIENT TO LEGISLATE.**

Rep. David A. Young for Legislative Administration: It was the feeling that with a task force currently working on unfunded mandates, that the Rules Committee would consider further legislation without the same constrictive deadlines. Vote 14-0.

Reps. Horton and David Young spoke in favor.

Adopted.

**HB 601-FN-A**, establishing a public access advisory board and a statewide public boat access program on public waters and continually appropriating a special fund for the purposes of the program. **REFER FOR INTERIM STUDY.**

Reps. Peter M. Jankowski and Howard C. Dickinson for Resources, Recreation and Development: While the Committee, the Fish and Game Department, and various public citizen groups all agreed that support exists for a statewide public access program for our water bodies, House Bill 601 does not provide a sufficient funding mechanism nor does it clarify the acquisition, design, construction, or maintenance issues. Believing that this subject is worthy of further study, the Committee anticipates that appropriate legislation will be ready for introduction in the 1993 session. Vote 13-2.

Rep. Dickinson moved that the works Recommit to Committee be substituted for the report of the Committee, Refer for Interim Study.

Recommitted to Committee.

**HB 642-FN**, relative to the regulation of cable television. **INEXPEDIENT TO LEGISLATE**.

Rep. Karen K. McRae for Science, Technology and Energy: The bill asked more questions than could be answered in the time frame. Also, in view of the pending federal legislation, it seemed imprudent to enact legislation on the state level which might come in conflict with federal regulations. Vote 9-0.

Rep. Ferguson moved that the words Refer to Interim Study be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Rep. Vogler spoke against.

Rep. Leonard Smith spoke in favor.

On a division vote, 142 members having voted in the affirmative and 172 in the negative the motion failed.

Report adopted.

**SB 193-FN**, relative to limits on motorboat speeds. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Gordon E. Bartlett for Transportation: This bill establishes a pilot program on Newfound Lake restricting the speed limit between July 1 and the day after Labor Day during the 1992 boating season. This shall be monitored by the Department of Safety and results reported back to the committee by October 1, 1992.

The bill also makes changes in RSA 270:12 by requiring the Commissioners of Safety to hold hearings on maximum horsepower and maximum speed after being petitioned by 25 persons. Vote 10-0.

### **SPECIAL ORDER**

### REMARKS

Rep. Grodin: addressed the House.

Mr. Speaker and Members of the House. It is my sad duty to inform you that, as death must come to all men, so last Friday night it came to Ezra B. Mann, II, who we all knew, loved, sometimes feared and revered.

Rep. Mann was a veteran of 18 years in this House, serving almost all of his time on the Municipal and County Government Committee, where he was chairman for 12 years. Rep. Mann was a fierce fighter for municipal rights and also for the rights of those who live in mobile homes, now called manufactured housing.

With reverence, affection and in recognition of his fine contributions, I would ask, Mr. Speaker, that the House rise for a moment of silence in his honor.

Amen and thank you.

Rep. Gross moved that the remarks of Rep. Grodin be printed in the Journal.  
Adopted.

Rep. Michael Hill moved that the House adjourn.  
Adopted.

The House adjourned at 4:20 p.m.

## HOUSE JOURNAL No. 2

Thursday, January 9, 1992

The House assembled at 1:00 p.m., the hour to which it stood adjourned and was called to order by the Speaker.

The Speaker introduced the Reverend Edward G. Horstmann of Hopkinton, the choice of the Chaplain Committee for the 1992 session, who offered the prayer.

Gracious and compassionate God, grant us such warmth of heart, sharpness of mind and integrity of spirit that we may be tender and energetic ambassadors of Your peace. Inspire us with Your compassion that we may comfort, uphold and support one another. Fill us with a holy hunger for Your justice; grant us the courage to recognize those things about ourselves that foster cynicism and despair; and make us ever mindful, O God, of those whom we serve, lest we become deaf to their voices, unsympathetic to their fears and unchallenged by their hopes.

We ask all of these prayers, good Lord, in Your name, and according to Your will. Amen.

Rep. Carpenter led the Pledge of Allegiance.

(e) One member from 2 persons nominated by the Mobile Homeowner Tenant Association, appointed by the governor with the approval of the council.

II. Except for the legislative members, each person shall serve for a 3-year term and until a successor is appointed and qualified, provided, however, that the initial appointments shall be as follows: the 3 public members shall be appointed to 3-year terms, and the member from the housing association and the tenants association shall serve one year terms. The legislative members shall serve terms which are coterminous to their terms in the general court.

III. The chairperson shall be chosen from among the members at the initial organizational meeting and shall serve at the pleasure of the members of the board.

IV. If there is a vacancy on the board, the provisions of RSA 21:33-a and 21:34 shall apply to the public members, as well as to the members appointed pursuant to subparagraphs I(d) and (e). If there is a vacancy in the members appointed by the president of the senate or the speaker of the house, the president of the senate or the speaker of the house shall appoint additional members to fill the vacancy.

V. The board shall hold meetings every 90 days and may meet more frequently as deemed necessary by the board.

205-A:26 Quorum, Disqualification of Members; Compensation.

I. A majority of the board shall constitute a quorum to conduct hearings, and a vote of at least 3 members present and voting in favor shall be required to adopt and approve any matter under consideration.

III. In addition to what is specifically provided by law, wherever the superior court has jurisdiction, the board shall have concurrent jurisdiction with respect to issues concerning manufactured housing rules.

IV.(a) Any resident of a manufactured housing park or any owner of a manufactured housing park may petition the board by filing a complaint with the board and paying a \$25 filing fee which shall be used to defray the costs of the board. Notwithstanding RSA 6:12, the amount raised under this section and RSA 205-A:27, IV(a) shall be kept by the board in a special fund known as the manufactured housing board fund to be used exclusively for the administrative costs of the manufactured housing board and shall not be diverted for any other purpose.

### COMMITTEE REPORTS

#### REGULAR CALENDAR

**HB 762-FN**, to incorporate the inhabitants of the northeasterly part of Laconia into a separate town to be known as Weirs Beach, with all the privileges and immunities of other towns in this state. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David M. Perry for Municipal and County Government: During the 1991 legislative session, the hearing lasted over four hours. Because it was felt more time was needed to investigate the many aspects of a complicated situation and because the

matter involved questions of constitutionality, the bill was Re-referred to Committee. At the same time, the House requested an opinion of the justices. By their reply dated October 29, 1991, the justices stated their opinion that Article 39, Part First of the New Hampshire Constitution did not pose a bar to legislative action on this bill. The justices also called attention to RSA 51:9 in a way that invited either conformity to its provisions or a statement that notwithstanding RSA 51:9, other provisions regarding voting were being recommended. On the evening of September 8, 1991, the Committee conducted another public hearing, this time at the high school auditorium in the City of Laconia. Over fifty people, about an equal number pro and con, spoke during the four-hour hearing. During the afternoon, teams of Committee members had toured the city, including the Weirs portion, and furnished written reports of their observations.

Additionally, the Committee has received and read hundreds of letters, reports, historical summaries and other documentation relating to the issue. It investigated forty-seven grievances, finding some unjustified, some simply a matter of miscommunication or misunderstanding, and some well-justified.

Those advocating legislative action to permit secession of Weirs Beach testified that the area of Weirs Beach pays 28 percent of the property tax receipts of the City of Laconia but receives infrastructure support equivalent to only 9 percent of City expenditures, and further that this provides justification for allowing action to secede. Those opposing testified that secession of a portion of the city which paid such property taxes would devastate the city's finances. The Committee did not find either argument persuasive. Instead, prior to making any decision on the bill, the Committee established findings of fact which are incorporated in the amendment. Vote 13-4.

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

I Findings. The committee on municipal and county government, in the course of its studies and hearings on the proposed secession of Weirs Beach from Laconia, finds that in the preponderance of its opinion:

I. The treatment of the Weirs by the city of Laconia has been such as to be significantly injurious to the health, safety and welfare of the inhabitants, summer residents and tourists of the Weirs.

II. The treatment of the Weirs by the city of Laconia has been such as to have been significantly and adversely injurious to the economic viability of the Weirs.

III. That reconciliation between the Weirs and the city of Laconia is extremely unlikely.

IV. That secession is a "reasonable" alternative to the present situation.

The foregoing description is taken from perambulation data by the city of Laconia and a proposed layout of the new town of Weirs Beach, New Hampshire. All monumentation marking the corners as proposed should be marked with permanent monuments that can be incorporated into a more descriptive boundary of the new proposed lines. Those lines that now exist as the city of Laconia lines are from the 1989 city line report and are currently well marked. Such described property is incorporated into a town by the name of Weirs Beach. The persons inhabitant within such boundaries who now reside or shall in the future reside within those boundaries are made and constituted a body politic and corporate and invested with all of the powers and privileges and immunities which other towns in this state are entitled to enjoy, to remain a distinct and separate town and to have continuance and secession forever. The boundaries of the city of Laconia shall be as formerly established less those lands bounded and described in this act.

3 City of Laconia. All moneys or other personal or real property on hand or now due or that shall in the future become due to or be the property of the city of Laconia by virtue of any grant or other act done or performed before January 1, 1993, shall become or remain the property of the city of Laconia, except for those items enumerated in sections 5 and 6 of this act.

4 Appointment of Bonded Indebtedness. All bonded indebtedness of the city of Laconia, together with interest on such bonds, existing on January 1, 1993, shall be a charge against the city of Laconia and the town of Weirs Beach in proportion to the equalized valuation of the city and the town as provided in RSA 33:4-b.

5 Community Land and Buildings. All land and structures located within the boundaries of Weirs Beach which are the property of the city of Laconia, the Laconia water works or any other municipal department or entity, held or used for public or community purposes, together with supplies and equipment in such structures or on such land, shall become the property of the town of Weirs Beach as of January 1, 1993. Liability for the preservation, maintenance and operation of said property shall be that of the town of Weirs Beach except for such liability relating to property used in the provision of water and sewer services, which shall fall within the provisions of section 7 of this act. The town of Weirs Beach shall assume any rental, leasehold or other legal obligations formerly assumed by the city of Laconia for the use of said property prior to January 1, 1993, except as such obligations may otherwise be apportioned.

6 Distribution of Capital Property. A distribution of capital property shall take place at the time Weirs Beach becomes a town. Prior to the incorporation of Weirs Beach as

a town, the following equipment from the city of Laconia shall be placed in the temporary custody of Weirs Beach: one fire pump with the regular and necessary supply of equipment; one police cruiser with standard equipment; one highway dump truck with plow; one 4-wheel drive pickup with plow. The final distribution of capital property shall be made by a committee composed of 3 individuals from each municipality. The property shall include the above equipment and any other property which may be due Weirs Beach from Laconia, such as the new bath house and the fire station community building. The committee shall make its findings on or before March 1, 1993. The committee shall discuss and resolve any other problems such as water, sewer and solid waste that may be present when the town of Weirs Beach is established.

7 Water and Sewer Service. The city of Laconia, through the Laconia water works and any other necessary entity, shall continue to provide water and sewer services to the inhabitants of the town of Weirs Beach as those services have been provided prior to January 1, 1993, for a period of 5 years from January 1, 1993, at rates which are equal to those charged property owners within the city of Laconia. The city and town may within the 5-year period enter into any other fair and equitable contractual agreement for the provision of water and sewer services to inhabitants of Weirs Beach. The city of Laconia, through the Laconia water works and any other necessary entity, shall continue to enjoy the right to use or the water pumping station located in Weirs Beach and any other property now and in the future used in the provision of water and sewer services, without charge, for as long as it continues to provide the said services to inhabitants of Weirs Beach. The preservation, maintenance and operation of such property shall be the obligation of the city of Laconia through the Laconia water works or any other necessary entity, so long as its right to use such property remains in effect. If no contractual agreement for the provision of water and sewer services to inhabitants of Weirs Beach is entered between the city of Laconia and the town of Weirs Beach on or before January 1, 1998, the city may terminate its provision of water and sewer services to inhabitants of Weirs Beach. Notwithstanding any other provision of this act, the town of Weirs Beach may at any time after January 1, 1993, elect to discontinue water or sewer service, or both, to some or all of its inhabitants by the city of Laconia, at which time the obligation of the city of Laconia to provide water and sewer service to those inhabitants shall cease.

8 School District Established. That part of the city of Laconia which is incorporated into the town of Weirs Beach by section 2 of this act is organized into the Weirs Beach school district which shall become effective July 1, 1993. The school district shall be assigned to school administrative unit number 30 on July 1, 1993, provided that the state board of education shall assign the district to another school administrative unit if so requested by the school district on or before July 1, 1998. The boundaries of the Laconia school district shall be as formerly established, less those lands incorporated into the Weirs Beach school district.

#### 9 Tuition.

1. The Weirs Beach school district shall pay tuition to the Laconia school district for all pupils who are required by statute to be educated at public expense by the Weirs Beach school district in accordance with the provisions of RSA 194:27. For the first 5 years, however, tuition payments, in addition to those under RSA 194:27, shall be made in the following amounts:

- (a) For the fiscal year ending June 30, 1994, \$1,500 per student.
- (b) For the fiscal year ending June 30, 1995, \$1,200 per student.

- (c) For the fiscal year ending June 30, 1996, \$900 per student.
- (d) For the fiscal year ending June 30, 1997, \$600 per student.
- (e) For the fiscal year ending June 30, 1998, \$300 per student.
- (f) For the fiscal year ending June 30, 1999, \$0 per student.

II. The Laconia school district shall be required to accept all pupils sent to it by the Weirs Beach school district through the 1997-1998 school year and may continue to receive students after the 1997-1998 school year.

10 Planning and Zoning. The zones into which properties located within the boundaries of town of Weirs Beach are divided on January 1, 1993, shall remain in effect unless they are changed by the town as provided by statute. The selectmen of the town of Weirs Beach shall adopt interim building codes, provided that such codes meet minimum BOCA and Life Safety Codes, and shall adopt an ordinance imposing interim regulations on development as provided in RSA 674:23.

11 Anticipation of Taxes. The treasurer of Weirs Beach, elected at the initial meeting provided by section 12 of this act, with the approval of the selectmen so elected, may borrow such sums as may be authorized by the town meeting in order to meet necessary expenses which may arise during the period between the vote to become the town of Weirs Beach and the actual incorporation of the town on January 1, 1993. The treasurer may issue notes for such sums in anticipation of taxes in accordance with the provisions of the municipal finance act.

12 Local Vote. This act shall not take effect unless, prior to June 30, 1992, the inhabitants of that portion of the city of Laconia which would become the town of Weirs Beach on January 1, 1993, shall vote by simple majority in favor of the establishment of the town of Weirs Beach. Within 90 days after the effective date of this section, the secretary of state shall update the checklist, post a warrant and order a special town meeting for the Weirs Beach inhabitants on the question of whether or not to separate from Laconia. The question shall be acted upon in open meeting in the same manner as a secret "yes-no" ballot under RSA 40:4-a. If the vote is in favor of separation, then, at the same meeting, the town moderator and other elected town and school district officials shall be elected. Within 60 days after such meeting the selectmen shall call a special town meeting for the purpose of handling budget matters which arise during the interim period. All subsequent town and school district meetings shall be held in accordance with the laws of New Hampshire.

13 Applicability of Other Law. Notwithstanding any other provision of law, RSA 51:9 shall not apply to this act.

Rep. Gordon E. Bartlett for Transportation: This bill establishes a pilot program on Newfound Lake restricting the speed limit between July 1 and the day after Labor Day during the 1992 boating season. This shall be monitored by the Department of Safety and results reported back to the committee by October 1, 1992.

The bill also makes changes in RSA 270:12 by requiring the Commissioners of Safety to hold hearings on maximum horsepower and maximum speed after being petitioned by 25 persons. Vote 10-0.

4067L

#### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Operating Restrictions. Amend RSA 270:12 to read as follows:

270:12 Operating Restrictions. The commissioner of safety [may] *shall*, after [hearing, upon complaint or of his own motion] *receiving a petition signed by 25 or more residents or property owners of each affected town or towns in which a lake, pond or river is located and after notice and hearing*, [whenever it shall appear] *at which it appears* that the public interest requires, adopt rules under RSA 541-A governing the maximum horsepower of boat engines and outboard motors or prescribe maximum speed limits for the operation of such boats or outboard motors applicable to or upon all or any portion of the public waters of this state. The commissioner of safety [may] *shall*, in like manner and after notice and hearing, prohibit the use of motorboats and outboard motors on bodies of public water having an area of 35 acres or less; provided, that said prohibition shall not be construed as affecting the bodies of water covered by RSA 270:75-109. Hearings under this section shall be held in the vicinity of the body of water under consideration *during the months of June, July, August and September following the date of the petition*.

2 Pilot Program Established. A pilot program is hereby established on Newfound Lake that shall restrict the speed limit on Newfound Lake during the 1992 boating season.

3 Speed Established; Rulemaking. The speed for all watercraft on Newfound Lake between July 1 and the day after Labor Day, 1992, shall be as follows:

I. Beginning July 1, 1992, the maximum speed during daylight hours shall be 45 miles per hour.

II. The maximum speed between sunset and sunrise shall be 20 miles per hour.

III. A no wake zone shall be established, by the department of safety, in the Bristol beach area. The commissioner of safety shall adopt rules pursuant to RSA 541-A relative to establishing the no wake zone.

IV. The provisions of paragraphs I and II shall not apply to any exemptions made by the department of safety.

V. For any violation of paragraphs I and II the fine shall be double the miles per hour at which the boat is traveling. Violators shall also be subject to an additional \$200 fine as provided in RSA 270:46-a, which shall be refunded upon completion of a boating safety course.

VI. The department of safety shall monitor the program and make a report to the house transportation committee by October 1, 1992.

4 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

The bill requires the commissioner of safety, after receiving a petition signed by 25 or more residents or property owners of each affected town or towns in which a lake, pond or river is located, and after notice and hearing, to adopt rules governing maximum horsepower of boat engines and outboard motors and prohibit the use of motorboats and outboard motors on bodies of public water having an area of 35 acres or less. Hearings would be held between June and September following the date of petition.

This bill also establishes a pilot program on Newfound Lake that restricts the speed limit on the lake between July 1 and the day after Labor Day during the 1992 boating season.

Rep. Shackett spoke in favor and yielded to questions.

Adopted.

Report adopted.

Ordered to third reading.

**HB 584-FN.** relative to mandatory automobile insurance. INEXPEDIENT TO LEGISLATE.

Rep. Richard H. Krueger for Commerce, Small Business and Consumer Affairs: Setting aside emotionalism, New Hampshire is among the top five states having the lowest percentage of uninsured motorists. The cost of implementing a comprehensive system to track violators would be passed on to consumers. Those most adversely affected would be the elderly and working poor.

The State of Georgia has eliminated its No-Fault Clause in an attempt to reduce cost, thus hopefully the rate of uninsured motorists will drop.

This bill will not reduce the rate of New Hampshire uninsured motorists. Vote 14-1.

Rep. Pelley requested a quorum count.

The Speaker declared a quorum present.

Rep. Pelley moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, spoke to her motion and yielded to questions.

Reps. Krueger and Bonnie Packard spoke against and yielded to questions.

Rep. Spencer spoke in favor and yielded to questions.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

Reps. Gross, Foss and Hager abstained from voting under Rule 16.

**HB 616-FN**, relative to discrimination in insurance policies. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. James B. Hogan for the Majority of Commerce, Small Business and Consumer Affairs: The aims and goals of this bill are admirable, but the methods cause problems. Inexpedient to Legislate was a tie vote in Subcommittee. After listening to testimony on both sides, the full Committee voted Inexpedient. Vote 13-2.

Rep. Thea Braiterman for the Minority of Commerce, Small Business and Consumer Affairs: At present in New Hampshire all men up to age 30 are charged twice as much for auto insurance as young women. This bill will change that by removing gender as a factor in auto insurance rates. Good drivers of both sexes will pay the same lower rates. This bill also calls for gender neutral health insurance, which the Commerce Committee unanimously approved as part of other legislation.

Rep. Fillion moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate and spoke to his motion.

#### Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

to define total expenditures made during a state primary election.

Amend the bill by replacing all after the enacting clause with the following:

1 Determining Total Expenditures during a State Primary Election. Amend RSA 664:5-b, VI to read as follows:

VI. For the purposes of this section, RSA 664:5-a and the enforcement provisions of this chapter, "total expenditures" shall mean the sum of all expenditures made to influence either a state primary or a state general election made by a candidate and those made on his behalf by his committee or committees, his party, and his immediate family. *The sum of all expenditures made to influence a state primary election shall include all expenditures made by an individual prior to the state primary who is not a candidate for any state or federal office at the time the expenditures are made, but who subsequently becomes a candidate in the state primary election for which he has made such expenditures by filing his declaration of candidacy, by a primary petition or nominating petitions, or by nomination by write-in votes.* Each campaign expenditure limitation amount shall apply solely and independently to either the state primary election or the state general election.

2 Effective Date. This act shall take effect 60 days after its passage.

## AMENDED ANALYSIS

This bill amends the definition of what constitutes "total expenditures" in a state primary election for a candidate who accepts limitations on his political expenditures, by requiring an individual to include as part of his total expenditures all the expenditures he made to influence the state primary election before he officially became a candidate.

Adopted.

The Committee offered a floor amendment.

## AN ACT

relative to the use of excess campaign contributions by individuals who do not accept expenditure limitations.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Use of Excess Campaign Contributions. Amend RSA 664 by inserting after section 4-b the following new section:

664:4-c Use of Excess Campaign Contributions by Individuals who do not Accept Expenditure Limitations. The following individuals who are not subject to the prohibitions of RSA 664:4-b, and who do not voluntarily agree to limit their campaign expenditures under RSA 664:5-a, shall not use their excess campaign contributions for personal expenses and shall not transfer them to any other candidate:

I. A candidate for the office of United State senator, representative to Congress, governor, councilor, state senator, state representative, or for county office who has campaign contributions remaining 10 days after the election which exceed \$500.

II. An individual who accepts any contribution or makes any expenditure before he has filed his declaration of candidacy, established his candidacy by a primary petition or nominating petitions, or has been nominated by write-in votes at the primary, and who decides not to run for the office for which the funds were contributed and who has campaign contributions remaining after the decision of noncandidacy which exceed \$500.

2 Effective Date. This act shall take effect 60 days after its passage.

The current system is fraught with problems that cause unnecessary expense and anguish for all concerned. The amended bill also provides for the establishment of a committee which would be formed for the purpose of studying other mechanisms for dispute resolution in relation to special education for educationally disabled students. Vote 17-0.

**HB 263-FN**, establishing a fee structure for used oil marketers. OUGHT TO PASS WITH AMENDMENT.

Rep. Gregory L. Hanselman for Environment and Agriculture: The \$0.02 per gallon fee established by this bill would enable the Department of Environmental Services to monitor marketers of used motor oil to ensure that hazardous materials are not disposed of and incinerated through this means. The Committee was unanimous in concluding that this legislation would protect against a significant public health hazard at minimal cost to consumers. Vote 18-0.

## Amendment

Amend RSA 147-B:2, VIII-c as inserted by section 1 of the bill by replacing it with the following:

VIII-c. "Marketer" means any person who engages in the act of marketing or supplying used oil, for monetary consideration or not, unless otherwise exempted in this chapter, including but not limited to persons who receive used oil from generators and produce, process, or blend used oil fuel from the used oils received, including persons sending blended or processed used oil to brokers or other intermediaries, and including transporters who take ownership of the oil they collect and distribute but do not process or blend used oil.

Amend RSA 147-B:8, I-a as inserted by section 3 of the bill by replacing it with the following:

I-a. Marketers of used oil that shall be recycled by being burned for energy recovery, which are located in this state, shall pay a quarterly used oil marketer fee to the hazardous waste cleanup fund established in RSA 147-B. The fee shall be paid at the rate of \$.02 per U.S. gallon of used oil that shall be received at the marketer's facility for processing, blending or marketing to a subsequent marketer or burner of used oil fuel. The fee shall be calculated based upon the quantity of used oil received at each marketer's facility from generators or other marketers of used oil and documented on bills of lading. Records of the quantities of used oil received at a marketer's facility shall be made available to authorized representatives of the division of waste management for review and audit upon request.

Amend the bill by replacing section 4 with the following:

4 Used Oil Marketers Exemptions. Amend RSA 147-B:9 to read as follows:  
147-B:9 Exemptions.

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Composting Facility Added; Leaf and Yard Waste Disposal Restricted. Amend RSA 149-M:22, V to read as follows:

V. Beginning January 1, 1991, no wet-cell batteries shall be disposed of in a solid waste landfill facility *or composting facility* or incinerated, whether in a waste-to-energy facility or otherwise.

*VI. Beginning July 1, 1993, no leaf or yard waste shall be disposed in a lined solid waste landfill or incinerator including any waste to energy facility. Beginning July 1, 1995, no leaf or yard waste shall be disposed in an unlined landfill. This paragraph shall not apply to municipalities organized under RSA 53-A, RSA 53-B, or 1986, 139, if application of the paragraph would cause the municipality to violate or incur penalties under legal obligations existing on the effective date of this paragraph. Any person who violates this paragraph shall be subject to the penalties and enforcement provisions of RSA 149-M:12.*

2 Effective Date. This act shall take effect January 1, 1993.

### AMENDED ANALYSIS

The bill prohibits the disposal of leaf and yard waste in a solid waste landfill, composting facility or incinerator, including waste to energy facilities.

**HB 651-FN**, establishing a hazardous materials cleanup fund. INEXPEDIENT TO LEGISLATE.

Rep. David M. Scanlan for Environment and Agriculture: The Committee felt that this issue might best be addressed by giving municipalities the authority to collect reimbursement from the responsible party for the cost of cleaning up hazardous materials spill. The Committee thought this type of proposal might best come from the New Hampshire Municipal Association. Vote 13-0.

Adopted.

**HB 679-FN**, relative to New Hampshire compliance with the Clean Air Act. INEXPEDIENT TO LEGISLATE.

Rep. Bonnie L. McCann for Environment and Agriculture: The language that is in House Bill 679 is being incorporated into a new bill in order to give the full House the proper time to adequately consider and respond to the full impact of the 1991 federal clean air bill. Vote 17-0.

Adopted.

**HB 699-FN**, relative to solid waste reduction. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Marilyn R. Campbell for the Majority of Environment and Agriculture: It was the opinion of the Majority of the Committee that this bill might have negative effects

on the voluntary recycling efforts now being carried by communities. It also might end up mandating communities to set up recycling centers if no private enterprise comes forward. Vote 13-5.

Reps. Betty B. Hall, Gregory L. Hanselman, Daniel M. Burnham, Linda Griebisch, and Amanda A. Merrill for the Minority of Environment and Agriculture: The Legislature established a recycling goal of 40 percent in the last session. According to the latest figures, supplied by the Department of Environmental Services, we are recycling at the rate of 20 percent. The current cost of recycling is supported almost entirely by the overburdened property tax. If we are to reach our goal, incentives to consumers and municipalities are needed. The Minority believes the handling fee of \$0.03 for each beverage container, returned to the municipalities under this bill, will encourage additional municipalities to participate in recycling. An amendment proposing improvements to the original bill will be ready for the House's consideration in January.

### SPECIAL ORDER

Reps. Elizabeth Greene and Betty Hall moved that **HB 699-FN**, relative to solid waste reduction, be made a special order for January 16.

Adopted.

**HB 730-FN**, imposing a fee on all motor vehicles and granting certain rulemaking authority to the division of air resources. **INEXPEDIENT TO LEGISLATE**.

Rep. Gregory L. Hanselman for Environment and Agriculture: The \$1 fee on motor vehicles or "tail pipe tax," created by this bill, was determined by the Committee as not the best solution to funding requirements of the Federal Clean Air Act. Other legislation, advanced by the Committee, will address this issue. Vote 17-0.

Adopted.

**SB 186-FN**, establishing a committee to study household hazardous waste. **INEXPEDIENT TO LEGISLATE**.

Rep. David M. Scanlan for Environment and Agriculture: Senate Bill 186 is a duplication of efforts already established by previous laws. Vote 18-0.

Adopted.

**HB 404-FN**, relative to certification of wetland scientists. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Maurice E. Goulet for Executive Departments and Administration: This bill was critically reviewed by the Subcommittee and two hearings were held this fall. Although the Subcommittee recognized the on-going value of this speciality, it was unanimously agreed that certification is not essential at this time. In a related issue, a Subcommittee reviewed House Bill 367, relating to the profession of engineering. It became apparent that a review of the Joint Board of Licensure for Engineers, Architects, Land Surveyors, Natural Scientists, and Foresters has to be examined. House Bill 404 would have added the wetland scientists to that Joint Board.

The amendment to House Bill 404, which replaces the original wording of the bill, provides a study vehicle for the Committee to review and make recommendations regarding registration, certification, and licensure for each of the professions within the Joint Board. In addition, the issue (or framework) in which the wetland scientists might fit within this Joint Board will be examined. Vote 15-1.

## SPECIAL ORDER

Rep. Ward moved that **HB 404-FN**, relative to certification of wetland scientists, be made a special order for January 16.

Adopted.

**HB 477-FN**, relative to agency authority to make rules and impose administrative fines. **OUGHT TO PASS WITH AMENDMENT.**

Rep. William P. Boucher for Executive Departments and Administration: The Subcommittee redrafted House Bill 477 to "band aid" some major problems with rules (RSA 541-A). The guide to more substantial changes is CACR 12 which will be on the ballot in November 1992. The voters will set the stage for any changes beyond those embodied in House Bill 477. The Committee gives a top priority to public hearings and due notice to those affected by agency rules when adopted. Vote 13-3.

## Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

relative to public hearings, notice, and the filing of rules  
under the administrative procedure act.

Amend the bill by replacing all after the enacting clause with the following:

1 Content of Notice. Amend RSA 541-A:3-a, III(e) to read as follows:

(e) the date of [intention to hold a] *the first agency public hearing [or] and the cut-off date for the submission of written materials to the agency;*

2 Notice to Licensees of Agencies Regarding Rulemaking Proceedings. Amend RSA 541-A:3-a, IV to read as follows:

IV. The agency shall send notice to the director of legislative services, to the president of the senate and the speaker of the house of representatives, to the chairman of the fiscal committee, to the chairmen of the legislative committees having jurisdiction over the subject matter, *to all persons who hold or have applied for occupational licenses from the agency* and to all persons who have made timely request of the agency for advance notice of its rulemaking proceedings. *Notice shall be sent not less than 20 days before the first agency public hearing required by RSA 541-A:3-c.*

3 Hearing Required. RSA 541-A:3-c, I is repealed and reenacted to read as follows:

I. Each agency shall hold at least one public hearing on all proposed rules and shall afford all interested persons reasonable opportunity to testify and to submit data, views or arguments in writing in accordance with the terms of the notice.

4 Effective Date. This act shall take effect January 1, 1993.

## AMENDED ANALYSIS

This bill requires notice or proposed rules changes, under the administrative procedures act, to be given at least 20 days before the first required agency public hearing. Such notice shall be given to all persons who hold or have applied for occupational licenses from the agency in addition to those entitled to notice under current law.

**HB 527-FN-A**, licensing speech-language pathologists and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen W. Ward for Executive Departments and Administration: This legislation proposed licensing speech-language pathologists. The Committee found no public harm with the present certification administered by the Department of Education. The oversight of this profession in a medical setting is provided through a doctor's office and/or a hospital from whence they practice. Vote 9-5.

### **SPECIAL ORDER**

Rep. Ward moved that **HB 527-FN-A**, licensing speech-language pathologists and making an appropriation therefor, be made a special order for January 16.

Adopted.

**SB 120-FN-A**, establishing a sunset committee and restoring the sunset review process and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. William P. Boucher for Executive Departments and Administration: The Subcommittee, after three public hearings with dismal public participation, endorsed the concept of legislative oversight of government activities commonly referred to as "sunset." The direction of Senate Bill 120 is toward a volunteer committee structure to accomplish the sunset process. It hopes to use the "Government Operations Task Force" created in House Bill 65 (the 1991 Trailer Bill) in this process. The amendment creates a Task Force on Sunset Review Process to create a legislative oversight process using Senate Bill 120 as a benchmark.

It has also given the "Sunset" Task Force an additional task, that of preparing legislation to implement CACR 12 (relating to rulemaking authority. Providing that the general court may delegate regulatory authority to executive branch officials, but such rules may be disapproved by the general court.) should the voters adopt the amendment. This will allow the legislature the ability to "hit the deck running" should it want or need to adopt the provisions of the CACR. Vote 15-0.

### **Amendment**

Amend the title of the bill by replacing it with the following:

#### **AN ACT**

establishing a task force on a sunset review process and the authority of the general court to disapprove proposed administrative rules.

Amend the bill by replacing all after the enacting clause with the following:

I Task Force on a Sunset Review Process and Administrative Rulemaking Authority Established; Membership; Duties and Responsibilities; Reports.

I. There is hereby established the task force on a sunset review process and administrative rulemaking authority which shall consist of 5 members of the house, appointed by the speaker of the house and 5 members of the senate, appointed by the president of the senate. Members of the committee shall serve without compensation except that they shall receive mileage at the legislative rate.

II. The task force shall review SB 120-FN-A as introduced in the 1991 legislative session and shall make recommendations about, but not limited to, establishing a legislative oversight process. The task force shall prepare a final report, and submit it to the governor, the speaker of the house, and the senate president no later than November 1, 1992.

III. If CACR 12 of the 1991 session of the general court is approved by 2/3 of those voting on the amendment, the task force shall study and make recommendations for legislation regarding the procedure by which the general court may approve or disapprove proposed administrative rules. The task force shall prepare a final report and submit it to the governor, the speaker of the house, and the senate president no later than January 1, 1993.

2 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill establishes a task force on a sunset review process and administrative rulemaking authority to review Senate Bill 120-FN-A as introduced in the 1991 legislative session. The task force is required to make recommendations about, but not limited to, establishing a legislative oversight process. The task force is also required, if CACR 12 is approved by the voters, to study and make recommendations for legislation regarding the procedure by which the general court may approve or disapprove proposed administrative rules.

**HB 585-FN**, recodifying the laws relative to emergency medical services. OUGHT TO PASS WITH AMENDMENT.

Rep. Alice S. Ziegler for Health, Human Services and Elderly Affairs: After an extensive hearing and much testimony throughout the summer, the Committee approved an amendment recodifying Emergency Medical Services. Vote 9-2.

Rep. Robert Foster moved that the words Recommit to Committee be substituted for the report of the Committee. Ought to Pass with Amendment.

**HB 775-FN**, relative to social security cost-of-living increases to certain recipients of assistance. INEXPEDIENT TO LEGISLATE.

Rep. Mary C. Holmes for Health, Human Services and Elderly Affairs: This bill would not be a benefit to the Social Security recipient, but to the residential care facility. The COLA would, by this bill, be signed over to the residential care facility by the Social Security recipient. This is in addition to the \$640 which the state pays to the resident. Forty dollars of this is kept by the resident for his/her personal needs allowance. The remaining \$600 is signed over by the recipient to the care facility for his/her board and care. All residential care facilities thus receive the same amount for residents' care. Vote 10-2.

Adopted.

**HB 410-FN**, relative to certification as an habitual offender for DWI-related convictions. OUGHT TO PASS WITH AMENDMENT.

Rep. Donnalee M. Lozeau for Judiciary: This bill, as amended, allows the county correctional facility the same provisions of the state correctional facilities relative to alternative sentencing. It also requires (although not through statute) the Department of Safety to bring its point system in line with current law rather than in conflict with current law and make legislative recommendations by December 1992. Vote 16-1.

Amend the bill by replacing the title with the following:

## AN ACT

relative to alternatives to incarceration and requiring the commissioner of the department of safety to review and make legislative recommendations on the point system as it applies to habitual offenders.

Amend the bill by replacing all after the enacting clause with the following:

I Alternatives to Incarceration. Amend RSA 651:2, V to read as follows:

V.(a) A person may be placed on probation if the court finds he is in need of the supervision and guidance that the probation service can provide under such conditions as the court may impose. The period of probation shall be for a period to be fixed by the court not to exceed 5 years for a felony, 2 years for a misdemeanor and one year for a violation. Upon petition of the probation officer or the probationer, the period may be terminated sooner by the court if the conduct of the probationer warrants it.

(b) In cases of persons convicted of felonies or misdemeanors, *or in cases of persons found to be habitual offenders within the meaning of RSA 259:39 and convicted of an offense under RSA 262:23*, the sentence may include, as a condition of probation, confinement to a person's place of residence for not more than one year in case of a misdemeanor or more than 5 years in case of a felony. Such home confinement may be monitored by a probation officer and *may be* supplemented, as determined by the department of corrections *or by the county department of corrections*, by electronic monitoring to verify compliance.

(c) Upon recommendation by the department of corrections *or by the county department of corrections*, the court may, as a condition of probation, order a incarceration-bound offender placed in an intensive supervision program as an alternative to incarceration, under requirements and restrictions established by the department of corrections *or by the county department of corrections*.

(d) Upon recommendation by the department of corrections *or by the county department of corrections*, the court may sentence a incarceration-bound offender to a special alternative incarceration program involving short term confinement followed by intensive community supervision.

(e) The department of corrections *and the various county departments of corrections* shall adopt rules governing eligibility for [such] *home confinement, intensive supervision and special alternative incarceration* programs.

(f) Any offender placed in [either the] *a* home confinement, intensive supervision or special alternative incarceration program who violates the conditions or restrictions of his probation shall be subject to immediate arrest by a probation officer or any authorized law enforcement officer and brought before the court for an expeditious hearing pending further disposition.

2 Point System; Recommended Legislation. The commissioner of the department of safety shall review the definition of "habitual offender" in RSA 259:39, the demerit point system for the purpose of identifying habitually reckless or negligent drivers and habitual or frequent violators of traffic regulations which has been adopted by rule pursuant to RSA 263:56, II, and the procedures for hearing and finding of habitual offender status under RSA 262:19. The commissioner shall recommend legislation to define "habitual offender" by reference to a demerit point system and to establish, by law, such demerit point system with procedures for hearing and finding of habitual offender status. The commissioner shall file a report, including draft legislation, with the president of the senate, the speaker of the house,

and the chairpersons of the senate and house transportation and judiciary committees not later than December 30, 1992. In the absence of further legislation to the contrary, nothing in this section shall be construed to affect any existing law or rules.

3 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill allows the county departments of corrections to determine and supervise alternative incarceration programs. It permits home confinement with electronic monitoring for habitual offenders who drive after revocation or suspension.

The bill requires the commissioner of the department of safety to review and make legislative recommendations on the current definition of "habitual offender" and the point system for purposes of determining habitual offender status.

**HB 526-FN**, authorizing sentencing to extended terms of imprisonment by district court justices. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: The Committee believes this will aid in the problem of repeat offenders. This allows the court the discretion to extend the sentence under the extended terms statute. Some of the offenses are misdemeanors, but most are felonies - murders, first and second degree assault, theft by extortion. They are just some examples of the offenses recommended for these enhanced sentences. Vote 16-2.

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to extended terms of imprisonment and transfers to the state prison.

Amend the bill by replacing all after the enacting clause with the following:

1 Extended Term of Imprisonment; Multiple Convictions. Amend RSA 651:6, I(g) to read as follows:

(g) He was substantially motivated to commit the crime because of hostility towards the victim's religion, race, creed, sexual orientation, national origin or sex[.]; *or*

*(h)(1) He has 3 times previously been convicted, in this state or in any other jurisdiction, of an offense described in the following or any combination of offenses described in the following totaling 3:*

*(A) RSA 630, homicide.*

*(B) RSA 631:1, 631:2, and 631:2-a, assault.*

*(C) RSA 632-A:2, 632-A:3, and 632-A:4; sexual assault.*

*(D) RSA 633:1 and 633:3; kidnapping and false imprisonment.*

*(E) RSA 634:1, arson.*

*(F) RSA 637:5, theft by extortion.*

*(G) RSA 631:4, criminal threatening involving the use of a firearm.*

*(H) RSA 645:1, indecent exposure.*

*(2) An attempt, conspiracy, or accomplice conviction involving any of the foregoing crimes shall be deemed the same as conviction of the crime itself. This*

*subparagraph shall apply only if each of the 3 offenses constituted a crime under the law in existence in the applicable jurisdiction at the time when the offense was committed.*

2 Extended Terms of Imprisonment; Sentencing Procedure. Amend RSA 651:6 by inserting after paragraph II the following new paragraph:

III(a). When any person is convicted of a misdemeanor resulting in incarceration in a district court and the court finds that an extended term of imprisonment should be imposed, the court shall not impose sentence, but shall make written findings of fact supporting the conviction and shall set forth in writing the reasons that an extended term of confinement should be imposed. Said findings and reasons shall be certified to the superior court along with a recommendation from the district court judge with regard to the specific sentence which should be imposed. Where the district court conviction is appealed and the defendant is again convicted in the superior court, the superior court shall consider the district court recommendation during sentencing in the same manner as it would consider a sentence imposed by a district court in any case prior to de novo appeal. Where the district court conviction results from a plea of guilty or nolo contendere, or from a trial where the conviction is not appealed, the district court shall transfer the case to the superior court for sentencing only. The superior court shall review the district court findings, reasons, and recommendation prior to imposing sentence, provided that the superior court may order a presentence investigation or take additional evidence from the parties prior to sentencing.

(b) In any case in which the superior court determines that the extended term of imprisonment recommended by the district court should not be imposed, or that the recommendation should not be adopted with respect to the specific terms of the sentence which is imposed, the superior court judge shall set forth the reasons for not imposing an extended term of imprisonment or for not adopting the recommendation of the district court, and said reasons shall be included in the official superior court record. This requirement shall not be deemed to vest a defendant with a right that such reasons be stated on the record and any failure to so state said reasons shall not constitute grounds for any appeal of sentence. This requirement is intended by the general court to provide the public with information regarding sentencing in criminal cases.

3 Transfers of Prisoners. RSA 21-H:8, VI is repealed and reenacted to read as follows:

VI. The commissioner may enter into contracts with the state's counties, the governments of other states, and the federal government, and appropriate private agencies or facilities and make proper and necessary arrangements with them for the transfer and reception of inmates *and allow transfers to state prisons of any person. 5 Repeal. RSA 623:3, relative to transfers to the state prison, is repealed.

6 Effective Date. This act shall take effect 60 days after its passage.

## AMENDED ANALYSIS

This bill allows the court to impose an extended term of imprisonment on a fourth conviction when the defendant has 3 prior convictions for certain crimes.

The bill establishes a procedure for sentencing to an extended term of imprisonment for a person convicted of a misdemeanor in a district court.

The bill also makes some reference changes in the laws regarding transfer procedures.

Adopted.

Report adopted.

Ordered to third reading.

**HB 689-FN**, relative to administrative motor vehicle license revocation. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David D. Hultgren for Judiciary: Administrative license suspension laws have been enacted in 27 states. The Committee felt that the passage of this law would improve the DWI laws in our state. Vote 17-2.

Rep. Martling moved that the bill be recommitted.

Recommitted to Committee.

**HB 693-FN**, relative to disclosure of tax records related to investigations by the attorney general and relative to forfeiture of items seized in connection with controlled drug offenses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: This subject is very controversial. However, the bill itself, along with the amendment, clarifies the current law relative to items and procedures involved in drug forfeiture. The Committee debated extensively and agreed to allow passage of these clarifications, but to follow through with a new bill which will allow the whole subject of drug forfeiture to go through the proper procedure. The Rules Committee has allowed the new bill in and the Committee is dedicated to address this issue in full. Vote 11-5.

## SPECIAL ORDER

Rep. Burling moved that **HB 693-FN**, relative to disclosure of tax records related to investigations by the attorney general and relative to forfeiture of items seized in connection with controlled drug offenses, be made a special order for January 16.

Adopted.

**SB 27-FN**, relative to extended terms of imprisonment for assault crimes where the victim is a law enforcement officer. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Alf E. Jacobson for Judiciary: This bill extends the extended terms of imprisonment statute to include the crimes against a police officer acting in the line of duty. The amendment provides the prospect of the same extension when a police officer commits a similar crime. Vote 12-6.

## Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

relative to extended terms of imprisonment for assault crimes where  
the victim or perpetrator is a law enforcement officer.

Amend the bill by replacing all after the enacting clause with the following:

1 Extended Term of Imprisonment. Amend RSA 651:6, I(g) to read as follows:

(g) He was substantially motivated to commit the crime because of hostility towards the victim's religion, race, creed, sexual orientation, national origin or sex[.]; *or*

*(h) He has knowingly committed or attempted to commit any of the crimes defined in RSA 631 where he knows the victim was, at the time of the commission of the crime, a law enforcement officer acting in the line of duty; or*

*(i) He was an on-duty law enforcement officer at the time that he committed or attempted to commit any of the crimes defined in RSA 631.*

2 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill provides for extended terms of imprisonment for assault crimes where the victim is a law enforcement officer and where the perpetrator is a law enforcement officer.

Adopted.

Report adopted.

Ordered to third reading.

**SB 81**, relative to damages for wrongful death. INEXPEDIENT TO LEGISLATE.

Rep. Elizabeth D. Lown for Judiciary: The Committee, although concerned about inequities in the present system of compensation for families of victims of negligent death, feels that the scope of damages expanded by this bill, would increase exposure, risk and cost to the taxpayer making SB 81 not feasible at this time. The system is now predictable. This bill would make it unpredictable and would put us at a competitive disadvantage with other states. Vote 10-7.

Adopted.

**SB 154-FN**, relative to the jurisdiction of state police employees. INEXPEDIENT TO LEGISLATE.

Rep. Donna Lee M. Lozeau for Judiciary: Although the Committee attempted to find a compromise relative to the issue of jurisdiction, there were no problems brought before it relative to a need that was not covered by current law. Those members interested are encouraged to read current law RSA 106-B:15. It is clear under this law that all jurisdictional situations are addressed so that all criminal situations are covered with regard to the public safety. This issue comes before the Committee regularly and will probably be back. Vote 12-4.

Adopted.

**HB 524-FN**, to allow municipalities to determine the net income requirements under the optional adjusted elderly property tax exemption. INEXPEDIENT TO LEGISLATE.

Rep. John A. Middleton for Municipal and County Government: The Committee feels that adequate legislation is already in place to cover exemptions over age 65. This bill would establish dollar amounts for exemption purposes and assets also in dollar amounts which would increase the burden of tax base and tax rate on other taxpayers. Vote 13-2.

Adopted.

**HB 564-FN**, enabling towns and cities to establish heritage commissions. OUGHT TO PASS WITH AMENDMENT.

Rep. Katherine H. Metzger for Municipal and County Government: This bill comes as a suggestion from the Governor's Commission on New Hampshire in the

21st Century. It is enabling legislation. In the public hearings conducted in the 1991 session, all testimony was favorable. However, the Committee felt that the mechanics needed to be worked out. This has been accomplished during the re-referral process. The bill allows municipalities, which wish to do so, to establish an advisory commission to encourage the protection of cultural resources. Vote 14-2.

3694L

### **Amendment**

Amend the bill by replacing all after the enacting clause with the following:

#### **I Purpose and Intent.**

I. New Hampshire's towns and cities are filled with a rich blend of natural and cultural resources which define their special character. There is a genuine need to help each municipality to identify and protect these resources. While local conservation commissions give communities a vehicle to protect natural resources, the effort to protect cultural resources is less comprehensive. Man-made resources - recognized for their historic, cultural, artistic and community significance - frequently suffer from neglect or unsympathetic action.

II. The general court appreciates the necessity of identifying and protecting the cultural "cornerstones" of our towns and cities. Toward that end, each municipality shall be authorized to establish a heritage commission. This commission will function as an advisory board for the entire community. In communities with historic districts heritage commissions additionally may assume the duties, if authorized by the local legislative body, of the current historic district commissions.

2 New Subdivision; Heritage Commission. Amend RSA 674 by inserting after section 44 the following new subdivision:

#### **Heritage Commission**

674:44-a Heritage Commission. A heritage commission may be established in accordance with RSA 673 for the proper recognition, use, and protection of resources, tangible or intangible, primarily man-made, that are valued for their historic, cultural, aesthetic, or community significance within their natural, built, or cultural contexts.

#### **674:44-b Powers.**

I. Generally. Heritage commissions shall have advisory and review authority, specifically, as follows:

(a) Survey and inventory all cultural resources.

(b) Conduct research and publish findings, including reports to establish the legal basis for a district and preparation of historic district ordinances within the municipality prior to its adoption or amendment as provided in RSA 675:6-a.

(c) Assist the planning board, as requested, in the development and review of those sections of the master plan which address cultural and historic resources.

(d) Advise, upon request, local agencies and other local boards in their review of requests on matters affecting or potentially affecting cultural and historic resources.

(e) Coordinate activities with appropriate service organizations and nonprofit groups.

(f) Publicize its activities.

(g) Hire consultants and contractors as needed.

(h) Receive gifts of money and property, both real and personal, in the name of the city or town, subject to the approval of the city council in a city or the board of

selectmen in a town, such gifts to be managed and controlled by the commission for its proper purposes.

II. Property. The commission may acquire, in the name of the town or city, by gift, purchase, grant, bequest, devise, lease, or otherwise a fee or lesser interest, development rights, covenant, or other contractual right, including conveyances with conditions, limitations or reversions, as may be necessary to acquire, maintain, improve, protect, limit the future use of, or otherwise conserve and properly use the cultural resources of the city or town, and shall manage and control the same; provided, however, that the city, town, or commission shall not have the right to condemn property for these purposes.

III. Historic District Commission. Heritage commissions also may assume, if authorized by the local legislative body, the composition and duties of historic district commissions.

674:44-c Separate Commissions. A municipality may choose to maintain a separate and distinct heritage commission and historic district commission. In such cases, the heritage commission shall serve in an advisory capacity to the historic district commission as well as to the planning board and other local boards and residents.

674:44-d Appropriations Authorized.

I. A town or city, having established a heritage commission under this subdivision, may appropriate money as deemed necessary to carry out its purposes. The whole or any part of money so appropriated in any year and any gifts of money received pursuant to RSA 674:44-b shall be placed in a heritage fund and allowed to accumulate from year to year. Money may be expended from such fund by the heritage commission for its purposes without further approval of the town meeting.

II. The town treasurer, pursuant to RSA 41:29, shall have custody of all moneys in the heritage fund and shall pay out the same only upon order of the heritage commission. The disbursement of heritage funds shall be authorized by a majority of the heritage commission. Prior to the use of such funds for the purchase of any interest in real property, the heritage commission shall hold a public hearing with notice in accordance with RSA 675:7.

3 Town Treasurer's Custody of Funds. Amend RSA 41:29, I to read as follows:

I. The town treasurer shall have custody of all moneys belonging to the town, and shall pay out the same only upon orders of the selectmen, or, in the case of a conservation fund established pursuant to RSA 36-A:5, upon the order of the conservation commission, *or in the case of a heritage commission fund established pursuant to RSA 674:44-a upon the order of the heritage commission*, or in the case of fees held pursuant to RSA 673:16, II, upon the order of the local land use board or its designated agent.

4 City Treasurer's Custody of Funds. Amend RSA 48:16, IV to read as follows:

IV. The city treasurer shall pay out fees held pursuant to RSA 673:16, II upon the order of the local land use board or its designated agent *or in the case of moneys held pursuant to RSA 674:44-a upon order of the heritage commission*.

5 Establishment of Heritage Commissions. Amend RSA 673:1, II to read as follows:

II. Any local legislative body may establish a *heritage commission*, historic district commission, *or both*.

6 New Section; Heritage Commissions. Amend RSA 673 by inserting after section 4 the following new section:

673:4-a Heritage Commissions.

I. The heritage commission shall consist of not less than 3 members and no more than 7 members, all of whom shall be residents in the town or city in which the commission is established.

II. In cities, members of the commission shall be appointed by the mayor, subject to the provisions of the city charter, and in towns the members shall be appointed by the governing body. One member may be a member of the planning board. One or 2 alternate members may be appointed. When an alternate sits in absence or disqualification of a regular member, he shall have full voting powers. At least one member of the governing body shall serve as an ex officio member. If there is a historic district commission, one member of this commission shall be an ex officio member of the heritage commission.

III. All terms shall be for 3 years, except that initial appointments shall be staggered so that 1/3, or as close to 1/3 as possible, of the commission member shall be appointed each year. A vacancy for an unexpired term shall be filled, in the same manner as an original appointment. A chairman shall be elected by the members for a one-year term.

7 Planning Board Members as Heritage Commission Members. Amend RSA 673:7, II(c) to read as follows:

(c) Either one appointed member or one ex officio member may be a member of the *heritage commission*, or the historic district commission, or both, if [one] *such a commission* exists in the city.

8 Scheduling of Meetings. Amend RSA 673:10, I to read as follows:

I. Meetings of the *heritage commission*, historic district commission, the building code board of appeals, and the zoning board of adjustment shall be held at the call of the chairman and at such other times as the board may determine.

9 Disqualification of Member. Amend RSA 673:14, I to read as follows:

I. No member of a zoning board of adjustment, building code board of appeals, planning board, *heritage commission*, or historic district commission shall participate in deciding or shall sit upon the hearing of any question which the board is to decide in a judicial capacity if that member has a direct personal or pecuniary interest in the outcome which differs from the interest of other citizens, or if that member would be disqualified for any cause to act as a juror upon the trial of the same matter in any action at law. Reasons for disqualification do not include exemption from service as a juror or knowledge of the facts involved gained in the performance of the member's official duties.

10 Abolishing a Heritage Commission. Amend RSA 673:18 to read as follows:

673:18 Abolishing Planning Board, *Heritage Commission*, or Historic District Commission.

I. The local legislative body of a city, of a county in which there are located unincorporated towns or unorganized places, or of a town operating under the town council form of government, shall determine the manner in which the planning board, *the heritage commission*, or the historic district commission may be abolished.

II. In all other towns, upon a petition to abolish the planning board, *the heritage commission*, or the historic district commission, signed by 100 or more voters or 1/10 of the registered voters in town, whichever number is less, the planning board, *heritage commission*, or [the] historic district commission shall submit the proposal to the town or village district in the same manner prescribed in RSA 675:4, except that the question put to the voters shall be in substantially the following form: "Are

you in favor of abolishing the planning board (*heritage commission, or* historic district commission) as proposed by petition of the voters of this town (village district)?”

11 Effect of Abolishing Heritage Commission. Amend RSA 673:20 to read as follows:

673:20 Effect of Abolishing *Heritage Commissions and* Historic District Commissions. Upon the effective date of the abolition of a *heritage commission or* historic district commission, all the powers and duties of [the] *such* commission [designed to carry out the purposes of a historic district] shall cease.

12 Transfer of Documents. Amend the section heading and paragraph I of RSA 673:21 to read as follows:

673:21 Transfer of Documents Upon Abolition of Planning Board, *Heritage Commission, and* Historic District Commission.

I. Whenever a *heritage commission or* historic district commission is abolished, the records shall be transferred to the planning board. In a municipality where a planning board does not exist, the records shall be transferred to the city, town, or village district clerk, or to the clerk for the county commissioners, whichever is appropriate.

13 Purposes of Historic Districts. Amend the introductory paragraph of RSA 674:45 and paragraphs I and II to read as follows:

The preservation of *cultural resources, and particularly of* structures and places of historic [and], architectural *and community* value is hereby declared to be a public purpose. The heritage of the municipality will be safeguarded by:

I. Preserving [a district] *districts* in the municipality which [reflects] *reflect* elements of its cultural, social, economic, political, *community* and architectural history;

II. Conserving property values in such [district] *districts*:

14 Business Promotion. Amend RSA 674:45, V to read as follows:

V. Promoting the use of [a] historic [district] *districts* for the education, pleasure and welfare of the citizens of the municipality.

15 Powers and Duties of Historic Districts Relative to Heritage Commissions. RSA 674:46-a, I is repealed and reenacted to read as follows:

I. For the purpose of establishing a legal basis for the district, the historic district commission may perform research and prepare the content of the historic district ordinance prior to its adoption or amendment as provided in RSA 675:2. In cases in which a municipality chooses to have both a heritage commission and a historic district commission, the historic district commission may request assistance from the heritage commission in performing research and preparing the content of the historic district ordinance.

16 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill allows municipalities to establish heritage commissions which may have the following functions:

I. To determine proper recognition, use, and protection of resources, tangible or intangible, primarily man-made, that are valued for their historic, cultural, aesthetic or community significance for the entire municipality.

II. To advise other boards, agencies and resident as to the value, condition and needs of the cultural resources of the municipality, particularly those of historic, architectural and community significance.

III. To assume the regulatory functions of historic district commissions, within certain designated areas known as historic districts.

The municipality may authorize the heritage commission to perform any or all of the above functions.

**HB 510-FN**, relative to the energy conservation construction code. INEXPEDIENT TO LEGISLATE.

**HB 599-FN**, relative to the storage and disposal of low-level radioactive waste. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Charles C. Vogler for the Majority of Science, Technology and Energy: Since the Nuclear Regulatory Commission (NRC) has withdrawn its policy concerning "Below Regulatory Concern" low-level nuclear waste, the majority of the Committee, believes this legislation is not required at this time. Vote 9-2.

Reps. Amanda A. Merrill and Gary R. Gilmore for the Minority of Science, Technology and Energy: This bill states that materials presently handled as radioactive shall continue to be handled as radioactive, regardless of future deregulation by the Nuclear Regulatory Commission i.e. the NRC's proposed "Below Regulatory Concern (BRC)" program which would reclassify up to 30 percent of low-level radioactive waste as regular solid waste. BRC is an issue currently under the scrutiny of the US Congress and the NRC. This is a highly appropriate time for New Hampshire to join 11 other states in declaring our wish to maintain a state policy designed to provide maximum public protection from exposure to radiation. It is our responsibility to let the federal government know that we do not favor a policy that includes as an acceptable outcome a significant increase in deaths from exposure to radioactive materials.

**CACR 6**, relating to taxation of business income and revenue. Providing that taxes of any type may be imposed on the income or revenue of businesses. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Frederick G. Ahrens for the Majority of Ways and Means: As amended, CACR 6 would expand the Legislature's flexibility in attempting to solve the continuing problem of fair business taxation. Under current constitutional interpretations by the New Hampshire Supreme Court, Legislative authority has been severely limited. As a result, because of loopholes originally designed to satisfy earlier court rulings, very few businesses pay the Business Profits Tax, and Legislative efforts to solve the problem without increasing the burden on current business taxpayers have been rejected by the Court.

As originally proposed, CACR 6 would have allowed the Legislature to enact taxes on the income or revenue of businesses, without requiring that such taxes be "proportional." Among other things, this would have allowed enactment of graduated business taxes. The Committee did not believe it was necessary or desirable to propose such a radical change to the voters. Instead, under the Committee's proposed amendment, the Legislature would generally be authorized to limit the amounts businesses can deduct for tax purposes, as long as the limitations apply to all forms of business

organizations and do not depend on the amount of money business takes in. The amended version would not authorize graduated taxation.

The Committee also rejected the Minority proposal because the Minority proposal focused only on allowing taxation of payments made by business to its owners, and required very detailed language inappropriate for insertion in our State Constitution. Enacting fairer business taxation requires more legislative flexibility than the Minority proposal would allow, and the Minority's professed fear of special interest legislation appeared to be overstated and not well founded. Vote 14-4.

Rep. Jennifer G. Soldati for the Minority of Ways and Means: Two versions of CACR 6 were voted on by the full Committee. Both versions permit the state to broaden the Business Profits Tax to include partnerships, professional associations and other enterprises whose business form allows them to escape payment under the current Business Profits Tax. Bipartisan support for a more restrictive amendment was defeated by 6-12.

The Minority believes that the full House should give careful consideration to the business tax policy that would be created if CACR 6, in the version supported by the Majority, is passed. The Majority version is a much broader grant of authority to tax than is necessary to carry out the agreed upon goal of reforming the BPT. Under the Minority version the concerns of businesses such as Cabletron for tax fairness are addressed. Additionally, the needs of the state to increase revenues are met without undercutting the tradition of limited taxation that has been part of New Hampshire for nearly two centuries.

The Majority version of CACR 6, if enacted, would leave the door wide open for the efforts of lobbyists and special interest groups to promote special laws that would give special consideration to their pet projects and undermine the stated intent of fair taxation for all businesses.

Some examples of the types of legislation that could be enacted under the version offered by the Majority that would not be permitted under the Minority's narrow version include: laws that permit changes in deductions based upon the size of a business; laws that permit changes in deductions based upon the nature of the business; laws that permit changes in deductions based upon the form of ownership (common or preferred stock, limited partnership or general partnership); and laws that permit changes in deductions based upon the nature of distribution (salaries, royalties, stock option, fringe benefits).

Adoption of the version of CACR 6 offered by the Minority will ensure that the BPT will be reformed and the state's tradition of limited taxation will be preserved.

#### **Amendment (Majority)**

Amend article 5-c of part second of the constitution as inserted by paragraph I of the resolution by replacing it with the following:

[Art.] 5-c [Power to Tax Business Income and Revenues.] Notwithstanding any other provision of this constitution, in levying a tax on revenues, income, or profits of business organizations, the general court may impose, without restriction, limits on amounts that may be excluded from taxation, provided that such limits shall be made applicable to all forms of business organizations, and the applicability thereof shall not vary because of the amount of revenues, income, or profits of the taxpayer.

Amend the resolution by replacing paragraphs III, IV, and V with the following:

III. That the selectmen of all towns, cities, wards, and places in the state are directed to insert in their warrants for the said 1992 election an article to the following effect: To decide whether the amendments of the constitution proposed by the 1992 session of the general court shall be approved.

IV. That the wording of the question put to qualified voters shall be:

Are you in favor of amending the constitution to allow the general court to levy a tax on the revenues, income or profits of business organizations, without restriction, provided that all allowable exclusions from such a tax are applicable to all forms of business organizations and the applicability of such exclusions shall not vary because of the amount of revenues, income or profits of the taxpayer?

V. That the secretary of state shall print the question to be submitted on a separate ballot or on the same ballot with other constitutional questions. The ballot containing the question shall include 2 squares next to the question allowing the voter to vote "Yes" or "No." If no cross is made in either of the squares, the ballot shall not be counted on the question. The outside of the ballot shall be the same as the regular official ballot except that the words "Questions Relating to Constitutional Amendments proposed by the 1992 General Court" shall be printed in bold type at the top of the ballot.

#### AMENDED ANALYSIS

This constitutional amendment-concurrent resolution allows the general court to levy a tax on revenues, income, or profits of business organizations without restriction, provided that any exclusions from taxation are applicable to all forms of business organizations and shall not vary because of the amount of revenue, income, or profits of the taxpayer.

Rep. Arnesen moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass with Amendment, spoke to her motion and yielded to questions.

Reps. Hayes and Chambers spoke against and yielded to questions.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

and the amendment was adopted.

Reps. Ann Bourque and Elizabeth Moore notified the Clerk that they wished to be recorded in opposition to the amendment.

Rep. Donna Sytek spoke in favor of the Committee report.

On a division vote, 246 members having voted in the affirmative and 88 in the negative, the report was adopted by the constitutionally required three-fifths.

Ordered to third reading.

**SUSPENSION OF RULES**

Reps. Gross and Chambers moved that the Rules be so far suspended as to permit third reading, and final passage at the present time of **CACR 6**, relating to taxation of business income and revenue. Providing that taxes of any type may be imposed on the income or revenue of businesses.

On a division vote, 262 members having voted in the affirmative and 63 in the negative, the motion to suspend was adopted by the necessary two-thirds.

**MOTION ON CACR**

Reps. Gross and Chambers moved that **CACR 6**, relating to taxation of business income and revenue. Providing that taxes of any type may be imposed on the income or revenue of businesses, be read a third time and passed.

On a division vote, 245 members having voted in the affirmative and 84 in the negative, **CACR 6** was adopted by the constitutionally required three-fifths.

**Third reading and final passage**

**CACR 6**, relating to taxation of business income and revenue. Providing that taxes of any type may be imposed on the income or revenue of businesses.

**SPECIAL ORDERS**

Rep. Teague moved that **CACR 9**, relating to revenue raised through a personal income tax. Providing that each year at least 75 percent of all general fund revenues resulting from any personal income tax be returned to the cities, towns, school district, counties, and property taxpayers to assist in property tax relief, and **HB 763**, to fund state aid to education, to provide for property tax relief for cities and towns and individuals, to amend the state tax structure, and making an appropriation therefor, be made special orders for the second legislative day following distribution of the Study of the State's Tax Structure.

Rep. Teague spoke in favor and yielded to questions.

Rep. Donna Sytek spoke to the motion.

Adopted.

**COMMITTEE REPORTS  
REGULAR CALENDAR**

**CACR 26**, relating to a personal income tax. Providing that if an income tax is enacted in the state, it shall be limited to a rate no higher than 4 percent. **INEXPEDIENT TO LEGISLATE**.

Rep. Shawn N. Jasper for Ways and Means: Both opponents and proponents of income tax opposed this **CACR**, although for different reasons. One side felt that a 4% rate was too limiting on the future needs of the state and that the rate should not be placed in the State Constitution. Others on the Committee saw this **CACR** as a

double-edged sword. While it can be seen as an effort to limit any future income tax, its passage could easily be seen as voter approval of such a tax. As a matter of fact any number of conclusions would and could be drawn, either from its passage or defeat, none of which may in fact be the correct one. This type of limit may be best passed after the legislature adopts an income tax, when and if that happens. Vote 14-0.

Rep. Donna Sytek moved that CACR 26 be recommitted to Committee, and spoke in favor of her motion.

On a division vote 234 members having voted in the affirmative and 100 in the negative CACR 26 was recommitted.

**CACR 27**, relating to taxation. Providing that there shall be no tax on earned personal income and no general sales tax. **INEXPEDIENT TO LEGISLATE**.

Rep. Avis B. Nichols for Ways and Means: Although the intent of controlling the extension of the tax base is commendable, the Committee felt that putting these prohibitions in the Constitution is much too broad and inflexible an approach to accomplish that purpose. If this bill were to pass, any additional money raised by the state would have to come from the business community which would discourage investment and job creation in the state. Vote 14-0.

Rep. Thomas Christie moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate and spoke to his motion.

Rep. David Young spoke against.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

**HR 11**, petition contesting the seating of representative Cynthia A. McGovern of Portsmouth, New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. David E. Cote for Legislative Administration: The Committee recommended that the House find the resolution inexpedient for the following reasons:

1. The voters of Rockingham 27 were fully aware of the questions surrounding Mrs. McGovern's residency prior to the November 1990 general election.

2. The Portsmouth Board of Registrars considered and rejected a formal challenge to Ms. McGovern's legal status as a voter in Ward 5. In making it's determination, the Board considered evidence of physical absence for a period considerably longer than June through December 1990.

3. There has been no complaint about Rep. McGovern's non-residency or unavailability during the 1991 Session of the Legislature.

4. While the House has the power to decide "how long is too long" for a member to be physically absent from his district, the House has not done so. While it is clear that a member who permanently leaves his district must lose his seat, there is no accepted standard for evaluating temporary absences when there is both an intent to return and when the return actually takes place. Vote 14-0.

Rep. Trombly spoke in favor.  
Adopted.

### SPECIAL ORDERS

**HB 699-FN**, relative to solid waste reduction. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Marilyn R. Campbell for the Majority of Environment and Agriculture: It was the opinion of the Majority of the Committee that this bill might have negative effects on the voluntary recycling efforts now being carried by communities. It also might end up mandating communities to set up recycling centers if no private enterprise comes forward. Vote 13-5.

Reps. Betty B. Hall, Gregory L. Hanselman, Daniel M. Burnham, Linda Griebisch, and Amanda A. Merrill for the Minority of Environment and Agriculture: The Legislature established a recycling goal of 40 percent in the last session. According to the latest figures, supplied by the Department of Environmental Services, we are recycling at the rate of 20 percent. The current cost of recycling is supported almost entirely by the overburdened property tax. If we are to reach our goal, incentives to consumers and municipalities are needed. The Minority believes the handling fee of \$0.03 for each beverage container, returned to the municipalities under this bill, will encourage additional municipalities to participate in recycling. An amendment proposing improvements to the original bill will be ready for the House's consideration in January.

Rep. Betty Hall moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate and spoke to her motion.

Reps. Griebisch and Sawyer spoke in favor.

Rep. Marilyn Campbell requested a quorum count.

The Speaker declared a quorum present.

Reps. Marilyn Campbell and Bradley spoke against and yielded to questions.

Rep. Leonard Smith spoke in favor and yielded to questions.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

**HB 693-FN.** relative to disclosure of tax records related to investigations by the attorney general and relative to forfeiture of items seized in connection with controlled drug offenses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: This subject is very controversial. However, the bill itself, along with the amendment, clarifies the current law relative to items and procedures involved in drug forfeiture. The Committee debated extensively and agreed to allow passage of these clarifications, but to follow through with a new bill which will allow the whole subject of drug forfeiture to go through the proper

procedure. The Rules Committee has allowed the new bill in and the Committee is dedicated to address this issue in full. Vote 11-5.

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Disclosure of Records for Drug Investigations. Amend RSA 21-J:14, V(d) by inserting after subparagraph (4) the following new subparagraph:

(5) the attorney general upon written representation that the department of justice is engaged in an ongoing civil or criminal investigation under RSA 318-B which may result in proceedings before a state grand jury or court. This shall not authorize the attorney general to receive from the department of revenue administration or its employees any returns or tax information received from the United States Internal Revenue Service or any other state's tax administration agency with which the department of revenue administration has compacts for the exchange of tax information. The attorney general shall not disclose any information obtained as a result of said representation except as it is essential to the proper discharge of his duties.

2 Judicial Forfeiture of Drug-Related Items. Amend RSA 318-B:17-b to read as follows:

318-B:17-b Forfeiture of Items Used in Connection with Drug Offense.

I. Interests in the following property, upon petition of the attorney general, shall be subject to forfeiture to the state and said property interest shall be vested in the state:

(a) All materials, products and equipment of any kind, *including, but not limited to, firearms, scales, packaging equipment, surveillance equipment and grow lights*, which are used[, or intended for use[, in [manufacturing,] *procurement, manufacture, compounding, processing, concealing*, trafficking, *delivery or distribution* [or furnishing any] *of a* controlled drug in felonious violation of this chapter.

(b) Property interest in any conveyance, including *but not limited to* aircraft, vehicles, or vessels, which is used or intended for use in the *procurement*, [manufacturing] *manufacture*, compounding, processing, concealing, trafficking, delivery or distribution of a controlled drug in felonious violation of this chapter.

(c) Any moneys, *coin, currency, negotiable instruments, securities or other investments* knowingly used or intended for use in the procurement, manufacture, compounding, processing, *concealing, trafficking*, delivery or distribution of a controlled drug in felonious violation of this chapter and all proceeds, including moneys, *coin, currency*, negotiable instruments, securities *or other investments*, and any real or personal property, traceable thereto. All moneys, coin [and], currency, *negotiable instruments, securities and other investments* found in proximity to controlled substances[, drug paraphernalia, or records of procurement, manufacture, or distribution of controlled substances] are presumed to be forfeitable under this paragraph. The claimant of the property shall bear the burden of rebutting this presumption.

(d) Any books, records, ledgers and research material, including formula, microfilm, tapes and any other data which are used or intended for use in felonious violation of this chapter.

(e) Any real property, *including any right, title, leasehold interest, and other interest in the whole of any lot or tract of land and any appurtenances or improvements, which real property is* knowingly used or intended for use, *in any manner or*

*part*, in the *procurement*, [manufacturing] *manufacture*, compounding, processing, concealing, trafficking, delivery or distribution of a controlled drug in felonious violation of this chapter. [The state may seize any interest in such property by filing in the registry of deeds in the county where the property is located a notice of attachment stating that the state has attached the identified property pursuant to this paragraph.]

*I-a.* [(f)] The state shall have a lien on any property subject to forfeiture under this section upon seizure thereof. Upon forfeiture, the state's title to the property relates back to the date of seizure.

*I-b. Property may be seized for forfeiture by any law enforcement agency designated by the department of justice, as follows:*

*(a) Upon process issued by any justice, associate justice or special justice of the municipal, district or superior court. The court may issue a seizure warrant on an affidavit under oath demonstrating that probable cause exists for its forfeiture or that the property has been the subject of a previous final judgment of forfeiture in the courts of any state or of the United States. The application for process and the issuance, execution and return of process shall be subject to applicable state law. The court may order that the property be seized and secured on such terms and conditions as are reasonable in the discretion of the court. Such order may include an order to a financial institution or to any fiduciary or bailee to require the entity to impound any property in its possession or control and not to release it except upon further order of the court. The order may be made on or in connection with a search warrant;*

*(b) Physically, without process on probable cause to believe that the property is subject to forfeiture under this chapter; or*

*(c) Constructively, without process on probable cause to believe that the property is subject to forfeiture under this chapter, by recording a notice of pending forfeiture in the registry of deeds in the county where the real property is located or at the town clerk's office where the personal property is located stating that the state intends to seek forfeiture of the identified property pursuant to this chapter.*

*(d) A seizure for forfeiture without process under subparagraph (b) or (c) is reasonable if made under circumstances in which a warrantless seizure or arrest would be valid in accordance with state law.*

*I-c. Upon seizure of any items or property interests the property shall not be subject to alienation, sequestration or attachment but is deemed to be in the custody of the department of justice subject only to the order of the court.*

*II.(a) Upon the seizure of any [items or property interests] personal property under paragraph I, the person making or directing such seizure shall inventory the items or property interests and issue a copy of the resulting report to any person or persons having a recorded interest, or claiming an equitable interest in the item within 7 days of said seizure.*

*(b) Upon seizure of any real property under paragraph I, the person making or directing such seizure shall notify any person having a recorded interest or claiming an equitable interest in the property within 7 days of said seizure.*

### MOTION TO SPECIAL ORDER

Rep. Leonard Smith moved that **HB 404-FN**, relative to certification of wetland scientists, be made a special order for January 23.

On a division vote 158 members having voted in the affirmative and 162 in the negative, the motion failed.

**HB 404-FN**, relative to certification of wetland scientists. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Maurice E. Goulet for Executive Departments and Administration: This bill was critically reviewed by the Subcommittee and two hearings were held this fall. Although the Subcommittee recognized the on-going value of this speciality, it was unanimously agreed that certification is not essential at this time. In a related issue, a Subcommittee reviewed House Bill 367, relating to the profession of engineering. It became apparent that a review of the Joint Board of Licensure for Engineers, Architects, Land Surveyors, Natural Scientists, and Foresters has to be examined. House Bill 404 would have added the wetland scientists to that Joint Board.

The amendment to House Bill 404, which replaces the original wording of the bill, provides a study vehicle for the Committee to review and make recommendations regarding registration, certification, and licensure for each of the professions within the Joint Board. In addition, the issue (or framework) in which the wetland scientists might fit within this Joint Board will be examined. Vote 15-1.

Amend the title of the bill by replacing it with the following:

## AN ACT

requiring the introduction of legislation in the 1993 session  
relative to the joint board of engineers, architects, land  
surveyors, foresters and natural scientists.

Amend the bill by replacing all after the enacting clause with the following:

1 Legislation Relative to Joint Board of Engineers, Architects, Land Surveyors, Foresters, and Natural Scientists. The house executive departments and administration committee shall study, review and make recommendations in the form of legislation to be introduced in the 1993 legislative session, regarding registration, certification and licensure for each of the professions within the joint board of engineers, architects, land surveyors, foresters, and natural scientists. In addition, the committee shall study and review the profession of wetland science and any other professions which require registration, certification or licensure by the joint board and may make recommendations on those professions.

2 Effective Date. This act shall take effect upon its passage.

## AMENDED ANALYSIS

This bill requires the house executive departments and administration committee to study, review and make recommendations in the form of legislation to be introduced in the 1993 legislative session, regarding registration, certification and licensure for each of the professions within the joint board of engineers, architects, land surveyors, foresters, and natural scientists. In addition, the committee shall study and review the profession of wetland science and any other professions which require registration, certification or licensure by the joint board and may make recommendations on those professions.

Adopted.

## Floor Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

relative to certification of wetland scientists and requiring the introduction  
of legislation in the 1993 session relative to the joint board of  
engineers, architects, land surveyors, natural scientists,  
foresters and wetland scientists.

Amend the bill by replacing all after the enacting clause with the following:

1 Chapter Heading; Wetland Scientists Included. Amend the chapter heading of RSA 310-A to read as follows:

ENGINEERS, ARCHITECTS, LAND SURVEYORS, NATURAL  
SCIENTISTS, [AND] FORESTERS, *AND WETLAND SCIENTISTS*

2 Adding Wetland Scientists. Amend RSA 310-A:1 to read as follows:

310-A:1 Joint Board Established. There shall be a joint board of engineers, architects, land surveyors, foresters, [and] natural scientists, *and wetland scientists* consisting of each of the members of the board of engineers, *the* board of architects, *the* state board of licensure for land surveyors, *the* foresters' board, [and] the board of natural scientists, *and the board of wetland scientists*. The joint board shall meet at least quarterly to carry out its duties established under this chapter.

3 Adding Wetland Scientists. Amend RSA 310-A:97 to read as follows:

310-A:97 Title. This chapter shall be cited as the "New Hampshire Joint Board of Licensure for Engineers, Architects, Land Surveyors, Natural Scientists, [and] Foresters, *and Wetland Scientists.*"

4 Purpose. The general court finds that wetlands perform valuable functions important to public and private interests and that it is in the best interest of the people of New Hampshire to establish qualifications for those persons who practice the profession of wetland science. Certification will guard the people of this state and the profession from unqualified practitioners of wetland science while continuing to protect wetlands and their functions through wise planning and land use decisions.

5 New Subdivision; Certification of Wetland Scientists. Amend RSA 310-A by inserting after section 117 the following new subdivision:

Certifying Wetland Scientists

310-A:118 General Provisions. Nothing in this subdivision shall be construed to prohibit or limit:

For any such entity engaged in the practice of wetland science, at least one partner, officer or employee shall be a certified wetland scientist, and all descriptions, classifications, evaluations or delineations shall be stamped and co-signed by that certified wetland scientist, who shall be responsible for the accuracy of the information.

II. The practice of wetland science by a nonresident not having an established place of business in this state when such practice does not exceed, in the aggregate, more than 30 working days in any calendar year, provided such person is legally qualified to practice in his own state or country in which the requirements and qualifications for obtaining licensure or certification are not lower than those specified in this subdivision. If no standards for practicing wetland science exist in his own state or country, the practitioner must possess the qualifications as outlined in RSA 310-A:126. Practice for any portion of a day shall be deemed to constitute practice for an entire day.

III. The practice of wetland science by any employee or agent of a person certified under this subdivision, provided the practice of wetland science is done in accordance with the provisions of this subdivision and under the direct supervision of a certified wetland scientist.

IV. Officers and employees of environmental regulatory agencies of the United States, the state of New Hampshire and New Hampshire conservation commissions from engaging in this state in the practice of wetland science for the local, state or federal government.

310-A:122 Reciprocity. Any nonresident of this state who is licensed or certified as a wetland scientist nationally or in another state may be certified under this subdivision by filing an application with the board accompanied by a copy of his license or certification in such other state, and by paying a fee to the board, provided the applicant's qualifications meet the requirements of this subdivision and the rules adopted by the board.

The commission may make rules

as to the issuance of subpoenas by individual commissioners. No person shall be excused from attending and testifying or from producing books, records, correspondence, documents or other evidence in obedience to the subpoena of the commission, on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

VIII. To create such advisory agencies and conciliation councils, local, regional or statewide, as in its judgment will aid in effectuating the purpose of this chapter, and the commission may empower them to study the problems of discrimination in all or specific fields of human relationships or in specific instances of discrimination, because of age, sex, race, color, marital status, familial status, or physical or mental disability, religious creed or national origin, in order to foster, through community effort or otherwise, good will, cooperation and conciliation among the groups and elements of the population of the state, and make recommendations to the commission for the development of policies and procedures in general and in specific instances, and for programs of formal and informal education which the commission may recommend to the appropriate state agency. #### Equal Employment Opportunity

354-A:6 Opportunity for Employment Without Discrimination a Civil Right. The opportunity to obtain employment without discrimination because of age, sex, race, creed, color, marital status, physical or mental disability or national origin is hereby recognized and declared to be a civil right.

354-A:7 Unlawful Discriminatory Practices. It shall be an unlawful discriminatory practice:

I. For an employer, because of the age, sex, race, color, marital status, physical or mental disability, religious creed, or national origin of any individual, to refuse to hire or employ or to bar or to discharge from employment such individual or to discriminate against such individual in compensation or in terms, conditions or privileges of employment, unless based upon a bona fide occupational qualification.

II. For a labor organization, because of the age, sex, race, color, marital status, physical or mental disability, creed, or national origin of any individual, to exclude from full membership rights or to expel from its membership such individual or to discriminate in any way against any of its members or against any employer or any individual employed by an employer, unless based upon a bona fide occupational qualification.

III. For any employer or employment agency to print or circulate or to cause to be printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make any inquiry or record in connection with employment, which expresses, directly or indirectly, any limitation, specification or discrimination as to age, sex, race, color, marital status, physical or mental disability, religious creed or national origin or any intent to make any such limitation, specification or discrimination in any way on the ground of age, sex, race, color, marital status, physical or mental disability, religious creed or national origin, unless based upon a bona fide occupational qualification; provided, however, that nothing in this chapter shall limit an employer after the offer of hire of an individual from inquiring into and keeping records of any existing or pre-existing physical or mental conditions.

IV. For any employee to be required, as a condition of employment, to retire upon or before reaching a specified predetermined chronological age, or after completion of a specified number of years of service unless such employee was elected or appointed for a specified term or required to retire pursuant to Pt. II, Art. 78 of the constitution of New Hampshire. It shall not be unlawful for an employer to:

(a) Establish a normal retirement age, based on chronological age or length of service or both, which may be used to govern eligibility for and accrual of pension or other retirement benefits; provided that such normal retirement age shall not be used to justify retirement of or failure to hire any individual; or

(b) Require any individual employee to retire on the basis of a finding that the employee can no longer meet such bona fide, reasonable standards of job performance as the employer may have established.

V. Harassment on the basis of sex constitutes unlawful sex discrimination. Unwelcome sexual advances, requests for sexual favors, and other verbal, non-verbal or physical conduct of a sexual nature constitutes sexual harassment when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;

(b) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or

(c) Such conduct has the purpose or effect of unreasonable interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

VI.(a) For the purposes of this chapter, the word "sex" includes pregnancy and medical conditions which result from pregnancy.

(b) An employer shall permit a female employee to take leave or absence for the period of temporary physical disability resulting from pregnancy, childbirth or related medical conditions. When the employee is physically able to return to work, her

original job or a comparable position shall be made available to her by the employer unless business necessity makes this impossible or unreasonable.

(c) For all other employment related purposes, including receipt of benefits under fringe benefit programs, pregnancy, childbirth, and related medical conditions shall be considered temporary disabilities, and a female employee affected by pregnancy, childbirth, or related medical conditions shall be treated in the same manner as any employee affected by any other temporary disability.

For any person or other entity whose business includes engaging in residential real estate-related transactions to discriminate against any person in making available such a transaction, or in the terms or conditions of such a transaction, because of race, color, religion, sex, disability, familial status, marital status, or national origin.

354-A:11 Interference, Coercion or Intimidation. It shall be an unlawful discriminatory act to coerce, intimidate, threaten or interfere with any person in the exercise or enjoyment of, or on account of having exercised or enjoyed, or on account of having aided or encouraged any other person in the exercise or enjoyment of, any right granted or protected by this chapter.

354-A:12 Unlawful Housing; Discrimination on the Basis of Disability. It shall be unlawful:

I. To discriminate in the sale or rental, or to otherwise make unavailable or deny a dwelling to any buyer or renter because of a disability of:

(c) Any person associated with that person.

III. For purposes of this section, discrimination includes:

(b) A refusal to make reasonable accommodations in rules, policies, practices, or services, when such accommodations may be necessary to afford such person equal opportunity to use and enjoy a dwelling.

IV. Compliance with the appropriate requirements of the American National Standard for buildings and facilities providing accessibility and usability for physically disabled people (commonly cited as "ANSI A117.1") suffices to satisfy the requirements of subparagraph III(c)(3).

V. Nothing in this section requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety or other individuals or whose tenancy would result in substantial physical damage to the property of others.

#### 354-A:13 Exemptions.

I. The provisions relating to unlawful housing discrimination shall not apply:

III. Nothing in this chapter shall prohibit a private club not in fact open to the public, which as an incident to its primary purpose or purposes provides lodging which it owns or operates for other than a commercial purpose, from limiting the

rental or occupancy of such lodgings to its members or from giving preference to its members.

354-A:14 Number of Occupants. Nothing in this chapter limits the applicability of any reasonable local, state or federal restrictions regarding the maximum number of occupants permitted to occupy a dwelling.

354-A:15 Housing for Older Persons. No provisions in this chapter regarding familial status applies with respect to housing for older persons. Housing for older persons means housing:

II. Intended for, and solely occupied by, persons 62 years of age or older; or

III. Intended and operated for occupancy by at least one person 55 years or older per unit.

IV. In determining whether housing qualifies as housing for older persons, the commission shall adopt rules which require at least the following factors:

(a) The existence of significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of such facilities and service is not practicable, that such housing is necessary to provide important housing opportunities for older persons;

(b) That at least 80 percent of the units are occupied by at least one person 55 years of age or older per unit; and

(c) The publication of, and adherence to, policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons 55 years of age or older.

(b) Unoccupied units, provided, that such units are reserved for occupancy by persons who meet the age requirements of paragraph II or III.

#### Public Accommodations

354-A:16 Equal Access to Public Accommodations. The opportunity for every individual to have equal access to places of public accommodation without discrimination because of age, sex, race, creed, color, marital status, physical or mental disability or national origin is hereby recognized and declared to be a civil right.

354-A:17 Unlawful Discriminatory Practices in Public Accommodations. It shall be an unlawful discriminatory practice for any person, being the owner, lessee, proprietor, manager, superintendent, agent or employee of any place of public accommodation, because of the age, sex, race, creed, color, marital status, physical or mental disability or national origin of any person, directly or indirectly, to refuse, withhold from or deny to such person any of the accommodations, advantages, facilities or privileges thereof; or, directly or indirectly, to publish, circulate, issue, display, post or mail any written or printed communication, notice or advertisement to the effect that any of the accommodations, advantages, facilities and privileges of any such place shall be refused, withheld from or denied to any person on account of age, sex,

race, creed, color, marital status, physical or mental disability or national origin; or that the patronage or custom thereof of any person belonging to or purporting to be of any particular age, sex, race, creed, color, marital status, physical or mental disability or national origin is unwelcome, objectionable or acceptable, desired or solicited.

#### Exemption

354-A:18 Exemption for Religious Organizations. Nothing contained in this chapter shall be construed to bar any religious or denominational institution or organization, or any organization operated for charitable or educational purposes, which is operated, supervised or controlled by or in connection with a religious organization, from limiting admission to or giving preference to persons of the same religion or denomination or from making such selection as is calculated by such organization to promote the religious principles for which it is established or maintained.

#### Records

354-A:19 Retaliation and Required Records. It shall be an unlawful discriminatory practice for any person engaged in any activity to which this chapter applies to discharge, expel, or otherwise retaliate or discriminate against any person because he has opposed any practices forbidden under this chapter or because he has filed a complaint, testified or assisted in any proceeding under this chapter.

354-A:20 Required Records. It shall not be an unlawful discriminatory practice to record any data required by law, or by the rules and regulations of any state or federal agency, provided such records are kept in good faith for the purpose of complying with law, and are not used for the purpose of discrimination in violation of this chapter.

#### Complaint Procedures and Review

##### 354-A:21 Procedure on Complaints.

I.(a) Any person claiming to be aggrieved by an unlawful discriminatory practice may make, sign and file with the commission a verified complaint in writing which shall state the name and address of the person, employer, labor organization, employment agency or public accommodation alleged to have committed the unlawful discriminatory practice complained of and which shall set forth the particulars thereof and contain such other information as may be required by the commission. The attorney general or one of the commissioners may, in like manner, make, sign, and file such complaint.

(b) In connection with the filing of such complaint, the attorney general is authorized to take proof, issue subpoenas and administer oaths in the manner provided in the civil practice law and rules. Any employer whose employees, or some of them, refuse or threaten to refuse to cooperate with the provisions of this chapter, may file with the commission a verified complaint asking for assistance by conciliation or other remedial action.

II.(a) After the filing of any complaint, one of the commissioners designated by the chair shall make, with the assistance of the commission's staff, prompt investigation in connection therewith; during the course of the investigation, the commission shall encourage the parties to resolve their differences through settlement negotiations; and if such commissioner shall determine after such investigation that probable cause exists for crediting the allegations of the complaint, the commissioner shall immediately endeavor to eliminate the unlawful discriminatory practice complained of by conference, conciliation and persuasion. The members of the commission and

its staff shall not disclose what has occurred in the course of such endeavors, provided that the commission may publish the facts in the case of any complaint which has been dismissed, and the terms of conciliation when the complaint has been so disposed of.

(b) In case of failure to eliminate an unlawful discriminatory practice complained of, or in advance thereof, if, in the judgment of the commissioner making the investigation, circumstances so warrant, the commissioner shall cause to be issued and served in the name of the commission, a written notice, together with a copy of such complaint, as the same may have been amended, requiring the person, employer, labor organization or employment agency named in such complaint, hereinafter referred to as respondent, to answer charges of such complaint at a hearing before one or more members of the commission, designated by the chair and sitting as the commission, at a time and place to be fixed by the chair and specified in such notice. The place of any such hearing shall be the office of the commission or such other place as may be designated by it.

(c) The case in support of the complaint shall be presented before the commission by one of its attorneys or agents, and the commissioner who shall have previously made the investigation and caused the notice to be issued shall not participate in the hearing except as a witness, nor shall he participate in the subsequent deliberation of the commission in such case; and the aforesaid endeavors at conciliation shall not be received in evidence. The respondent shall file a written verified answer to the complaint and appear at such hearing in person or otherwise, with or without counsel, and submit testimony. In the discretion of the commission, the complainant may be allowed to intervene and present testimony in person or by counsel. The commission or the complainant shall have the power reasonably and fairly to amend any complaint, and the respondent shall have like power to amend his answer. The commission shall not be bound by the strict rules of evidence prevailing in courts of law or equity. The testimony taken at the hearing shall be under oath and transcribed at the request of any party. The cost of transcription shall be borne by the party requesting the transcript.

(d) If, upon all the evidence at the hearing, the commission shall find that a respondent has engaged in any unlawful discriminatory practice as defined in this chapter, the commission shall state its findings of fact and shall issue and cause to be served on such respondent an order requiring such respondent to cease and desist from such unlawful discriminatory practice and to take such affirmative action, including, but not limited to, hiring, reinstatement or upgrading of employees, with or without back pay, restoration to membership in any respondent labor organization, or the extension of full, equal and unsegregated accommodations, advantages, facilities and privileges to all persons, as in the judgment of the commission, will effectuate the purpose of this chapter and including a requirement for report of the manner of compliance. Such cease and desist orders for affirmative relief may be issued to operate prospectively.

(e) When issuing an order awarding back pay, the commission shall calculate the back pay award by determining the amount the complainant would have earned but for the unlawful discriminatory practice. The commission shall subtract from that amount any unemployment compensation or interim earnings received by the complainant for the time period covered by the back pay award.

(f) If upon all the evidence the commission shall find that a respondent has not engaged in any such unlawful discriminatory practice, the commission shall state its findings of fact and shall issue and cause to be served on the complainant an order dismissing the said complaint as to such respondent. A copy of its order shall be

delivered in all cases to the attorney general, and such other public officers as the commission deems relevant or proper. The commission shall establish rules of practice to govern, expedite and effectuate the foregoing procedure and its own actions thereunder.

III. Any complaint filed pursuant to this section by an aggrieved person must be filed within 180 days after the alleged act of discrimination. Any complaint filed pursuant to this section by the attorney general or one of the commissioners must be so filed within 180 days after the alleged unlawful discriminatory practice.

IV. In administering this section, the commission shall be exempt from the provisions of RSA 541-A:14, II, but shall act on all matters before it under this section in as expeditious a manner as the law permits.

#### 354-A:22 Judicial Review and Enforcement.

I. Any complainant, respondent or other person aggrieved by such order of the commission may obtain judicial review of the order, and the commission may obtain an order of court for its enforcement, in a proceeding as provided in this section. Such proceeding shall be brought in the superior court of the state within any county in which the unlawful practice which is the subject of the commission's order occurs or in which any person required in the order to cease and desist from an unlawful practice or to take other affirmative action resides or transacts business.

II. Such proceeding shall be initiated by the filing of a petition in such court, together with a written transcript of the record upon the hearing before the commission, and issuance and service of an order of notice as in proceedings in equity. The court shall have power to grant such temporary relief or restraining order as it deems just and proper, and to make and enter upon the pleadings, testimony and proceedings set forth in such transcript an order or decree enforcing, modifying, and enforcing as so modified, or setting aside in whole or in part the order of the commission, with full power to issue injunctions against any respondent and to punish for contempt of court. No objection that has not been urged before the commission shall be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances.

III. Any party may move the court to remit the case to the commission in the interests of justice for the purpose of adducing additional specified and material evidence and seeking findings thereon, provided he shows reasonable grounds for the failure to adduce such evidence before the commission. The findings of the commission as to the facts shall be conclusive if supported by sufficient evidence on the record considered as a whole. All such proceedings shall be heard and determined by the court as expeditiously as possible and shall take precedence over all other matters before it, except matters of like nature. The jurisdiction of the superior court shall be exclusive and its final order or decree shall be subject to review by the supreme court in the same manner and form and with the same effect as in appeals from a final order or decree in proceedings in equity.

IV. The commission's copy of the testimony shall be available at all reasonable times to all parties for examination and for the purposes of judicial review of the order of the commission. The review shall be heard on the record without requirement of printing. The commission may appear in court by one of its attorneys. A proceeding under this section when instituted by any complainant, respondent or other person aggrieved must be instituted within 30 days after the service of the order of the commission.

## Miscellaneous Provisions

354-A:23 Posting of Commission Notices. Every person, employer, employment agency, labor union, real estate agency and rental office subject to this chapter shall post in a conspicuous place or places on his premises a notice to be prepared or approved by the commission, which shall set forth excerpts of this chapter and such other relevant information which the commission deems necessary to explain the chapter. Any employer, employment agency, real estate agency, rental office or labor union refusing to comply with the provisions of this section shall be guilty of a violation if a natural person, or guilty of a misdemeanor if any other person.

354-A:24 Criminal Penalty. Any person, employer, labor organization or employment agency, who or which shall willfully resist, prevent, impede or interfere with the commission or any of its members or representatives in the performance of duty under RSA 354-A, or shall willfully violate an order of the commission, shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person. Procedure for the review of the order shall not be deemed to be such willfull conduct.

354-A:25 Construction. No provision of this chapter shall be deemed to supersede any other provision of law for the protection of minors or for the regulation of the employment of minors. The provisions of this chapter shall be construed liberally for the accomplishment of the purposes thereof. Nothing contained in this chapter shall be deemed to repeal any of the provisions of the civil rights law or any other law of this state relating to discrimination because of age, sex, race, creed, color, marital status, physical or mental disability or national origin; but, as to acts declared unlawful by this chapter the procedure provided in this chapter shall, while pending, be exclusive and the final determination therein shall exclude any other action, civil or criminal, based on the same grievance of the individual concerned. If such individual institutes any action based on such grievance without resorting to the procedure provided in this chapter, such person may not subsequently resort to the procedure in this chapter, provided, however, that nothing in this section shall prevent any individual from applying for or receiving unemployment compensation while the procedure provided for in this chapter is pending or after the procedure provided in this chapter has been concluded. This section shall not prevent the commission for human rights from investigating and acting upon a complaint of discrimination when the complainant has also filed a claim for unemployment compensation in which the issue of illegal discrimination is raised.

354-A:26 Severability. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of the chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable.

2 Effective Date. This act shall take effect upon its passage.

### COMMITTEE REPORTS CONSENT CALENDAR

Rep. Michael Hill moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

Consent Calendar adopted.

**HB 504-FN**, requiring licensure of medical utilization review entities. (A) OUGHT TO PASS.

Rep. Elizabeth Hager for Appropriations: At the public hearing and in written communication from the department it became clear that this bill has no fiscal im-

pact. The Committee is therefore returning it immediately to the House for passage to the Senate. Vote 19-0.

**HB 783**, relative to motor vehicle records and DWI convictions and establishing new positions within the division of public health services. (A) OUGHT TO PASS WITH AMENDMENT.

Rep. Elizabeth Hager for Appropriations: The body of this bill has no fiscal impact and so the committee is immediately returning the bill to the House. The amendment removes an unrelated section of the bill which does have fiscal impact; it will be considered with the supplemental budget. Vote 15-0.

4510L

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to motor vehicle records and DWI convictions.

Amend the bill by replacing all after section 1 with the following:

2 Effective Date. This act shall take effect 30 days after its passage.

#### AMENDED ANALYSIS

This bill requires the prosecutor, upon a DWI conviction, to provide the trial judge with a copy of the defendant's record of motor vehicle convictions. The court is required to note on the complaint the number of prior DWI convictions of the defendant or the absence of any such prior convictions.

**HB 1270**, prohibiting a person from using another person's registered trade name. INEXPEDIENT TO LEGISLATE.

Rep. Richard H. Krueger for Commerce, Small Business and Consumer Affairs: The current procedures of the Secretary of State are very effective. Making an infraction a criminal penalty versus the current civil penalty, would cause an increased case load in the court system. Testimony was all in opposition indicating the current law is working very effectively. There was no testimony supporting the bill. Vote 12-0.

**HB 1318-FN**, repealing a provision of the business corporations act concerning application for reinstatement of charters and relative to the annual reports of beverage vendors and beverage vendor importers. OUGHT TO PASS.

Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs: This bill removes an exemption for beverage vendors and beverage vendor importers to file annual reports with the Secretary of State. This bill also corrects an oversight in previous legislation dealing with the reinstatement of charters which have lapsed. The Fiscal Note increases state revenues by \$6,000 in FY 1993. Vote 13-0.

**HB 1177**, authorizing towns and cities to abate property taxes on property used for educational purposes. INEXPEDIENT TO LEGISLATE

Rep. Kenneth L. Weyler for Municipal and County Government: This bill was apparently prompted by the Epsom plan for school choice. All testimony dealt with choice in education. The bill, as written, did not make clear the sponsor's intent nor did an offered revision appear to clearly address educational choice. Vote 16-0.

**HB 1193-L**, exempting disabled and elderly property taxpayers from paying the school tax portion of property taxes. INEXPEDIENT TO LEGISLATE

Rep. Fredrik Peyron for Municipal and County Government: This bill was put in for a constituent and although the intent is admirable, the sponsor was dissatisfied

with the way the wording came out. The constituent had left the area and could not testify to the bill and clarify same. Vote 13-0.

**HB 1224-FN-L**, relative to the fees charged for copies of vital records. INEXPEDIENT TO LEGISLATE

Rep. Katherine H. Metzger for Municipal and County Government: All of the testimony on this bill was negative. HB 726, passed earlier this session, more clearly addresses the fees concerned in this bill and allows the continuation of the ability to implement the automation system. Vote 15-0.

**HB 1410-FN-L**, requiring the party requesting an abatement to reimburse the board of tax and land appeals for the costs of reappraisal and investigations for abatement when the original appraisal is found to be correct. INEXPEDIENT TO LEGISLATE

Rep. Richard T. Trelfa for Municipal and County Government: The committee felt HB 1410-FN-L would have a number of undesirable side effects including discouraging taxpayers from appealing other than major perceived errors of assessment, and encouraging litigation through lack of definition of "correct." Also, existing statutes permit levying of costs of reassessment for "frivolous" appeals. Vote 16-0.

**HB 1477-FN-L**, allowing property tax refunds on homesteads when a person's taxes exceed a certain percentage of the person's income. INEXPEDIENT TO LEGISLATE

Rep. David M. Perry for Municipal and County Government: HB 1477-FN-L attempts to level out the real estate tax burden. However, as drafted, it could grant exemptions to the majority of the taxpayers of the state. The cost of this bill, if enacted, might exceed \$100,000,000. There is no provision for funding the exemption or for the overhead cost for the Department of Revenue Administration, or for costs to local communities. Vote 17-0.

**HB 1150-FN-L**, relative to requiring peace officers to use belt-style handcuffs. INEXPEDIENT TO LEGISLATE.

Rep. Frances L. Riley for Public Protection and Veterans Affairs: The Committee strongly felt that each police department should have the option of selecting and using handcuffs in which peace officers have confidence and which are readily available on the peace officers' "equipment belt." Further, the state cannot mandate the purchase of special items of equipment by the local police departments. Vote 15-0.

**HB 1280-FN**, relative to prescription copayments by New Hampshire veterans with service-connected disabilities. INEXPEDIENT TO LEGISLATE.

Rep. Frances L. Riley for Public Protection and Veterans Affairs: It is the responsibility of the Federal Government to provide pharmacy items to veterans with certain disabilities. It is inappropriate for Federal shortfalls for prescription items to be made up from New Hampshire state appropriations, as this could lead to sharing the cost of more expensive items of equipment. Additionally, the budget of the State Veterans Council has been substantially reduced, and could not fund even a small portion of the estimated cost of \$100,000 per year to cover the Federal shortfall. This Committee will sponsor a resolution to the New Hampshire Congressional Delegation and to the Secretary of the Department of Veterans Affairs, urging that the "Federal Government restore full funding for prescription items." Vote 15-0.

**HB 1406**, relative to prohibiting legally blind persons from carrying a loaded pistol or revolver. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald P. Pageotte for Public Protection and Veterans Affairs: RSA 159:6 specifically assigns to the Selectman or to the Chief of Police of a city or town the authority to make a determination as to the suitability of each applicant to be granted a permit to carry a concealed, loaded handgun. The authority of municipal officials to exercise sound judgment on applications from local residents should not be taken over by legislative mandate. Vote 15-0.

**HB 1467-FN**, requiring criminal history record checks for sales of firearms by dealers using a toll-free telephone number. **REFER FOR INTERIM STUDY.**

Rep. Robert J. Daly, Jr. for Public Protection and Veterans Affairs: This legislation has merit but requires additional study and input from appropriate state agencies and the New Hampshire business activities which deal in firearms. Vote 11-0.

**HB 1160-FN-A**, allowing wine retailers to sell liquor. **INEXPEDIENT TO LEGISLATE.**

Rep. Thomas A. Behrens for Regulated Revenues: The passage of HB 1160 would create 1500-2000 private liquor stores. The Committee has studied at length the issue of privatization and as recently as this summer, rejected this concept. The Liquor Commission's continued retail sales growth and their own testing of agency stores led the Committee to reject this proposal by a vote of 12-0.

**HB 1457-FN**, limiting the display of tobacco products. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. Rosencrantz for Regulated Revenues: The advertising and promotion of tobacco products is controlled by federal law under Federal Cigarette Labeling and Advertising Act, which prohibits the states from the restrictions being sought by the terms of this bill. The Committee also felt it was up to the owner of the store to make merchandising decisions on how to display products. Vote 11-0.

### SPECIAL ORDERS

**HB 527-FN-A**, licensing speech-language pathologists and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

The Committee found no public harm with the present certification administered by the Department of Education. The oversight of this profession in a medical setting is provided through a doctor's office and/or a hospital from whence they practice. Vote 9-5.

Rep. Copenhagen moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, spoke in favor and yielded to questions.

Reps. Goulet, Gosselin and Ward spoke against and yielded to questions.

Reps. Ferguson and Dunn spoke in favor and yielded to questions.

Substitute report adopted.

Referred to Appropriations.

**HB 599-FN**, relative to the storage and disposal of low-level radioactive waste.  
**MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Charles C. Vogler for the Majority of Science, Technology and Energy: Since the Nuclear Regulatory Commission (NRC) has withdrawn its policy concerning "Below Regulatory Concern" low-level nuclear waste, the majority of the Committee, believes this legislation is not required at this time. Vote 9-2.

Reps. Amanda A. Merrill and Gary R. Gilmore for the Minority of Science, Technology and Energy: This bill states that materials presently handled as radioactive shall continue to be handled as radioactive, regardless of future deregulation by the Nuclear Regulatory Commission i.e. the NRC's proposed "Below Regulatory Concern (BRC)" program which would reclassify up to 30 percent of low-level radioactive waste as regular solid waste. BRC is an issue currently under the scrutiny of the US Congress and the NRC. This is a highly appropriate time for New Hampshire to join 11 other states in declaring our wish to maintain a state policy designed to provide maximum public protection from exposure to radiation. It is our responsibility to let the federal government know that we do not favor a policy that includes as an acceptable outcome a significant increase in deaths from exposure to radioactive materials.

Rep. Michael Hill declared that a conflict of interest existed and he did not participate.

Rep. Amanda Merrill moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, spoke in favor and yielded to questions.

Rep. Rodeschin spoke against and yielded to questions.

Roll call request sufficiently seconded.

### REGULAR CALENDAR

**HB 602-FN-A**, reinstating the dental program for children and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Alphonse Haettenschwiler for Children, Youth and Juvenile Justice: The bill which was recommitted, was extensively discussed in executive session. It was the consensus of the Committee members that this program was a highly cost effective prevention program for young children. It was the Committee's feeling that it should have the opportunity to make its case before the Appropriations Committee because of the approximately additional \$200 million of Medicaid money. Vote 13-1.

3785L

### Amendment

Amend the bill by replacing all after section 1 with the following:

2 Appropriation. The sum of \$192,556 for the fiscal year ending June 30, 1993, and the sum of \$217,339 for the fiscal year ending June 30, 1994, are hereby appropriated to the department of health and human services, division of public health services, for the purposes of this act. These appropriations are in addition to any other funds appropriated to the department of health and human services, division of public health services. Such funds shall be nonlapsing. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1992.

Rep. James J. Fenton for Public Protection and Veterans Affairs: The bill provides for the allocation of not less than 100 acres of land, at the Pease Air Force Base facility, to be developed for use as a state veterans cemetery. The sum of \$50,000, through the sale by the State Treasurer of bonds and notes, is appropriated for the purpose of conducting tests of the land to determine its suitability for inground interments. The amendment permits the Cemetery Search Committee to broaden its scope and to examine any other state owned property, in the event that a suitable cemetery site is not found at the Pease Air Force Base facility. Suitability testing of such other lands shall be conducted by the Department of Transportation and the Department of Resources and Economic Development. The Fiscal Note calls for state expenditures of \$50,000 in FY '92. Vote 10-4.

## AMENDED ANALYSIS

This bill imposes duties on promoters, places of musical entertainment and ticket agents to disclose whether all the lead vocals of a musical performance featuring vocals are pre-recorded. The bill requires the attorney general to enforce the law and grants him rulemaking authority for that purpose.

The bill also requires ticket agents to refund tickets sold for performances which are cancelled.

**HB 1437**, requiring a total refund on concerts or other event tickets and obligating event promoters to reimburse ticket sellers for all service fees. INEXPEDIENT TO LEGISLATE.

Rep. John B. Hunt for Commerce, Small Business and Consumer Affairs: The Committee felt that only the face value of the ticket should be refunded and that any service charges should not be refunded. HB 1430 addresses the need to ensure that refunds are made within 60 days. Vote 14-0.

**HB 1237**, revising statutory references to the New Hampshire Charitable Fund. OUGHT TO PASS.

Repeal of the law will save the school districts a modest amount of money. Vote 18-0.

**HB 1134-FN**, establishing a special fund from the sale of timber harvested on fish and game department property for wildlife management purposes. OUGHT TO PASS.

Referred to Appropriations.

**HB 1264-FN**, limiting the season for bear hunting and baiting. INEXPEDIENT TO LEGISLATE.

Rep. Robert J. L'Heureux for Fish and Game: The Committee felt that the present bear hunting and baiting seasons covered by the 1991 legislation should be given more of an opportunity to work to be properly evaluated, and the legislation passed during the last session adequately addressed the concerns of the sponsor. Vote 14-0.

**HB 585-FN**, recodifying the laws relative to emergency medical services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Marilyn P. Senter for Health, Human Services and Elderly Affairs: After reconsideration during recommittal of House Bill 585 of a late submitted amendment, the Committee adopted four additional paragraphs which more fully address the needs of our emergency medical services systems. Vote 11-2.

### **Amendment**

Amend the bill by replacing all after the enacting clause with the following:

1 Recodification of Chapter. RSA 151-B is repealed and reenacted as to read as follows:

## **CHAPTER 151-B EMERGENCY MEDICAL SERVICES**

### **151-B:1 Declarations of Policy and Purpose.**

I. The general court declares that it is the policy of the state of New Hampshire to save lives and speed the healing of persons in need of medical services by providing an emergency medical services system that will bring an injured or sick person under the care of properly trained individuals in the shortest practical time, and that will provide safe transportation to the most appropriate treatment center prepared to receive the sick or injured person. It is the policy of the state of New Hampshire to insure that the sick or injured person is safely transported in properly equipped vehicles which are designed to supply supportive care and which are able to communicate with medical treatment centers.

II. The general court, recognizing that the provision of emergency medical services at the local level is a continuation of a long and valued tradition of neighbor helping neighbor that should be encouraged and maintained, and that the individual providers of emergency medical care must be part of a comprehensive system of care delivery, declares that it is the purpose of this chapter to assure the development, coordination and administration of an emergency medical services system that reflects the differing needs and abilities of the state's communities and regions.

III. The general court further recognizes that the delivery of adequate pre-hospital care is reliant on the thorough cooperation of the emergency medical care providers and, therefore, the general court urges the emergency medical care providers to cooperate with and follow the lead of the various hospitals in this state.

IV. The general court recognizes that volunteers make up a large portion of the staffing of the emergency medical service units, especially in the northern portion of the state. Therefore, the general court believes that the training levels for minimum certification as an emergency medical care provider should continue to allow future volunteer emergency medical care provider participation.

V. The general court declares that, to the extent it is possible, it is the policy of the state of New Hampshire to allow patients to be transported to the hospital of their choice in their area, if there is no compelling medical reason to the contrary. Further the general court declares that, if appropriate, durable power of attorney for health care and the living will statutes should be taken into consideration in providing emergency medical services.

The data and resulting analysis shall be provided to the bodies established under this chapter, provided that such use does not violate the confidentiality of recipients of emergency medical care. The provisions of RSA 126 shall be followed with regard to other uses of this data for research and evaluation purposes, and for protecting the confidentiality of data in those uses. All analyses shall be public documents, provided that the identity of the recipients of emergency medical care are protected from disclosure either directly or indirectly.

151-B:8 Licensure of Emergency Medical Service Units and Emergency Medical Service Vehicles.

III. The licensing requirements of this section shall not apply to out-of-state emergency medical service units which provide back-up services to New Hampshire emergency medical service units under written mutual aid agreements. In the event of a mass casualty incident, and if vehicles licensed under this chapter are not sufficient to transport the injured or sick, the vehicle licensing provisions of this chapter shall not apply for the period of the emergency.

IV. A license shall become invalid if there is any change of ownership of a licensed emergency medical service vehicle, or of a business or service operating as an emergency medical services unit.

V. No license shall be required under this section for an emergency medical service vehicle, its owners, the driver, or its attendants, if the vehicle is owned by a nonresident and is licensed as an emergency medical service vehicle in another state, and is being operated on the public ways of this state to transport patients who are picked up out of state and brought to treatment centers in this state.

VI. If there is a hardship imposed on any applicant for a license under this section because of an unusual circumstance, the applicant may apply to the director for a temporary waiver of the licensing provisions of this section. The director may for good cause waive the licensing provision of this section for a period not to exceed 90 days.

#### 151-B:9 Licensure of Emergency Medical Care Providers.

I. A person shall not provide emergency medical services as a paid or volunteer member of a public or private emergency medical services unit in this state, or as paid or volunteer member of any police or fire department who, as a condition of employment, may be expected to routinely provide emergency medical services in the line of duty, without being licensed by the director.

II. The director shall establish, by rule, levels of individual licensure and application forms for licensure under this section. He may use the guidelines established by the American College of Surgeons' Board of Regents as a standard or other such standards, except that a felony conviction shall not necessarily disqualify an applicant. The director shall establish a separate licensure category of advanced emergency medical care provider for individuals who are qualified as Emergency Medical Technician Intermediates, Paramedics, Registered Nurse Emergency Medical Technicians and Physician Assistant Emergency Medical Technicians.

III. Any applicant seeking a license under this section, other than an apprentice license, shall be 18 years of age or older. Nothing in this chapter shall be construed to prohibit persons under 18 years of age from enrolling in any course necessary for licensing.

IV. Persons seeking the minimum level of licensure shall be required to pass examinations, as set forth in rules adopted by the director.

V. If there is a hardship imposed on any applicant for a license under this section because of unusual circumstances, the applicant may apply to the director for a temporary waiver of the licensing provisions of this section. The director may for good cause waive the licensing provisions for this section for a period not to exceed 90 days.

VI. No license shall be required for students in established training programs leading to licensure as an emergency medical care provider, provided that the student is supervised in accordance with rules adopted under this chapter and the training program is authorized according to rules adopted under this chapter.

151-B:10 Authority for Licensed Advanced Emergency Medical Care Providers. An advanced emergency medical care provider licensed under this chapter may render advanced emergency medical care, rescue, and lifesaving services in those areas of training for which such person is licensed, as defined and approved in accordance with the rules adopted under this chapter, at the scene of an emergency, during transportation to a hospital or while in the hospital emergency department, until care is directly assumed by a physician or authorized hospital personnel, and within the hospital in accordance with hospital policies.

#### 151-B:11 Revocation of License.

I. The director shall deny an application for issuance or renewal of a license, or suspend or revoke a license, when the director finds that the applicant is guilty of any of the following acts or offenses:

- (h) Violating a statute of this state, another state, or the United States, without regard to its designation as either a felony or misdemeanor, which relates to the practice of an emergency medical care provider. A certified copy of the record of conviction or plea of guilty is prima facie evidence of a violation.
- (i) Having a license or registration to practice as an emergency medical care provider revoked or suspended, or having other disciplinary action taken by a licensing or registering authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence of such action.

III. A denial, suspension, or revocation under this section shall be in accordance with RSA 541-A.

151-B:12 Investigations. The director shall investigate any complaint regarding the actions of any licensee licensed under this chapter or when he has reason to believe that any licensed or unlicensed individual or entity is in violation of this chapter or any rules adopted pursuant to this chapter.

151-B:13 Fees. The director may charge a fee for licensure of an emergency medical service unit, an emergency medical service vehicle, or an emergency medical care provider. However, no fee shall be charged to a nonprofit corporation or volunteer association.

151-B:14 Exception for Physician, Registered Nurse, and Physician Assistant.

I. This chapter shall not be construed to restrict a licensed physician, registered nurse, or physician assistant from serving on an emergency medical service unit at any level of licensure, provided that they have been certified by the director as having education and training appropriate to the delivery of emergency medical services. The director shall establish the qualifications required for such certification. The qualifications for certification shall be adopted as rule under RSA 151-B:18.

II. A physician, registered nurse, or physician assistant providing services in accordance with this section shall be immune from liability under RSA 151-B:15. Nothing in this section shall be construed as restricting the authority or practice of any registered nurse, who cares for any patient while that patient is being transported by an emergency medical service vehicle, or other means of conveyance, from one hospital to another hospital under orders from a physician caring for that patient.

**151-B:15 Liability.**

I. No approved emergency medical services training program nor any entity or person participating as part of an approved educational program, as authorized by this chapter, shall be liable for any civil damages as a result of teaching or following primary and continuing educational practices as taught to and practiced by enrolled students under proper supervision, unless guilty of gross or willful negligence.

II. No licensed emergency medical care provider who in good faith attempts to render emergency medical services authorized by this chapter at an emergency scene while en route to a place of employment shall receive any form of reprimand or penalty by an employer as a result of late arrival at the place of employment. An employer may request written verification from any such licensed emergency medical care provider, who shall obtain the written verification from either the police officer, fire officer, or emergency medical services personnel in charge at the emergency scene.

III. No person who is an emergency medical services instructor or assistant instructor employed or retained by the division of public health services or who is an emergency medical services instructor or assistant instructor employed or retained by a hospital, nonprofit fire department or emergency medical service unit shall be held personally liable in any action to recover for personal injury, bodily injury or property damage arising out of any act performed or occurring in the furtherance of his official educational or training duties and responsibilities. Nothing in this section shall affect the liability of such person for damages arising out of willful misconduct, gross negligence, or providing educational or training services while under the influence of drugs or alcohol.

IV. The division, its employees, and individuals under contract to the division for the purpose of administering or proctoring examinations, either written or practical, shall be held harmless in any lawsuit alleging that the testing was insufficient, inappropriate, or in any way deficient, if carried out in accordance with rules adopted under RSA 151-B:18, VIII. This paragraph shall not hold harmless any individual charged with conducting written or practical examinations who is negligent in his actions.

**151-B:16 Limitation of Liability for Failure to Obtain Consent.** No licensed emergency medical care provider or any health professional shall be subject to civil liability based solely upon failure to obtain consent in rendering emergency medical services to any person, regardless of age, where the person is unable to give consent for any reason, including minority, and where there is no other person reasonably available who is legally authorized to give consent to the providing of such care, provided that the licensed emergency medical care provider, or health professional, has acted in good faith without knowledge of facts negating consent.

A written mutual aid arrangement shall specify who shall be responsible for the direction of medical care at the scene. In the absence of a written agreement, while in the performance of their duties extending emergency medical services in a mutual aid situation, emergency medical care providers shall be under the overall direction of the local authority having jurisdiction but subject to medical control, as defined under RSA 151-B:2, XI, and such providers shall have the immunities and privileges as if performing the same duties within their respective service areas.

II. Any emergency medical service unit may enter into a mutual aid agreement with other emergency medical service units, within or outside the state, for purposes of rendering aid.

III. Nothing in this chapter shall be construed to prohibit any emergency medical service unit extending such aid from donating equipment and services and assuming the damage or loss to such equipment or personnel. Any mutual aid agreement may authorize the head of the emergency medical service unit to extend such aid, subject to such conditions and restrictions, as may be prescribed in the agreement.

IV. There shall be no liability imposed by law on the emergency medical service unit, on any municipality, or on the personnel of the emergency medical service unit, for failure to respond or to respond reasonably for the purpose of rendering aid under a mutual aid agreement. This immunity is not intended to be exclusive of other immunities existing by statute, or at common law.

**HB 1103-FN-L**, requiring any animal which has bitten a human being to be tested for rabies. INEXPEDIENT TO LEGISLATE.

Rep. Irene C. Domini for Health, Human Services and Elderly Affairs: The Committee was asked to vote House Bill 1103 Inexpedient to Legislate by the sponsor because a more comprehensive bill (SB 399) is coming from the Senate. Vote 13-0.

**HB 1243**, revising the Patients' Bill of Rights. OUGHT TO PASS WITH AMENDMENT.

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: All aspects of New Hampshire's professional health community and private citizens as well support the changes in the "Patients' Bill of Rights." The changes guarantee that the patient, regardless of barriers of receptiveness or communication, fully understands what he is entitled to or will receive. Vote 13-0.

4541L

#### Amendment

Amend RSA 151:21, II and III as inserted by section 1 of the bill by replacing them with the following:

II. The patient shall be fully informed of a patient's rights and responsibilities and of all procedures governing patient conduct and responsibilities. This information must be provided orally and in writing before or at admission, except for emergency admissions. Receipt of the information must be acknowledged by the patient in writing. When a patient lacks the capacity to make informed judgments the signing must be by the person legally responsible for the patient.

III. The patient shall be fully informed in writing in language that he can understand, before or at the time of admission and as necessary during his stay, of the facility's basic per diem rate and of those services included and not included in the basic per diem rate. A statement of services that are not normally covered by medicare or medicaid shall also be included in this disclosure.

Amend the bill by replacing section 2 with the following:

2 Repeal. RSA 151:21-a, relative to an exemption for acute care hospitals, is repealed.

3 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill makes certain changes in and clarifies the Patients' Bill of Rights.

This bill also repeals the exemption, relative to certain provisions of the patient's rights law, for acute care hospitals.

The bill is the result of a study committee established under 1991, 365.

**HB 1249-FN**, establishing a voluntary certification program for health care providers and mandating the exclusion of certain health care providers who test positive for AIDS. INEXPEDIENT TO LEGISLATE.

Rep. Katherine D. Foster for Health, Human Services and Elderly Affairs: The Committee voted 14-1 Inexpedient to Legislate after nine spoke in opposition to the bill and only the sponsor voted for it.

**HB 1147**, creating a committee to study redrawing county boundaries. INEXPEDIENT TO LEGISLATE.

Rep. John A. Middleton for Municipal and County Government: The Committee feels that a study redrawing the county boundary lines is not necessary. The sponsor brought this bill as one individual. No one else spoke in favor. One person representing the New Hampshire Association of Counties opposed the bill. It could cause an indeterminate amount of funds to be expended, if implemented. Vote 15-0.

**HB 1328-FN**, relative to the fiscal responsibilities of the county commissioners and the county convention for capital expenditures in Rockingham county. OUGHT TO PASS.

Rep. Kenneth L. Weyler for Municipal and County Government: This bill requires the County Commissioners of Rockingham County to deliver or mail to each member of the Rockingham County Convention an estimate of capital expenditures for the following fiscal year, when the total project amount is in excess of \$50,000. With more than 80 members on the County Convention, capital expenditures are often dealt with on a subcommittee level. The large effects of these capital expenditures on the county budget need the full support of the entire delegation. The notification requirement of this bill will highlight to both the commissioners and the delegation the substance and import of these decisions. All testimony was favorable. Vote 15-0.

**HB 1405**, relative to appeal of tax assessments to the board of tax and land appeals and the superior court. OUGHT TO PASS WITH AMENDMENT.

Rep. Richard A. Grodin for Municipal and County Government: This bill eliminates unexpected consequences of Committee of Conference action during the 1991 session. The purpose of the bill is to eliminate a necessity for a property owner to file a second or subsequent appeal if the Board of Tax and Land Appeals has not acted on an original appeal before a subsequent tax bill is issued. The amendment allows the Board or the court to retain jurisdiction to be sure abatements, if granted, take place. All testimony was in favor. Vote 14-0.

4522L

#### Amendment

Amend RSA 76:17-c as inserted by section 3 of this bill by inserting after paragraph II the following new paragraph:

III. The board of tax and land appeals and the superior court shall retain continuing jurisdiction over any abatement granted by them pursuant to RSA 76:16-a or 76:17 respectively, for purposes of enforcing the requirements of this section.

**HB 1145**, establishing a study committee to study the feasibility of making the Gunstock Ski Area a state ski area. INEXPEDIENT TO LEGISLATE.

Rep. Steven R. Maviglio for Resources, Recreation and Development: Although the Committee shares the concerns of the sponsors about the Gunstock Recreation Area's debt burden on Belknap County taxpayers, it does not believe that a study that examines state ownership of another ski area would be fruitful at this time. The Department of Resources and Economic Development, which operates the Sunapee and Cannon Ski areas, opposes the study. Gunstock management also was opposed, believing that the study would damage the area's marketability at a time when it needs revenue more than ever. Vote 15-0.

**HB 1158**, repealing notice requirements for encroachment waivers. INEXPEDIENT TO LEGISLATE.

Rep. John B. Young for Resources, Recreation and Development: If passed, House Bill 1158 would prevent local code enforcement officers and adjacent landowners from being notified by abutters that a waiver for a sewage or waste disposal system has been requested, Vote 16-0.

**HB 1265-FN**, regulating small motor mineral dredging and panning. OUGHT TO PASS WITH AMENDMENT.

Rep. Mary Ann Lewis for Resources, Recreation and Development: House Bill 1265, as amended, is the result of a study committee set up by House Bill 443 (1991). It has the support of the recreational prospectors and the Department of Environmental Services. No one appeared in opposition to it. Vote 12-0.

4 Effective Date. This act shall take effect January 1, 1993.

(f) Exempts small motor mineral dredging from the mining permit requirements of RSA 12-E.

Referred to Appropriations.

**HB 1119**, relative to the New Hampshire automated information system board. OUGHT TO PASS.

Rep. Scott E. Green for State Institutions and Housing: There were some gaps in the legislation that originally created the New Hampshire Automated Information System Board. This bill fills those gaps. Vote 11-0.

**HB 1184-FN**, relative to special number plates for certain veterans. REFER FOR INTERIM STUDY.

Rep. Roger D. Stewart for Transportation: The Legislature authorized special number plates for recipients of the Purple Heart medal. This bill would authorize a special plate for the recipients of this medal along with other medals such as the Medal of Honor, the Service Cross, the Distinguished Service Medal, Legion of Merit and the Bronze Star among others. Additional study time is necessary to evaluate the various awards and to conceive a possible design for this special plate. The Committee agreed with further study. Vote 13-2.

**HB 1232-FN**, establishing service organization anniversary motor vehicle plates. INEXPEDIENT TO LEGISLATE.

Rep. Emma M. Dodge for Transportation: The bill requested anniversary plates for certain service organizations from the Director of Motor Vehicles. This can be accomplished through rulemaking procedures, therefore, the sponsor withdrew the bill. Vote 15-0.

**HB 1424**, changing certain definitions and penalties in the laws concerning emergency motor vehicle operation. REFER FOR INTERIM STUDY.

Rep. George N. Katsakiores for Transportation: With the emergence of another level of emergency response vehicles to better attend to serious injury cases, there appears to be a need to address those vehicles as to the need for lights and sirens. Consequently the Committee felt that with additional research and study in the interim, a responsible statute could be developed to best serve the needs of the people in regard to emergency response vehicles. Vote 15-0.

**HB 1055-FN-A**, relative to the telephone property tax. INEXPEDIENT TO LEGISLATE.

Rep. Douglass P. Teschner for Ways and Means: In view of the changes in the State's financial situation (as a result of the Medicaid money), the Governor's office requested that its bill be withdrawn. The Committee considered this issue last year and was not in favor of reinstituting this telephone property tax in light of the telephone tax changes implemented in the last biennium. Vote 12-0.

**HB 1472-FN-A-L**, providing for property tax relief financed by a credit card use tax. INEXPEDIENT TO LEGISLATE.

Rep. Douglass P. Teschner for Ways and Means: While many members of the Committee agree with the sponsor's aim of providing property tax relief through a "circuit-breaker" mechanism, there was unanimous agreement that it would be unsound tax policy to implement the proposed funding mechanism (a one-percent tax on credit card use). This tax would be a sales tax on New Hampshire residents only. Also, constitutional questions regarding nexus were raised at the public hearing. Vote 13-0.

**HB 1486-FN-A-L**, relative to a one percent state income tax and making an appropriation therefor. INEXPEDIENT TO LEGISLATE.

Rep. Shawn N. Jasper for Ways and Means: While the Committee appreciates the effort of the sponsor to offer solutions to the State's long-term fiscal woes, this bill did not receive the support of the Committee. Aside from being an income tax which the Committee does not presently favor, the bill gave rise to other concerns. The money raised by this bill would first go to balance the State budget and only excess money would go to the cities and towns. The major concern with this provision would be that the State would continually spend all of the monies raised and little, if any, would ever be returned to the municipalities. Vote 13-0.

### REGULAR CALENDAR

**HB 264-FN-A**, placing hazardous waste transporter permit application fees in the hazardous waste cleanup fund. (A) OUGHT TO PASS WITH AMENDMENT.

Rep. Charles L. Vaughn for Appropriations: This bill places hazardous waste transporter permit fees into the hazardous waste cleanup fund (HWCF) — a dedicated waste cleanup fund established in 1983 under provisions of RSA 147-B:3. General funds are not affected as the bill transfers restricted PAU funds in the 1992-93 operating budget into the HWCF fund effective July 1, 1993. The bill also places a cap of \$600,000 on the use of fund money to maintain fiscal control of expenditures. Vote 16-1.

4590L

**Amendment**

Amend the bill by replacing section 3 with the following:

3 Fund Cap Amount Increased. Amend RSA 147-B:6, IV to read as follows:

IV. The division of waste management may use up to [\$325,000] **\$600,000** per year from the fund to pay for permitting, administrative and enforcement costs associated with the fund.

**AMENDED ANALYSIS**

This bill places all hazardous waste transporter permit application fees in the hazardous waste cleanup fund. This bill adds definitions relative to hazardous waste and increases the limit on the use of fund moneys by the division of waste management from \$325,000 to \$600,000.

Adopted.

Report adopted.

Ordered to third reading.

**HB 497-FN-A**, relative to an equipment challenge grant program for vocational and technical education programs and making an appropriation therefor. (A) OUGHT TO PASS WITH AMENDMENT.

Rep. Mary Jane Wallner for Appropriations: The \$1.00 appropriation has been removed from this bill. The \$1.00 would have opened a line in the budget which might have future funding implications. Also, reference to funding a project director has been removed. Vote 15-0.

4589L

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

relative to an equipment challenge grant program for vocational and technical education programs.

188-F:42 Committee Established; Members.

Amend RSA 188-F:42, III as inserted by section 2 of the bill by replacing it with the following:

III. The state council for vocational education will provide technical assistance and limited resources. Each action committee shall be chaired by a member of the steering committee and shall include at least one additional member of the steering committee, along with representatives of those affected by each program and individuals who have expertise in those areas.

Amend the bill by deleting section 3 and renumbering section 4 to read as 3.

**AMENDED ANALYSIS**

This bill creates a steering committee which shall be responsible for directing and developing an equipment challenge grant program for vocational and technical education programs.

The committee shall focus on establishing the following 3 programs: a program for a vocational-technical resource collaborative, a program for educational administrators training initiative, and an instructional equipment needs challenge grant program.

The steering committee shall submit a report no later than October 1, of each subsequent biennium. The report shall include the committee's progress in the establishment of the 3 programs outlined and recommendations for their continued development.

Adopted.

**HB 505-FN**, relative to the normal yield tax, the extension of the reporting deadline for the study committee on clearcutting forest resources, the report of cut, and establishing a forest management and protection fund.(A) OUGHT TO PASS WITH AMENDMENT.

Rep. Merle W. Schotanus for Appropriations: The Appropriations Committee amendment to this bill removes the funding and recommends establishment of a combined legislative/forest industry study committee to determine the most appropriate organization and funding mechanism for protection, management, and law enforcement of state-owned forest resources. The study committee is required to report its recommendations for consideration in the FY 94-95 budget. Vote 17-2.

(c) Requires filing of a report of cut within 30 days of the completion of valid cutting operations.

**HB 1325-FN**, transferring the amount above legislative estimates in the vanity plate fund from the general fund to the highway fund. **INEXPEDIENT TO LEGISLATE.**

Rep. Elizabeth Hager for Appropriations: There is split opinion as to whether vanity plate proceeds (above what goes to driver's education) ultimately belong in the general fund or the highway fund. The majority of the committee believes, however,

that at this time we can not afford the transfer of \$750,000 from the troubled general fund to the solvent highway fund. Vote 13-8.

Adopted.

**HB 740-FN**, relative to campaign expenditures. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick A. Trombly for Constitutional and Statutory Revision: This bill amends the Campaign Finance Law by increasing the amount Executive Council, General Court and County Officers may spend in a primary and general election. Fines for violating the Finance Law are also increased. Vote 16-1.

**HB 1386-FN-A**, establishing a foundation aid formula study committee, authorizing the committee to hire a consultant to study different methods of financing education and making an appropriation therefor. **OUGHT TO PASS.**

Rep. Nils H. Larson for Education: This bill will implement the recommendations of the Study Committee established in the last session. Some aberrations in the Foundation Aid Formula must be addressed in order to assure a more proper distribution of funds. The Fiscal Note calls for state expenditures of \$50,000 in FY '93. Vote 17-0.

**HB 1398-FN-L**, prohibiting charging to counties the cost for testing certified nursing assistants in nursing homes. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gordon E. Wiggin for Health, Human Services and Elderly Affairs: This bill provides that all expenditures and costs incurred in carrying out the examination of certified nursing assistants in all Medicaid nursing homes, except for the costs which must be borne by the certified nursing assistants themselves, shall be made and paid for by the Department of Health and Human Services. #### AMENDED ANALYSIS

This bill provides that all expenditures and costs incurred in carrying out the examination of certified nursing assistants in all medicaid nursing homes, except for the costs which must be borne by the assistants themselves, shall be made and paid for by the department of health and human services.

Referred to Appropriations.

**HB 1363-FN-L**, establishing a crimeline fund and levying a penalty assessment to administer crimelines. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert J. Daly, Jr. for Public Protection and Veterans Affairs: The so called "crimeline" is a method of allowing residents of a municipality to communicate, in a confidential manner, with their respective police departments. As this is strictly intra-municipality, there is no cogent rationale for the state to provide funding, through penalty assessment, for such telephone service. Further, the contemplated use of "penalty assessment funds" for the proposed crimelines would eventually result in the "well going dry." Court fines (which are the source of penalty assessment funds) have decreased, and in many cases judges have abated the penalty assessment "add-on" to the court fine. Many municipalities have engaged in local fund raising activities to provide the resources for payment for municipal crimelines. The Committee feels that this is the way to go. Vote 11-1.

Adopted.

**HB 1100-FN-L**, establishing a housing assistance trust fund. **OUGHT TO PASS.**

Rep. Ednapearl F. Parr for State Institutions and Housing: This bill establishes a housing assistance trust fund within the New Hampshire Housing Finance Authority. The fund shall be capitalized with donations from private persons or entities, grants, etc. The authority should use the money for direct housing assistance to eligible very low income persons or families. Vote 10-2.

Adopted.

Ordered to third reading.

**HB 1106**, establishing a study committee to consider organization of a state housing and urban development program (HUD). **INEXPEDIENT TO LEGISLATE.**

Rep. Ednapearl F. Parr for State Institutions and Housing: The Committee felt this bill added another level of bureaucracy and at this time it should be left to future legislators to work on the policy of the Housing Finance Authority. Vote 6-5.

Adopted.

**HB 776-FN**, establishing a household hazardous waste management program and a consumer education program on household hazardous wastes. **INEXPEDIENT TO LEGISLATE.**

Rep. Shawn N. Jasper for Ways and Means: This bill, as amended, would impose a 10 cents per container fee on many items, yet to be determined, which are classified as household hazardous waste. The bill has major fee collection and administration problems which the Committee believes are so significant that they would be nearly

impossible to overcome. The Committee has no desire to study this matter further. However, if the policy Committee wished to take this bill back for further study, it would not actively oppose that effort. Vote 13-1.

Rep. Elizabeth Greene moved that the words Recommit to Committee be substituted for the report of the Committee, Inexpedient to Legislate and spoke to her motion.

Rep. Donna Sytek spoke against.

On a division vote, 147 members having voted in the affirmative and 155 in the negative, the motion failed.

Rep. Amanda Merrill moved that the words Refer to Interim Study be substituted for the report of the Committee, Inexpedient to Legislate and spoke to her motion.

Rep. Donna Sytek spoke to the motion.

Referred for Interim Study

### REMARKS

United States Senator Thomas Harkin, candidate for the Democratic nomination for President, addressed the House.

### SPECIAL ORDER

**SB 213-FN-A**, relative to the distribution of meals and rooms tax revenue. **INEXPEDIENT TO LEGISLATE**.

Rep. Walter A. Stiles for Ways and Means: This bill would gradually change the distribution of the Meals and Rooms Tax so that 40 percent of such revenue would go to cities and towns on a per capita basis. Because of the state's financial problems, the Committee does not feel such a measure is appropriate at this time. Vote 16-0.

Rep. O'Rourke moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate and spoke to her motion.

Reps. Stiles and Donna Sytek spoke against.

**(Rep. Michael Hill in the Chair)**

Reps. Laughlin and Baroody spoke in favor.

**(Speaker Burns in the Chair)**

Roll call request sufficiently seconded.

Report adopted.

**HB 1370**, to provide rotating 4-year county commissioner terms in Rockingham county. **OUGHT TO PASS.**

Rep. Kenneth L. Weyler for Municipal and County Government: Rockingham County is the second largest county in the state. The county does not use a county manager but is run collectively by the three county commissioners. It is thus important that there be continuity in the commissioners' office. In order to assure that all three commissioners are not replaced in a single election, this bill proposes a rotating four-year term, a method already used by four other counties. County delegation leadership is in favor. The preponderance of testimony was favorable. Vote 13-0.

Rep. Warburton spoke against.

Reps. Wyler and Grodin spoke in favor.

Adopted.

Ordered to third reading.

#### AMENDED ANALYSIS

This bill repeals the prospective repeal of the victims' assistance fund and makes certain technical corrections in the laws regarding distribution of penalty assessment funds and repeal dates.

**HB 1153-FN-A**, authorizing the division of human services to assess an administrative fine on employers for failing to comply with an assignment order and continually appropriating such fines to the division. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sharon L. Nordgren for Children, Youth and Juvenile Justice: This bill authorizes the office of Child Support Enforcement Services to assess an administrative fine on employers who "willfully" fail to implement a wage assignment order or failing to forward the money to the division. Vote 15-0.

4697L

#### Amendment

Amend RSA 458-B:6, XI as inserted by section 1 of the bill by replacing it with the following:

XI. That the employer shall be liable for an administrative fine of \$100 per pay period per the number of the employer's employees who have wage assignment obligations with that employer payable directly to the division for a willful failure to comply with the provisions of paragraphs II and IV. Administrative fines collected by the division shall be placed in an account which shall be continually appropriated to

the division for the purpose of administering this chapter. Prior to assessing such fine against the employer, the division shall notify the employer of its intent to assess the fine, the amount of the fine, the date by which the fine is payable, and, shall provide the employer with the opportunity to contest the imposition of the fine. The only basis for contesting the imposition of such fine is a mistake of fact or that the employer did not knowingly fail to comply with the provisions of paragraphs II and IV.

Referred to Appropriations.

**HB 1182-FN**, authorizing the division of human services to establish a system to recoup child support payments made in error, clarifying confidentiality of certain information and limiting the division's authority to enforce support orders. OUGHT TO PASS WITH AMENDMENT.

Rep. Sharon L. Nordgren for Children, Youth and Juvenile Justice: This bill authorizes the office of Child Support Enforcement Services to establish a system to recoup child support payments made in error. There is currently no enabling existing in state law. Vote 13-0.

### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

Any records established or information collected pursuant to the provisions of this chapter shall be made available only to the director and the attorney general and their authorized designees, attorneys employed by the office of child support, attorneys responsible for the administration of RSA 546, the client or the client's authorized representative and courts or agencies in other states engaged in the enforcement of support of minor children as authorized by the rules of the division. Such records and information shall be available and used only for purposes directly connected with establishment, enforcement or modification of child support and the administration of this chapter. The records and information made available to the client or the client's authorized representative shall not include information provided to the division that is prohibited from release by federal or state law or by contract or agreement between the division and another entity if such contract or agreement prohibits release of such information.

5 Effective Date. This act shall take effect 60 days after its passage.

Rep. Richard H. Krueger for Commerce, Small Business and Consumer Affairs: This bill, as amended, clarifies the foreclosure deed or record process when bankruptcy is declared during that process. Vote 13-0.

4575L

#### **Amendment**

Amend the title of the bill by replacing it with the following:

#### **AN ACT**

extending the time for recording a foreclosure deed and affidavit after a foreclosure sale when such recording is prevented by order or stay of any court or law or the United States Bankruptcy Code.

Amend RSA 479:26, I as inserted by section 1 of the bill by replacing it with the following:

I. The person selling pursuant to the power shall within 60 days after the sale cause the foreclosure deed, a copy of the notice of the sale, and his affidavit setting forth fully and particularly his acts in the premises to be recorded in the registry of deeds in the county where the property is situated; and such affidavit or a duly certified copy of the record thereof shall be evidence on the question whether the power of sale was duly executed.

*If such recording is prevented by order or stay of any court or law or any provision of the United States Bankruptcy Code, the time for such recording shall be extended until 10 days after the expiration or removal of such order or stay. If such recording is, in accordance with the provisions of this chapter, made more than 60 days after the sale, the reasons therefor shall be set forth fully and particularly in the affidavit.*

#### AMENDED ANALYSIS

This bill extends the time for recording a foreclosure deed and affidavit after a foreclosure sale when the mortgagor is prevented from such recording by the order or stay of any court or law, or any provision of the United States Bankruptcy Code.

**HB 1483-FN**, establishing a system of state financial incentives to stimulate a paper recycling industry in the state of New Hampshire. REFER FOR INTERIM STUDY.

Rep. Bonnie B. Packard for Economic Development: The Committee found the intent of this legislation of interest. However, there are many questions and much work to be done. For that reason, Interim Study with an active subcommittee is recommended. Vote 14-0.

**HB 1149**, prohibiting any person employed on a salaried basis by a school administrative unit or by any school district from serving on any school board within the state. INEXPEDIENT TO LEGISLATE.

Rep. William A. Riley for Education: It was felt that the issue addressed by this bill would be Inexpedient to Legislate. A constitutional question could arise relative to a prohibition of this sort. Many people from the prime sponsor's hometown and school district appeared and spoke in opposition to this measure. Vote 18-0.

**HB 1334-FN-L**, requiring funds allocated for a special education student to follow the student if the student transfers to another school district. INEXPEDIENT TO LEGISLATE.

Rep. Kathleen M. Hoelzel for Education: There was no testimony to support this measure, and the two sponsors who introduced the bill for a constituent agree the present law is working. This legislation is not necessary. Vote 12-0.

**HB 1490-FN-A-L**, establishing a program in which school districts have the option to test students, faculty and administrators in schools for drugs and alcohol, and continually appropriating a special fund. INEXPEDIENT TO LEGISLATE.

Rep. Nils H. Larson for Education: The Committee recognizes and shares the concerns of the sponsor and the young people who testified in favor of this bill. An effort to find a method to test throughout the public sector was voted inexpedient this January. To duplicate that effort and to limit it only to educational personnel is not practical for this session. Vote 14-0.

**HB 1355-FN**, permitting certain residents on active duty to be issued free hunting and fishing licenses. INEXPEDIENT TO LEGISLATE.

Rep. Richard W. Lougee for Fish and Game: While the intent is good, the Committee felt that military personnel are currently adequately compensated and resident licenses are priced low enough to not create a hardship. The bill would set a precedent of favoring groups, however worthy, at the expense of an already strained department budget, thus negatively affecting their ability to properly manage New Hampshire's fish and game resources. Vote 15-0.

**HB 1203**, prohibiting the disclosure of local welfare records to the public. INEX-PEDIENT TO LEGISLATE.

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: To prohibit the disclosure of local welfare records to the public would essentially tie the hands of welfare officials in communicating with their fellow officers. Courts also would find more suits to "open records" on their overcrowded dockets. Vote 13-0.

**HB 1327-FN**, prohibiting the state from requiring public assistance applicants to cross picket lines to apply for jobs. OUGHT TO PASS WITH AMENDMENT.

Rep. Larry G. Elliott for Labor, Industrial and Rehabilitative Services: It is the intent of the Legislature by passing this legislation that no citizen shall be denied public assistance from the state or any of its political sub-divisions on the basis of refusing to cross a lawful picket line. The bill does not change the current state guidelines for public assistance, only clarifies them and keeps us in compliance with federal rules for employment security and food stamp programs. There is no new fiscal impact or unfunded mandate for the state. The amendment clarifies the intent by adding the words "the state or any of its political subdivisions." Vote 17-0.

4432L

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

prohibiting the state or any of its political subdivisions from requiring public assistance applicants to cross picket lines to apply for jobs.

Amend RSA 167:2-c as inserted by section 1 of the bill by replacing it with the following:

167:2-c Crossing Picket Lines Not Required. If any person receiving assistance under this chapter or RSA 161 is physically able to work, he shall not be required by the state or any of its political subdivisions to cross any lawful picket line in connection with any strike, lock-out, or labor dispute to apply for a job.

#### AMENDED ANALYSIS

This bill prohibits the state or any of its political subdivisions from requiring persons receiving public assistance to cross lawful picket lines to apply for jobs.

**HB 1107-L**, requiring that tax collectors provide property owners with notices of arrearages for property taxes. OUGHT TO PASS WITH AMENDMENT

Rep. Paul A. Golden for Municipal and County Government: This legislation requested by the Department of Revenue Administration is essentially a housekeeping measure addressing the findings of a court decree requiring all current tax bills to include notice of past arrearages and tax sales to be provided to the owner as of April 1. All testimony was favorable. Vote 16-0.

4549L

#### Amendment

Amend RSA 76:11-b as inserted by section 1 of the bill by replacing it with the following:

76:11-b Notice of Arrearage. The tax collector shall provide to the owner as of April 1 or current owner, if known, a summary of all uncollected and unredeemed taxes on the property. This summary may be included on or with the tax bill, or may be sent by separate mailing within 90 days of the due date of the final tax bill.

**HB 1205-FN**, prohibiting the use of highway fund moneys for the purpose of purchasing property to compensate for wetlands taken for highway construction. **INEXPEDIENT TO LEGISLATE.**

Rep. David K. Wheeler for Public Works: The Committee is probably as frustrated as anyone, regarding the cost and time involved in acquiring Federal wetlands permits for highway projects. However, if this bill were to pass, millions of Federal highway dollars would be lost. The Audubon Society, Association of General Contractors, the Society for the Protection of New Hampshire Forests and the Department of Transportation appeared opposing the bill. Vote 14-0.

**HB 1279-FN**, requiring the installation by the state of traffic signal lights at the intersection of route 4 and Oak Street and at the Weeks traffic circle in Dover, New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Daniel P. McNerney for Public Works: The Committee agrees with the Department of Transportation which believes that installation of traffic lights by legislation for specific sites is inappropriate. Vote 14-0.

**HB 1346-FN**, requiring the installation by the state of a traffic signal light at the intersection of route 25 and Moultonborough Neck Road in Moultonborough. **INEXPEDIENT TO LEGISLATE.**

Rep. Terry D. Oliver for Public Works: The Committee, the Department of transportation and Board Selectmen for Moultonborough agree there are several problems with the intersection of Route 25 and Moultonborough Neck Road. These people will discuss these problems and come back at a later time with better legislation. Vote 14-0.

**HB 1383-A-L**, making a bonded appropriation to pay for no more than 50 percent of the costs of cleaning up the Dover municipal landfill. **INEXPEDIENT TO LEGISLATE.**

Rep. Gene G. Chandler for Public Works: House Bill 1383 would make bonded appropriation to the city of Dover to pay up to 50 percent of the costs of cleaning up and final closure of the Dover Municipal Landfill. The Committee was very sympathetic to both Dover and Londonderry, who submitted an amendment to include Londonderry in the funding program, but felt the number of municipalities that would apply for this type of program would be significant. Also, it would not be fair to those communities that had already closed their facilities through their own funding mechanisms. The Committee was unanimous in encouraging the Department of Environmental Services to work with communities in battling with the Environmental Protection Agency, and push for more state control over closure plans. The Department of Environmental Services has the technical knowledge to assist communities that are in some cases being asked to spend needless millions of dollars to study or implement programs that are unnecessary, if one is allowed to use some common sense. If passed, this bill would increase state expenditures by \$1,468,025 in 1995, and slightly less amounts in 1996 and 1997. Vote 11-2.

**HB 1389-FN**, requiring certain revenue from the gasoline tax allocated to the department of transportation be used to paint the center and edge lines on the state's highways. **INEXPEDIENT TO LEGISLATE.**

Rep. David K. Wheeler for Public Works: In recent years the Department of Transportation has pursued a less vigorous striping program as a result of a budget reductions. These reductions have not affected the yearly striping of the interstate or

turnpike system. The Committee believes that the Department's approach is an adequate response to the budget restraints. Vote 13-0.

**HB 1101-FN**, relative to certain liquor license fees. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsy McKinney for Regulated Revenues: This bill continues refining the Recodification of the Liquor Laws by adding military clubs, motor vehicle racetracks and agency stores to the license fee schedule. The bill also clarifies the beverage vendor license fee. Vote 15-0.

**HB 1113**, relative to compatible and conflicting liquor and beverage licenses. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas A. Behrens for Regulated Revenues: By a unanimous vote of 15-0, the Committee recommends passage of House Bill 1113 as amended. Enactment of this legislation will ease the burden of distribution on small brewers. It will also bring into conformity certain language and deletes obsolete references.

4633L

#### **Amendment**

Amend RSA 178:27, VII as inserted by section 7 of the bill to read as follows:

VII. A license, other than a [supplemental] *special, seasonal, fair*, or one day license, shall expire on the last day of the month of the licensee's birthday. When the licensee is not a natural person, all licenses, other than [supplemental] *special, seasonal, fair*, or one day licenses, issued pursuant to this chapter shall expire on the last

day of the month in which such licensee was incorporated or otherwise organized. Any license may be revoked prior to its expiration date by the commission for cause.

#### AMENDED ANALYSIS

This bill requires table wine vendors to designate liquor and wine representatives for their products.

The bill clarifies the types of licenses a liquor and wine representative may hold.

The bill allows local producers of not more than 4,000 barrels of beverages to sell directly to retail licensees, but prohibits them from selling to wholesale distributors without obtaining a beverage vendor license.

The bill divides supplemental licenses into special, seasonal and fair licenses.

**HB 1115**, changing obsolete references within the liquor laws. **OUGHT TO PASS.**

Rep. Thomas A. Behrens for Regulated Revenues: By a unanimous vote of 15-0, the Committee recommends passage of House Bill 1115. This legislation is a house-keeping companion bill to the Liquor Law Recodification - House Bill 1410 of the 1990 Session. Enactment will change certain obsolete references in the liquor laws.

**HB 1116**, relative to certain liquor and beverage licenses. **OUGHT TO PASS.**

Rep. Thomas A. Behrens for Regulated Revenues: By a unanimous vote of 15-0 the Committee recommends passage of House Bill 1116. This legislation is a technical correction companion bill to the Liquor Law Recodification of the 1990 Session. Substantial changes include lengthening seasonal liquor licenses to six months; setting a limit on the amount of liquor and beverages which may be served to a single patron at a specific time and allowing import warehouses to transport liquor in excess of the legal limit.

**HB 1201-FN**, decreasing the license fees for domestic wine manufacturers and wine vendors. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank J. Palazzo for Regulated Revenues: House Bill 1201 was approved by the Committee as amended. The license fee structure for domestic wine manufacturers who produce less than 1000 cases per year was set at \$100. Those who produce more than 1000 cases will pay \$1,140, as under current law. Small business activity in New Hampshire is encouraged, and this bill will certainly be a factor. Vote 15-0.

4461L

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to the license fee structure for domestic wine manufacturers.

Amend the bill by replacing all after the enacting clause with the following:

1 Fees for Domestic Wine Manufacturers. RSA 178:27, V(a) is repealed and reenacted to read as follows:

(a)(1) Domestic wine manufacturers of less than 1,000 cases of wine per year, \$100.

(2) Domestic wine manufacturers of 1,000 or more cases of wine per year, \$1,140.

2 Effective Date. This act shall take effect July 1, 1992.

## AMENDED ANALYSIS

This bill alters the license fee structure for domestic wine manufacturers such that manufacturers of less than 1,000 cases of wine per year will pay \$100 per year and manufacturers of more than 1,000 cases per year will pay \$1,140 per year, as under current law.

**HB 1271**, allowing a full service restaurant to use a dining room as a lounge on an overflow basis in excess of the lounge area capacity of the restaurant, if the restaurant has annual food sales in excess of \$100,000. INEXPEDIENT TO LEGISLATE.

Rep. Laura C. Pantelakos for Regulated Revenues: This subject has been addressed by the Liquor Commission by a rule. Vote 13-0.

**HB 1057-FN-L**, increasing flat and prorated motor vehicle registration fees and relative to revenue sharing. INEXPEDIENT TO LEGISLATE.

Rep. George N. Katsakiores for Transportation: All testimony heard was in opposition to this piece of legislation. Indications are that this is not a good year to be increasing motor vehicle registration fees. The Committee voted unanimously to recommend the bill be Inexpedient to Legislate. Vote 11-0.

**HB 1169-FN**, relative to free boat registration and boat trailer registration for members of the marine patrol. INEXPEDIENT TO LEGISLATE.

Rep. Roger D. Stewart for Transportation: The Director of Marine Safety testified that there was available in a Coast Guard Grant monies to solve the intent of this bill to financially aid volunteer members of the marine patrol. The Committee voted 11-0 to recommend Inexpedient to Legislate as the problem presented had been solved.

**HB 1199-FN**, regulating charges for towing and storage services for vehicles. INEXPEDIENT TO LEGISLATE.

Rep. Richard Haynes for Transportation: This bill would require the Commissioner of Safety to set rates for towing and storage of motor vehicles by private wrecker companies in the state. The Committee felt that this type of business was highly competitive and therefore rate setting was not necessary. Vote 13-0.

**HB 1234-FN**, establishing a boating endorsement on New Hampshire drivers' licenses, or issuing a special boating license to applicants who do not hold a driver's license. INEXPEDIENT TO LEGISLATE.

Rep. Francis X. Donovan for Transportation: Due to the economy, the Department of Safety does not have the funds to implement this program. The Committee also felt that it would create numerous enforcement problems and not cure any existing problems. Vote 15-0.

**HB 1282-FN**, relative to the transfer of registration between owned and leased vehicles. OUGHT TO PASS WITH AMENDMENT.

Rep. Thaddeus E. Klemarczyk for Transportation: This bill allows the registrant a transfer credit upon a transfer of plates from a private owned motor vehicle to a leased unit as well as leased to private ownership of a motor vehicle. Vote 14-0.

## Amendment

Amend the bill by replacing all after the enacting clause with the following:

I New Paragraph; Transfer of Registration. Amend RSA 261:66 by inserting after paragraph III the following new paragraph:

IV. Any person who owns a vehicle shall be entitled to transfer the vehicle registration on that vehicle to a leased vehicle and any person who leases a vehicle shall be

entitled to transfer the vehicle registration on that vehicle to an owned or leased vehicle and shall be given the same credit for this transfer as for any transfer of ownership provided under paragraphs I-III of this section. The registration shall be processed to expire according to the formula set forth in RSA 261:62. If the transfer extends the expiration of the existing registration, pro-rated fees shall be charged for the additional months in the new registration period. If the transfer shortens the registration period from the existing registration period, no refund shall be issued. Any person who obtains a vehicle transfer pursuant to this paragraph shall be subject to the vehicle transfer fee.

2 New Paragraph; Credit for Permit Fee. Amend RSA 261:150 by inserting after paragraph II the following new paragraph:

III. Any person who owns a vehicle and transfers the registration on that vehicle to a leased vehicle, and any person who leases a vehicle and transfers the registration on that vehicle to an owned or leased vehicle shall be entitled to a credit for the permit fee in the same manner and subject to the same fee as provided in this section. The registration shall be processed to expire according to the formula set forth in RSA 261:62. If the transfer extends the expiration of the existing registration, pro-rated fees shall be charged for the additional months in the new registration period. If the transfer shortens the registration period from the existing registration period no refund shall be issued.

3 Effective Date. This act shall take effect January 1, 1993.

#### AMENDED ANALYSIS

Any such transfer shall entitle the person to a credit for a permit fee. Other transfers shall result in prorated fees or no refund.

**HB 1286-FN**, allowing antique trucks or tractors to be registered at a prorated rate. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James E. McDowell for Transportation: The amendment replaces the bill and carries out the intent of the sponsor by changing the statutes so antique trucks and tractors are included in the definition of an antique motor vehicle. A rate is set for their registration. Vote 13-0.

4576L

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

allowing antique motor vehicles other than antique motorcycles  
to be registered at a prorated rate.

Amend the bill by replacing all after the enacting clause with the following:

1 Change from Motor Car to Motor Vehicle. Amend RSA 259:4 to read as follows:  
259:4 Antique Motor [Car] **Vehicle** or Motorcycle. "Antique motor [car] **vehicle** or motorcycle" shall mean any motor vehicle over 25 years old which is maintained [solely] for use in exhibitions, club activities, parades and other functions of public interest [and which is not used primarily for the transportation of passengers or goods].

2 Registration of Antique Motor Vehicles Other Than Motorcycles. Amend RSA 261:141, III(r) to read as follows:

(r) For antique motor [cars] *vehicles other than antique motorcycles* — \$6.  
3 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill allows antique motor vehicles other than antique motorcycles to be registered at a prorated rate of \$6. The bill also changes the term “antique motor car” to “antique motor vehicle” for definitional purposes.

**HB 1289**, requiring any watercraft towing an object to display a warning flag. **INEXPEDIENT TO LEGISLATE.**

Rep. Richard Haynes for Transportation: This bill would have required any watercraft that is towing an object to display a warning flag. The Committee felt that the 150 ft. safe passage law was sufficient and a flag was sufficient and a flag was not necessary, and this would just be another expense for the boaters. Vote 11-0.

**HB 1377**, banning the use of any boat equipped with an internal combustion engine on the open waters of Stone Pond in the town of Marlborough. **INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth W. Malcolm for Transportation: The bill was so voted at the request of the sponsor based upon overwhelming objections from the citizens of the town of Marlborough wherein Stone Pond is located. Vote 14-0.

**HB 1487-FN-A**, decreasing the interest and dividends tax. **INEXPEDIENT TO LEGISLATE.**

Rep. Barbara E. Arnold for Ways and Means: In this economy, it is not realistic to reduce the interest and dividends tax. Vote 13-0.

#### REGULAR CALENDAR

**HB 695-FN**, relative to the establishment and funding of a review board to address grievances of tenants and owners of manufactured housing parks. (A) **REFER FOR INTERIM STUDY.**

Rep. Charles W. Ferguson for Appropriations: The Committee found the method of funding in the bill had too many questions that had to be solved and that solutions could not be found within the time frame allowed the committee. The Committee felt a policy committee should further look at the funding, which as written was an unfunded mandate for cities and towns. Vote 21-1.

Rep. Ann Torr declared that a conflict of interest existed and she did not participate.

Adopted.

**SB 172-FN-A**, establishing a committee to study the board and care rates for residents of enhanced family care facilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Douglas E. Hall for Appropriations: The bill as amended by the policy committee is now entitled, “An act relative to enhanced family care facilities and making an appropriation therefor.” 303 individuals who are permanently and totally disabled have been living with families in “enhanced family care” settings. These individuals pay their “families” \$522. per month for their round-the-clock care. There has been no increase in this rate for 10 years because the state has not increased its APTD payments to these severely disabled individuals during that period. However, payments to the elderly in “shared homes” was increased 5 years ago. This amended bill will return the parity between care for the elderly and care for the developmentally disabled. The state will spend an additional \$429,028 in FY ‘93, half of which will

come from the General Fund and half from the counties. However, some savings may be realized in the Division of Mental Health's budget if the caring families can be retained or even increased in number; for some disabled individuals, the alternative community housing is a much more expensive fully-staffed 24-hour-day group home. Vote 19-3.

4742L

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The purpose of section 3 of this act is to raise the standard of need for residents of enhanced family care facilities to equal the amount for residents of residential care facilities. After the passage of this act, enhanced family care residents and residential care facility residents shall continue to receive the same standard of need in all future budgets.

2 Standard of Need for Enhanced Family Care Facilities. Amend RSA 167:7, I-a to read as follows:

I-a. (a) The director of the division of human services of the department of health and human services may establish different standards of need in the adult programs he administers for residents of residential care facilities and community living homes, subject to appropriated funds and federal regulations. Standards of need may differ between the 2 types of homes and with respect to the level of services and care required by and provided to the recipient. The standards shall be rational and reasonably cost related.

(b) *If the standard of need for residential care facilities is increased pursuant to the annual review required under RSA 167:3-c, II-b, an amount equal to such increase shall be added to the standard of need established for residents of enhanced family care facilities.*

3 Appropriation; Division of Human Services. The sum of \$429,048 for the biennium ending June 30, 1993, is hereby appropriated to the division of human services, department of health and human services, for the purpose of increasing the standard of need of residents of enhanced family care facilities. This appropriation shall be in addition to any other appropriation made to the division of human services. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect July 1, 1992.

### AMENDED ANALYSIS

This bill makes an appropriation to the division of human services, department of health and human services, for the purpose of increasing the standard of need of residents of enhanced family care facilities.

The bill also requires equal increases for residents of enhanced family care facilities if the standard of need is increased for residents of residential care facilities.

Adopted.

Report adopted.

Ordered to third reading.

**SB 220-FN**, relative to foster care. OUGHT TO PASS WITH AMENDMENT.

Rep. Mary Jane Wallner for Appropriations: This bill allows the district courts to retain jurisdiction over an estimated 30 children per year who are between the ages of 18 and 21 and in school full-time for the purpose of obtaining a high school diploma. The amendment changes the effective date to July 1, 1992 and appropriates \$106,800

to the Division for Children and Youth Services to accomplish the purpose of the bill. The appropriation is the Committee's best estimate of the need but the full appropriation may not be needed since some of these children are already served through another mechanism. Vote 16-2.

4667L

#### **Amendment**

Amend the title of the bill by replacing it with the following:

#### **AN ACT**

relative to the district court's jurisdiction over certain children  
and making an appropriation therefor.

Amend the bill by replacing all after section 3 with the following:

4 Appropriation. The sum of \$106,800 for the fiscal year ending June 30, 1993, is hereby appropriated to the division for children and youth services, department of health and human services for the purposes of this act. This appropriation is in addition to any other funds appropriated to the division for children and youth services. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

5 Effective Date. This act shall take effect July, 1, 1992.

#### **AMENDED ANALYSIS**

This bill expands the district court's jurisdiction over certain delinquent children and children in need of services to include certain children between the ages of 18 and 21 who are full time students for the purpose of obtaining a high school diploma or general equivalency diploma.

An appropriation is made to the division for children and youth services for the purposes of this bill.

Adopted.

Report adopted.

Ordered to third reading.

**CACR 22**, relating to legislative elections. Providing that members of the house of representatives shall be elected every 4 years. **INEXPEDIENT TO LEGISLATE**.

Rep. Gary R. Gilmore for Constitutional and Statutory Revision: The Committee felt it imprudent and unnecessary for state representatives to be elected for four-year terms. The Committee believes retaining the present system upholds our citizen legislature. Vote 12-1.

Adopted.

**HB 303**, relative to instructions to voters on ballots. **REFER FOR INTERIM STUDY**.

Rep. Carol H. Holden for Constitutional and Statutory Revision: House Bill 303 would change the form of the ballot used in state general elections and would amend the provision of straight ticket voting in state primary and state general elections. The Committee would like the opportunity to address ballot concerns as a whole and bring in our recommendations in the next session. Vote 7-6.

Referred for Interim Study.

**HB 1246-FN**, establishing treatment programs for substance-abusing women and their children. **REFER FOR INTERIM STUDY**.

Rep. Katherine W. Wheeler for Health, Human Services and Elderly Affairs: The Committee was strongly supportive of the concept expressed in this bill that there is

an urgent need for prevention and treatment programs for women at risk for substance abuse and their children. The Committee does not like to delay the solutions to this serious and expensive problem, but it feels that, as this bill is very comprehensive, some work needs to be done to ensure collaboration among the various agencies involved and to work out the details of the funding sources. Vote 10-2.

Referred for Interim Study.

**HB 1432**, establishing a right to work act which provides for freedom of choice on whether to join a labor organization. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. J. Francis Laughlin for the Majority of Labor, Industrial and Rehabilitative Services: House Bill 1432 would require all union-represented workplaces to operate as open shops regardless of any contrary desires of the employers, the unions, or the majorities of the employees in those workplaces. Open shop arrangements allow employees who are working in positions that are represented by a union to refuse to join or to pay any fees to the union, but to still demand that the union fully represent them and that they receive all benefits negotiated by the union, with the costs of that representation borne by the union and the other employees. No one can be forced to become a member of a union. However, employees can be required to equally share the cost of collective bargaining. In today's society there should not be any such thing as a "free ride." Leadership from both sides testified against the bill along with the Commissioner of Labor. An economist from Merrimack College testified "if you pass this bill you will decrease that state's chances for economic growth." No fiscal note was added, however, if this bill passes tax dollars will be needed to police and enforce this law. Statistics prove no need for this bill. The Subcommittee was a committee-of-the-whole and heard all the testimony. With overwhelming disapproval of our citizens plus the expert testimony heard, the Committee voted 11-6 inexpedient.

Rep. Gary L. Daniels for the Minority of Labor, Industrial and Rehabilitative Services: This bill would remove one of the last remaining vestiges of discrimination in the workplace - forcing individuals to pay dues or fees to a private organization in order to keep their jobs. It retains the freedom people now have to organize a union if they so wish, gives people the freedom to choose whether or not to join a union and prohibits mandatory payment of dues or fees to a union as a condition of employment.

Rep. Daniels moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate and spoke to his motion.

Reps. Turner, Gilbreth, Guay, Bonnie Packard and Hawkins spoke against.

Reps. Scott Green, Baroody and Chambers spoke against and yielded to questions.

Reps. John Chandler, Lougee and Jasper spoke in favor and yielded to questions.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

Report adopted.

Rep. Arnesen notified the Clerk that she wished to be recorded in opposition to the bill.

**HB 1391-FN-A**, taxing commercial amusement machines. INEXPEDIENT TO LEGISLATE.

Rep. Laura C. Pantelakos for Regulated Revenues: The Committee felt with the economy as bad as it is a new tax should not be put in place at this time. Cities and towns throughout the state currently tax these machines. This would also add another layer of bureaucracy with an unknown cost to the state. Vote 8-5.

Adopted.

**HB 1489-FN-A-L**, authorizing casino excursion cruises, imposing state and municipal taxes and making an appropriation therefor. INEXPEDIENT TO LEGISLATE.

Rep. Arthur P. Klemm, Jr. for Regulated Revenues: The Committee heard the testimony of many people in an all-day hearing. Even though more people spoke opposed to the bill than in favor, the Committee felt that they received some mixed messages from at least one of the communities involved and felt that in the future any community which wishes to pursue this type of activity through local option should come back to the legislature with the support of its citizenry. Vote 10-4.

Adopted.

**HB 1104-FN**, relative to capitalization of the affordable housing fund. OUGHT TO PASS.

Rep. Lowell D. Apple for State Institutions and Housing: On a vote of 11-1 this was passed in Committee. It will provide "seed" money for housing needs in the state. The "seed" money will come from the Federal Government. Vote 11-1.

Adopted.

Ordered to third reading.

**HB 1180**, banning the use of headphones by motorists, bicyclists, and moped operators. INEXPEDIENT TO LEGISLATE.

Rep. Roger D. Stewart for Transportation: The Majority of the Committee felt that this bill which would prohibit any person from wearing headphones or a headset while driving any vehicle on any way of this state was another intrusion in the freedom of the individual and therefore would not support it. Vote 9-2.

Adopted.

**HB 1304**, categorizing motor vehicle child passenger restraints by age and weight. INEXPEDIENT TO LEGISLATE.

Rep. George N. Katsakiores for Transportation: The Committee cited several reasons for not supporting any change in the child passenger restraints statutes at this time. One: the current statutes adequately addressed child passenger restraints; second; the bill as written which requires weight be factored into the law would require law enforcement personnel to carry certified scales making the law difficult to enforce; three; the bill addresses passengers as children up to the age of 18, therefore, the Committee in a 12-0 vote recommends Inexpedient to Legislate.

Adopted.

**HB 317-FN**, relative to a minimum service retirement allowance for group II members.(A) OUGHT TO PASS WITH AMENDMENT.

Rep. Channing T. Brown for Appropriations: This bill allows group II members who retired on a full service retirement allowance to receive a minimum retirement

allowance of \$5200 after deductions of Social Security and benefits from another public body. This applies to retirees prior or subsequent to July 1, 1992. Surviving spouses on an optional allowance are entitled to a proportional share. This bill can affect up to 141 individuals. Funding will be from the special account or if needed the special reserve account. Vote 16-1.

### **Amendment**

Amend the title of the bill by replacing it with the following:

#### **AN ACT**

relative to a minimum service retirement allowance for group II members and making an appropriation for administrative costs.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Minimum Retirement Allowance, Group II. Amend RSA 100-A:5, II by inserting after subparagraph (b) the following new subparagraph:

(c)(1) Notwithstanding any provision of RSA 100-A to the contrary, any group II member who has retired on a full service retirement allowance shall receive a minimum service retirement allowance of \$5,200. In comparing the minimum service retirement allowance and the full service retirement allowance, the full service retirement allowance shall be the sum of the basic allowance plus COLA's. The provisions of this subparagraph shall not apply to a group II member who has retired on a reduced or on a vested deferred retirement allowance. In the case of a group II member who has retired on a full service retirement allowance, and who has elected to convert the retirement allowance into an optional allowance for the surviving spouse under RSA 100-A:13, the surviving spouse shall be entitled to a proportional share of the \$5,200 which shall be based upon the optional allowance which the surviving spouse is receiving. Under no circumstances shall the provisions of this subparagraph be construed to reduce the retirement benefits being paid to a group II member as of the effective date of this subparagraph.

(2) The minimum service retirement allowance shall be calculated according to the provisions of this subparagraph. The minimum service retirement allowance shall be reduced by the annual social security benefit currently provided by the Social Security Administration, and any annual benefits currently provided by any public body, within the meaning of RSA 100-A:2, to the group II member. After this deduction, the resulting difference shall be provided to the group II member by the New Hampshire retirement system.

(3) In order to receive the minimum service retirement allowance granted in this subparagraph, the group II member shall file with the New Hampshire retirement system board of trustees the total amount of annual social security benefits plus any annual benefits currently provided by any other public body, within the meaning of RSA 100-A:2, which the member has received as of July 1, 1992.

2 Application. The provisions of section 1 of this act shall apply to group II members who retired prior to or subsequent to July 1, 1992.

#### **3 Funding.**

I. Notwithstanding any provisions of RSA 100-A:16, II(h) to the contrary, the total actuarial cost of providing the additional benefits provided in section 1 of this act for group II members shall be terminally funded from the special account.

II. If there are insufficient funds in the special account established under RSA 100-A:16, II(h) to terminally fund the total actuarial cost of providing the additional

benefits provided in section 1 of this act for group II members, such sum as shall be necessary to fund the total actuarial cost of such additional benefits shall be withdrawn from the appropriate retirement system special reserve account.

4 Appropriation. The sum of \$10,000 is appropriated for the fiscal year ending June 30, 1993, from the New Hampshire retirement system administrative account for the administrative costs related to the purposes of this act.

5 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill permits any group II member who has retired on a full service retirement allowance to receive a minimum service retirement allowance of \$5,200. The provisions of the bill apply to group II members who retired prior to or subsequent to July 1, 1992.

The bill also provides that the minimum service retirement allowance shall be reduced by an amount which equals any other retirement benefits which the group II member receives.

The bill makes an appropriation from the New Hampshire retirement system administrative account for the purposes of this act.

Rep. Channing Brown yielded to questions.

Rep. Roulston: I had a problem which was shared with a couple of my constituents on some of the wording of this bill. We understand the intent, we understand that this is a good bill. But, would you please, sir, for the record, clarify that this does nothing more than establish that minimum threshold.

Rep. Channing Brown: Rep. Roulston, that is correct. This bill in no way takes away anybody's benefit or reduces anybody's benefits. This bill is strictly to make sure that everybody has a minimum benefit of \$5200 and in the case of a surviving spouse, a proportionate share of that \$5200 figure. There were approximately 140 or so people who this would effect in Group II and there were available enough monies in the special account, and, if needed in the reserve account to take care of this. But it is strictly to bring people up to what we figure would be \$100 per week.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1451-FN**, relative to the transportation of pupils living within a certain distance from the school to which they are assigned. OUGHT TO PASS WITH AMENDMENT.

Rep. Stanley N. Searles, Sr. for Education: The present law requires that students must be transported to age 14. The amended bill specifies that only students in grades one through eight would have to be transported. This bill would further allow transportation of kindergarten students if the district desires and repeals the requirement for districts not maintaining a high school to furnish transportation to an approved high school. Vote 17-0.

Rep. Skinner moved that the bill be recommitted to Committee.

Recommitted to Committee.

**HB 1347-A**, appropriating money for design and engineering of a vocational education center in Milford. REFER FOR INTERIM STUDY.

Rep. David K. Wheeler for Public Works: The majority of the Committee supports vocational education; the Committee recommends Interim Study. Members of the Milford School Board, Selectmen and over 40 businesses and individuals support this

bill. However, the Committee would like the direction of the March Milford School District meeting before going forward with this bill. Vote 13-0.

Rep. David Wheeler moved that the bill be recommitted to Committee.

Recommitted to Committee

**HB 1117**, relative to the minimum age requirements for liquor license applicants, relative to employing minors in licensed establishments, and relative to games and amusements on the premises of on-sale licensees. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas A. Behrens for Regulated Revenues: By a unanimous vote of 15-0 the Committee recommends passage of House Bill 1117 as amended. This familiar piece of legislation repeals the restriction on video games in licensed establishments and raises the age of employees who serve alcoholic beverages on the premises of on-sale establishments to 18 years of age.

#### Amendment

Amend RSA 179:23, II as inserted by section 3 of the bill by replacing it with the following:

II. [A bartender, waiter, or waitress in a cocktail lounge, or function room shall be at least 18 years of age.] An on-sale licensee may employ any person not less than [16] **18** years of age to serve or otherwise handle liquor and beverages while employed as a waiter, waitress, ***bartender***, or hostess in [the dining rooms. Nothing in this section shall prohibit a waitress, waiter, or hostess from entering the lounge to fill orders of customers while so employed] ***a licensed premise***. Minors not less than [15] **16** years of age may be employed in dining areas and lounge areas to clean tables, remove empty containers and glasses and assist in stocking. A person at least 18 years of age shall be in attendance and be designated in charge of the employees and business.

#### AMENDED ANALYSIS

This bill requires the owners, directors, and officers of businesses seeking liquor licenses to be at least 21 years of age.

The bill prohibits any minor under the age of 18 from working as a waiter, waitress or bartender for a dining room and minors under the age of 16 from certain tasks in dining room and lounges.

The bill also removes limitations on the number of amusement machines an on-sale licensee may have on the premises.

Adopted.

Rep. Nancy Ford offered a floor amendment.

4789L

#### Floor Amendment

Amend the bill by replacing section 2 with the following:

2 Games and Amusements. Amend RSA 179:19, VI to read as follows:

VI. On-sale licensees may install [up to 3 coin-operated] amusement machines on their premises [at any one time]; **provided, however, that no more than 3 of the amusement machines on any licensee's premises shall be based on games of cards, such as poker or blackjack. Nothing in this paragraph shall be construed as allowing the installation and use of gambling machines as defined and prohibited under RSA 647:2.** [Such] Amusement machines may not be placed within the

confines of a dining room of a full service restaurant. [Non-coin-operated games, such as backgammon, chess, and checkers, may be used without restriction in areas other than dining rooms of full service restaurants. A restaurant licensee with a dining room seating in excess of 250 persons may petition the commission in writing for permission to exceed the 3 machine limitation.]

#### AMENDED ANALYSIS

This bill requires the owners, directors, and officers of businesses seeking liquor licenses to be at least 21 years of age.

This bill prohibits any minor under the age of 18 from working as a waiter, waitress or bartender for a dining room and minors under the age of 16 from certain tasks in dining room and lounges.

The bill also removes limitations on the number of amusement machines, except machines based on games of cards, an on-sale licensee may have on the premises.

Rep. Nancy Ford spoke in favor.

Rep. Behrens spoke against and yielded to questions.

The floor amendment failed.

Report adopted.

Ordered to third reading.

**HB 1299**, providing that beverage wholesale distributor's and beverage manufacturer's fees shall not be reduced if beverage container mandatory deposit legislation is enacted. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert N. Kelley for Regulated Revenues: House Bill 1299 was perceived as a component part of a re-referred bill (HB 699) as amended. House action when HB 699 was considered incorporated a floor amendment which was similar to HB 1299 heard by the Committee. Since action on HB 699 as amended was found Inexpedient to Legislate, the Committee also voted Inexpedient to Legislate by a vote of 14-0.

Rep. Hayes declared that a conflict of interested existed and he did not participate.

Rep. Betty Hall moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, spoke to her motion and yielded to questions.

Rep. Robert Kelley spoke against.

On a division vote, 88 members having voted in the affirmative and 243 in the negative, the motion failed.

Report adopted.

Rep. Ann Torr offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet February 11, 1992 at 1:00 p.m.

Rep. Harry Accornero for Children, Youth and Juvenile Justice: The Committee felt the request for a certificate of insurance and accompanying endorsement and any riders was a reasonable request, in order to make clear what services are covered by the insurance provider and would have little impact on the provider. Vote 13-0.

4699L

#### Amendment

Amend RSA 161-C:3-b, IV as inserted by section I of the bill by replacing it with the following:

IV. In all child support cases administered by the office of child support enforcement services, when the parent or parents responsible for providing health insurance pursuant to a court order obtains health insurance coverage for a dependent child, the dependent child shall be entitled to receive directly from the health insurance provider a copy of the certificate of insurance and any accompanying endorsement and any riders covering such dependent child upon request in writing by the office of child support enforcement services, the dependent child, or his parent or guardian.

**HB 1339**, requiring the division of human services to report certain obligors to consumer reporting agencies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Deborah P. McIlwaine for Children, Youth and Juvenile Justice: This bill, as amended, requires the Division of Child Support Enforcement to report an obligor in arrears for 60 days or more to consumer credit agencies unless circumstances exist under which the obligor's income is affected. The Committee felt that the amendment strikes a fair balance between the obligor's possible difficulties in paying and the obligor's need to receive adjudicated financial support. Vote 14-0.

4769L

#### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definition Added. Amend RSA 161-C:2 by inserting after paragraph VI the following new paragraph:

VI-a. "Obligor" means the person found to be legally liable for child support.

2 New Paragraph; Enforcement; Overdue Obligors. Amend RSA 161-C:26-a by inserting after paragraph I the following new paragraph:

I-a. Notwithstanding the provisions of RSA 359-C or any other law to the contrary, the division shall report to a consumer reporting agency or agencies any obligor who accumulates an arrearage in an amount greater than the legal order of support owed for 60 days payable to or through the division, unless:

(a) A legal order of support is being adhered to by the obligor and the division determines that it is not appropriate to report the obligor;

(b) The obligor's wages are assigned pursuant to RSA 458-B and the division determines it is not appropriate to report the obligor;

(c) The division determines that reporting would cause the obligor hardship in obtaining employment;

(d) A motion to modify is pending which could reduce the arrearage to an amount less than the legal order of support owed for 60 days; or

(e) The division determines that there is good cause not to report the obligor.

3 Reporting to Credit Agencies; Prior Notice. RSA 161-C:26-a, III is repealed and reenacted to read as follows:

III. The division shall give prior notice to the obligor that such financial disclosure is authorized and of the procedures through which he may contest such financial disclosure. If the obligor contests the financial disclosure pursuant to this section, the division shall provide written findings prior to reporting said obligor.

4 Effective Date. This act shall take effect January 1, 1993.

**HB 1371**, permitting an adoptee 21 years of age or older or adoptive parents to discover the identity of the adoptee's natural parents in certain circumstances. INEXPEDIENT TO LEGISLATE.

Rep. Josephine Mayhew for Children, Youth and Juvenile Justice: The Committee decided that the present New Hampshire Statute on information regarding adoption protects the rights of the adoptee, natural parents and adopted parents. In the 1990 Legislative Session the statutes were strengthened so that information pertaining to the life and safety of the child would be made available. Vote 14-0.

**HB 1411-FN-L**, limiting the compensation of certain non-attorney guardians ad litem. INEXPEDIENT TO LEGISLATE.

Rep. Josephine Mayhew for Children, Youth and Juvenile Justice: The Committee does not accept the premise that those who are not attorneys provide a service that is less valuable when serving as guardians ad litem in juvenile cases. Further, the Committee does not wish to take action that is inconsistent with the intent of the legislature, that all guardians ad litem should be better trained and more highly regulated by the Supreme Court. Vote 14-0.

**HB 1470-FN-L**, relative to education of children. INEXPEDIENT TO LEGISLATE.

Rep. Leo J. Spencer for Education: Sufficient time has not passed to judge the merits of RSA 193-A. Both the Committee and the Department of Education will be reviewing this law in the next session. A draft resolution was presented to the Committee to submit to the New Hampshire Supreme Court relative to questions surrounding the constitutionality of certain issues relating to the home schooling law vs. public education. The Committee did not feel the proposal warranted submission to the Court at this time. Vote 19-0.

**HB 1146-FN**, relative to notification prior to pesticide spraying. INEXPEDIENT TO LEGISLATE.

Rep. Gregory L. Hanselman for Environment and Agriculture: As proposed, this legislation would adversely affect the agricultural industry of New Hampshire by discouraging current, responsible pesticide-application procedures. Testimony at a lengthy and well-attended public hearing was overwhelmingly opposed to this bill. Vote 14-0.

**HB 1181-L**, relative to the current use value of land which is posted. INEXPEDIENT TO LEGISLATE.

Rep. David M. Scanlan for Environment and Agriculture: House Bill 1181 is not workable as drafted. The issues that the sponsor attempts to address will be looked at in the study bill created by HB 1242. Vote 17-0.

**HB 1210**, naming the Karner Blue butterfly the state butterfly. OUGHT TO PASS.

Rep. Linda Griebsch for Environment and Agriculture: The Karner Blue Butterfly is the only one of our state-designated flora and fauna that is indigenous only to New Hampshire. Therefore, the Committee felt it was appropriate to designate it the state butterfly. Vote 14-0.

**HB 1242**, establishing a house study committee on certain current use issues. OUGHT TO PASS WITH AMENDMENT.

Rep. David M. Scanlan for Environment and Agriculture: House Bill 1242 continues the study of inequity issues relative to the current use tax program identified by the study committee created by HBI 1 of the 1991 session. There is a broad spectrum of support for this proposal. Some common ground has been established and a real opportunity exists to address problems that have plagued the current use program. Vote 17-0.

### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

establishing a study committee on certain current use issues.

Amend the bill by replacing all after the enacting clause with the following:

1 Study Committee on Current Use.

I. There is established a committee to study certain issues in current use taxation. The committee shall consist of the following members:

(a) Five house members, appointed by the speaker of the house, from the following committees:

(1) Three members of the environment and agriculture committee, one of whom shall serve as chairperson of the study committee.

(2) One member of the municipal and county government committee.

(3) One member of the ways and means committee.

III. The committee shall submit a report, including any recommendations for legislation, to the speaker of the house, the senate president, and the governor on or before November 1, 1992.

2 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill establishes a study committee to research and make recommendations on certain current use issues.

This bill is a recommendation of the house environment and agriculture subcommittee on HBI 1 of the 1991 legislative session, relating to equalizing the economic impact of current use taxation.

**HB 1267-FN**, requiring the department of environmental services to submit an accounting on moneys received from the federal government for the Tolend Road landfill in Dover, N.H. and exempting municipalities from contributing moneys for cleanup costs. **INEXPEDIENT TO LEGISLATE**.

Rep. William P. Boucher for Executive Departments and Administration: The sponsor filed this bill as a means to resolve a constituent problem. The problem has gone away. The sponsor now recommends Inexpedient to Legislate. Vote 11-0.

**HB 1394-FN-A**, continually appropriating a portion of physicians' license fees to the department of justice. **OUGHT TO PASS**.

Rep. Lawrence A. Emerton for Executive Departments and Administration: Testimony from all concerned agreed that this legislation is long overdue in today's litigious society. This bill will enable the investigatory capability of the Board of Registration in Medicine to be greatly improved both depth and effectiveness. Passage will not only relieve the overworked Attorney General's Office, but will help other boards when this attorney is not helping the Board of Medicine. Vote 14-0.

Referred to Appropriations.

**HB 1360-FN**, authorizing a tri-state fishing license for New Hampshire residents and residents of Maine and Vermont. **REFER FOR INTERIM STUDY**.

Rep. Richard W. Lougee for Fish and Game: There was interest from several sources in pursuing the ideas of this bill. The Committee believes that further input is necessary from Fish and Game and also from Vermont and Maine. Vote 16-1.

**HB 1258**, requiring the ombudsman within the department of health and human services to contact the person or business investigated after completion of such investigation. **INEXPEDIENT TO LEGISLATE**.

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: The Department of Health and Human Services will establish their own "internal" committee to study the issue of requiring the ombudsman to contact "in a timely fashion" the person or business which was the subject of an investigation. Vote 12-0.

**HB 1333-FN**, requiring a hearing in certain circumstances to determine the need for vocational rehabilitation in workers' compensation claims. **REFER FOR INTERIM STUDY**.

Rep. A. Theresa Drabinowicz for Labor, Industrial and Rehabilitative Services: There was some concern by the Committee and there needs to be more study and so it is being sent to Interim Study, hopefully the Committee can come up with something to improve it. Vote 14-0.

**HB 1408-FN-L**, relative to technical changes in the unemployment compensation law and increasing the amount of taxable wages. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Benjamin C. Baroody for Labor, Industrial and Rehabilitative Services: These are technical changes recommended by the Department of Employment Security. The bill is an agreed upon compromise by most of the organizational representatives dealing with the department. It changes from \$7,000 to \$8,000 the employers' contribution cap in 1994. The bill also makes adjustments to the discount rate from .2 percent to .5 percent in any calendar quarter when the unemployment compensation funds exceeds change from \$100 million to \$200 million; and .2 percent to .5 percent in preceding quarter with change from \$115 million to \$225 million and from .3 percent to .5 percent in preceding quarter with \$130 million to \$250 million. Vote 14-0.

**Amendment**

Amend the bill by replacing all after the enacting clause with the following:

1 Increase in the Amount of Taxable Wages. Amend RSA 282-A:69, I to read as follows:

I. Contributions shall accrue and become payable by each employer for each calendar year, in which he is subject to this chapter, in an amount equal to 2.7 percent, except as otherwise provided in RSA 282-A:79-90, of the wages paid *or payable* for employment during such calendar year, not to exceed [\$7,000] **\$8,000** which have been paid to an individual in any calendar year. Such contributions shall become due and be paid by each employer to the commissioner of the department of employment security for the fund in accordance with such rules as the commissioner of the department of employment security may adopt and shall not be deducted, in whole or in part, from the wages of individuals in such employer's employ; provided that the contributions of an employer becoming subject to the law within any calendar year shall be first due and payable after such employer has satisfied the conditions with respect to becoming an employer. For the purposes of this section, the term "wages" shall include service subject to contribution under any employment security law of another state.

2 Adjustments to the Contribution Rate and the Unemployment Compensation Fund. Amend RSA 282-A:82, I-III to read as follows:

I. There shall be subtracted in any calendar quarter from every employer's contribution rate [.2] .5 percent whenever the unemployment compensation fund equals or exceeds [\$100,000,000] **\$200,000,000** throughout the next preceding calendar quarter.

II. There shall be subtracted in any calendar quarter from every employer's contribution rate [.2] .5 percent whenever the unemployment compensation fund equals or exceeds [\$115,000,000] **\$225,000,000** throughout the next preceding calendar quarter.

III. There shall be subtracted in any calendar quarter from every employer's contribution rate [.3] .5 percent whenever the unemployment compensation fund equals or exceeds [\$130,000,000] **\$250,000,000** throughout the next preceding calendar quarter.

3 Repeal. RSA 282-A:82, IV and V, relative to certain contribution rates, are repealed.

4 Effective Date.

I. Section 1 of this act shall take effect January 1, 1994.

II. The remainder of this act shall take effect July 1, 1992.

**AMENDED ANALYSIS**

This bill increases the employers' contribution cap from \$7,000 to \$8,000 effective January 1, 1994.

The bill also makes adjustments to the reduction in contribution rate associated with the level of funds in the unemployment compensation fund. The bill increases the level of moneys in the compensation fund necessary before any reduction in contribution rate is realized.

**HB 1315-L**, amending RSA 154 relative to firewards and firefighters, exempting fire investigators from having law enforcement backgrounds, and extending a study committee. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James J. Fenton for Executive Departments and Administration: This amendment delineates the parameters of fire and police personnel operating in their respective disciplines at the scene of a fire and extends the Committee studying fire laws to 1993. Further, the amendment to House Bill 1315 contains a provision to extend the study committee on the Preservation of the State's Historical Flags. The Committee is gathering information and needs additional time to prepare a final recommendation. The \$1 appropriation establishes a line item, as the Committee is empowered to accept gifts and donations for the purposes of conservation of the flags. Vote 11-0.

### Amendment

Amend the title of the bill by replacing it with the following:

### AN ACT

amending RSA 154 relative to firewards and firefighters, exempting fire investigators from having law enforcement backgrounds, extending the committee studying fire laws, and extending the state historic flag committee and making an appropriation to such committee.

II. The fire officer in charge or his designee may investigate the cause and origin of fires, except as enumerated elsewhere by statute.

III.(a) Upon determination by the fire officer in charge or his designee that a fire is of suspicious or incendiary origin, or when the police officer in charge has reason to believe that the fire resulted from a criminal act, the police officer in charge may:

- (1) Conduct a criminal investigation.
- (2) Restrict access to the scene.
- (3) Collect and secure criminal evidence.
- (4) Gather investigative information.

(b) The powers enumerated under subparagraph III(a) shall only be subject to the authority of the fire officer in charge to extinguish fire, protect against immediate life hazard, and treat and stabilize the sick or injured.

Amend the bill by replacing section 30 with the following:

II. If the committee is unable to complete its report within the [1991] **1992** session due to time limitations, the committee shall submit its findings and recommendations to the speaker of the house, the president of the senate, and the governor in time for submission of a supplemental appropriation for the [1992] **1993** legislative session.

31 Additional Appropriation. The sum of \$1 for the fiscal year ending June 30, 1992, is hereby appropriated to the committee established in 1990, 34:2 as amended by 1991, 170:2 and by section 30 of this act for the purposes of this act. This appropriation shall be nonlapsing. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

32 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill results from the report of a committee established in 1991, 157 to study RSA 154, relative to firewards and firefighters. The bill makes technical corrections in RSA 154 and updates certain provisions relating to aid to disabled firefighters and burial expenses for firefighters who die in the line of duty.

The bill exempts fire investigators investigating fires under RSA 154:7-a from the requirement of having a law enforcement background.

The bill extends the committee established under 1991, 157 and requires such committee to study the issues of accountability and liability of fire departments operating in New Hampshire. The committee is to submit its findings and recommendations in the form of a report to the speaker of the house, president of the senate and governor on November 1, 1992.

The bill also extends the state historic flag committee established under 1990, 34 and makes an appropriation to that committee.

**HB 1111**, relative to liquor and beverage licensees delinquent in paying accounts and relative to advertising liquor and beverages. OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas A. Behrens for Regulated Revenues: The Committee by a vote of 12-0 endorses the return to the Liquor Commission of the ability to suspend licenses for nonpayment. The repeal of this tool was an experiment which did not work. The return to the Commission of suspension powers is accompanied by better notification procedures and a longer grace period before suspension. Vote 12-0.

#### Amendment

Amend RSA 179:13, V as inserted by section 3 of the bill by replacing it with the following:

*V. Each wholesale distributor or beverage manufacturer shall notify any retailer reported to the commission pursuant to RSA 179:13, I who is delinquent in making payment of account. Notification shall be delivered in writing to the licensee by a representative of the wholesaler or beverage manufacturer. Proof of notification shall be forwarded to the commission, whose enforcement division shall issue an administrative notice for a violation of the provisions of RSA 179:13, I and shall forward a report of violation for administrative action. Any license issued to any business violating the provisions of RSA 179:13, I may be suspended by the commission for nonpayment of accounts which are delinquent more than 15 days from the date of the wholesaler distributor's or beverage manufacturer's notification, providing the requirements of this section have been met.*

**HB 1114**, adding and changing certain definitions in the liquor laws including "billboard," "common carrier," "happy hour," "public building," "racetrack," "private group," and "liquor and wine import warehouser." OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas A. Behrens for Regulated Revenues: The Committee by a vote of 13-0 requests the passage of this legislation. House Bill 1114 corrects certain definitions necessary to the proper interpretation of the Liquor Laws. The definition change concerning racetracks will allow certain motor speedways to apply for on-premise licenses. Vote 13-0.

#### AN ACT

adding and changing certain definitions in the liquor laws and

#### AMENDED ANALYSIS

This bill adds or changes the definitions of "billboard," "common carrier," "happy hour," "public building," "racetrack," "private group," and "liquor and wine import warehouse" in the liquor laws.

The bill also allows liquor and wine import warehouse licensees to transport wine and liquor if the wine and liquor are sold to the commission or through the commission to the licensee.

**HB 1130**, relative to ejecting persons from racetracks whose presence is inconsistent with proper conduct of a race meet. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert N. Kelley for Regulated Revenues: This bill merely strengthens the existing statute that allows persons to be ejected from racetracks whose offensive conduct is detrimental to the proper conduct of a race meet. The words "such presence" is added to RSA 284:39-I. This now allows a licensee of a racetrack to refuse to admit, or eject, any person whose conduct is inconsistent with the orderly and proper conduct of a race meet. The amendment merely states that pari-mutuel tickets which remain unclaimed after 11 months shall not be paid. This is a housekeeping measure that will aid the Commission's record keeping. Vote 13-0.

#### Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

relative to ejecting persons from racetracks whose presence is inconsistent with proper conduct of a race meet and relative to unclaimed pari-mutuel pool tickets.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

284:31 Unclaimed Ticket Money. On or before January 31 of each year every person, association or corporation conducting a race or race meet, *whether live racing or simulcast racing*, hereunder shall pay to the state treasurer all moneys collected during the previous year of pari-mutuel pool tickets which have not been redeemed. The books or records of said person, association or corporation, which clearly show the tickets entitled to reimbursement in any given race, *live or simulcast*, shall be forwarded to the commission. Such moneys shall become a part of the general funds of the state. The state treasurer shall pay the amount due on any ticket to the holder thereof from funds not otherwise appropriated upon an order from the commission. *Pari-mutuel tickets which remain unclaimed after 11 months shall not be paid.*

## AMENDED ANALYSIS

Current law allows the licensee of a race track to refuse to admit, or eject, any person whose conduct is inconsistent with the orderly and proper conduct of the race meet. This bill expands this provision to allow such action by the licensee when a person's presence is inconsistent with the orderly and proper conduct of the race meet. This bill clarifies the definition of race to include both live and simulcast racing and limits the time that a pari-mutuel ticket for simulcast or live racing can be redeemed to eleven months.

Rep. Betsy McKinney for Regulated Revenues: This bill permits a charity to conduct four large events per year with a maximum of 200 people per event. This same bill was passed two years ago and "died" in the Senate. The Committee felt that this bill was necessary to allow the small bingo games the ability to compete with large commercial games by offering larger prizes. Vote 13-0.

This bill amends existing law governing bingo games to permit charitable organizations to conduct 4 big game bingo events per year with a maximum of 200 persons per game. The organization shall charge \$100 for 15 cards and \$5 each for additional

cards. Twenty games would be played for prize money of \$500 each and 4 games would be played for \$1,000 each. The state would collect a 7 percent tax on the proceeds collected from big game bingo events as provided under current law.

This bill also increases the one game date prize total value from \$3,500 to \$14,000.

**HB 1252-FN**, creating exceptions from and reciprocity for state water laboratory certification and clarifying the use of fees for certifying state water laboratories. **OUGHT TO PASS WITH AMENDMENT.**

Funds received shall be deposited in a special *revolving fund* account maintained by the department *which shall be continuously appropriated to the department* to offset the costs of the [inspection] *certification* program. [Any balance remaining at the end of the fiscal year shall lapse to the general fund.] This paragraph shall not be construed to mean that all agency costs associated with the certification program, such as agency overhead[,] *and* facilities[, and staff services] are to be prorated and recovered by fees. *Political subdivisions shall be exempt from application fees under this section.*

### AMENDED ANALYSIS

This bill adds certain exceptions from certification for state water laboratories, allows certification fees to be used for staffing and costs associated with certification services, and permits the department of environmental services to enter into reciprocal agreements with other laboratories that are certified by the United States Environmental Protection Agency.

This bill also changes the special account into a special continually appropriated revolving account and exempts political subdivisions from certification fees.

**HB 1446-FN**, requiring automobile dealers to register all demonstration cars. INEXPEDIENT TO LEGISLATE.

Rep. Carl S. Adams for Transportation: Testimony indicates that dealers are presently policing the proper use of dealer plates. Loss of these plates could seriously hamper their ability to operate. The Committee saw no need to impose another expense to the dealers. Vote 12-0.

Rep. Frederick G. Ahrens for Ways and Means: This bill was requested by the Department of Revenue Administration to make certain technical corrections in tax laws, including limits on imposition of penalties and late payment charges against utilities that request an extension of time to file returns, increases on the life of certain liens from 3 to 6 years and amending certain sections concerning tax adjustments. **HB 1332**, removing the prohibition on use or possession of tobacco products by minors. OUGHT TO PASS WITH AMENDMENT.

Rep. Virginia K. Lovejoy for Children, Youth and Juvenile Justice: This bill would remove prohibition on the possession of tobacco products by minors. **CACR 23**, relating to state senate elections. Providing that members of the state senate shall be elected every 4 years and the number of senators from each district shall be increased to 2. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter M. Simon for Constitutional and Statutory Revision: If passed, CACR 23 would do two things (1) lengthen the term of the Senate and (2) increase the size of the Senate. The Committee did not feel that the term of office for the State Senate should be lengthened at this time. From 1792 to 1877 the term of a New Hampshire State Senator was one year long. In 1877 the term length was doubled. In the last 24 years 8 CACRs have been introduced dealing with increasing the term. Not one of the proposed constitutional amendments have passed both bodies of the legislature. The CACR would also increase the number of senators from 24 to 48. Article 25 of the New Hampshire Constitution establishes the membership of the Senate. The Committee is recommending passage of CACR 20 which would increase the size of the Senate to 36. Vote 11-1.

**HB 1110**, relative to the method of electing delegates to state party conventions. **DOUGHT TO PASS.**

Rep. Carol H. Holden for Constitutional and Statutory Revision: House Bill 1110 requires that a person be a registered voter of that party in the district from which he

is to be elected and to receive a minimum of 10 votes or 10 percent of the votes cast in his district, whichever is less. Vote 12-1.

relative to the cost of publishing school laws.

Amend the bill by replacing section 1 with the following:

1 Expense of State Deleted. Amend RSA 186:11, XIX to read as follows:

XIX. SCHOOL LAWS. Compile and issue at the close of each [biennial] session of the legislature[, at the expense of the state,] an edition of the school laws [with the session amendments].

### AMENDED ANALYSIS

This bill removes the requirement that school laws be published at the expense of the state.

This bill is a request of the department of education.

Rep. Skinner yielded to questions.

Rep. David Young: The question is on the Constitutional mandate 28A issue of this particular bill. Will this cause additional expenditures to the cities and towns.

Rep. Skinner: It is very nice to hear that the cities and towns are interested in the school laws. The situation is that they will be going to the Superintendents of Schools, to the school districts, to various municipalities that would ask for such. There has been very little interest from the municipalities for the school laws. It is done at the discretion of the Commissioner of Education and it is part of his duties.

Rep. David Young: A clarifying point. They will be going free to the municipalities and the school districts that request them.

Rep. Skinner: They will be going free to those particular entities.

Rep. Gerald D. Gosselin for Executive Departments and Administration: Although the State Veterans Council has not been made familiar to a great number of veterans, since most do not belong to any veterans organization, the Committee felt that it should remain as is. The Committee heard from many veterans' organizations testifying against this bill. Even the Adjutant General, who was to be the guardian of the Veterans Council, testified against it. The Committee voted 12-2 against it.

2 Transportation Operation; Exemption Added Relating to Common Carriers.

Amend RSA 228:73 to read as follows:

228:73 Statutes Not Applicable. Any regular route passenger transportation operation conducted directly by the department or by contract with the department shall not be subject to [procurement of any regular agent's operating authority from the department;] *the requirements of RSA 376 or RSA 266:72-a*, provided, however, that such operations shall be subject to all safety and insurance standards as set forth by the department for similar operations.

The governor, with advice of the council, may determine upon hearing whether there is occasion for the laying out or alteration of a class I or class II highway or a highway within the state included in the national system of interstate highways in a location proposed by the commissioner of transportation, and, if so, shall appoint a commission of 3 persons who may purchase land or other property in the proposed location and who shall lay out the remainder of such highway or alteration. Any such land or property which cannot be acquired by agreement with the owner or owners thereof may be acquired

in accordance with RSA 498-A. *All property rights acquired under the provisions of this section shall be in fee simple, including property acquired by condemnation proceedings.*

4 Class I and II Highways; Commission Layout Proceedings. Amend RSA 230:14 to read as follows:

230:14 Layout by Commission. The governor, with advice of the council, may appoint a commission of 3 persons who, upon hearing, shall determine whether there is occasion for the laying out or alteration of a class I or class II highway or a highway within the state included in the national system of interstate highways in a location proposed by the commissioner of transportation and if so, the commission may purchase land or other property in the proposed location and shall lay out the remainder of such highway or alteration. The governor, with the advice of the council, on his own motion or a special committee of 3 persons appointed by the governor and council for the purpose, may determine, upon hearing, whether there is occasion for the laying out or alteration of a limited access facility including service roads in a location proposed by the commissioner of transportation; and, if so, the governor, with the advice of the council, shall appoint a commission of 3 persons who may purchase land or other property in the proposed location and who shall lay out the remainder of such facility, service roads, or alteration thereof. The commission appointed by the governor and council to lay out any limited access facility may acquire private or public property and property rights for such facility and service roads, including rights of access, air, view, and light, by gift, devise, purchase or condemnation in the same manner as provided for acquiring property for class I highways [except that]. All property rights acquired under the provisions of this section shall be in fee simple including property acquired by condemnation proceedings. The commission, in its discretion, may acquire an entire lot, block, or tract of land if, by so doing, the interests of the public will be best served even though said entire lot, block, or tract is not immediately needed for the right of way proper; and the commissioner of transportation, with the approval of the governor and council, may sell, convey, transfer or lease any surplus property, real or personal, at public or private sale.

6 Authority to Prescribe Special Rules for Nonprofit Corporations; Reference Added. Amend RSA 261:92 to read as follows:

261:92 Publicly Owned Vehicles; *Nonprofit Corporations*. The director shall have the authority to prescribe special rules relative to registration of vehicles owned and driven by the government of the United States, the state, or by any county, city, town, school district, volunteer fire department, *eligible nonprofit corporation operating transportation under contract with the department of transportation for the public or for elderly or disabled persons*, or public or private educational institution used for the purpose of student driver training, and may issue permanent number plates for such vehicles. Said vehicles displaying said number plates shall be deemed to be properly registered under the provisions of this title and may be driven upon the ways of the state without further registration or subsequent number plates.

7 Railroads Which are Common Carriers; Reference Clarified. Amend RSA 365:22 to read as follows:

365:22 **Railroads Which are Common Carriers.** Whenever the commissioner shall be of the opinion, after a hearing had upon his own motion or upon complaint, that any part of any [public utility] **railroad** operating as a common carrier of passengers or freight within the state reasonably requires alteration or reconstruction, or that the regulations, practices, equipment, appliances or service of any such [public utility] **railroad** in respect to transportation of persons or property within the state are unjust, unreasonable, unsafe, improper or inadequate, the commissioner *of the department of transportation* shall determine the reconstruction or alteration reasonably required, or the just, reasonable, safe, adequate and proper regulations, practices, equipment, appliances and service thereafter to be in force or to be provided, and shall fix and prescribe the same by order to be served upon every such [public utility] **railroad** to be bound thereby.

8 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill authorizes the department of transportation to conduct surveys and interviews for the purpose of planning and development of the highway system over class IV and V training highways.

This bill also requires that all property acquired by the state for the laying out or alteration of a class I or II highway be in fee simple.

This bill grants eligible nonprofit corporations the right to permanent motor vehicle plates.

This bill exempts passenger transportation operations conducted by the department from certain motor carrier statutes.

This bill also clarifies that the public utility common carrier repair orders issued by the department apply to railroads acting as common carriers.

This bill is a request of the department of transportation.

**HB 1378-FN-L**, increasing school aid in the event that a 6 percent income tax becomes law and making an appropriation therefor. INEXPEDIENT TO LEGISLATE.

Rep. Shawn N. Jasper for Ways and Means: This bill is one of four which are tied to an income tax. This bill would provide \$50,000,000 to school districts in the event that an income tax passes. The Committee has no desire to commit the state to spending future money based on a bill which might pass in another session. This issue would best be dealt with when and if an income tax passes. Having a \$50,000,000 promise locked into law may be appealing politically but it does not make for sound management of the state. Vote 13-0.

Adopted.

**HB 1379-FN-L**, relative to a state contribution to towns and cities with land in current use in the event that a personal income tax becomes law and making an appropriation therefor. INEXPEDIENT TO LEGISLATE.

Rep. Douglass P. Teschner for Ways and Means: Given the fact that current use issues will be considered under separate legislation (HB 1242 before Environment and Agriculture Committee), the Ways and Means Committee does not think it appropriate to pursue this legislation at this time. Vote 13-0.

Adopted.

**HB 1444-FN-A**, distributing a portion of the meals and rooms tax to promote tourism in the state in the event a personal income tax becomes law. **INEXPEDIENT TO LEGISLATE**.

Rep. Shawn N. Jasper for Ways and Means: The bill is one of four tied to the passage of an income tax. These bills, if passed, would likely increase the pressure on the legislature to pass an income tax by creating special internal groups who would benefit greatly by the passage of such a tax. In any event, the promotion of tourism is probably best handled by the tourism industry and not by a state agency, as some of us believe that private industry is more capable and efficient than government in most instances. Vote 13-0.

Adopted.

**HB 1482-FN-A**, lowering the business profits tax and dedicating a portion of the business profits tax to venture capital programs, in the event a personal income tax becomes law. **INEXPEDIENT TO LEGISLATE**.

Rep. Shawn N. Jasper for Ways and Means: This bill is the last of the four bills tied to a future income tax. While the Committee is all in favor of seeing that business expands and it recognizes that venture capital is an important part of small business start-up, government may not be the best vehicle for providing that capital. This whole issue is being explored through the Economic Development Committee which this Committee feels is more appropriate at this time. Vote 13-0.

Adopted.

**HB 1335**, relative to plastic holding devices used in packaging. **INEXPEDIENT TO LEGISLATE**.

Rep. Gregory L. Hanselman for Environment and Agriculture: The Committee was unanimous in its opinion that the issues identified in this bill were correctly handled in legislation adopted by the House last session. Of additional concern is, that according to testimony provided at the public hearing, passing this bill would eliminate 188 jobs in Nashua. Vote 14-0.

Rep. Hanselman spoke in favor.

Rep. Leonard Smith moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate.

Rep. Leonard Smith requested a quorum count.

The Speaker declared a quorum present.

Rep. Leonard Smith spoke in favor.

Rep. Marilyn Campbell spoke against.

The substitute motion failed.

Report adopted.

**HB 1466-FN**, defining the term "misconduct" for the purposes of disqualification for benefits, increasing the membership on the advisory council on unemployment compensation and making other changes in the unemployment compensation laws. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Benjamin C. Baroody for Labor, Industrial and Rehabilitative Services: This bill increases the membership on the Advisory Council on Unemployment Compensation from 7 to 9 members and requires the council to conduct meetings at least six times a year, in February, April, June, September, October and November and at the call of the chair. Vote 14-0.

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

modifying the advisory council on unemployment compensation.

Amend the bill replacing all after the enacting clause with the following:

1 Advisory Council; Members Added. Amend RSA 282-A:128 to read as follows:

282-A:128 Advisory Council. There is hereby created within the unemployment compensation bureau an advisory council on unemployment compensation, hereinafter called the advisory council. The advisory council shall consist of [7] **9** members, **6** to be appointed upon recommendations of the commissioner by the governor with the consent and advice of the governor's council. **HCR 25**, encouraging the operators of cable television systems to utilize a portion of their capacity to deliver commercial-free educational programming. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Philip M. Ackerman for Science, Technology and Energy: This resolution recognizes and commends the cable television industry for providing educational programming to subscribers at low cost and encourages the industry to expand this service to work with schools to utilize their capacity to deliver commercial-free educational programming. The resolution also encourages schools to use this resource. Vote 9-0.

4595L

**Amendment**

Amend the resolution by replacing all after the title with the following:

Whereas, television has proven itself the most powerful medium of communication and instruction since the development of the book; and

Whereas, public-spirited individuals and firms are subsidizing the production of educational television programming at levels ranging from basic education to graduate degrees which are made available to cable television systems for distribution to subscribers at very low cost; and

Whereas, such programming would allow New Hampshire residents served by cable television to expand their educational opportunities without the need to leave their homes and that many residents for reasons of time or distance are unable to benefit from existing conventional educational opportunities; and

Whereas, cable television has the capability of transmitting a large number of different programs to their subscribers and, as the holders of franchises from the towns and cities they serve, cable system operators have a responsibility to devote some portion of their capacity to non-commercial educational programming; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That the general court recognizes the commitment to quality educational programming provided by the cable television industry as exemplified by Cable in the Classroom and encourages the operators of cable television systems to utilize a portion of their capacity to deliver commercial-free educational programming to subscribers and schools in their communities and to work closely with schools to increase the availability of distance learning programs for all residents of the state. The general court further encourages all elementary, secondary and post-secondary schools to utilize this valuable educational resource.

6 Report. The committee shall make a report of its findings and recommendations, including proposed legislation, to the president of the senate, the speaker of the house and the governor no later than December 1, 1992.

6 Effective Date. This act shall take effect upon its passage.

### AMENDED ANALYSIS

This bill establishes an apple cider standards review committee to study all areas of apple cider standards, licensing and labeling.

**HB 1165-FN**, requiring state agencies to reuse waste motor oil. INEXPEDIENT TO LEGISLATE.

Rep. Daniel M. Burnham for Environment and Agriculture: Because this bill requires all state agencies to recycle used motor oil and because it also prohibits the sale of used motor oil by any agency to anyone other than another state agency, the Committee thought it was far too restrictive to be useful. Rep. David Wheeler, the bill's sponsor, testified that he was nearing completion of negotiations for the reuse of oil by

the Department of Transportation and that therefore the legislation was no longer necessary. Vote 13-0.

**HB 1125-FN-L**, relative to an agency's violation of certain notice requirements to municipalities. REFER FOR INTERIM STUDY.

Rep. John J. Sytek for Executive Departments and Administration: The Committee feels this bill has merit and addresses a valid concern. During executive session deliberations, questions arose as to whether this bill actually provides the intended remedy. For that reason, the Committee would like the opportunity to study this bill further with the intention of recommending passage of a reworked bill. Vote 15-0.

**HB 1189**, relative to discrimination in the real estate appraiser industry and relative to appraisal education courses. INEXPEDIENT TO LEGISLATE.

Rep. Robert L. Wheeler for Executive Departments and Administration: The problems addressed by this bill were resolved and the sponsor wished to withdraw the bill. The Committee agreed. Vote 14-0.

**HB 1196**, clarifying the amount to be paid from the firemen's relief fund in the event of a claim. OUGHT TO PASS.

Rep. Kathleen W. Ward for Executive Departments and Administration: This legislation replaces the word "widow" to "surviving spouse" to reflect today's female firefighter who might be survived by a "widower." It also increases the funds available in any one year from \$4,000 to \$6,000. Vote 14-0.

**HB 1216**, allowing certain funds to be transferred to the new women's dormitory account at the New Hampshire technical institute. OUGHT TO PASS.

Rep. Cynthia A. McGovern for Executive Departments and Administration: Without the transfer of these funds, room capacities would have to increase to an unacceptable level and the deficit carried forward an additional year. The bond for financing the women's dormitory will be repaid this year, and this bill provides that any money received under the women's dormitory account be transferred to a new dormitory account for future building purposes. Vote 14-0.

Referred to Appropriations.

**HB 1221-FN**, transferring all recycling program responsibilities of the department of environmental services to the office of state planning. INEXPEDIENT TO LEGISLATE.

Rep. William P. Boucher for Executive Departments and Administration: The sponsor asked to substitute an amendment for the bill, in that the bill, as printed, accomplished the Representative's problem. The amendment was an innocuous two paragraph document changing and upgrading language dealing with recyclables and recycling logo. The Subcommittee, after considering all the amendments, felt the bill goes beyond the scope of the original amendment and turned out to be a very comprehensive and complicated bill. Therefore, the Subcommittee unanimously recommends Inexpedient to Legislate. The Committee concurs. Vote 15-0.

**HB 1225-FN-L**, to exempt all political subdivisions of the state from the payment of certain fees imposed by the department of environmental services. OUGHT TO PASS.

Rep. Cynthia A. McGovern for Executive Departments and Administration: This bill would free cities and towns from paying burdensome costs of mandated federal and state programs. The Subcommittee unanimously agreed that this bill has been a long time coming. Vote 14-0.

Referred to Appropriations.

**HB 1284-FN**, creating the position of medical director in the department of corrections. REFER FOR INTERIM STUDY.

Rep. Maurice E. Goulet for Executive Departments and Administration: Health care issues are often a concern with the general public. They may be exacerbated within a confined prison setting. It was the unanimous decision of the Committee, that health care staffing, the care provided, and the overall concerns of prisoner health should be reviewed. The Commissioner of the Department of Corrections also indicated that funding will be requested in next year's budget for one physician. The time afforded, through Interim Study, will provide the opportunity to assess the issues of prison health care. Vote 15-0.

**HB 1316-FN**, repealing the rulemaking authority of the board of nursing relative to nursing assistant fees. OUGHT TO PASS WITH AMENDMENT.

Rep. Lawrence A. Emerton for Executive Departments and Administration: The amendment replaces the original bill which the sponsor no longer needs. This amendment assures that a complaint, not resolved prior to a preliminary hearing, shall be heard at an open public hearing of the persons peers. It also assures that only a member of the board will have the authority to preside. Vote 15-0.

4810L

#### Amendment

1 New Paragraph; Board of Nursing Hearings. Amend RSA 326-B:13-a by inserting after paragraph V the following new paragraph:

VI. Any complaint not resolved at or prior to a preliminary hearing shall be heard by the board. Such hearing shall be an open public hearing. Any member of the board other than the public member shall have the authority to preside at such a hearing and to issue oaths or affirmations to witnesses.

2 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill permits hearings before the board of nursing on complaints not resolved at preliminary hearings.

**HB 1402-FN**, exempting from competitive bidding purchases or services from non-profit organizations by certain state agencies for severely disabled or emotionally disturbed children. OUGHT TO PASS WITH AMENDMENT.

Rep. Paul R. Fillion for Executive Departments and Administration: This bill, as amended, will exempt the Department of Education, Special Education Bureau and the Department of Health and Human Services, Division of Mental Health and Developmental Services from the requirement to purchase services using the procedures for competitive bidding, but only in very specialized instances. Provided by non-profit organizations, such services would serve severely disabled or severely emotionally disturbed children. Contracts may be written for not more than two years, but may be extended for not more than two years. Vote 13-0.

4764L

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

exempting from competitive bidding purchases of services from nonprofit organizations by certain state agencies for severely disabled or emotionally disturbed children.

Amend section 1 of the bill by replacing it with the following:

1 New Paragraph; Purchases Exempted From Competitive Bidding. Amend RSA 186-C:22 by inserting after paragraph V the following new paragraph:

VI. The purchases of services from nonprofit organizations by the department of education, special education bureau and the department of health and human services, division of mental health and developmental services for severely disabled or severely emotionally disturbed children shall not be subject to competitive bidding requirements. Contracts for purchases made under this section shall be for terms of not more than 2 years, but may be extended for 2 additional years. Nothing in this section shall prohibit the department of education from contracting for such services through a competitive bidding process.

Referred to Appropriations.

**HB 1463-FN**, to charge a 10 percent buyer's premium on state-auctioned goods, with the resulting income to be used by the division of historical resources. **OUGHT TO PASS.**

Rep. Robert L. Wheeler for Executive Departments and Administration: The Committee felt the need was real and present and the funding innovative and not a burden on the general fund. Vote 13-0.

Referred to Appropriations.

**HB 1479-FN**, allowing classified state employees disabled by a job-related injury to accumulate holiday, sick and annual time for one year and to have their salary increment dates protected for one year. **INEXPEDIENT TO LEGISLATE.**

Rep. Merton S. Dyer for Executive Departments and Administration: The passage of this bill would conflict with the efforts and intentions of RSA 281-A, the workman's compensation statute. This bill would allow classified employees to accumulate sick and annual leave during the first year of work-connected accidental injury. Work-connected injuries are not charged against the employee's sick or annual leave and they should not receive sick and annual leave while on work-connected sick leave. The question raised by this bill would be better resolved at the bargaining table not through legislation. Vote 12-0.

**HB 1154**, relative to an exemption for the sale of hypodermic syringes for school use. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: The Committee felt that schools need this bill in order to do the experiments in science classes preparing them for future study in their fields of chemistry and biology. Furthermore, by having access to syringes also lessens the exposure to noxious chemicals and also lessens the problem of the disposal of hazardous wastes by only having to use very small quantities of chemicals. Vote 11-1.

4686L

**Amendment**

Amend RSA 318:52-c, II as inserted by section 1 of the bill by replacing it with the following:

*II. Public and nonpublic schools including institutions of higher learning, shall be exempt from the provisions of paragraph I when the school is purchasing the syringes and needles for use in school science laboratory activities and assignments.*

**HB 1195**, requiring any continuing care facility operating under an exempt status to comply with requirements established for continuing care facilities if there is a substantial change in such facility's status. INEXPEDIENT TO LEGISLATE.

Rep. Katherine W. Wheeler for Health, Human Services and Elderly Affairs: House Bill 1195 was unanimously voted Inexpedient to Legislate as no evidence was presented that this bill is needed at this time. The Committee considers that any concerns raised by changes in the status of continuing-care facilities can be addressed by House Bill 451, the omnibus licensing bill for residential care and health facilities passed in 1991 by the legislature as Chapter 365. Vote 15-0.

**HB 1219-FN**, requiring that claims paid on behalf of a medicaid assistance recipient be paid directly to the provider or the medicaid program and relative to recovery of assistance under the medicaid program. OUGHT TO PASS WITH AMENDMENT.

Rep. Carmela M. DiPietro for Health, Human Services and Elderly Affairs: This bill establishes a lien procedure to allow the state to recoup the amount it spent for medical assistance to a Medicaid recipient when such recipient receives a settlement from a liable third person; the amount owed to the state to be paid before distribution of settlement to recipient. Vote 11-1.

4808L

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

relative to recovery of assistance under the medicaid program.

Amend the bill by replacing all after the enacting clause with the following:

1 Lien Procedure. RSA 167:14-a, III is repealed and reenacted to read as follows:

III.(a) Whenever a recipient of medical assistance shall receive a settlement or an award from a liable third person or party, the state shall have a lien to the extent the amount of recovery makes payment possible upon so much of such award or settlement as the state has expended for medical assistance to the recipient. The state's lien for medical assistance shall be paid prior to distribution of the award or settlement to the recipient. No attorney fees shall be deducted from the amount due the state from such award or settlement.

(b) Whenever a recipient of medical assistance institutes legal action, formal or informal, against a liable third person or party, the recipient or his legal representative shall notify the director of the division of human services of such action within 30 days.

2 Effective Date. This act shall take effect 60 days after its passage.

## AMENDED ANALYSIS

This bill establishes a lien procedure to allow the state to recoup the amount it spent for medical assistance to a medicaid recipient when such recipient receives a settlement from a liable third person. The amount owed to the state is to be paid before the distribution of the settlement to the recipient.

**HB 1051**, relative to procedures for offers of judgment in the district and superior courts. **INEXPEDIENT TO LEGISLATE**

Rep. Elizabeth D. Lown for Judiciary: House Bill 1051 proposes to change the system of compensation re attorney's fees from the American system to the British system in which the loser pays attorney's fees. This would drastically alter a system which works well, and it turns out that the British are considering changing to the American system. Vote 14-2.

**HB 1133**, requiring a judge to give certain instructions to the jury in any criminal case or in a civil case whenever government is a party to the trial. **INEXPEDIENT TO LEGISLATE**

Rep. Alf E. Jacobson for Judiciary: This bill has the intention of changing the judicial practice of the state based on positive law to a specialized conception of natural (higher) law by permitting a juror to vote "according to conscience." This effort seeks to replace a history of legal precedent in positive law into a new process in law based on an indeterminate question of conscience. Vote 15-0.

**HB 1157**, requiring that the information contained in a deed be based on the most recently available information, as contained in the tax map. **INEXPEDIENT TO LEGISLATE**

Rep. Alf E. Jacobson for Judiciary: Though the idea of this bill may be good, its implementation would be both difficult and expensive. Vote 15-0.

**HB 1163**, granting a public employee the right to require that a nonpublic session under the right-to-know law be open to the public. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter Hoe Burling for Judiciary: The Committee looked at this bill at the request of the several groups interested in municipal law. Two ideas seemed worthy of further clarification under the Right-to-Know Law: (1) the right of a public employee to have an open meeting regarding his employment, and (2) a statement that sessions discussing the sale or acquisition of real or personal property may be closed to the public, if disclosure in an open meeting would benefit a party or parties whose interests are not those of the general community. Vote 13-0.

## Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

relative to a public employee's right to require that a nonpublic session under the right-to-know law be open to the public.

Amend the bill by replacing sections 1 and 2 with the following:

1 Meeting May Be Open To Public. Amend RSA 91-A:3, II(a) to read as follows:

(a) The dismissal, promotion or compensation of any public employee or the disciplining of such employee, or the investigation of any charges against him, unless the employee affected [requests an open meeting] *(1) has a right to a meeting and (2) requests that the meeting be open, in which case the request shall be granted.*

#### AMENDED ANALYSIS

This bill clarifies the right of a public employee who is afforded an opportunity to meet with a body or agency regarding an issue which is normally discussed in a nonpublic meeting to require that such meeting be open to the public.

The bill also clarifies the definition of property which is discussed in a nonpublic meeting.

**HB 1223-FN**, granting the division of parks and recreation immunity from catastrophic accidents. REFER FOR INTERIM STUDY

Rep. Robert A. Vote 15-0.

**HB 1274**, relative to filing a statement of ownership of real property which has been transferred through inheritance or devise with the registry of deeds. INEXPEDIENT TO LEGISLATE.

**HB 1292**, limiting the civil liability of persons engaged in equine activities. REFER FOR INTERIM STUDY

Rep. Peter Hoe Burling for Judiciary: The Committee wants time to respond to the needs of the equine industry, particularly with reference to insurance availability and concepts of industry self regulation. There is no interest in further extensions of limitations on liability, but there is interest in seeing what can be done to help the horsemen. Vote 15-2.

Rep. Elizabeth D. Lown for Judiciary: This bill was submitted in response to growing evidence that police personnel files are being used for "fishing expeditions" in the course of criminal trials, the purpose of the fishing expedition being to deter or delay criminal prosecutions. The bill, as amended by the Committee, provides an effective and appropriate standard for court review of personnel files, and preserves the important confidentiality which police personnel files require. 105:13-b Confidentiality of Personnel Files. No personnel file on a police officer who is serving as a witness or prosecutor in a criminal case shall be opened for the purposes of that criminal case, unless the sitting judge makes a specific ruling that probable cause exists to believe that the file contains evidence relevant to that criminal case. If the judge rules that probable cause exists, the judge shall order the police department employing the officer to deliver the file to the judge. The judge shall examine the file in camera and make a determination whether it contains evidence relevant to the criminal case. Only those portions of the file which the judge determines to be relevant in the case shall be released to be used as evidence in accordance with all applicable rules regarding evidence in criminal cases. The remainder of the file shall be treated as confidential and shall be returned to the police department employing the officer.

## AMENDED ANALYSIS

This bill permits the personnel file of a police officer serving as a witness or prosecutor in a criminal case to be opened for purposes of that case under certain conditions.

**HB 1387-FN-L**, clarifying the laws relative to temporary guardianship. REFER FOR INTERIM STUDY

Rep. Robert A. Lockwood for Judiciary: This bill stirred up heated debate. Because of the severely divided opinions among all parties of interest, and because of the complexity of the issues, the Committee unanimously agreed that further study is indicated. Vote 14-0.

**HB 1393-FN**, establishing that fines for summonses for motor vehicle violations for which a plea may be made by mail be paid to the division of motor vehicles. OUGHT TO PASS WITH AMENDMENT

4829L

## Amendment

Amend the bill by replacing section 8 with the following:

8 Effective Date.

I. Section 6 of this act shall take effect July 1, 1994, at 12:01 a.m.

II. Section 7 of this act shall take effect upon its passage.

III. The remainder of this act shall take effect as provided in section 7 of this act. Referred to Appropriations.

**HB 1428**, establishing a study committee to investigate the need and possible funding sources for a state witness protection program. INEXPEDIENT TO LEGISLATE.

Rep. Donnalee M. Lozeau for Judiciary: This bill would have created a study committee relative to the need for funding a state "witness protection" program. The Committee felt at this time that this was unnecessary. The hearing was attended by the sponsor only. This indicated to us that there was not a driving force promoting such a program. Vote 18-0.

**HB 1440-FN**, relative to preparation of master jury lists by the department of safety from drivers' licenses lists. OUGHT TO PASS WITH AMENDMENT

Rep. Alf E. Jacobson for Judiciary: This bill permits the court to draw the jury list from the listing of holders of a current New Hampshire driver's license. The amendment changes the words, "an official" to "a Department of Safety" identification card in cases of non-drivers. Vote 13-0.

4830L

## Amendment

Amend RSA 500-A, IV as inserted by section 1 of the bill by replacing it with the following:

IV. "Master jury list" means the list compiled by the department from the official record of persons who hold a current New Hampshire driver's license or a department of safety identification card.

## AMENDED ANALYSIS

This bill requires the department of safety to prepare a master jury list annually from the official record of persons who hold a current New Hampshire driver's license or a department of safety identification card. Currently the master jury list is compiled by the clerk of the superior court of each county from names of prospective jurors supplied to the clerk by the selectmen.

**HB 1397-FN-L**, extending unemployment benefits for 13 weeks beyond the current limit until the state unemployment rate is at or below 5 percent for 3 consecutive months. **INEXPEDIENT TO LEGISLATE**.

Rep. Carl R. Johnson for Labor, Industrial and Rehabilitative Services: There is no need for this bill, federal law covers extended benefits and has been implemented twice this year. Vote 14-0.

**HB 1230**, prohibiting municipalities from enacting and enforcing local sanitary waste disposal regulations which are more stringent than state regulations. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas B. Salatiello for Municipal and County Government: If passed, this bill would prohibit communities from enacting and enforcing rules, regulations, or ordinances that are more stringent than state law or rules adopted by the Department of Environmental Services. This bill would violate the entire "home rule" philosophy of government in this state. The committee believes that the existing statutes provide municipalities with the flexibility they need to protect their water resources and to establish higher standards. The bill was strongly opposed by the New Hampshire Association of Conservation Commissions. Vote 13-0.

**HB 1241-FN-L**, relative to registration fees for kittens. **INEXPEDIENT TO LEGISLATE**

Rep. Richard T. Trelfa for Municipal and County Government: HB 1241 as proposed will not solve the problem as described. Enforcement would be difficult, if not impossible. Vote 13-0.

**HB 1268**, relative to inspection and permit fees set by local legislative bodies. **OUGHT TO PASS WITH AMENDMENT**

Rep. John S. Barnes, Jr. for Municipal and County Government: This removes ambiguity from RSA 673:16. The Department of Revenue Administration supports the bill. Vote 13-0.

4524L

## Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Reference Added. Amend RSA 673:16, I to read as follows:

I. Each local land use board may appoint such employees as it deems necessary for its work who shall be subject to the same employment rules as other corresponding civil employees of the municipality. Each board may also contract with planners, engineers, architects, and other consultants for such services as it may require. The expenditures of the board, exclusive of gifts [or], reimbursements, *or amounts held pursuant to paragraph II*, shall be within the amounts appropriated for the purpose by the local legislative body, which may provide such funds, equipment, and accommodations as it deems necessary or advisable for the board's work. Each board may accept and use gifts, grants, or contributions for the exercise of its functions, in

accordance with procedures established for the expenditure of funds within the municipality.

2 Municipal Fees Placed in Separate Funds. RSA 673:16, II is repealed and reenacted to read as follows:

II. Any fee which a local land use board, acting pursuant to this title, collects from an applicant to cover an expense lawfully imposed upon that applicant, including but not limited to the expense of notice, the expense of consultant services or investigative studies under RSA 674:4, I(g), or the implementation of conditions lawfully imposed as part of a conditional approval, may be paid out toward that expense without approval of the local legislative body. Such fees:

(a) Shall, whenever held by the municipality, be placed in the custody of the municipal treasurer, subject to the same investment limitations as for other municipal funds.

(b) May be paid out only for the purpose for which the expense was imposed upon the applicant.

(c) Shall be held in a separate, nonlapsing account, and not commingled with other municipal funds; provided, however, that such fees may be used to reimburse any account from which an amount has been paid out in anticipation of the receipt of said fees.

(d) Shall be paid out by the municipal treasurer only upon order of the local land use board or its designated agent for such purpose.

This paragraph shall not apply to application, permit, or inspection fees which have been set by the local legislative body as part of an ordinance, or by the selectmen under RSA 41:9-a. Notwithstanding RSA 672:7, a building inspector shall not be considered a "local land use board" for purposes of this section.

3 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill clarifies which fees set by local land use boards are to be placed in separate accounts and how certain fees may be spent.

**HB 1277-FN-L**, requiring municipalities to adopt the BOCA National Building Code when they adopt a local building code. INEXPEDIENT TO LEGISLATE

Rep. John A. Middleton for Municipal and County Government: The Committee feels that towns and cities should have the right to adopt the code of their choosing or part thereof, there being many national codes. Although a number of BOCA officials and building inspectors testified in favor; the Office of State Planning, the Commissioner of Agriculture, the NH Municipal Association, several farmers, and local officials were strongly opposed. In summary, the Committee deems it inappropriate for the State to mandate what code would be adopted by municipalities. Vote 14-0.

**HB 1308**, relative to technical changes to the municipal charter laws. OUGHT TO PASS

Rep. Eugene W. Clark for Municipal and County Government: This bill removes obsolete references to "appointed members" of charter commissions and condenses the time frame for review process concerning changes. Vote 15-0.

**HB 1340-FN-L**, relative to withholdings for property taxes. INEXPEDIENT TO LEGISLATE

Rep. John A. Middleton for Municipal and County Government: This bill would cause more problems than it would solve. The preponderance of testimony was in opposition. Vote 13-0.

**HB 1341-FN-L**, clarifying the terms “subsequent tax” and “registered” and “certified” mail for purposes of certain property tax laws. **OUGHT TO PASS WITH AMENDMENT**

Rep. Paul A. Golden for Municipal and County Government: Requested by the Department of Revenue Administration, the amended bill addresses the payment of “subsequent tax” by a purchaser of real estate at a tax sale or payment by a municipality, a county or the state as holder of a tax lien, and sets forth procedural directions to the tax collector of notification to the register of deeds, amount of payment, date, name of municipality, county or state paying the tax, with date of the tax lien, name of person taxed, and description of the property subject to the tax lien as shown in the report recorded in the registry of deeds. Vote 13-0.

4819L

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Payment of Subsequent Tax. Amend RSA 80:37 to read as follows:

80:37 Payment of Subsequent Tax. *For purposes of this section, “subsequent tax” shall mean any tax assessed upon the real estate subsequent to that for which it was sold by a municipality, a county or the state.* The purchaser of real estate at any tax sale may pay to the collector any *subsequent* tax [assessed upon the real estate subsequent to that for which it was sold] and the collector shall, within 30 days after such payment, notify the register of deeds thereof, giving the date and the amount of such payment and the name of the person so paying together with the date of the tax sale, the name of the person taxed and a description of the property sold as shown in the report of sale recorded in the registry of deeds. The collector of taxes shall receive \$1 for such notice to the register of deeds of the *payment of* subsequent [payment] *tax* plus \$1 to be paid to the register of deeds. The purchaser, within 30 days of payment of the subsequent tax, shall personally, or by certified mail, notify in writing any mortgagee who was notified of his purchase at the tax sale of this payment of the subsequent tax. The purchaser paying the subsequent tax shall receive the same fees prescribed for notifying the mortgagee of his purchase at the tax sale to be included in his costs to be paid by the person making redemption, except that when a town is a purchaser at a tax sale and the town pays a *subsequent* tax [subsequent to that for which the real estate was sold] and the selectmen direct the collector of taxes as agent for the town to give notice of payment of a subsequent tax to any mortgagee who was notified of the purchase by the town at the tax sale, the collector shall be paid the sum of \$5 for this service. Any amounts so paid on account of subsequent taxes, together with interest thereon at the rate of 18 percent per annum from the date of payment shall, in addition to the purchase price at the time of sale with accrued interest and costs, be paid by the person making redemption.

2 Notice; Certified or Registered. Amend RSA 80:66 to read as follows:

80:66 How Notice Shall be Given. The notice shall be in writing, and a copy shall be given to each mortgagee as recorded at the registry of deeds in hand, or left at his usual place of abode, or sent by *certified mail, return receipt requested, or* registered mail to his last known post-office address.

3 Payment of Subsequent Tax. Amend RSA 80:75, I to read as follows:

I. *For purposes of this section, “subsequent tax” shall mean any tax assessed upon the real estate subsequent to that for which it was liened by a municipality, a county or the state.* The municipality, county, or state as holder of the tax lien may

pay to the collector any *subsequent* tax [assessed upon the real estate subsequent to that of the execution of the lien,] after the final installment of said tax for that year is delinquent, and the collector shall, within 30 days after such *payment of* subsequent [payment] *tax*, notify the register of deeds of the payment, giving the date and the amount of such payment and the name of the municipality, county, or state so paying, together with the date of the tax lien, the name of the person taxed, and a description of the property subject to tax lien as shown in the report recorded in the registry of deeds. The collector of taxes shall receive \$2 for such notice to the register of deeds of the subsequent payment plus \$2 to be paid to the register of deeds.

4 Effective Date. This act shall take effect January 1, 1993.

**HB 1367**, enabling local legislative bodies to limit the sale of the use of rights-of-way. **INEXPEDIENT TO LEGISLATE**

Rep. John S. Barnes, Jr. for Municipal and County Government: The sponsor asked the Committee to make this bill Inexpedient to Legislate. Vote 13-0.

**HB 1429**, relative to accounting for land use change tax funds. **OUGHT TO PASS**

Rep. Richard T. Trelfa for Municipal and County Government: This bill clears up a minor problem with legislation passed last year. Vote 13-0.

**HB 1469-FN-L**, changing the interest rates on delinquent and subsequent taxes. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas B. Salatiello for Municipal and County Government: This bill, if passed, would change the interest rate on delinquent taxes from 12 percent to 2 percent above the prime rate of interest and on subsequent taxes from 18 percent to 4 percent above the prime rate of interest. The Department of Revenue Administration indicated a probable impact of lost income of \$13.5 million per year on municipalities, resulting in a direct reduction in revenues to communities. The high interest rates for delinquent taxes were enacted deliberately by the Legislature as an incentive for people to pay their taxes on time. Citizens who cannot afford their taxes should not be borrowing that money from the town. Finally, enactment of this bill would impose an expanded responsibility on municipalities without funding it, and would therefore arguably be an unfunded mandate in violation of Part 1, Article 28-A of the New Hampshire Constitution. The testimony was mixed, with the preponderance in opposition. Vote 13-0.

**HB 1305**, permitting the sale of pistol canes. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert R. Walsh for Public Protection and Veterans Affairs: The Committee expended an inordinate amount of time and effort in researching this legislation. Gun canes and rifle canes have been declassified by the Bureau of Alcohol, Tobacco and Firearms from former classification as "curios or relics" and are, therefore, no longer considered weapons covered by the "National Firearms Act," but rather "antiques," not subject to the provision of the National Firearms Act. Gun canes have not been manufactured for almost 100 years, are of legitimate historical and collector interest, are of substantial monetary value, and are highly unlikely to be used in the commission of a crime. Possible criminal misuse with gun canes is covered in RSA 631:4 "criminal threatening," and they are not considered to be a potential problem by the office of the Attorney General. Vote 14-0.

4871L

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

permitting the carrying and selling of antique gun canes.

Amend RSA 159:1 as inserted by section 1 of the bill by replacing it with the following:

159:1 Definition. Pistol or revolver, as used herein, means any firearm with barrel less than 16 inches in length. It does not include antique pistols, *gun canes*, or revolvers. An antique pistol, *gun cane*, or revolver, for the purposes of this chapter, means any pistol, *gun cane*, or revolver utilizing an early type of ignition, including, but not limited to, flintlocks, wheel locks, matchlocks, percussions and pin-fire, but no pistol, *gun cane*, or revolver which utilizes *readily available* center fire or rim-fire cartridges *which are in common, current use* shall be deemed to be an antique pistol, *gun cane*, or revolver. *Nothing in this section shall prevent antique pistols, gun canes, or revolvers from being owned or transferred by museums, antique or arms collectors, or licensed gun dealers at auctions, gun shows, or private premises provided such ownership or transfer does not conflict with federal statutes.*

**HB 1227-A**, decreasing the bonding authorized relative to the Manchester access ramp project. OUGHT TO PASS WITH AMENDMENT.

Rep. John F. Weeks, Jr. for Public Works: The bill is a request of the New Hampshire Department of Transportation. The bill decreases the bonding authorized for the Manchester ramp project, but never used. The amendment repeals Chapter 235, Laws of 1991. The Committee is unanimous in support of this bill. Vote 12-0.

4794L

**Amendment**

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4.

3 Repeal. 1991, 235, relative to improvements on Gosling Road, is repealed.

Referred to Appropriations.

**HB 1238-FN**, authorizing the reconstruction of the Route I-89 exits 18 and 20 interchanges in Lebanon. OUGHT TO PASS WITH AMENDMENT.

Rep. David J. Alukonis for Public Works: The reconstruction of exits 18 and 20 on Interstate Route 89 has been requested by the city of Lebanon and is supported by the New Hampshire Department of Transportation. Currently hazardous situations occur frequently when traffic exiting I-89 at these exits stacks up and impedes traffic in the travel-lanes. This situation has been caused, in part, by the operations of the new Dartmouth-Mary Hitchcock Hospital as well as by increased commercial and industrial-related traffic in the area. Through the use of impact fees (Dartmouth-Mary Hitchcock Hospital alone has paid an off-site impact fee of \$1.5 million) and other city funds, numerous traffic improvements in the vicinity of these two exits have been constructed, and others are planned. There has been a very high level of cooperation between the city and the state in the coordination of traffic improvements on both state and local highways in this vicinity. The reconstruction of these two exits is a significant part of an overall highway facility improvement program planned by the city of Lebanon. The amendment switches the priority between the two exits to reflect the desires of the city of Lebanon. Vote 12-0.

4588L

**Amendment**

Amend 1986, 203:3, I(a)(9) and (10) as inserted by section 1 by replacing them with the following:

- (9) Lebanon Reconstruction of Route 120  
interchange, (Exit 18)
- (10) Lebanon Reconstruction of Route 12-A  
interchange, (Exit 20)

Referred to Appropriations.

**HB 1454-FN**, relative to the motor vehicle fuel tax imposed on propane and compressed natural gases. REFER FOR INTERIM STUDY.

Rep. David J. Alukonis for Public Works: The intent of House Bill 1454 is to equalize the motor fuel tax on propane and compressed natural gas (CNG) based upon the BTU content of these fuels. In so doing, the sponsor hoped to encourage the use of propane and CNG as motor fuels. Increasing the use of these two gases by motor vehicles, could effectively reduce the emissions caused by motor vehicles. While the Committee agrees with the sponsor's intent, it noted that changing the fuel tax levy based upon the fuel's efficiency and performance could have significant future effects on the application and collection of motor fuel taxes. Therefore, the Committee feels that the issue should be referred to Interim Study to consider the broad spectrum of effects possible due to a change in the levy of motor fuel taxes based upon fuel performance. Vote 17-0.

**HB 214-FN-A**, creating a new class of highways for access to public waters and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT.

Rep. Mary Ann Lewis for Resources, Recreation and Development: The bill, as amended, was originally considered by the Fish and Game Committee and specifies a new category of Class IIIa highways, which are designated "boating access highways." The bill is a companion bill to House Bill 601 which establishes a boating access program. The Committee is pleased to concur with the Fish and Game Committee. Vote 13-0.

4816L

**Amendment**

Amend RSA 229:5, III-a as inserted by section 1 of the bill by replacing it with the following:

III-a. Class III-a highways shall consist of proposed boating access highways from any existing highway to any public water in this state. All class III-a highways shall be limited access facilities, as defined by RSA 230:44 and subject to the layout, design, construction, maintenance provisions, and all other provisions relative to limited access facilities. A class III-a highway may be made subject to gates or bars and restricted to the accommodation of persons on foot, or certain vehicles, or both.

Amend RSA 230:44-a as inserted by section 4 of the bill by replacing it with the following:

230:44-a Jurisdiction of Class III-a Highways. For the purposes of this subdivision, the executive director of the fish and game department shall have authority over all class III-a highways.

Amend RSA 265:78 as inserted by section 13 of the bill by replacing it with the following:

265:78 Competitive Bicycle or Moped Races. No person shall conduct or participate in any competitive bicycle or moped race on any class I [or], class III, *or class III-a* highway or on the state-maintained part of any class II highway, unless such race is sponsored by a recognized bicycle or moped organization and the sponsor of such race has obtained, prior to such race, the written approval of the commissioner, *the executive director of the fish and game department* and of the police department of each city, town or place in which such race is to be held. The commissioner *and the executive director of the fish and game department* may require insurance, police coverage or other regulations to insure the safety and protection of the public, and the permit may exempt competitors from such requirements of this chapter relative to rules of the road as are not inconsistent with public safety.

Amend the bill by replacing section 17 with the following:

17 Effective Date. This act shall take effect July 1, 1992.

Amend the bill by deleting sections 7, 14, and 16 and renumbering sections 8-13, 15, and 17 to read as 7-13, respectively.

#### AMENDED ANALYSIS

This bill creates a class III-a highway classification. Class III-a highways shall consist of all proposed boating access highways from any existing highway to any public water in this state. All class III-a highways shall be limited access facilities, as defined by RSA 230:44. A class III-a highway may be made subject to gates or bars and restricted to the accommodation of persons on foot, or certain vehicles, or both. Class III-a highways shall be under the jurisdiction of the fish and game department.

An appropriation is made to the fish and game department for the purposes of this bill and charged to the fish and game fund.

Referred to Appropriations.

**HB 1168-FN**, relative to acquiring the Gumpus Pond dam. REFER FOR INTERIM STUDY.

Rep. Howard C. Dickinson for Resources, Recreation and Development: House Bill 1168 is being sent to Interim Study because the Committee wants to insure that the landowners around Gumpus Pond understand the procedure for establishing a village district. Furthermore, no dam may be accepted by the state without the review and approval of the Dam Maintenance Review Committee (DAM-REV). Vote 15-0.

**HB 1218-FN-A**, authorizing the North Conway water precinct to hire a consultant to study the sewerage situation and making an appropriation therefor. REFER FOR INTERIM STUDY.

Rep. Howard C. Dickinson for Resources, Recreation and Development: House Bill 1218 is being sent to Interim Study because the Committee wants to review the procedures and policies concerning the permitting and financing of waste water treatment plants, with particular emphasis upon interstate waters issues. Vote 14-0.

**HB 1228-FN-L**, exempting certain single-family residential property from connecting to a municipal sewer line. OUGHT TO PASS WITH AMENDMENT.

Rep. Janet M. Conroy for Resources, Recreation and Development: RSA 147:8 requires property owners to hookup to a public sewer system if it is within 100 feet of said property. House Bill 1228, as amended, gives the municipal officials the authority to grant a waiver to this requirement if the on-site system complies with state and local regulations and was approved for construction after January 1, 1985. Vote 10-1.

4647L

**Amendment**

Amend the title of the bill by replacing it with the following:

**HB 1054-FN**, relative to the industrial development authority. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert L. Wheeler for Executive Departments and Administration: The Committee feels the state guarantee will be put to good use by preserving the vast number of jobs encompassed by this project. The economy will be protected and the financial well-being of the state will not be compromised with the issuance of these bonds. Vote 11-1.

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Recommendations. The general court recognizes that in the first instance the primary focus of this act will be a proposed guarantee agreement for the James River Corporation, and specifically its plants operating in the Berlin/Gorham area of New Hampshire. In the course of the hearings before it, the house economic development committee has heard testimony about concerns of the state which ought to be recognized in the course of the negotiations. Therefore, the general court respectfully recommends to the governor that the conditions enumerated hereinbelow be incorporated in any guarantee agreement entered into under RSA 162-I:9-a between the state of New Hampshire and James River Corporation:

(a) That the parent corporation, James River Corporation, of Virginia, be the party to the guarantee agreement.

(b) That the agreement include a provision stating the maximum guarantee amount, principal and interest, covered by the agreement.

(c) That the agreement include the maturity and interest rate of the underlying indebtedness covered by the agreement.

(d) That the agreement include a representation by James River Corporation that all funds are to be expended in New Hampshire primarily for the purpose of improving environmental systems of the plants operating in Berlin/Gorham.

(e) A description of the rest of the capital investment program planned by the James River Corporation in Berlin/Gorham.

(f) A representation by James River Corporation that it intends to pursue other tax-exempt sources of funding.

(g) That if a sale of the plant occurs or there is a transfer or assignment of the guaranteed loan, the loan will be accelerated and New Hampshire will be relieved of its guarantee obligation.

(h) Standard, commercial cross-default provisions.

(i) A requirement that the James River Corporation make quarterly reports of its financial condition to the governor.

2 Purpose. The general court finds that the state is now experiencing a period of severe economic difficulty and that when such periods of economic difficulty occur it may be necessary for the state to intervene in order to protect or promote the economic well being and general welfare of its citizens and to minimize the risk of permanent economic damage to the state or a region of the state. It is the purpose of this act to authorize the state to guarantee revenue bonds issued by the industrial development authority under RSA 162-I in order to protect and promote the economy of the state. It is hereby declared that the governor and council, the state treasurer and the industrial development authority shall be performing a governmental function, advancing a public purpose and conferring a public benefit in carrying out the provisions of this act.

3 New Section; State Guaranty. Amend RSA 162-I by inserting after section 9 the following new section:

162-I:9-a State Guarantee.

I. The governor and council may award an unconditional state guarantee of the principal of and interest on bonds issued under this chapter. The full faith and credit of the state shall be pledged for any such guarantee, but the total outstanding principal amount of bonds guaranteed by the state under this section at any time shall not exceed \$25,000,000. For the purpose of determining the amount of bonds guaranteed by the state pursuant to this section, the amount of any issue of bonds sold at a discount shall be equal to the net proceeds thereof, determined by adding to the face amount of the bond issue the premium, if any, related to bonds of that issue and then subtracting the discount related to bonds of that issue. The amount of bonds of any such issue considered outstanding at any time, shall be determined by multiplying the face amount of the bonds of that issue then outstanding by a fraction, the numerator of which is the net proceeds of the issue as determined above, and the denominator of which is the face amount of the issue. The governor, with the advice and consent of the council, is authorized to draw his warrant for such sum as may be necessary out of any money in the treasury, not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section. The state's guarantee shall be evidenced on each guaranteed bond by an endorsement signed by the state treasurer in substantially the following form:

The state of New Hampshire hereby unconditionally guarantees the payment of the whole of the principal and interest on the within bond and for the performance of such guarantee the full faith and credit of the state are pledged.

---

State Treasurer

In connection with the award of a state guarantee, the governor and council may impose such terms and conditions as they may deem appropriate concerning the bonds, the use and operation of the eligible facilities, the reimbursement to the state if any state funds are used to honor the guarantee and any other matters necessary or

desirable to carry out the purposes of this section. Such terms and conditions may be contained in an agreement among the state, the authority and user of the eligible facility to be executed on behalf of the state by the governor and the state treasurer and on behalf of the authority by any 2 persons authorized to execute bonds under RSA 162-I:8.

II. The governor and council shall not award any state guarantee under this section unless they have found after a hearing that such guarantee will serve a public use and provide a public benefit and have determined that the authority's financing of the project and the state's guarantee of the bonds will be within the policy of, and the authority conferred by, this chapter.

III. Before awarding any state guarantee of bonds under this section the governor and council shall first make the findings required by RSA 162-I:9, except the finding required by RSA 162-I:9, II(b)(4), taking into account the state guarantee. In addition, the governor and council shall also find that:

(a) The financing of the facility is of vital importance to the economic well being and general welfare of a substantial number of the state's citizens and will minimize the risk of permanent economic damage to the state or a region of the state;

(b) The award of a state guarantee will contribute significantly to the success of the financing; and

(c) Reasonable and appropriate measures have been taken to minimize the risk of loss to the state and to ensure that any private benefit from the award of a state guarantee will be only incidental to the public purpose served thereby.

IV. The hearing required by this section may be held and the findings and determinations so required may be made in conjunction with the proceedings required by RSA 162-I:9.

V. Whenever a state guarantee of bonds is awarded under this section the statement required by the first sentence of RSA 162-I:8, III shall be appropriately modified and the finding required by RSA 162-I:9, II(b)(4) shall not be made.

4 New Paragraph; Signature of State Treasurer. Amend RSA 162-I:8 by inserting after paragraph IV the following new paragraph:

V. The signature of the state treasurer on any endorsement of a state guarantee of a bond may be manual or facsimile.

5 Conforming Amendment. RSA 162-I:10, I is repealed and reenacted to read as follows:

I. No financing or security document, bond or other instrument shall in any way obligate the state to raise any money by taxation or use of other public funds for any purpose in relation to an eligible facility, and neither the state nor the authority shall pay or promise to pay any debt or meet any financial obligation to any person at any time in relation to an eligible facility financed in whole or in part by the issue of bonds except:

(a) From moneys received or to be received under the provisions of a financing or security document entered into under this chapter or derived from the exercise of the authority's rights under those instruments;

(b) As permitted by RSA 162-I:9-a; or

(c) As may be required by law other than the provisions of this chapter.

6 Effective Date. This act shall take effect upon its passage.

## AMENDED ANALYSIS

This bill authorizes the industrial development authority to issue bonds guaranteed by the state not to exceed \$25,000,000 for the purpose of protecting and promoting the economy of the state.

This bill also sets forth certain recommendations for agreements entered into under this bill.

This bill also limits the term of the executive director to 4 years.

Reps. Robert Wheeler and Burling spoke in favor and yielded to questions.

Adopted.

Report adopted.

Referred to Appropriations.

**(Speaker Burns in the Chair)**

**HB 1259-FN**, requiring certain data to be submitted to the general court from the department of education. REFER FOR INTERIM STUDY.

Rep. William A. Riley for Education: The Committee would like this measure as a vehicle to assure that our directive to the State Board of Education, dealing with specific concerns with the SAU structure, is addressed in a report due October 1, 1992, and that specific changes dealing with legislation can be addressed in this bill. Vote 19-0.

Rep. Champagne spoke in favor and yielded to questions.

Rep. Jacobson spoke against and yielded to questions.

Referred for Interim Study.

**HB 1362-FN-L**, relative to the amount of out-of-state service which may be purchased by group II members. INEXPEDIENT TO LEGISLATE.

Rep. Robert L. Wheeler for Executive Departments and Administration: The Committee feels that the current law is adequate regarding out-of-state service purchase and to further expand this privilege would invite adverse selection against the retirement system to its financial detriment. Vote 11-1.

Adopted.

**HB 1458-FN**, licensing elevator mechanics. INEXPEDIENT TO LEGISLATE.

Rep. Maurice E. Goulet for Executive Departments and Administration: With a unanimous vote, the Sub-committee agreed that this bill does not answer a safety issue regarding elevator safety. What really is required are better procedures for elevator inspections; and this bill does not address this issue. Perhaps next year a new piece of legislation may address this issue. Vote 11-3.

Adopted.

**HB 1459-FN**, protecting the job and certain benefits of a classified employee injured in the line of duty. INEXPEDIENT TO LEGISLATE.

Rep. Merton S. Dyer for Executive Departments and Administration: Injuries that are work-related are not routinely charged against a state employee's sick and annual leave. They may elect to use their sick or annual leave to supplement their workman's compensation payments. This bill would also make the appointing authority the final judge for determining whether the injury received is in the line of duty or not. This is contrary to state statute which gives the workers' compensation commission for state employees this responsibility. Possibly a better way to address the concerns outlined in the bill would be for the state to develop a policy for light-duty positions or transfers to alternate positions during rehabilitation. Lastly, passage of this bill could increase state expenditures to a maximum of \$1,925,000. Vote 10-1.

Adopted.

**HB 1484-FN**, to provide retirement system credit for service in the university system of New Hampshire. **INEXPEDIENT TO LEGISLATE**.

Rep. Merton S. Dyer for Executive Departments and Administration: The Committee heard limited testimony on this bill and after investigating the UNH Retirement System and the NH Retirement System, it found that the two systems had many differences. The UNH system is a defined contribution system, while the NH system is a defined benefits system. The UNH system has no vesting period while the NH system requires 10 years vesting. The systems are not equal so buy-in by UNH employees should not be allowed. UNH employees transferring to employment with municipal governments that participate in the NHRS should be encouraged to place funds that may be withdrawn for the UNHRS in private retirement programs. Vote 16-1.

Adopted.

**HB 1414-FN-A**, establishing a medicaid plan to enhance the funding of services for children and families and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Marion L. Copenhagen for Health, Human Services and Elderly Affairs: The purpose of this bill is to expand the state's Medicaid program in order to be eligible for federal funds. By enhancing the funding for services to children the state will be able to provide better case management and in some instances get Medicaid reimbursement for school initiatives that are now being paid for by local taxpayers. The appropriation is to provide the staff and training in order to be eligible for these funds. Vote 13-0.

### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to the medicaid plan to enhance the funding of services for children and families and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The general court recognizes that there are many children and families in New Hampshire who could materially benefit from case management and other community support services. The general court further recognizes that the federal government will fund such services through the medicaid program, and that this federal medicaid revenue is vital to the ability of the state government to implement these vitally necessary services for the benefit of New Hampshire children and families in crisis. Therefore, the general court directs the department of health and human services to continue its efforts to refine and expand the state medicaid plan and recruit and train providers to participate in the medicaid program.

2 Program Assistance; Report. The state medicaid plan is a complex document which must be continually updated, refined, and improved to reflect the rapid evolution of services which may be funded under the federal program. In addition, service providers require support, training, and program assistance in order to obtain maximum benefit from the federal program. The commissioner of health and human services shall increase through all appropriate means the efforts of the department to develop and refine the state medicaid plan, and to train and support service providers

in the implementation and utilization of medicaid eligible services. The commissioner shall submit a report to the speaker of the house and the president of the senate no later than November 1, 1992, detailing the departmental initiatives commenced or furthered as a result of this act.

3 Appropriation. The sum of \$50,000 for the biennium ending June 30, 1993, is hereby appropriated to the department of health and human services for the purpose of implementing the initiatives required by section 2 of this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill requires the commissioner of the department of health and human services to develop and refine the state medicaid plan designed to enhance the funding of services for children and families.

The bill makes an appropriation to the department of health and human services for the purposes of this bill.

Adopted.

Report adopted.

Referred to Appropriations.

#### **HB 1102-FN**, increasing fees for witnesses. INEXPEDIENT TO LEGISLATE

Rep. Alf E. Jacobson for Judiciary: This bill would increase the witness fee from \$12 to \$30 for all witnesses. The cost to the state of this change is more than one million dollars. Vote 8-5.

Adopted.

**HB 1423-FN-L**, requiring the governor and council to appropriate funds to the plaintiffs in the Claremont school district lawsuit on a matching dollar basis for funds appropriated under RSA 7:12 for the state's defense. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Niels F. Nielsen, Jr. for the Majority of Judiciary: The Majority of the Committee was concerned with the precedent this bill would set. It was also felt that the issue in the Claremont suit should be a purely legislative matter, which should not have been referred to the courts in the first place. Vote 10-8.

Rep. Peter Hoe Burling for the Minority of Judiciary: The Minority believes that this bill stands for an important point: that issues of fundamental constitutional interpretation should be fully and fairly presented to the Supreme Court. The Claremont School case involves two all-important constitutional questions, and only by providing equal funding for both parties to the case can we insure a just decision. We must avoid the inequity of utilizing general fund monies to protect only one interest or side in this matter. It's time we "leveled the playing field" on the issue of funding public education, and it's time we committed, once and for all, to finding out if our Constitution requires support, fundamentally equal support, for public education.

Rep. Burling moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate.

Rep. Burling requested a quorum count.

The Speaker declared a quorum present.

Rep. Burling spoke in favor and yielded to questions.

Reps. Martling and Richard Campbell spoke against and yielded to questions.

Rep. Elizabeth Moore spoke in favor.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

**HB 1447-FN**, increasing witness fees for law enforcement officers. **OUGHT TO PASS.**

Rep. Robert A. Lockwood for Judiciary: There was considerable discussion over this bill. The arguments that prevailed were: 1. The bill would return police witness fees to the level they were before changes were made last year, without public hear-

ings to lower the fees. 2. There was a cost-shift from the state to the communities with last year's changes. 3. The quality of justice was suffering because fewer court procedures were being brought. Vote 10-5.

On a division vote, 169 members having voted in the affirmative and 120 in the negative, the report was adopted.

Referred to Appropriations.

**HB 1256-FN-A**, requiring the department of transportation to study the United States Route 3 and New Hampshire Route 11 transportation corridor and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John F. Weeks, Jr. for Public Works: This bill authorizes the Department of Transportation, with citizen participation from the communities involved, to study the US Route 3/NH Route 11 corridor in Franklin, Tilton, Northfield, Belmont and Laconia. The amendment deletes the appropriation therefore, and authorizes the use of ISTEA (Intermodal Surface Transportation Efficiency Act of 1991) and previously appropriated state matching funds for the study. The Committee unanimously supported this bill which was also supported by the New Hampshire Department of Transportation. Vote 17-0.

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

requiring the department of transportation to study the United States Route 3 and New Hampshire Route 11 transportation corridor.

Amend the bill by replacing section 1 with the following:

1 United States Route 3 and New Hampshire Route 11 Study. The department of transportation shall participate in a \$250,000 cooperative, community-oriented planning study of the United States Route 3 and New Hampshire Route 11 transportation corridor serving the communities of Franklin, Tilton, Northfield, Sanbornton, Belmont and Laconia as authorized by 1989, 289:1. The costs of this study shall be paid from funds previously appropriated to the department of transportation. The study shall evaluate existing and anticipated land use and traffic flows, shall include citizen participation and inter-town consensus seeking and shall also involve other state and local agencies and businesses, resulting in a comprehensive transportation and planning study of the future needs of United States Route 3 and New Hampshire Route 11. The department of transportation and the Lakes Region Planning Commission shall provide staffing and overall direction and guidance emphasizing community participation and consensus building when developing proposed transportation improvements. The study shall include recommendations relative to improvement necessary to adequately address projected growth. The study shall also include United States Route 3 and New Hampshire Route 11 traffic models to better analyze traffic flow with different land use development and alternate roadway improvements, and conceptual improvement plans and identification of alternatives to ultimate reconstruction. The study shall also consider the needs and impact upon the towns of Meredith and Gilford, public transportation services and commuter parking lots. The report shall be submitted to the speaker of the house, senate president and governor on or before November 1, 1993.

Amend the bill by deleting section 3 and renumbering section 4 to read as 3.

**HB 1261-FN-A**, requiring the department of transportation to conduct a study relative to the construction of certain portions of U.S. Route 3 and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John F. Weeks, Jr. for Public Works: This bill authorizes the Department of Transportation to conduct appropriate studies on US Route 3 in Hooksett and Pembroke, an area of heavy commercial development and high traffic. Some improvements have been completed by the town(s), using impact fees levied on recent commercial developments, but a coordinated approach is needed to achieve the needed improvements. The amendment deletes the appropriation therefore and substitutes funding from federal ISTEA (Intermodal Surface Transportation Efficiency Act of 1991) and previously appropriated state matching funds. This bill is supported by the New Hampshire Department of Transportation and unanimously endorsed by the Committee. Vote 17-0.

**HB 1493-A**, relative to the east-west highway study and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Roland A. Frechette for Public Works: The many public hearings and the evaluation and investigation of the concerns of the towns and the people affected makes an additional appropriation of \$995,000 and an extension of the completion date to March 31, 1993 necessary and worthwhile. The bill does not address any route but continues the process of evaluating all routes as well as environmental impacts. Vote 17-0.

Rep. Shawn N. Jasper for Ways and Means: Considering the current financial condition of the State of New Hampshire, reducing state revenues by \$22 million in FY '93 and \$7.3 million in each year thereafter would cause us to either raise taxes through some other means or reduce expenditures. At the present time, there does not appear to be sufficient support to pass either of these options, merely to reduce the telecommunications tax. Vote 12-2.

Rep. Maurice E. Goulet for Executive Departments and Administration: The Committee had to balance the state's participation in the ski and liquor business (for example) against the revenue these operations produce. **HB 1052**, relative to the appointment of the executive director of the fish and game department and allowing the governor to make more frequent appointments to the fish and game commission. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Merton S. Dyer for Executive Departments and Administration: The bill will permit the Governor to fill vacancies in the Fish and Game Commission for an unexpired term in the same manner as the original appointment. The Governor and Council shall appoint an Executive Director from a list of three or more names submitted to the Governor and Council by the Commission. The bill sets the term of office of the Executive Director at four years which is consistent with other appointments by the Governor. Vote 14-2.

4817L

**Amendment**

Amend RSA 206:8, I as inserted by section 2 of the bill by replacing it with the following:

1. The governor and council shall appoint an executive director of the fish and game department from a list of [5] **3 or more** names submitted to the governor and council by the commission, each of whom shall be a person with knowledge of, and experience in, the requirements for the protection, conservation and restoration of the wildlife resources of the state and who shall be a competent administrator. The executive director shall hold office for a term of [5] **4** years from the date of his appointment and until his successor is appointed and qualified. A vacancy in such office shall be filled for the unexpired term. The governor and council shall have the authority to remove the executive director at any time, but only for just cause pursuant to RSA 4:1. [In such case, the governor and council shall deliver to the executive director a copy of the charges against him and afford him an opportunity of being heard publicly in his own defense in person or by counsel after being given not less than 15 days'

notice.] The executive director shall not hold any other public office, and shall devote his entire time to the service of the state in the discharge of his official duties. He shall receive the compensation prescribed in RSA 94:1-4, and shall be reimbursed for all actual and necessary traveling and other expenses incurred by him in the discharge of his official duties. Before entering upon the duties of his office, he shall take the oath prescribed by the constitution, and shall, in addition thereto, swear that he holds no other public office nor any position under any political committee or party. Such oath shall be filed with the secretary of state. He shall have general supervision and control of all activities, functions and employees of the fish and game department, and shall enforce all the provisions of the laws of this state relating to fish, wildlife resources and marine species, and shall exercise all necessary powers incident thereto.

#### AMENDED ANALYSIS

This bill allows more than 2 members to be appointed to the fish and game commission each year.

This bill also requires the fish and game commission to submit a list of 3 or more names to the governor for the appointment as executive director of the fish and game department. Current law requires a list of 5 or more names.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1121-FN**, authorizing contracting for the operation of the impaired pharmacist program and funding the program from annual license renewal fees. OUGHT TO PASS.

Rep. Kathleen W. Ward for Executive Departments and Administration: This bill would permit the Board of Pharmacy to contract with various groups and organizations to operate an Impaired Pharmacist Program. This does not and is not intended to provide funds for treatment. This will not be a charge on the general fund as all Registered Pharmacists will contribute to the program through a charge on their registration above the required 125 percent level. Those that may need the service, will be paying for the service. Vote 11-3.

Adopted.

Ordered to third reading.

**HB 1161**, relative to the composition of the wetlands board. OUGHT TO PASS.

Rep. Sandra K. Dowd for Executive Departments and Administration: This bill adds one member to the Wetlands Board. The member shall be from the construction industry at the time of the appointment, and be nominated by the Governor. Vote 16-1.

Adopted.

Ordered to third reading.

**HB 1197-FN**, requiring the Pease development authority to submit to the state's competitive bidding requirements. REFER FOR INTERIM STUDY.

Rep. Lawrence A. Emerton for Executive Departments and Administration: The general feeling of the Committee, from the testimony of the sponsor and his thorough presentation, was that this legislation has merit. After considerable investigation, it was found that in order to write appropriate legislation, more work should be done. Vote 11-2.

Referred for Interim Study.

**HB 1311-FN**, regulating naturopathic health care practice. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.

Rep. Katherine W. Wheeler for Majority of Health, Human Services and Elderly Affairs: House Bill 1311 was voted Ought to Pass by a vote of 11-3. This bill provides for the licensure of naturopathic physicians and sets forth their scope of practice. A naturopathic physician is a general practitioner specializing in natural health care. They have successfully completed four years of postgraduate education at a college of naturopathy, of which there are two, at present, in the United States. Naturopathic medicine is an alternative method of treating disease and keeping people well, a method which more and more people in New Hampshire are choosing. To allow for freedom of choice in health care, to protect the quality of care for the people of New Hampshire, and to allow for disciplinary action, the overwhelming Majority of the Committee felt that licensure was needed now. Problems have already arisen with unqualified people in New Hampshire passing themselves off as naturopathic physicians; therefore the Majority of the Committee feels that the delay of Interim Study would allow for the possibility of even more problems and feel, further, that the bill as written addresses the issues that the national standards for this profession are well established.

Rep. Alice S. Ziegler for the Minority of Health, Human Services and Elderly Affairs: The people who call themselves naturopathic physicians have asked for licensure in New Hampshire. After an exhaustive hearing and executive session, the Minority still felt there was too much controversy in their education, diagnosing and treatment procedures. There are only eight or 10 naturopathic doctors practicing in this state at present. There was a question of creating a board for such a small number. Currently statistics do not indicate a need for licensure of naturopaths.

Rep. Katherine Wheeler moved that the words Refer for Interim Study, be substituted for the report of the Committee, Ought to Pass with Amendment and spoke in favor.

Referred for Interim Study.

**HB 1404-FN**, relative to mandatory testing for health care providers and certain patients for communicable diseases. INEXPEDIENT TO LEGISLATE.

Rep. Eleanor H. Amidon for Health, Human Services and Elderly Affairs: At this time the Committee feels Senate Bill 410 best addresses the problem of mandatory testing of health providers for the HIV virus who might be accidentally exposed or unknowingly carry it. Primarily, the unknown time frame and the periodic testing expense creates a financial burden best expended for the enforcing of universal health precautions and AIDs education. A false sense of security also could be created. Vote 10-2.

Rep. David Wheeler moved that the words Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Reps. Warburton and Robert Foster spoke against and yielded to questions.

Rep. Copenhagen yielded to questions.

Roll call request not sufficiently seconded.

On a division vote, 35 members having voted in the affirmative and 283 in the negative, the motion failed.

Report adopted.

**HB 1476-FN**, exempting Trager practitioners from the New Hampshire massage therapy laws and requiring such practitioners to adhere to certain other requirements. **INEXPEDIENT TO LEGISLATE.**

Rep. Alice S. Ziegler for Health, Human Services and Elderly Affairs: Trager practitioners are a group who work gently with muscles to achieve relaxation and reduction of stress over tension. There are about six practitioners in New Hampshire now. The Committee felt that it was not necessary, at this time, to separate these body workers from the supervision of the massage therapy laws. Vote 9-2.

Adopted.

**HB 1309**, limiting the liability of landowners who allow their land to be used for outdoor educational purposes. **REFER FOR INTERIM STUDY**

Rep. Alice B. Record for Judiciary: This is another request for an extension of immunity. The Committee wants more time to study it, and to propose guidelines for regulation and protection of the public. Vote 11-6.

Referred for Interim Study.

**HB 1356**, establishing a study committee to examine possible methods within the existing court system to have land use cases heard by judges with expertise in land use issues. **INEXPEDIENT TO LEGISLATE**

Rep. Alf E. Jacobson for Judiciary: The Committee felt the need for a special study was not strong enough to enact. Under present court rules, special masters can be appointed to preside on specialized cases in law. Vote 13-3.

Adopted.

**HB 1480-FN**, requiring persons who default on court appearances for motor vehicle offenses to pay witness fees for law enforcement officers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Alf E. Jacobson for Judiciary: This bill requires that a defendant who defaults because of non-appearance on a motor vehicle violation must pay the witness fee if there is a new trial. The amendment takes away the specific witness fee amount to "current witness fee." Vote 11-3.

4831L

### Amendment

Amend RSA 516:16-a as inserted by section 1 of the bill by replacing it with the following:

516:16-a Defaults; Witness Fees for Law Enforcement Officers. Any person who defaults on a scheduled court appearance on a motor vehicle offense shall be responsible for paying the current witness fee for any law enforcement officer required to attend such appearance, unless the court determines that such person is indigent.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1212**, reducing the number of public employees required to certify a bargaining unit. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Carl R. Johnson for the Majority of Labor, Industrial and Rehabilitative Services: The Majority of the Committee believes House Bill 1212 would be a mandate to cities and towns increasing their costs in labor negotiations. The PELRB has recently handed down decisions which have expanded the interpretation of community of in-

terest to include most employees who work for the municipality. If the number of 10 employees is reduced to five this year, next year the Committee could see a bill reducing the number to two. Vote 8-7.

Reps. Roy Melnick, Benjamin Baroody, Francis Laughlin, John Flanders, Donald Messier, Theresa Drabinowicz and Marie Hawkinson for the Minority of Labor, Industrial and Rehabilitative Services: At present in New Hampshire there is a forgotten disparaged minority of public employees prohibited from collective bargaining with their public employers, based exclusively on an arbitrary and capricious number of required employees, (10) set some 17 years ago. There is a need to revisit this number based on the strong support at the public hearing, recent by the Public Employees Labor Relations Board and New Hampshire Supreme Court decisions with regards to broadening the "Community of Interest" standards as a remedy to include otherwise excluded public employees, and additionally by the strong Minority vote of (7-8) Ought to Pass. The statement of Policy 1975 490:1, Eff. Dec. 21, 1975 provided: "The legislature declares that it is the policy of the State to foster harmonious and cooperative relations between public employers and their employees and to protect the public by encouraging the orderly and uninterrupted operation of government. This can be best achieved by: 1. Acknowledging the right of public employees to organize and be represented for the purpose of bargaining collectively with the State and or any political subdivision thereof, and with the university system." The Minority believes if this policy and rationale exists with regards to (10) employees then the same rationale should apply to (5) employees as well.

Adopted.

**HB 1190**, creating a committee to study ways to clarify the relationship between the legislative bodies and governing bodies in towns, school districts and village districts operating under the town meeting form of government with respect to budgetary matters. **OUGHT TO PASS**

Rep. Richard T. Trelfa for Municipal and County Government: The state has been plagued for years by uncertainty and ambiguity over the relationship between the local governing body and the voters with respect to budgetary matters. We believe study should be undertaken to clarify this vital relationship. Vote 13-0.

Rep. Salatiello spoke in favor.

Adopted.

Ordered to third reading.

**HB 1240**, establishing a committee to study criteria and propose legislation concerning the secession of a portion of a municipality. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard T. Trelfa for Municipal and County Government: The Municipal and County Government Committee spent close to a year intensively studying existing statutes and case history in connection with HB 762 on Weirs Beach secession from Laconia. Because of lack of statutory provisions, the committee established criteria specific to HB 762. The complexity of establishing these specific criteria leads the committee to recommend a study committee to address the broad issues. Vote 10-3.

4782L

#### Amendment

Amend section 1 of the bill by replacing the introductory paragraph with the following:

1 Committee Established. There is hereby established a committee to study and develop criteria and procedures under which the legislature may consider the secession of a portion of a municipality. The committee shall be composed of the following:

Amend paragraphs I-V of section 2 of the bill by replacing them with the following:

I. Constitutional issues.

II. Economic consideration, including assessed value.

III. Public utilities, including disposition of public property.

IV. Who should be allowed to vote on different aspects of the secession.

V. Criteria for justification of a petition for secession, including health, safety, welfare, and economic factors, political considerations and points of contention.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1492-A**, eliminating the capital appropriation for the demolition of the Walker building. **OUGHT TO PASS.**

Rep. Daniel P. McNerney for Public Works: The bill has considerable history. Last year House Bill 151 and House Bill 219 were combined into House Bill 219 calling for a study of the New Hampshire State Hospital campus for potential future use. Although it passed the House, the Senate was informed that the study would appear in the Capital Budget and the bill was consequently killed. Only demolition of the Walker Building at a cost of \$2.8 million was in the Capital Budget as pertains to the State Hospital. This was removed in Committee and the Capital Budget was approved by the House. The item was restored by the Senate in the amount of \$1.8 million and it survived the Committee of Conference. After prolonged debate largely centered on this item, the Capital Budget was narrowly passed by the House. Demolition of a viable building before study has been made puts the cart before the horse. There has probably been more mis-information concerning the Walker Building than on most issues coming before the Legislature. One bit concerns studying the building. A study was done in 1976 specifically to determine its suitability for a forensic unit, but it was a very limited study and not pertinent to office use. The building was in beneficial use until the activities were moved out in September 1991 and all maintenance was suspended. This is referred to in preservation jargon as demolition by neglect and is an irresponsible action. There has, as yet, been no explanation as to why the building should be demolished. The Committee of Conference report refers indirectly to the possible use of the area as a parking lot. If this is correct, it raises more problems, such as the fact that there is vacant space in abundance at the Hospital, and a parking garage similar to the new one at the Concord Hospital could be built at a lower cost than \$1.8 million. The intersection of Fruit, Pleasant and Warren Streets is terribly congested currently and a parking lot or garage near that intersection would further congest it. There was testimony at the public hearing from a wide spectrum; State employees, private, non-profit organizations having to do with historic resources, state chapter of the American Institute of Architecture, private citizens and more. Every witness except one testified in favor of the bill. Vote 14-2.

Adopted.

Ordered to third reading.

**HB 1400-FN**, relative to the comprehensive shoreland protection act. OUGHT TO PASS WITH AMENDMENT.

Reps. Howard C. Dickinson and Steven R. Maviglio for Resources, Recreation and Development: House Bill 1400 as amended, includes certain rivers in the Shoreline Protection Act which passed in the 1991 session. It was filed as a result of a study conducted during the past nine months. This bill sets minimum standards for development along the shoreline of the state's largest rivers, while exempting towns that have adopted ordinances equal to, or more stringent than, the provision of this act. Furthermore, any river, or segment thereof, designated under the Rivers Management and Protection Act, with a Local River Advisory Board in place, is also exempt (Swift, Saco, Pemigewasset and North Branch and sections of the Contoocook, Merrimack and Lamprey). The effective date of House Bill 1400 and House Bill 443 (1991) shall not occur, and the Commissioner of the Department of Environmental Services shall not activate the rulemaking process authorized under these acts, until the Commissioner has made implementation plan and the Legislature has approved the funding of such a plan. Vote 15-1.

4809L

#### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Minimum Standards. Amend RSA 483-B:2, X to read as follows:

X. Conserve [shore] *shoreline* cover[,] and [visual as well as actual] points of access to inland and coastal waters.

2 New Paragraph; Minimum Standards. Amend RSA 483-B:2 by inserting after paragraph XV the following new paragraph:

XVI. Provide for economic development in proximity to waters.

3 Definition; Major Project. Amend RSA 483-B:4, IX to read as follows:

IX. "Major project" means a proposal which, upon full implementation, would create 4 or more *residential* dwelling units, or 10,000 square feet of interior floor space for any nonresidential purpose.

4 New Paragraph; Definition; Natural Mean High Water. Amend RSA 483-B:4 by inserting after paragraph X the following new paragraph:

X-a. "Natural mean high water level" means that line on the shores and banks of non-tidal waters which is apparent because of the contiguous different character of the soil or the vegetation due to the prolonged action of the water. Relative to vegetation, it is that line where the vegetation changes from predominantly aquatic to predominantly terrestrial. For the purposes of this paragraph, "aquatic vegetation" includes but is not limited to water lily, pond lily, pickerel weed, cattail, sedges, rushes, and marsh grasses; and "terrestrial vegetation" includes but is not limited to upland grasses, aster, partridge berry, pines, cedars, willows, birchs, poplars, alders, and maples. In places where the shore or bank is of such character that the water level cannot be easily determined, such as rockslides, ledges, rapidly eroding or slumping banks, the natural mean high water level shall be estimated from the adjacent shoreline where it can be determined by the above method.

5 New Subparagraph; Public Waters; Rivers. Amend RSA 483-B:4, XVI by inserting after subparagraph (b) the following new subparagraph:

(c) Rivers, meaning all year round flowing waters of fourth order or higher, as shown on the now current version of the U.S. Geological Survey 7 1/2' topographic maps. Stream order shall be determined using the Strahler method, whereby the highest year

round streams in a watershed are first order streams, their juncture yields second order streams, the juncture of second order streams yields third order streams, et seq. A listing of the streams of fourth order and higher shall be prepared and maintained by the office of state planning and delivered to the commissioner 30 days after the effective date of this act.

6 Rivers Added to Definition of Public Boundary Line. Amend RSA 483-B:4, XVII(a) to read as follows:

(a) For natural fresh water bodies without artificial impoundments *and rivers*, the natural mean high water level [as determined by the division of water resources of the department].

7 Definition; Residential Unit. Amend RSA 483-B:4, XIX to read as follows:

Such person shall demonstrate to the satisfaction of the commissioner that the proposal meets or exceeds the development standards of this chapter. The commissioner shall grant, deny, or attach reasonable conditions to a permit requested under this chapter to protect the public waters or the public health, safety, or welfare. *Such conditions shall be related to the purposes of this chapter.*

Private water supply facilities shall not require a permit.

IV. The placement and expansion of public water and sewage treatment facilities shall be permitted by the commissioner as necessary, consistent with the purposes of this chapter *and other state law*.

*IV-a. Hydro electric facilities, including, but not limited to, dams, dikes, penstocks, and powerhouses, shall be recognized as water dependent, and shall be permitted by the commissioner as necessary, consistent with the purposes of this chapter and other state law.*

*IV-c. An existing solid waste facility which is located within 250 feet of the natural mean high water level of protected waters under this chapter may continue to operate under an existing permit, provided it does not cause degradation to an area in excess of that area under permit.*

15 Minimum Shoreland Protection Standards; Natural Woodland Buffer. Amend RSA 483-B:9, V(a)(2)(A) and (B) to read as follows:

(B) *For the purpose of establishing the initial pre-project vegetative inventory*, any person proposing to remove any trees, saplings, shrubs, or ground cover from any lot within the natural woodland buffer shall document with photographs or videotape all of such existing plant types. [For the purpose of establishing the initial pre-project vegetative inventory on larger projects, whenever an alteration of terrain permit is determined to be necessary, a forest inventory plan shall be prepared by a professional forester licensed pursuant to RSA 310-A for all project lands located within 150 feet of the public boundary line.]

16 Septic Systems. Amend RSA 483-B:9, V(b)(1) and (2) to read as follows:

(1) All new lots, *including those in excess of 5 acres*, created within the protected shoreland are subject to subdivision approval by the division of water supply and pollution control, subsurface systems bureau under RSA 485-A:29[, regardless of size].

(2) The following conditions, based on the characteristics of the receiving soil as they relate to U.S. Department of Agriculture, soil conservation service drainage classes, shall dictate the setback requirements for all new septic tanks and leaching portions of new septic systems, as follows:

(A) *Adjacent to ponds, lakes, estuaries and the open oceans.*

(i) Where the receiving soil downgradient of the leaching portions of a septic system is a porous sand and gravel material with a percolation rate faster than 2 minutes per inch, the setback shall be at least 125 feet from the public boundary line;

[(B)] (ii) For soils with restrictive layers within 18 inches of the natural soil surface, the setback shall be at least 100 feet from the public boundary line; and

(2) For [new lots] *projects* in areas dependent upon on-site *sewage and* septic systems, the total number of residential units[, including] *in the protected shoreland, whether built on individual lots or grouped as cluster* [and] *or* condominium development, shall not exceed one unit per 150 feet of shoreland frontage. *Development outside the protected shoreland shall conform to local zoning and shall not be subject to standards established in this chapter.*

18 Nonconforming Lots of Record. Amend RSA 483-B:10, II to read as follows:

II. *Building on* nonconforming lots of record shall [not be used for structures other than] *be limited to* single family residential structures *and related facilities*, including, but not limited to, docks, piers, boathouses, boat loading ramps, walkways, and other water dependent structures, *consistent with state law.*

19 Nonconforming Structures. Amend RSA 483-B:11, I to read as follows:

I. Except as otherwise prohibited by law, pre-existing structures located within the protected shoreland may be repaired, improved, or expanded. An expansion that increases the sewerage load, for example, additional bedrooms, shall require approval by the department. Between the primary building line and the public [building] *boundary* line, no alteration shall extend the structure closer to the public water, except that the addition of an open deck or porch is permitted up to a maximum of 12 feet towards the public boundary line.

20 Rulemaking. Amend RSA 483-B:17, II-IV to read as follows:

IX. [Establishing] A fee structure for the filing of applications with the department to review activities requiring a shoreland development permit that do not come under existing regulatory programs of the department. Such fees shall be sufficient to support the administration of the program, exclusive of start-up costs.

23 Shoreland Exemptions. Amend RSA 483-B:19, II to read as follows:

II. The provisions of this chapter shall not apply to:

(a) Any applicant whose land is in any municipality which adopts the model ordinance prepared by the office of state planning under paragraph I and provided to the commissioner, or a more stringent version of such model ordinance.

(b) *The shoreline of any river or segment designated by the commissioner and approved by the legislature for management and protection under RSA 483 and for which the commissioner has appointed a local river management advisory committee under RSA 483:8-a.*

24 Effective Date. This act shall take effect January 1, 1993.

Report adopted.

Ordered to third reading.

**HB 602-FN-A**, reinstating the dental program for children and making an appropriation therefor.(A) INEXPEDIENT TO LEGISLATE.

Rep. Douglas E. Hall for Appropriations: The sum of \$120,000 for child dental hygiene services has been placed in HB 1025, the supplemental budget for FY 93. The wording from the purpose section of this bill has also been adapted for inclusion in HB 1025. This bill, therefore, is no longer required. Vote 19-0.

Rep. Douglas Hall yielded to questions.

Adopted.

**HB 1247-FN**, abolishing the office of commissioner of environmental services. INEXPEDIENT TO LEGISLATE.

Rep. William P. Boucher for Executive Departments and Administration: The public hearing heard only two people in support of the bill - the sponsors. The general feeling that the Subcommittee got was that the agency was reorganized two years ago and since the requested audit "in '89" the agency has made excellent progress in addressing and correcting the problems identified in the LBA audit — even to the point of inviting LBA back to take another look and to show compliance. There were 25 people that opposed the bill and an additional 20 people non-speaking in opposition involving mostly State and Local Environment Agencies. Vote 16-0.

Rep. Stacey Cole moved that the words Ought to Pass with Amendment, be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Rep. Ward yielded to questions.

Rep. Stacey Cole: I understand that based on a discussion we had yesterday afternoon, that under cover of a different bill, you will, or have, appoint a committee

which you will chair and you will include members of the Committee on Environment and Agriculture and the Committee on Resources, Recreation and Development as a Committee to take a good, hard look at this situation. Am I correct?

Rep. Ward: You are correct. Yesterday on the Consent Calendar we passed HB 1125 and that was to go to Interim Study and that is the Committee's choice. It was a unanimous vote that we would use that vehicle to look at some of the problems that are within that agency. We did not choose your bill because of the name of your bill is to abolish and the testimony that we took for three solid hours, outside of yourself and the other sponsor, Rep. Whittemore, we heard from planning boards and other agencies that the one thing that is very good about the umbrella which over the 4 former agencies and in the Commissioner's office is the permitting process and that was one of the main thrusts of pulling these four agencies together that were dealing with like subject matter and try to see if we couldn't stop the time and effort and expense of running from one to the other. So you're absolutely right, we will have a subcommittee, Rep. Boucher will serve on it because he is chairman of the subcommittee. We have already checked with Rep. Musler, he or his designee will work with us. We will be turning to the Speaker of the House to borrow these people. We did not ask for a joint committee because we have established a reputation that when we are dealing with certain subjects such as the two different policy committees you just mentioned, we ask those people to come in and we dialogue with them. So we are ready to go on a less volatile title, if you will, in HB 1125 which deals with agency violations and municipalities.

Rep. Stacey Cole withdrew his motion.

Report adopted.

**HB 1269-FN**, separating the AFDC standard of need from the AFDC payment standard. OUGHT TO PASS WITH AMENDMENT.

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: It was the unanimous opinion of the Committee that the public needs to be educated on the actual difference between what an AFDC recipient receives and what the actual cost of living is. In addition it requires the AFDC standard of need to be raised annually to reflect the cost of living increases for basic necessities. The payment standard and the AFDC eligibility will remain the same. This is really an honesty bill. Vote 13-0.

Rep. Lougee moved that the words Inexpedient to Legislate, be substituted for the report of the Committee, Ought to Pass with Amendment, spoke in favor and yielded to questions.

**(Rep. Michael Hill in the Chair)**

Reps. Julie Brown spoke against.

Rep. Parks spoke in favor.

Rep. Jasper spoke in favor and yielded to questions.

**(Speaker Burns in the Chair)**

Reps. Copenhaver and Katherine Wheeler spoke against and yielded to questions.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

**HB 601-FN-A**, establishing a public access advisory board and a statewide public boat access program on public waters and continually appropriating a special fund for the purposes of the program. OUGHT TO PASS WITH AMENDMENT.

Reps. Steven R. Maviglio and Peter Jankowski for Resources, Recreation and Development: Increasing public access to New Hampshire's lakes and rivers has been

discussed and studied for more than 32 years. House Bill 601 represents the work of both the Resources and Fish and Game Committees, a wide range of interest groups, and the Council on Resources and Development. The legislation establishes a funding mechanism, an oversight committee, and criteria for establishing public access sites. House Bill 601 is a top priority for New Hampshire boaters and sportspersons, as well as the Resources Committee. Vote 15-0.

### **Amendment**

Amend the title of the bill by replacing it with the following:

#### **AN ACT**

establishing a public water access advisory board and a statewide public boat access program and continually appropriating a special fund for the purposes of the program.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The general court recognizes the increase in demand for access to public waters for boating and other recreational uses. The purpose of this act is to establish an advisory board to coordinate state agency efforts relative to public access to public waters of the state and to provide for the acquisition, construction, refurbishment, maintenance and operation of new and existing public boat access areas.

2 New Chapter; Access to Public Waters. Amend RSA by inserting after chapter 233 the following new chapter:

I. GENERAL. With respect to advertising devices located in federal highway or turnpike adjacent areas:

(a) No device may be [erected or] maintained that is inconsistent with the following:

(1) No sign may be permitted which attempts or appears to attempt to direct the movement of traffic or which interferes with, imitates or resembles any official traffic sign, signal or device.

(2) No sign may be permitted which prevents the driver of a vehicle from having a clear and unobstructed view of official signs and approaching or merging traffic.

(3) No lighting may be permitted to be used in any way in connection with any sign unless it is so effectively shielded as to prevent beams or rays of light from being directed at any portion of the main traveled way of the interstate, federal aid primary or turnpike highways, or is of such low intensity or brilliance as not to cause glare or not to impair the vision of the driver of any motor vehicle, or does not otherwise interfere with any driver's operation of a motor vehicle.

(4) No sign may be permitted to be erected or maintained upon trees, or painted or drawn upon rocks or other natural features, or upon utility poles.

(5) No sign may be permitted which is obsolete, not clean and in good repair, or that is not securely affixed to a substantial structure.

(b) An advertising device shall not be maintained without the attachment thereto of a weatherproof label, which label shall be provided by the commissioner of transportation, and shall contain the number of the permit.

(c) An advertising device shall not be maintained unless the name of the permittee appears legibly thereon. Whether a name appears legibly shall be determined by the commissioner of transportation in accordance with such standards as he may from time to time prescribe.

II. SIZE. With respect to advertising devices located in federal highway or turnpike adjacent areas or in view of any interstate, federal aid primary or turnpike highway:

(a) Advertising devices may be [erected] *maintained* with, but only with, an area not exceeding 750 square feet and with a maximum height of 20 feet and a maximum length of 50 feet, excluding border and trim, base or apron, supports and other structural members; provided that the commissioner shall permit the maintenance of devices of larger size if lawfully erected prior to the effective date of this subdivision and otherwise permitted by the provisions of this subdivision.

(b) The maximum size limitations shall apply to each facing. Two advertising devices not exceeding 350 square feet each may be [erected] *maintained* in a facing.

(c) Farm signs maintained under RSA 236:73, [VI] V-a may be [erected] *maintained* with an area not exceeding 48 square feet and with a maximum height of 8 feet and maximum length of 12 feet, excluding border and trim, base or apron, supports, and other structural members; provided that the maximum size limitation shall apply to each facing. Two farm signs not exceeding 24 square feet each may be erected in a facing.

III. LIGHTING. Advertising devices located in federal highway or turnpike adjacent areas may be lighted, subject only to such restriction with respect to devices [to be erected] as may from time to time be prescribed by the commissioner.

IV. LOCATION. With respect to advertising devices located in federal highway or turnpike adjacent areas:

(a) Advertising devices shall not be [erected or] maintained in such a manner as to obscure or otherwise physically interfere with an official traffic sign, signal or device or to obstruct or physically interfere with the driver's view of approaching, merging, or intersecting traffic, as determined by the commissioner.

(b) Required spacing for advertising devices to be [erected or] maintained on one side of an interstate, turnpike or limited access federal aid primary highway shall be not less than 500 feet provided, however, that such spacing shall not apply to devices which are separated by a building or other obstruction in such manner that only one such device is visible from such highway at any one time.

(c) No advertising device may be [erected] *maintained* with respect to an interstate, limited access federal aid primary, or turnpike highway within 500 feet of an interchange or safety rest area [located on the same side of the highway on which such sign might otherwise be erected]. For purposes of RSA 236:74, IV(c) such distance of 500 feet shall be measured along the edge of the main traveled way of any such highway from the point of beginning or ending of pavement widening with respect to an exit from, or an entrance to, such main traveled way, to or from an interchange or a safety rest area, provided, however, that with respect to an interchange which consists of an entrance or an exit only, such distance shall be measured from the center line of the highway intersected by any such highway in the direction from such interchange in which there is no entrance or exit, as the case may be.

(d) Required spacing for advertising devices to be [erected or] maintained on one side of a nonlimited access federal aid primary highway in municipalities of 4,000 population or more shall be:

(1) One hundred feet where the distance between center lines of 2 highways intersecting any such highway is less than 1,000 feet provided that not more than 3 devices shall be [erected or] maintained between such intersecting highways; and

(2) Three hundred feet where the distance between center lines of intersecting highways is 1,000 feet or more.

(e) Required spacing for advertising devices to be [erected or] maintained on both sides of a nonlimited access federal aid primary highway in municipalities of less than 4,000 population shall be 300 feet.

(f) In this paragraph, the following shall apply: Back-to-back advertising devices, devices erected on a v-type structure, and 2 devices erected in a single facing shall be considered one advertising device. The word "highways" or the words "intersecting highways" shall not include alleys, undeveloped rights-of-way, private ways or driveways. Distances [be erected, or distances to such devices,] *from or to advertising devices and other points of control* shall be measured along the edge (nearest to any such devices or any locations in which such devices are able to be [erected] *maintained*) of the main traveled way of an interstate, federal aid primary or turnpike highway from or to points on such edge directly opposite such devices or locations. Advertising devices permitted under RSA 236:73, III, IV, and V shall not be considered advertising devices for purposes of any measurement or determination made under this paragraph, or for purposes of any other requirements of this paragraph. Advertising devices permitted under RSA 236:73, V-a shall not be considered advertising devices for purposes of any measurement or determination made under subparagraph (b), (d), or (e), but for such advertising devices to be erected or maintained on both sides of a federal aid primary highway, the required spacing shall be 1,000 feet.

(g) Farm signs to be erected or maintained under RSA 236:73, V-a shall be located not farther than 10 miles from the property where the advertised activities are located.

11 New Section; Cutting of Vegetation Prohibited. Amend RSA 236 by inserting after section 75 the following new section:

236:75-a Cutting of Vegetation Prohibited. It shall be unlawful to cut, remove or inhibit the growth of trees or other vegetation within a state-owned highway right of way for the purpose of providing or enhancing the view of an outdoor advertising device or any other activity adjacent to the highway, or for any other reason. In addition to the fines provided by RSA 539:1, any person who violates the provisions of this section shall be liable for penalties as follows: for each stem cut up to 3 inches in caliper, as measured along the maximum dimension of caliper at the level of cutting, the fine shall be \$3,000; for each stem cut that is greater than 3 inches in caliper, for each additional inch of caliper or fraction thereof, as measured along the maximum dimension of caliper at the level of cutting, the fine shall be \$500; and such court costs as may be assessed. Notwithstanding the provisions of this section, undesirable growth may be trimmed or removed by department personnel or other agents acting for the department in keeping with best highway maintenance and silvicultural practices as determined by the commissioner of transportation. All fines collected hereunder shall be deposited in the highway fund.

12 Repeal. RSA 236:73, I and II, relative to restriction of advertising, are repealed.

13 Effective Date. This act shall take effect 60 days after its passage.

If its legislation and that of neighboring states differ from our present legislation, we must act early in 1993 and this legislation will be ready for action. Vote 13-0.

**HB 1250-FN-L**, increasing the fee for the disposal of solid waste. INEXPEDIENT TO LEGISLATE.

Rep. Nancy Tarpley-Bamberger for Environment and Agriculture: The major concern of the sponsor was possible contamination during and after the closing of a privately held land-fill. Financial assurance is for 30 years after closure. This bill would violate the interstate commerce laws and would impose a new fee on local communities. This host community can address future compensation through renegotiating contracts upon their expiration. Vote 14-0.

**HB 1278-FN-L**, permitting towns to make bylaws for refuse disposal in specifically-designated bags and altering district court procedure for levying fines against bylaws violators. OUGHT TO PASS WITH AMENDMENT.

Rep. Jeb E. Bradley for Environment and Agriculture: The bill will allow municipalities and solid waste districts to enact solid waste bylaws after a public hearing. Nothing in this bill will require enacting of solid waste bylaws. Town officials may issue a summons in a manner similar to traffic violations for violations of solid waste disposal rules when fines are \$500 or less. Vote 14-0.

4578L

**Amendment**

Amend the bill by replacing section 1 with the following:

1 Refuse Disposal in Certain Bags. RSA 149-M:13, II is repealed and reenacted to read as follows:

II. The governing body of a municipality and solid waste districts may enact bylaws governing its solid waste facility and for the collection and disposal of solid waste generated in or transported to the municipality.

(a) Such bylaws may include, but are not limited to the following:

(1) Requiring all or certain types of such solid waste to be disposed of in the municipality's solid waste facility required by this chapter, separation of different types of waste, or prohibiting certain types of waste from being disposed of in the facility;

(2) The charging of fees for solid waste disposal in an amount reasonably calculated to cover the cost of the facility, waste disposal, administration, enforcement, and any recycling or composting program;

(3) Requiring residents to dispose of waste in specifically-designated types of containers; and

(4) Requiring solid waste collectors operating within the municipality to impose rates based on volume.

(b) A public hearing shall be required prior to the adoption of any such bylaw. Notice of the hearing shall be given by posting in 2 public places in the municipality and by publication in a newspaper of general circulation in the municipality, at least 7 days prior to the hearing. The notice shall include any proposed schedule of fees or charges and shall designate the place where a copy of the proposed bylaw is available for public inspection.

(c) Notwithstanding RSA 31:39, III, towns are authorized to levy civil penalties of up to \$3,000 for each violation of a bylaw enacted pursuant to this paragraph.

(d) For violations for which any penalty provided in the bylaw is \$500 or less, the official designated in the bylaw as the enforcement authority may issue a summons and notice of fine as provided in RSA 502-A:19-b, except that a copy of the local bylaw shall be substituted for the uniform fine schedule. Defendants who are issued such summons and notice of fine may plead guilty or nolo contendere by mail by entering a plea as provided in RSA 502-A:19-b. If the plea is accepted by the court, the defendant shall not be required to appear unless directed by the court.

**HB 1348**, permitting a town or city to charge owners of open space land a fee which is dedicated to schools within that town or city. INEXPEDIENT TO LEGISLATE.

Rep. Jeb E. Bradley for Environment and Agriculture: The Committee voted this bill Inexpedient to Legislate because issues such as an acreage fee assessed for current use land will be dealt with by the current use study committee. Vote 17-0.

**HB 1350**, revising the laws that require a prescription to purchase a hypodermic needle. OUGHT TO PASS.

Rep. Marion L. Copenhagen for Health, Human Services and Elderly Affairs: It was the unanimous opinion of the Committee that by repealing the law requiring a prescription for needles (joining 39 states who have no such law) the State of New Hampshire will be taking a step toward curbing the spread of HIV which causes AIDS. The largest increase in the spread of AIDS has been in the intravenous drug

users who share contaminated needles. This bill still requires that needles be purchased from pharmacies which will give information on proper disposal of needles. Minors still will have to have a prescription under this law. Vote 15-0.

**HB 1357**, establishing a committee to study the concept of in-home care as an alternative to institutionalized care. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Katherine D. Foster for Health, Human Services and Elderly Affairs: The Committee voted 16-0 to pass this study bill. An amendment was made to add one additional member to the proposed committee listed as XV "a member of Granite State Independent Living Foundation." A change was made in the effective date to make the bill effective on passage.

#### **Amendment**

Amend paragraph X of section 1 of the bill by replacing it with the following:

X. A representative of the New Hampshire Health Care Association, appointed by such association.

Amend section 1 of the bill by inserting after paragraph XIV the following new paragraph:

XV. A representative of the Granite State Independent Living Foundation, appointed by such foundation.

**HB 1192**, relative to remedies under the whistleblowers' protection act. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Marie C. Hawkinson for Labor, Industrial and Rehabilitative Services: This bill allows the Labor Commissioner to award back pay to employees who are successful in a whistleblowers' protection act case. Vote 10-0.

4474L

#### **Amendment**

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect 30 days after its passage.

**HB 1434**, requiring employers advertising for replacement workers during a strike to state such in any advertisement. **OUGHT TO PASS.**

Rep. George W. Wright for Labor, Industrial and Rehabilitative Services: The bill requires employers advertising for replacement workers during a strike to state such in any advertisement. There is no fiscal impact on the State. Vote 10-0.

**HB 1132-L**, changing the definition of residence for property in industrial or commercial zones for property tax purposes. **INEXPEDIENT TO LEGISLATE**

Rep. John A. Middleton for Municipal and County Government: This bill relates to an isolated case which the committee feels can be solved at the local level under existing law. The committee feels that this bill, if passed, would create confusion within local government. Vote 13-0.

**HB 1172**, increasing the amount of the homestead right. **OUGHT TO PASS WITH AMENDMENT**

Rep. Martha Fuller Clark for Municipal and County Government: This bill increases the amount of the homestead protection right from \$5,000 to \$25,000. In comparison, Vermont's current homestead protection right is for \$30,000; Massachusetts, \$50,000. The last time the New Hampshire law was changed was in 1983 when it was raised from \$1,000 to \$5,000. This right does not apply to collection of taxes,

liens, and primary mortgage obligations. The committee, hearing no adverse testimony, and recognizing the changing value of real estate, felt the proposed change was reasonable and needed. Vote 15-1.

4438L

#### Amendment

Amend RSA 480:1 as inserted by section 1 of the bill by replacing it with the following:

480:1 Amount. Every person is entitled to [\$5,000] **\$25,000** worth of his homestead, or of his interest therein, as a homestead. The homestead right created by this chapter shall exist in manufactured housing, as defined by RSA 674:31, which is owned and occupied as a dwelling by the same person but shall not exist in the land upon which the manufactured housing is situated if that land is not also owned by the owner of the manufactured housing.

**HB 1173**, allowing a beneficial interest owner of a trust owning real estate to qualify for property tax exemptions and credits. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth L. Weyler for Municipal and County Government: This bill has two purposes: 1) those veterans and their spouses who wish to place their homes in a trust for estate planning purposes should not have to forego the veteran's tax credit on their property tax. Because of property transfer differences under a trust versus individual ownership, the bill also requires annual filing for trusts wishing to qualify for the veteran's tax credit. 2) The amendment provides that veterans of the Persian Gulf War are added to the list of veterans eligible for the veteran's property tax credit. All testimony was favorable. Vote 16-0.

4709L

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

allowing a beneficial interest owner of a trust owning real estate to  
qualify for property tax exemptions and credits and allowing  
the veterans' exemption for service in the Gulf War.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Beneficial Interest Owners of Trusts Permitted Exemptions and Credits. Amend RSA 72 by inserting after section 6 the following new section:

72:6-a Trusts. In this chapter, the term "person" and the term "inhabitant" shall include the beneficial interest owner of a trust owning real estate when such beneficial owner otherwise qualifies for an exemption or credit under this chapter. The application for exemption or tax credit by a beneficial interest owner of a trust owning real estate shall be in accordance with RSA 72:33-a.

2 New Section; Application for Exemption or Tax Credit by a Beneficial Interest Owner of a Trust. Amend RSA 72 by inserting after section 33 the following new section:

72:33-a Application for Exemption or Tax Credit by a Beneficial Interest Owner of a Trust. No beneficial interest owner of a trust owning real estate shall be entitled to the exemptions or tax credits provided by RSA 72:28, 29-a, 30, 31, 32, 35, 36-a, 37, 37-a, 39, 43-b, 43-f, 43-h, 62, 66, and 70 unless he shall have filed annually with the selectmen or assessors, on or before April 15, an application therefore signed under penalty of perjury, on a form approved and provided by the commissioner of revenue

administration, showing that the applicant is duly qualified for the exemption or tax credit, and is the true and lawful beneficial interest owner of the trust owning the real estate on which the exemption or tax credit is claimed. If any beneficial interest owner, otherwise qualified to receive an exemption or tax credit, shall satisfy the selectmen or assessors that he was prevented by accident, mistake or misfortune from filing the application on or before April 15, said officials may receive said application at a later date and grant an exemption or tax credit therefor for that year, but no such application shall be received or exemption or tax credit granted after the local tax rate has been approved for that year.

3 Participation in Gulf War; Qualification for Veterans' Exemption. Amend RSA 72:28, VI(i) to read as follows:

(i) Any other war or armed conflict that has occurred since May 8, 1975, and in which the resident earned an armed forces expeditionary medal *or theater of operations service medal*.

4 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill permits a person who has transferred his real estate to a trust and is the beneficial interest owner of that trust to obtain an exemption or credit on his property taxes on such real estate, provided that such person meets the qualifications for an exemption or credit.

The bill also allows the veterans' exemption for service in the Gulf War.

**HB 1174**, to allow a person to serve only on the conservation commission, the planning board, or the zoning board of adjustment at the same time. INEXPEDIENT TO LEGISLATE

Rep. Katherine H. Metzger for Municipal and County Government: The committee felt that this bill was addressing a local problem where existing laws were not being enforced. Most of the testimony was opposed to the bill. The concern was that this would create a difficult situation for small towns. Vote 13-0.

**HB 1239-FN-L**, relative to dog group license fees. INEXPEDIENT TO LEGISLATE

Rep. Eva M. Lawrence for Municipal and County Government: At this time the bill would pose too much of a burden to those who are breeders and also the town would find it a burden to enforce. It would cost too much for all involved. The committee recognizes, however, that there is a larger problem with regard to animal control and suggests state agencies should take the initiative in proposing solutions. Vote 14-0.

**HB 1306-L**, authorizing additional license fees for dogs which are not spayed or neutered. INEXPEDIENT TO LEGISLATE

Rep. Richard T. Trelfa for Municipal and County Government: Most of the testimony was strongly opposed. Consensus of the committee and testimony was that HB 1306 could impair the licensing process and that establishment of a dedicated fund separate from the general funds was undesirable. Vote 13-0.

**HB 1312-FN-L**, increasing the fees for late licensure of dogs. INEXPEDIENT TO LEGISLATE

Rep. Richard T. Trelfa for Municipal and County Government: HB 1312-FN-L proposes a piecemeal approach to a complex problem. The committee feels there is an ample number of statutes addressing the problems; but enforcement is, at best, spotty.

A more comprehensive approach appears needed. Testimony was sharply split. Vote 13-0.

**HB 1351**, creating a committee to review the laws governing tax-exempt property and to study the concept of and criteria for payment in lieu of taxes by tax-exempt properties in response to HBI 2 of the 1991 session. OUGHT TO PASS WITH AMENDMENT

Rep. David M. Perry for Municipal and County Government: The question of tax exempt property has resulted in a stream of litigation involving many cities, towns, and tax-exempt organizations. HB 1351 creates a study committee to study the issue of tax-exempt property in the State of New Hampshire. It also will look into the concept of "payment in lieu of taxes." The pressure on the property tax warrants this study. Vote 13-0.

4823L

#### Amendment

Amend paragraph I of section 1 of the bill by inserting after subparagraph (j) the following new subparagraph:

(k) One representative of the Granite State Association of Non-Profits, appointed by such association.

**HB 1368**, allowing municipalities to protect buildings 50 years of age or older from being burned in fire department exercises. INEXPEDIENT TO LEGISLATE

Rep. Martha Fuller Clark for Municipal and County Government: While the committee felt there was merit in the intent of the bill, which aimed at protecting our historical resources, they were concerned about unresolved issues surrounding private property rights and that there was difficulty with the narrow scope of this legislation. Instead, the committee will consider reviewing the need for greater protection of our historic resources within a broader framework under a House Bill of Intent. Vote 16-0.

**HB 1465-L**, relative to the taxation and transfer of restricted land. OUGHT TO PASS WITH AMENDMENT

Rep. Richard T. Trelfa for Municipal and County Government: This bill would preserve an owner's right to develop a portion of restricted land, after payment of a 10% penalty. All testimony was favorable, except for concerns expressed regarding the definition of "restricted land." The amendment requires conformity with U.S. Internal Revenue code. Vote 13-0.

4954L

#### Amendment

Amend RSA 79-B:2, IX as inserted by section 2 of the bill by replacing it with the following:

2 Definition; Restricted Land. Amend RSA 79-B:2, IX to read as follows:

IX. "Restricted land" means any undeveloped open space land subject to a qualifying conservation restriction *including where the restriction meets the requirements of section 170(h) of the United States Internal Revenue Code, any portion of the property on which the owner has reserved a right to develop, but has not yet exercised such right.*

**HB 1220-FN-L**, changing the method for calculating stumpage values for purposes of assessing the yield tax on timber. **OUGHT TO PASS WITH AMENDMENT.**

Rep. William H. Nehring for Resources, Recreation and Development: The bill, as amended, directs the yield tax assessors to consider all reasonable costs in the harvest of timber and other wood products. It also provides for the assistance of the Department of Revenue Administration in making the assessments. Vote 16-0.

4914L

### Amendment

Amend the bill by replacing section 1 with the following:

1 Stumpage Value; Yield Tax on Timber. RSA 79:1, III is repealed and reenacted to read as follows:

III. "Stumpage value" means the amount determined by the assessing officials in the same manner as other property values for the purposes of taxation. When competitive bids have been the basis for the sale on a per cord, per 1,000 board foot, by weight or other basis the price so paid shall be considered by the assessing officials. The assessors shall consider any reasonable costs incurred by the owner to access and remove said wood or timber, less any costs for services which are in excess of those necessary to remove said wood or timber. The burden shall be upon the owner filing the "Report of Wood Cut" form to demonstrate the reasonableness of a claim under this paragraph. When open competitive bidding is not the basis for the sale, the assessing officials shall use the average stumpage value list provided by the department of revenue administration, taking into consideration the location of the timber, the quality of the timber, the size of the sale and any other factors necessary to harvest the wood or timber that affect the value of timber being cut. Stumpage value of all forest products except those customarily measured by the cord, by weight or by the piece shall be determined on the basis of international 1/4 inch rule log scale. If there are questions by the assessors regarding the true and accurate stumpage values reflected in contracts presented by the owner as the basis for timber tax assessment, the department of revenue administration, property appraisal division shall be available to assist or advise the municipalities in the proper calculation of the stumpage value for assessment purposes.

**HCR 21**, urging the U.S. Congress to adopt uniform recycling product labeling standards based on standards developed by the Northeast Recycling Council. **OUGHT TO PASS.**

Rep. Lowell D. Apple for State-Federal Relations: On a vote of 12-0 the Committee urged the House to pass this HCR regarding standardizing recycling labeling based on Northeast Recycling Council standards. Vote 12-0.

The Chair requested a quorum count.

A quorum was declared present.

### REGULAR CALENDAR

**CACR 24**, relating to gubernatorial elections. Providing that the governor shall be elected every 4 years. **INEXPEDIENT TO LEGISLATE.**

Rep. LeRoy S. Dube for Constitutional and Statutory Revision: Since 1967, a constitutional amendment on the extension of the term of office of governor has been considered by the Legislature 16 times. The amendment has appeared as a ballot question in the general election three times. The majority of the Committee favored keeping a two-year term for governor. Vote 9-4.

**HB 1155-L**, relative to school attendance laws and homeless children. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John M. White for Education: This bill, resulting from federal PL 101-645 (The McKinney Homeless Assistance Amendments of 1990), gives homeless children the right to receive an appropriate public education either in the district of residence or in the school of origin. It also limits the liability of persons who assist homeless children and provides for any needed medical examination and/or immunization at no additional cost to local communities. Vote 16-0.

4824L

#### Amendment

#### 193:36 Medical Examination of Students; Immunizations.

I. Notwithstanding RSA 200:32 and in the absence of any other medical examination in compliance with RSA 200:32 or RSA 200:33, a complete medical examination shall be provided by a licensed physician for each homeless child within 30 days of first entry into the public school system, provided no medical examination shall be required of a child whose parent or guardian objects to such examination in writing on the grounds such medical examination is contrary to his religious tenets and teachings.

II. All homeless children shall be immunized in accordance with RSA 141-C:20-a. I-a. RSA 189:54, II as inserted by section 3 of this act shall take effect July 1, [1992] 1993.

4 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill creates a new subdivision which gives homeless children the right to receive an appropriate public education by allowing the homeless child to attend the school in the attendance area of the district of residence or continue his education in the school of origin for the remainder of the school year or for an additional year if the child becomes homeless during the summer.

This bill also entitles a homeless child attending a school assigned by the local school district to the same transportation offered to other children in that district.

This bill also limits the liability of persons assisting homeless children. In addition, this bill requires a homeless child to be provided with a complete medical examination, by a licensed physician within 30 days of first entry into the public school system.

**HB 1468-FN-L**, relative to the education of disabled children. OUGHT TO PASS WITH AMENDMENT.

Rep. William A. Riley for Education: The bill was unanimously voted Ought to Pass with Amendment by the Committee. #### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to special education catastrophic aid.

Amend the bill by replacing all after the enacting clause with the following:

1 Estimated Expenditures; Calculation of Catastrophic Aid Payments. Amend RSA 186-C:18, III to read as follows:

III. (a) [The state shall appropriate not less than \$1,000,000 for each fiscal year to assist school districts in meeting catastrophic cost increases in their special education programs.] The state board of education through the commissioner, department of education, shall distribute aid available under this paragraph as entitlement to such school districts as have a special education pupil for whose costs they are responsible, for whom the costs of special education in the fiscal year exceed 3-1/2 times the *estimated* state average expenditure per pupil for the school year preceding the year of distribution. If in any year, the amount appropriated for distribution as catastrophic special education aid in accordance with this section is insufficient therefor, the appropriation shall be prorated proportionally based on entitlement among the districts entitled to a grant[; provided that the amount of catastrophic special education aid per pupil for a district requiring such aid shall not be more than 80 percent of catastrophic costs exceeding 3-1/2 times the *estimated* state expenditure per pupil for the school year preceding the year of distribution for that district]. If there are unexpended funds appropriated under this paragraph at the end of any fiscal year, such funds shall be distributed according to the equalizing formula established in paragraph II. The state

may designate up to \$250,000 of the funds which are appropriated as required by this paragraph, for each fiscal year, to assist those school districts which, under guidelines established by rules of the state board of education, may qualify for emergency assistance for special education costs. Upon application to the commissioner of education, and approval by the commissioner, such funds may be accepted and expended by school districts in accordance with this chapter; provided, however, that if a school district has received emergency assistance funds for certain educationally disabled children, it shall not receive catastrophic special education aid for those same educationally disabled children. If any of the funds designated for emergency assistance under this paragraph are not used for such emergency assistance purposes, the funds shall be used to assist school districts in meeting catastrophic cost increases in their special education programs as provided by this paragraph.

*(b) The school district shall be liable for 3-1/2 times the estimated state average expenditure per pupil, plus 20 percent of the additional cost, up to \$50,000 per pupil.*

*(c) The department of education shall be liable for 80 percent of the cost above the 3-1/2 times the estimated state average expenditure per pupil, up to \$50,000 per pupil. The department of education shall be liable for all costs in excess of \$50,000 per pupil. Costs for which the department of education is liable under this section shall be paid to education service providers by the department of education.*

2 Effective Date. This act shall take effect July 1, 1993.

#### AMENDED ANALYSIS

This bill allows payments to school districts using estimated expenditures of the school districts.

The school district will be liable for 3-1/2 times the estimated state average expenditure per pupil plus 20 percent of the additional cost up to \$50,000 per pupil. The department of education will be liable for 80 percent of the cost above 3-1/2 times the estimated expenditure per pupil up to \$50,000. The department will be responsible for all costs in excess of \$50,000 per pupil.

The current law provides payments to school districts by calculating the state average expenditure per pupil for the school year preceding the year of distribution.

The bill deletes the state minimum appropriation to districts for special education catastrophic cost increases.

**HB 1127-FN-L**, abolishing the current use tax. INEXPEDIENT TO LEGISLATE.

Rep. David M. Scanlan for Environment and Agriculture: House Bill 1127 completely ignores the impact this bill would have on tourism, forest and agricultural-based industry in the state. Additionally, no consideration was given to the impact this proposal would have on an already depressed real estate market and the resulting increase in delinquent tax payments made to municipalities. Finally, it would be difficult to quantify the negative impact this bill would have on our natural landscape and the average New Hampshire citizen's quality of life. Vote 16-0.

**HB 1211**, permitting public employees to file an unfair labor practice complaint after a certain time without exhausting administrative remedies. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.

Rep. Roy E. Melnick for the Majority of Labor, Industrial and Rehabilitative Services: The majority of the Committee believes that discrimination in the hiring, tenure, terms and conditions of employment of public employees for the purpose of encouraging or discouraging membership in any employee organization and to discharge or otherwise discriminate against any employee because he has filed a complaint affidavit or petition or given information or testimony under RSA 273:A the (Public Employee Labor Relations Board) should have primary jurisdiction of said violations, speed up the process for the complainant. Vote 8-5.

Rep. Larry G. Elliott for the Minority of Labor, Industrial and Rehabilitative Services: The Minority of the Committee strongly rejects the amendment proposed by the Majority of the Committee. The amendment allows public employees to file an unfair labor practice without any attempts to resolve them through an administrative grievance procedure currently required by the law before going to the Employee Relations Board. The Minority of the Committee further feels that a six-month waiting period, as outlined in the original bill, is appropriate so as to require an employee to operate in good faith with his/her employer. This bill, as amended, removes any incentive for an employee to attempt to settle a dispute with anyone in the administrative procedures process. After the written amendment appeared in executive session of the full Committee, the Subcommittee was reconvened and considered the amendment. The Subcommittee maintained its position of Ought to Pass unamended. The Minority of the Committee supporting the Subcommittee concurs with the motion of Ought to Pass.

Referred to Appropriations.

Rep. Hager yielded to questions.

**HB 1124-L**, allowing a town to apply certain rental welfare assistance payments to certain amounts owed to a town for the assisted person's landlord's delinquent water, sewer, or tax payments. **OUGHT TO PASS WITH AMENDMENT**

Rep. John S. Barnes, Jr. for Municipal and County Government: The amendment replaces the bill. It allows for governing bodies of municipalities, after adopting appropriate guidelines, to apply rents paid by a municipality toward payment of arrears in municipal utilities and taxes. In such cases, rents would be paid by voucher. Also, the amendment changes the RSA 540-A:6 interest rate on security deposits held by landlords to the going rate instead of 5 percent. The majority of the committee felt that this bill will be very helpful to our cities and towns in collecting delinquent taxes and utility bills. New Hampshire Legal Assistance representative felt that the rights of the tenants would not be compromised. Vote 9-4.

### **Amendment**

Amend the title of the bill by replacing it with the following:

#### **AN ACT**

allowing a town to apply certain rental welfare assistance payments to  
certain amounts owed to a town for the assisted person's  
landlord's delinquent water, sewer, electricity or  
tax payments and relative to interest rates on  
security deposits.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Guidelines. Amend RSA 165:1, II by inserting after subparagraph (c) the following new subparagraph:

(d) The process for the application of rents under RSA 165:4-b, if the municipality uses the off-set provisions of RSA 165:4-a.

2 New Sections; Application of Rents Paid by the Municipality; Process for Application of Rents Paid by the Municipality. Amend RSA 165 by inserting after section 4 the following new sections:

165:4-a Application of Rents Paid by the Municipality. Whenever the owner of property rented to a person receiving assistance under this chapter is in arrears in sewer, water, electricity, or tax payments to the municipality, the municipality may apply, upon approval of the governing body, the assistance which the property owner would have received in payment of rent on behalf of such assisted person to the property owner's delinquent balances, regardless of whether such delinquent balances are in respect of property occupied by the assisted person. For purposes of this section, a payment shall be considered "in arrears" if more than 30 days have elapsed since the mailing of the bill, or in the case of real estate taxes, if interest has begun to accrue pursuant to RSA 76:13.

165:4-b Process for Application of Rents Paid by the Municipality. Prior to utilizing the optional offset provisions of RSA 165:4-a, the governing body shall adopt, as part of the guidelines required under RSA 165:1, II, rules governing the process, includ-

ing a policy which specifically sets out which bill shall be offset first and any further priority of such offset payments and a procedure for notifying the landlord.

3 Payment by Voucher and Application of Rents Paid by the Municipality. Amend RSA 540:9-a to read as follows:

540:9-a Payment by Voucher *and Application of Rents Paid by the Municipality.* Any rental payment or partial rental payment tendered by the tenant in the form of a written promise to pay on behalf of the tenant by a municipality of this state, *and any application by the municipality of amounts owed to it by a landlord pursuant to RSA 165:4-a*, shall constitute payment by the tenant of the amount represented in the voucher, *and of any amount applied by the municipality to delinquent balances of the landlord*; provided, that this section shall not be construed to obligate a landlord to accept partial rental payments or payments tendered after the expiration of the notice to quit.

4 Interest Rates on Security Deposits. Amend RSA 540-A:6, IV(a) to read as follows:

IV.(a) A landlord who holds a security deposit for a period of one year or longer shall pay to the tenant interest on the deposit at a rate equal to [5 percent or] the interest rate paid on regular savings accounts in the New Hampshire bank, savings and loan association, or credit union in which it is deposited, [whichever is larger,] commencing from the date the landlord receives the deposit or from September 13, 1977, whichever is later. If a landlord mingles security deposits in a single account under RSA 540-A:6, II(b), the landlord shall pay the actual interest earned on such account proportionately to each tenant.

5 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill allows a town to apply rents which a property owner would have received on behalf of an assisted person to the property owner's delinquent sewer, water, electricity or tax payments.

This bill also requires that landlords pay tenants interest on security deposits at a rate equal to the interest rate paid on regular savings accounts rather than 5 percent or the interest rate paid on regular savings accounts, whichever is greater, as under current law.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1170-L**, relative to the use of revenue derived from parking meters for public transportation systems. INEXPEDIENT TO LEGISLATE

Rep. David M. Perry for Municipal and County Government: HB 1170 asked to have "Public Transportation" added to RSA 231:131, the statute that allows parking meters in municipalities. If passed, this bill would have allowed monies received from parking meters to be used for Public Transportation, as well as the other allowed expenditures. The majority of the committee felt that the present limits on expenditures should remain as they are. There was no large support for the bill. It was voted Inexpedient by a vote of 10 to 3. Vote 10-3.

Adopted.

**HB 1291-L**, granting municipalities an option for more frequent billing and collection of property taxes. **INEXPEDIENT TO LEGISLATE**

Rep. John S. Barnes, Jr. for Municipal and County Government: The purpose of HB 1291 was to allow quarterly tax billing as a means of improving municipal cash flow. Testimony was mixed, with the New Hampshire tax collectors expressing concerns, as did mortgage bankers. In contrast, fiscal advisors to the city of Concord testified that although there are some additional costs to quarterly billing, cash flow can be improved. Although the committee voted HB 1291 Inexpedient to Legislate by a vote of 10-6, committee members feel the concept has some merits which ought to be considered in future legislation. Vote 10-6.

Rep. Pepino moved that the words Refer for Interim Study be substituted for the report of the Committee, Inexpedient to Legislate.

Rep. Grodin spoke to the motion.

Referred for Interim Study.

**HB 1452-FN-L**, allowing the county treasurer to use call bonds and lines of credit as financial management tools. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth L. Weyler for Municipal and County Government: This bill enlarges the financing options for county treasurers to include call bonds and lines of credit. This gives counties the same authority as municipalities presently have for borrowing. It also adds lines of credit to the statutes, a method currently employed by both municipalities and counties, but not referred to in statute. All testimony was favorable. Vote 16-0.

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Reference Added to Penalty Provision. Amend RSA 24:16 to read as follows:

24:16 Penalty. Any violation of the provisions of [the previous section or of provisions of] ***RSA 24:15***, ***RSA 29:8***, ***RSA 29:8-b***, or ***RSA 33:2-a*** shall subject the person or persons so violating to the provisions of RSA [64:7] ***661:9***, providing for removal from office. A petition of 5 resident taxpayers of the county may be made to the superior court for such removal or for removal for official misconduct.

2 New Section; Use of Call Bonds and Lines of Credit. Amend RSA 29 by inserting after section 8-a the following new section:

29:8-b Borrowing Authority of County Treasurer.

I. In addition to the borrowing authority granted to the county treasurer under RSA 29:8 and RSA 29:8-a, the county treasurer, upon the order of the commissioners with the approval of the executive committee of the county convention, shall also have the authority to go to market for lines of credit, and shall have the authority to issue call bonds, as provided in RSA 33:2-a.

II. If the sum to be borrowed, in paragraph I, together with the collected taxes of the same fiscal year, shall exceed by 10 percent the total appropriations made for that year by the county convention, the approval of the county convention for such excess borrowing must be secured, unless the convention has not acted upon the appropriations for the ensuing year.

III. Nothing in this section shall be deemed or construed as authority to exceed appropriations made by the county convention.

3 Reference to Borrowing Authority of County Treasurer Added. Amend RSA 31:94-e to read as follows:

31:94-e Transition Period. Where the provisions of RSA 31:94-a are adopted by a town, city or county, the selectmen, city treasurer or county treasurer, respectively, may borrow money in anticipation of taxes, for the transition period in the manner provided by RSA 33:7, I for cities and towns, and RSA 29:8, **29:8-b, and 33:2-a** for counties.

4 Repayment of Loans by Municipalities and Counties. Amend RSA 33:2 to read as follows:

33:2 Repayment of Loans. Municipalities and counties shall not issue any bonds or notes payable on demand. They shall provide for the payment of all loans issued under authority of this chapter except notes issued under authority of RSA 33:7, **33:7-a, and 33:7-b**, in annual payments which shall be so arranged that *either: (a) each annual payment of principal prior to the last annual payment is not less than the amount that would result from dividing the total principal amount of the loan by the maximum number of years for which the loan may be outstanding under this section, provided that the aggregate amount of principal payable at the end of the first 1/3 of the term of the loan and at the end of the second 1/3 of the term of the loan is at least 1/3 and 2/3, respectively, of the total principal amount of the loan, or (b) the amount of the annual payment of principal and interest in any year on account of any loan shall not be less than the amount of principal and interest payable in any subsequent year by more than 2 percent of the principal of the entire loan. The total amount of such payments shall be sufficient to extinguish the entire loan on account of which they are made at maturity. The first payment of principal on any loan shall be made not later than 2 years and the last payment not later than 30 years after the date thereof, provided, however, that no loan issued to pay for public work or improvement shall exceed the expected useful life of said public work or improvement as determined by the governing board or the city councils in the case of cities, or the county commissioners in the case of counties. Each authorized issue of notes or bonds shall be a separate loan. The amount of each payment of principal and interest on all loans shall, without vote of the municipality or county, be annually assessed and collected. Sinking funds and debt retirement funds for the payment of debt shall not hereafter be established.*

5 Reference to Borrowing Authority of County Added. Amend RSA 33:2-a to read as follows:

33:2-a Call Bonds. The issuance of bonds or notes hereunder which are subject to call, at the election of the municipality **or of the county**, before the date fixed for final payment thereof, is authorized. The bonds or notes, in such cases, shall contain provisions setting forth the method or methods by which the option to call may be exercised, the procedure for payment in the event of call, and the legal effect of the making of the call. If such call bonds or notes are payable to bearer, they may be called, at the election of the municipality **or of the county**, on any date when interest thereon shall become payable, written notice of such election first having been given to the bank, banks or other institutions, if any, at which they are stated on their face to be payable, and published for 4 consecutive weeks at least once a week in one or more newspapers printed and published in Boston, Massachusetts, and in one newspaper printed and published in the state of New Hampshire and circulating in said municipality **or county**, the last such publications being at least 14 days before the date specified for payment; and thereupon, after the date so specified, interest thereon shall cease. If such call bonds or notes are payable to the registered holder, they may be called, at the election of the municipality **or of the county**, on any date when

interest thereon shall become payable, written notice of such election first having been given to the registered holder by registered mail, postage prepaid, to such holder at his last address, as registered in the books of the municipal *or of the county* treasurer; and thereupon, after the date so specified, interest thereon shall cease.

6 Authority of Cities and Towns to Establish Lines of Credit for Tax Anticipation Notes. Amend RSA 33:7, I to read as follows:

I. CITIES AND TOWNS. Cities and towns may incur debt in anticipation of the taxes of the financial year in which the debt is incurred, in order to pay current maintenance and operation expenses, and may issue notes *and establish lines of credit* therefor to an aggregate principal amount not exceeding the total tax levy during the preceding financial year, provided that after the tax levy of the current year has been determined any city or town may borrow an amount not exceeding in the aggregate the total tax levy of the city or town for the current financial year. In order to meet necessary expenses which may arise during the period from the beginning of the financial year to the date of the annual town meeting, the treasurer of any town, with the approval of the selectmen, may issue notes *and establish lines of credit*, without a vote of the town therefor, to an aggregate principal amount not exceeding 30 percent of the total receipts from taxes during the preceding financial year.

7 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill increases the borrowing authority of the county treasurer by allowing him to also use call bonds and lines of credit.

The bill specifies how municipalities and counties shall make their annual loan repayments.

The bill also clarifies the authority of cities and towns to establish lines of credit for tax anticipation notes.

Adopted.

Report adopted.

Ordered to third reading.

**HR 51**, encouraging subdivisions of state government to privatize. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas B. Salatiello for Municipal and County Government: As there are pros and cons to privatization, the Committee does not feel it appropriate to endorse HR 51 as representing the sense of the House, particularly when only one person spoke in favor of this resolution. Communities, if they so choose, already have the option to privatize. Vote 15-1.

Adopted.

**HB 1236-FN**, requiring equal medical, vocational and educational opportunities for female and male inmates and requiring female inmates to be incarcerated within New Hampshire. **INEXPEDIENT TO LEGISLATE**.

Rep. Scott E. Green for State Institutions and Housing: Male and female prisoners are being given equal access to the vocational and educational resources of the Department of Corrections. The bill is not needed. Vote 13-3.

Adopted.

**HB 1445-FN-L**, clarifying the definition of a year-round dwelling. **REFER FOR INTERIM STUDY**.

Rep. Scott E. Green for State Institutions and Housing: The majority of the Committee felt that the issue of what constitutes a year-round dwelling should be ad-

dressed since it is apparent that the property and voting rights of some of New Hampshire residents are at unnecessary risk through no fault of their own. Therefore the Committee opted for Interim Study. Vote 9-7.

Referred for Interim Study.

**HB 1460-FN**, relative to land fee increases in manufactured housing parks. REFER FOR INTERIM STUDY.

Rep. John J. McCarthy, Jr. for State Institutions and Housing: The Committee is supportive of the concept expressed in this bill, but to legislate rent control might prove ineffective and counterproductive. To do so might harm not only the mobile park owners, but also in the long run, the very tenants they serve. The Committee would like to look at this bill again, along with House Bill 695, which this body sent to Interim Study on February 6, in the hope that the Committee can merge both bills and return with a responsible statute that would serve the needs of both tenants and owners of manufactured housing parks. Vote 14-2.

Rep. Salatiello moved that the words Ought to Pass be substituted for the report of the Committee, Refer to Interim Study and spoke to his motion.

Reps. McCarthy, Dowling and Coffey spoke against.

Reps. Parks and Lozeau spoke in favor.

Rep. Scott Green spoke against and yielded to questions.

Roll call request sufficiently seconded.

Rep. Ann Torr declared a conflict of interest and did not participate.

The question being the adoption of the substitute motion.

**HB 1474-FN-A**, relative to taxability of real estate transfers. OUGHT TO PASS WITH AMENDMENT.

Rep. Roland A. Sallada for Ways and Means: This bill clarifies the applicability of the Real Estate Transfer Tax when companies are liquidated. A recent court ruling in the case of Lordan Lumber necessitated the change in the law which is designed to assure that the state will not lose tax revenue when corporations dissolve, and to close a potential loophole which might be a tempting target for abuse. The amendment includes language requested by the New Hampshire Bankers Association to cover foreclosures, as well as a technical change requested by the Department of Revenue Administration to make the statute consistent with federal regulations covering tax-free reorganizations. Vote 14-0.

4752L

### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Contractual Transfers as Consideration. Amend RSA 78-B:1-a, IV to read as follows:

IV. "Price or consideration" means the amount of money, or other property and services, or property or services valued in money which is given in exchange for real estate, and measured at a time immediately after the transfer of the real estate. *The value of such consideration in contractual transfers where the property exchanged includes the surrender of rights or choses-in-action by the transferee, including the surrender of shareholder or beneficial interest holder rights in liquidation of a corporation or other entity, the forgiveness of an obligation owed to the transferee, or the assumption of an obligation by the transferee, shall be no less than the fair market value of the real estate or interest in such real estate as determined by the department pursuant to RSA 78-B:9, III; except that in the case of a deed given in lieu of a foreclosure, the value of such consideration shall be the amount of the debt forgiven or the amount of the debt assumed by the transferee in exchange for the real property.*

2 New Paragraph; Exception to the Real Estate Transfer Tax. Amend RSA 78-B:2 by inserting after paragraph XIII the following new paragraph:

XIV. To a transfer of title pursuant to a merger, consolidation or other reorganization qualifying as a tax-free reorganization as defined under the United States Internal Revenue Code of 1986, section 368, as amended.

3 Effective Date. This act shall take effect July 1, 1992.

#### AMENDED ANALYSIS

This bill, for the purposes of the real estate transfer tax, defines the consideration in certain contractual transfers to be the fair market value of the real estate or interest in the real estate as determined by the department of revenue administration; except in the case of a deed given in lieu of a foreclosure in which case value shall be the amount of the debt forgiven or the amount of the debt assumed by the transferee.

The bill also exempts certain transfers of title pursuant to merger, consolidation or other reorganization qualifying as a tax-free reorganization from the real estate transfer tax.

Adopted.

Report adopted.

Ordered to third reading.

#### RECONSIDERATION

Having voted with the prevailing side, Rep. Scanlan moved that the House reconsider its action whereby it adopted the Committee Report of Inexpedient to Legislate on **HB 1335**, relative to plastic holding devices used in packaging.

Rep. Leonard Smith spoke in favor.

Rep. Scanlan spoke against.

On a division vote, 88 members having voted in the affirmative and 205 in the negative, reconsideration lost.

#### RESOLUTION

Rep. Gross offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet February 20 at 1:00 p.m.

### Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

authorizing municipalities to incur debt in the form of bonds guaranteed by the state of New Hampshire to assist municipalities, towns, cities, counties or districts to close landfills and to clean up hazardous waste sites.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Policy. It is hereby declared to be the policy of the state that for the benefit of New Hampshire's citizens, businesses, and future generations of the state that unsafe and unsanitary landfills must be closed and hazardous waste sites, solid waste sites and superfund sites must be cleaned up in an orderly and cost effective manner. The purpose of this act is to extend authority to municipalities and counties to issue bonds guaranteed by the state of New Hampshire to assist such entities in the financing of the closings of landfills and the cleanup of hazardous waste sites, solid waste sites and superfund sites.

2 New Section; Exclusion From Debt Limit. Amend RSA 33 by inserting after section 6-b the following new section:

33:6-c Exclusion From Debt Limit; Waste Site Cleanups. Municipalities may incur debt for cleanup projects pursuant to RSA 147-B and for the closing or cleanup of landfills and other solid waste facilities as defined in RSA 149-M by the issue of bonds or notes authorized under this chapter and RSA 149-M:24-a. Any debt incurred for this purpose shall be outside the debt limit prescribed in this chapter. Such debt shall at no time be included in the net indebtedness of any municipality for the purposes of determining its borrowing capacity.

3 New Sections; Cleanup of Landfills, Hazardous Waste Sites, Solid Waste Sites, and Superfund Sites. Amend RSA 149-M by inserting after section 24 the following new sections:

149-M:24-a Cleanup of Waste Sites; Rulemaking. In addition to any other powers conferred upon cities, towns, districts and counties by this chapter or by RSA 147-B, cities, towns, districts and counties shall have the power to finance costs incurred for the closing and cleanup of landfills and other solid waste facilities and for the closing and cleanup of hazardous waste sites as provided in RSA 147-B. The commissioner of environmental services shall adopt rules pursuant to RSA 541-A, relative to the administration of this section.

149-M:24-b State Guarantee. In view of the public benefits resulting from the proper closing of landfills and other solid waste facilities and for the closing and cleanup of hazardous waste sites, the governor and council are authorized in the name of the state of New Hampshire to guarantee unconditionally, but at no time in excess of the total aggregate sum for the entire state of \$50,000,000, the payment of all or any portion, as they may find to be in the public interest, of the principal of and interest on any bonds or notes issued by any city, town, district or county for the closing and cleanup of any landfill or any other solid waste facility or the closing and cleanup of any hazardous waste site, and the full faith and credit of the state are pledged for any such guarantee. However, the amount of the state guarantee for bonds issued by any municipality under this chapter shall not exceed 50 percent of the total amount of the eligible cost for the closing and cleanup of any landfill or any solid waste facility or the closing and cleanup of any hazardous waste site. The outstanding amount of principal and interest on such bonds and notes, the payment of which has been guaranteed by the state under the provisions of this section, shall at no time

exceed the amount of \$50,000,000. The state's guarantee shall be endorsed on such bonds or notes by the state treasurer, and all notes or bonds issued with the state guarantee shall be sold at public sealed bidding to the highest bidder. Any and all such bids may be rejected and a sale may be negotiated with the highest bidder. In the event of default in payment of any such notes or bonds, the state may recover any losses suffered by it in an action against a municipality or county, as provided in RSA 530, provided, further, that in accordance with RSA 35-A:29, the foregoing requirement for public sealed bidding shall not be applicable to any bonds or notes or both so guaranteed which are sold to the New Hampshire municipal bond bank, and any bonds or notes or both so guaranteed may be sold to the New Hampshire municipal bond bank at private sale in accordance with the provisions of RSA 35-A.

4 Effective Date. This act shall take effect 60 days after its passage.

**HB 1358-A**, making an appropriation for the new Manchester district court facility. **INEXPEDIENT TO LEGISLATE.**

Rep. William J. Driscoll for Public Works. The Committee is very sympathetic to the conditions at the present Manchester facility, but at this time many problems need to be overcome and the Department of Administrative Services needs to take more definitive actions to help correct the situation. A companion bill HB 1178 extends the lapse date on last years \$250,000 expenditure to study, design, etc. a new location for the Manchester District Court, and it is hoped that HB 1178 will be utilized by the appropriate parties. Vote 13-0.

**HB 1425-A**, relative to railroad rehabilitation and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Gene G. Chandler for Public Works: The Committee has worked with the Department of Transportation and various other officials, sponsors, etc. and the result will allow the rail line from Shelburne to North Stratford to apply for and receive 1 million of the 1.6 million dollars in Federal money available for railroads in New Hampshire. This rail line is ready to use the money, has its soft match in place, and the Committee felt these funds should be used before they expire at the end of the year. This rail line is very important to the north country and specifically James River. The bill is Inexpedient to Legislate as agreement has been reached on the availability and use of existing federal funds and legislation is not necessary at this time. Vote 13-0.

### **SPECIAL ORDER**

**HB 1332**, removing the prohibition on use or possession of tobacco products by minors. **OUGHT TO PASS WITH AMENDMENT.** (Amendment adopted 2/11/92. Pending question order to third reading.)

Rep. Virginia K. Lovejoy for Children, Youth and Juvenile Justice: This bill would remove prohibition on the possession of tobacco products by minors. The present law on the books, dealing with possession of tobacco products by minors, never had a public hearing, and has had many problems in attempts to enforce, plus significant cost to cities and towns. Vote 12-2.

Rep. Jasper offered a floor amendment.

5088L

### **Floor Amendment**

Amend the title of the bill by replacing it with the following:

## AN ACT

modifying the penalties for purchase, use or possession of tobacco products.

Amend the bill by replacing all after the enacting clause with the following:

1 Purchase, Use or Possession of Tobacco Products by Minors; Penalties. Amend RSA 78:12-b, IV to read as follows:

IV. Any person who violates paragraph II of this section shall *forfeit the tobacco product*. *Any person who violates paragraph II of this section 2 or more times shall* be guilty of a violation and shall be punished by a fine of not more than \$25 for the first offense, and not more than \$50 for the second and subsequent offenses. No person 12 years of age or younger shall be prosecuted under this section.

2 Children in Need of Services; Exception Added. Amend RSA 169-D:2, IV(c) to read as follows:

(c) A child who has committed an offense which, if committed by an adult, would be a violation under the criminal code of this state; or has committed an offense which, if committed by a person 16 years of age or older, would be a violation under the motor vehicle code of this state; or has violated an ordinance or bylaw of a city or town; *provided, that "child in need of services" shall not mean a child who has committed an offense under RSA 78:12-b.*

3 Effective Date. This act shall take effect upon its passage.

## AMENDED ANALYSIS

This bill reduces the first offense penalty for minors convicted of purchasing, possessing or using tobacco products to forfeiture of the tobacco product.

This bill exempts persons who purchase tobacco products in violation of RSA 78:12-b from the definition of "children in need of services."

Rep. Jasper spoke in favor and yielded to questions.

Reps. Lockwood and Robinson spoke against and yielded to questions.

Reps. Elizabeth Moore and Coffey spoke in favor.

Rep. William McCain spoke against.

Roll call request sufficiently seconded.

### REGULAR CALENDAR

**HB 1496-FN-L**, relative to defined benefits, defined contributions, and the funding methodology of the retirement system. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Kathleen W. Ward for the Majority of Executive Departments and Administration: This bill implements the recommendations of the study committee created with the passage of HB 51 last session that became law and expires on June 30, 1992, which suspended the employer's rates which had increased by \$45.3 million.

(1) It changes the short-term funding methodology to a long-term method that will bring stability to both Employer and Employee rates. This is called open group aggregate method funding.

(2) Specifies that the Retirement System shall meet the requirements of a disciplined defined benefits plan. This allows the actuary to set the rates in accordance with those terms.

(3) Redefining earnable compensation, 3-year income averaging of the employee's best three years.

(4) Changes the way cost of living adjustments are determined and granted.

(5) Creates a joint legislative committee on the Retirement System to monitor the financial soundness and stability of the New Hampshire Retirement System.

The bill also provides two grandfather clauses: (1) for Retirement System members vested as of June 30, 1992, who retire between July 1, 1992, and June 30, 1995, and (2) for Retirement System members vested as of June 30, 1992, who retire after June 30, 1995, in determining what constitutes earnable compensation. Vote 10-8.

Reps. Cynthia A. McGovern, Miriam D. Dunn, Gerald O. Gosselin, George E. Letourneau, Frank P. King, Roger B. Larochelle, Robert P. Asselin and David A. Flanders for the Minority of Executive Departments and Administration: In spite of the work that went into this bill, not all concerns were adequately dealt with and at the public hearing there was, and remains overwhelming opposition to this bill. The Minority of the Committee believes that this bill deals with too many issues, unnecessarily, other than that of funding methodology. The state, counties, towns, cities and school districts can be protected from high employer contributions without reducing the retirement benefits of public employees. The New Hampshire Retirement System Board of Trustees has voted to use a nine percent interest assumption if the Legislature enacts a change in the funding method to open group aggregate. The Minority recommendation is to amend the bill to enact this change. The adoption of the Minority report will reduce the employer contribution from 88 million dollars down to 34 million, thereby saving the state, cities and towns 54 million dollars annually. The employer rates for 1993 under open group aggregate will be 2.66 percent for employees, 2.8 percent for teachers, 5.4 percent for police and 8.45 percent for fire. Employer rates can be lowered without the reduction in benefits suggested by the Majority.

Rep. McGovern moved that the report of the Minority be substituted for the report of the Majority and spoke to her motion.

### (Minority) Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to the funding methodology of the retirement system.

Amend the bill by replacing all after the enacting clause with the following:

1 Funding Methodology Used to Finance Retirement System. Amend the introductory paragraph of RSA 100-A:16 to read as follows:

All of the assets of the retirement system shall be credited, according to the purpose for which they are held, between 2 funds, namely, the member annuity savings fund and the state annuity accumulation fund. Each of the funds shall be subdivided on account of the various member classifications. *In making the determinations required under this section for financing the retirement system, the board of trustees shall use the open group aggregate funding methodology. The board of trustees shall direct the system's actuary to prepare biennial valuations of the system's assets and liabilities commencing with the valuation prepared as of June 30, 1991. Such biennial valuation shall be the sole basis for determining the annual contribution requirements of the system until the next following biennial valuation.*

2 Effective Date. This act shall take effect upon its passage.

### AMENDED ANALYSIS

This bill changes the funding methodology of the New Hampshire retirement system by requiring the board of trustees to use the open group aggregate method.

Roll call request sufficiently seconded.

Reps. Musler and Salatiello declared a conflict of interest and did not participate.

and the amendment was adopted.

Rep. Lefebvre spoke against the Committee report.

Report adopted.

Referred to Appropriations.

**HB 1497-FN-L**, relative to retirement benefits, employer contributions to the retirement system, and the retirement system board of trustees. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen W. Ward for the Majority of Executive Departments and Administration: This legislation is the "trailer" bill to House Bill 1496 and addresses the membership of the Retirement Board of Trustees. It also ties the state's contribution of 35 percent of the employers cost to the actuaries assumptions of a 6 percent growth in number of employees and salaries. Said 6 percent recommended by the actuary for a 2-year averaging period resulting in a possible 12 percent overall. Vote 10-7.

Reps. Cynthia A. McGovern, Miriam D. Dunn, Gerald O. Gosselin, George E. Letourneau, Frank P. King, Roger B. Larochelle, Robert P. Asselin and David A. Flanders for the Minority of Executive Departments and Administration: This is a companion bill to House Bill 1496. In every discussion of these bills, much was said about the cost to the local property taxpayer if these bills were not passed. House Bill 1497 mandates that the state's share of the retirement system contribution be capped at 35 percent, thus shifting the cost to local cities and towns, to be passed on to the property taxpayer. This is an unacceptable arbitrary situation and contradictory to the intent of both bills. What, supposedly, we save the local taxpayer in House Bill 1496, we then taketh away in House Bill 1497. The bill also changes the make-up of the Retirement System Board of Trustees to include an employer, in direct conflict of the fiduciary responsibility entrusted to the Board to manage the system for the benefit of the members of the retirement system.

Rep. McGovern moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass and spoke to her motion.

Reps. Robert Wheeler and Ward spoke against.

Rep. Reidy spoke in favor.

Rep. Richard Campbell spoke in favor and yielded to questions.

Roll call request sufficiently seconded.

Reps. Musler and Salatiello declared a conflict of interest and did not participate.

The question being the adoption of the substitute motion.

Vote 14-0.

**HB 1120-FN**, relative to increasing the number of times a person may assist at certain bingo and lucky 7 games. **INEXPEDIENT TO LEGISLATE**.

Rep. Betsy McKinney for Regulated Revenues: The Committee felt that this well-intentioned bill, trying to help the small bingo games compete with the large games, would be detrimental to the small charities that really operate their own games and would aid the large commercial halls who operate every night of the week under the auspices of a different charity each time. **HB 1373**, prohibiting special "happy hour" prices and promotions on drinks sold by liquor licensees. **INEXPEDIENT TO LEGISLATE**.

Rep. Edward J. Flynn for Regulated Revenues: The Committee, after a strenuous executive session, voted that the bill be Inexpedient to Legislate. The members felt that it was an invasion of private businesses that are already subject to regulation and surveillance by established law. "Price fixing" and business regulation by outside forces was found to be objectionable. Social consciousness and keen awareness of current trends has, the Committee found, already materially decreased a shrinking schedule of "happy hours." This move, it was felt, would be the best solution to the question posed by the basic bill. Vote 15-0.

**HB 1208**, requiring approval to increase daily load on a sewage disposal system and permitting any single family dwelling served by an approved holding tank to change from seasonal to full-time use. **INEXPEDIENT TO LEGISLATE.**

Reps. Robert E. Marston and Donald L. Roulston for Resources, Recreation and Development: This bill was voted Inexpedient to Legislate for the following reasons. The Department of Environmental Services, while desiring some clarification of existing language in the statutes, opposes this approach. Other witnesses opposed the provision which would limit some of the powers granted to municipalities in 1967 by RSA 149-E. Vote 10-4.

**HB 1214**, concerning the procedure for enforcement of certain state environmental laws by individuals. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mary Ellen Martin for Resources, Recreation and Development: This bill establishes a study committee which would seek information to determine if any need exists to consider integrating citizen participation with current levels of governmental process. Of particular concern is allowing time for issues to be addressed through the authority this Legislature gave to municipalities last session in RSA 485:20 which became effective in January of this year. Vote 13-3.

(a) The enforcement of state environmental laws pertaining to waste disposal, wetlands, drinking water, terrain alteration and sewage disposal by requisite agencies of the state.

(b) The extent to which environmental regulatory agencies of the state and the department of justice are implementing their statutory enforcement authority.

(c) The extent to which environmental regulatory agencies of the state are presently capable of implementing their statutory enforcement authority.

(d) The extent to which municipalities are utilizing injunctive relief against existing or impending violations of state environmental laws, or any rule or order issued under state environmental laws.

II. The committee shall keep a record of all data relevant to and in support of insufficient or deficient enforcement of state environmental laws.

III. The study committee recommendation, including any recommendation for legislation, shall be in the form of a report to be submitted by November 1, 1992, to the house resources, recreation and development committee for review and subsequently to the governor, the speaker of the house and the president of the senate.

2 Committee Membership; Compensation.

3 Meetings. The first named house member shall call the organizational meeting to be held within 30 days after the effective date of this act.

4 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

**HB 1198**, requiring every public utility which is requesting a change in its rate structure to notify each affected municipality of the proposed change. **INEXPEDIENT TO LEGISLATE**.

Rep. Charles C. Vogler for Science, Technology and Energy: Public Utilities Commission (PUC) rules currently require the notification of all customers of pending rate increases. In addition, the PUC has agreed to amend its rules so as to notify all municipalities of the date, time and location of prehearing conferences on rate increase requests. Therefore, the sponsor and the Committee agree that this bill is Inexpedient to Legislate. Vote 11-0.

**HCR 24**, urging President Bush to establish a panel or commission to review access to current health care systems and to adopt unified access to health care in this country. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Lawrence J. Guay for State-Federal Relations: HCR 24 urges the President to establish a Commission to review access to current health care systems and provide recommendations regarding a system of uniform access to the system by all Americans. The Committee feels that the Commission, made up from the medical field, insurance industry and general public, would develop and recommend issues of universal access to health care with choice, cost containment and comprehensive benefits. Also, the commission would urge Congress to enact a national health program for all Americans. Vote 10-0.

**HB 1118**, relative to membership of the permanent committee for barrier-free design. OUGHT TO PASS.

Rep. Scott E. Green for State Institutions and Housing: This is a simple housekeeping measure to make the permanent committee for Barrier-Free Design more efficient. Vote 13-0.

**HB 1151**, transferring the jurisdiction over the Dolloff building at New Hampshire hospital from the division of mental health and developmental services to the department of cultural affairs. OUGHT TO PASS WITH AMENDMENT.

Rep. Leon Calawa, Jr. for State Institutions and Housing: House Bill 1151 has considerable history. Last year House Bill 151 and House Bill 219 were combined into House Bill 219 calling a study of the New Hampshire State Hospital campus for potential future use. Although it passed the House, the Senate was informed that the study would appear in the Capital Budget and the bill was consequently killed. Only demolition of the Walker Building at a cost of 2.8 million was in the Capital Budget as pertains to the State Hospital. This was removed in Committee and the Capital Budget was approved by the House. The item was restored by the Senate in the amount of 1.8 million and it survived the Committee of Conference. After prolonged debate largely centered on this item, the Capital Budget was narrowly passed by the House. Demolition of a viable building before study has been made puts the cart before the horse. There has probably been more misinformation concerning the Walker Building than

on most issues coming before the Legislature. One bit concerns studying the building. A study was done in 1976 specifically to determine its suitability for a forensic unit, but it was a very limited study and not pertinent to office use. The building was in beneficial use until the activities were moved out in September 1991 and all maintenance was suspended. This is referred to in preservation jargon as demolition by neglect and is an irresponsible action. There has, as yet, been no explanation as to why the building should be demolished. The Committee of Conference report refers indirectly to the possible use of the area as a parking lot. If this is correct, it raises more problems, such as the fact that there is vacant space in abundance at the Hospital, and a parking garage similar to the new one at the Concord Hospital could be built at a lower cost than 1.8 million. The intersection of Fruit, Pleasant and Warren Streets is terribly congested currently and a parking lot or garage near that intersection would further congest it. There was testimony at the public hearing from a wide spectrum; State employees, private, non-profit organizations having to do with historic resources, state chapter of the American Institute of Architecture, private citizens and more. Every witness except one testified in favor of the bill. Vote 12-0.

This bill establishes a committee to study whether it is economically feasible for state offices currently in rental or state-owned office space to utilize vacant office space at the New Hampshire hospital.

This bill also requires the commissioner of the department of cultural affairs to determine whether to accept the offer of the American Institute of Architects, New Hampshire Chapter to conduct a pro bono architectural study of the Walker building.

III. Notwithstanding any other provision of law, any lake or pond which allows the operation of boats equipped with a motor of 35 horsepower or more shall allow the normal operations of seaplanes and float helicopters, including landing and taking off on such waters.

**HB 1166**, changing the definition of "commercial boat" for the purposes of boat registration and limiting rafting of boats. **OUGHT TO PASS WITH AMENDMENT.**

Rep. George N. Katsakiores for Transportation: In extensive negotiations between the Department of Safety and others interested in the rafting of boats on our lakes, it was agreed there is no great priority to change the current statutes. The Committee concluded no additional statutory changes are required at this time. Left in the bill for passage are definition changes and the inclusion of a "classic-antique" boat exemption from a muffler requirement which meets the decibel levels established in RSA 270:37. 3 Definition Clarified. Amend RSA 270-E:2, II by inserting after subparagraph (d) the following new subparagraph:

III. The provisions of this section shall not apply to antique boats or classic boats which have met the decibel levels established in RSA 270:37 and have been issued a permit exempting them from this section. For the purposes of this section "antique

boat” means a boat built prior to 1943 and “classic boat” means a boat built between 1943 and 1968 inclusive.

5 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

The bill expands the definition of “commercial boat” to include boats used primarily, as opposed to exclusively, for commercial purposes in the boat registration law.

This bill also exempts antique and classic boats from the muffling device requirement.

**HB 1336**, prohibiting insurance companies from mandating specific motor vehicle glass repair shops. **MAJORITY: REFER FOR INTERIM STUDY. MINORITY: OUGHT TO PASS.**

Rep. Lawrence J. Guay for the Majority of Commerce, Small Business and Consumer Affairs: House Bill 1336 had a lengthy hearing including all concerned parties for insurance companies, New Hampshire insurance companies, New Hampshire Insurance Department, glass repair shops, and other interested consumers. A Subcommittee work session with all of the above groups was also held. It was agreed that the Insurance Department would send a letter to the insurance companies putting them on notice of insurance regulation 1001.04, which is clear and states as follows: "In processing any claim for damage to any motor vehicles as defined in RSA 268:1 IX, the insurer shall not require as a condition to payment of such claims that repairs be made in a particular place or shop or by a particular concern." Also the letter states "continued violation of this regulation will not be tolerated and penalties will include a fine and/or suspension or revocation of certificates of authority." The Committee wished to have House Bill 1336 in Interim Study in order to monitor the agree process. Vote 14-1.

Rep. George H. Baker for the Minority of Commerce, Small Business and Consumer Affairs: House Bill 1336 is a consumer bill. The insurance companies are going against the law as written, and nothing is being done. More and more the freedom of choice is being taken away from individuals. Are we or are we not a free people in a free country? This bill allows you the freedom of having any glass repairs done at a place of your choice and not being told where you have to go.

Referred for Interim Study.

**HB 1392**, requiring the insurance commissioner to report to the legislature at public hearings twice per year. **INEXPEDIENT TO LEGISLATE.**

sioner appear before the Commerce Committee for informational purposes. As the oversight committee for insurance, Commerce may have the Commissioner come in at any time and for any reason. It has been the practice to have the Commissioner come in each year to present an overview of current issues and answer questions from committee members. Other legislators may attend these meetings. **HB 1478-FN-L**, restructuring the Pease development authority. OUGHT TO PASS WITH AMENDMENT.

Rep. Anthony Syracuse for Commerce, Small Business and Consumer Affairs: The Commerce Committee recognizes that the key to the economic future of the seacoast is the successful redevelopment of the Pease Air Force Base. In 1990, the legislature created the Pease Redevelopment Authority. The bill before you merely fine tunes the original legislation by making two (2) changes. One change relates to the selection criteria used when appointing the Strafford County representative to the Authority. The change would cause no disruption in the current make-up of the board because it would not take effect until the current Strafford County appointee's term expires in 1993. This change is intended to make the Strafford representative more responsive to a region which is significantly impacted by the development of Pease. It also provides for a more balanced Authority which would be attuned to local, regional and state issues. The second change requires the Pease Development Authority to initiate requests for proposals (RFP's) for all expenditures in excess of \$10,000. This provision would merely bring the Authority on-line with all other state and municipal governing bodies. Vote 14-5.

5116L

#### Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Strafford County Representative. RSA 12-G:4, I(g) is repealed and reenacted to read as follows:

(g) One member appointed by majority vote of the legislative delegation of Strafford county including the senators whose districts include towns in Strafford county. The member appointed in this manner shall be a resident of Strafford county and shall serve an initial term of 2 years beginning June 1, 1993. Subsequent terms shall be governed by the provisions of this section. The member appointed in this manner may be removed from office for cause after hearing by the Strafford county legislative delegation.

2 Requests for Proposals Required. RSA 12-G:7, VIII is repealed and reenacted to read as follows:

VIII. To make and execute agreements, contracts and other instruments necessary or convenient in the exercise of the powers and functions of the authority under this chapter, including contracts with any person, firm, corporation, municipality, state agency, governmental unit, or other entity, foreign or domestic, provided that no contract in excess of \$10,000 including contracts under paragraphs III and XV, shall be made without requests for proposals except that this requirement may be eliminated by a majority vote of the board of directors on any particular matter.

3 Effective Date. This act shall take effect upon its passage.

## AMENDED ANALYSIS

This bill changes the method of appointment for the Pease development authority board member from Strafford county and mandates that the board use requests for proposals for contracts in excess of \$10,000. The requirement for a request for proposal may be waived by a majority vote of the board.

Adopted.

Report adopted.

**HB 1222-FN-L**, establishing an out-of-district tuition program for pupils in school districts not maintaining their own high schools. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Nils H. Larson, Jr. for the Majority of Education: If during the term of a tuition agreement a receiving school loses its accreditation, the sending school district board may grant exemptions, when applied for, to students to attend an accredited school. Vote 13-5.

Rep. Kathleen M. Hoelzel for the Minority of Education: Accreditation by a private organization, which this bill addresses, is totally unrelated to approval by the Department of Education, State of New Hampshire. If this bill passed, it would set a precedent whereby this Legislature would be stressing its support of a particular private organization. The particular school district involved and any others should settle the matter of accreditation through contract language and negotiations, not through legislation.

## Amendment

Amend the title of the bill by replacing it with the following:

## AN ACT

authorizing schools to modify authorized regional enrollment area (AREA) agreements.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Modification of Area Agreement. Amend RSA 195-A by inserting after section 15 the following new sections:

195-A:16 Modification. Parties to any authorized regional area agreement may, either at the time of the original agreement, or at any subsequent modification of the agreement, specify that the agreement shall cover less than 100 percent of the student population of the sending district.

2 Exemption Added. Amend RSA 195-A:4-a to read as follows:

195-A:4-a Exception. Notwithstanding any other provision of law or any agreement between a receiving district and a sending district, the school board of a receiving district and the school board of a sending district may mutually agree upon a showing of hardship by pupils from a sending district to exempt such pupils from any agreement requiring them to attend the receiving district's schools. A pupil exempted from such agreement would make suitable arrangements to attend school outside the receiving district. The sending district shall be liable for tuition payments to the district of actual attendance. Any exception so granted shall be for the period of one school year and shall be renewed only upon mutual agreement between the school boards concerned. **In the case of the withdrawal of accreditation by the accrediting agency of the school attended in the receiving district, and by application of the**

person having custody of the pupil, the board of the sending district may agree to exempt pupils from a sending district from any agreement requiring them to attend the receiving district's schools. If the sending district grants the exemption, this exemption provision shall remain in effect until the accreditation of the receiving school is reinstated. A pupil exempted under this section may complete the academic year in the school to which the pupil is assigned.

3 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill allows any party to an authorized regional area agreement, either at the time of the original agreement or at any subsequent modification, to specify that the agreement will cover less than 100 percent of the student population of the sending district.

This bill also allows a sending school to exempt pupils from any agreement to attend a school that loses accreditation. Any person that has custody of a child attending an unaccredited school may request an exemption from the sending agreement until the receiving schools accreditation has been reinstated. Any pupil that is exempted will be allowed to complete the academic year in the assigned school.

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

establishing a committee to study the real estate  
valuation and revaluation process.

Amend the bill by replacing sections 1 and 2 with the following:

1 Committee Established; Purpose. A committee is hereby established to do an in-depth study and review of the real estate assessment and revaluation process. This study shall include, but not be limited to the role and performance of private assessing firms, the department of revenue administration's position as an assessing agency and as a supervisor of the valuation and revaluation process, the municipalities' roles in the performance of the valuation and revaluation process, the court's role in the real estate valuation and revaluation process, and the way in which the board of tax and land appeals interacts with these various entities.

2 Membership. The committee shall consist of the following:

I. Three members of the house, appointed by the speaker of the house.

II. Three members of the senate, appointed by the president of the senate.

III. One member appointed by the governor.

IV. One assessor from a town or a city, appointed by the New Hampshire Municipal Association.

V. One member of the public who is not an assessor or an appraiser, appointed by the governor.

## AMENDED ANALYSIS

This bill creates a committee to study the real estate assessment and revaluation process, and the role of private assessing firms, the department of revenue administration, municipalities, the court, and the board of tax and land appeals in that process. The committee must submit its report and findings no later than November 1, 1992.

**HB 1287-L, enabling certain municipalities to issue tax lien redemption notes. OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth L. Weyler for Municipal and County Government: Almost all of the municipalities in the state now hold their own tax liens. Although there is a potential to collect 18% interest on these liens, collection rates have been reduced in the current economy. This bill creates a new financial instrument, the tax lien note. This allows the municipal financial officer to seek long term (up to 3 year) borrowing based on moneys owed in tax liens. All testimony was favorable. The amendment eliminates some minor ambiguities in the original draft. Vote 13-0.

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

enabling certain municipalities to issue tax lien redemption  
notes and relative to the transfer of tax liens.

Amend RSA 33:7-d, I and II as inserted by section 1 of the bill by replacing them with the following:

I. Any city or town in which the provisions of RSA 80:58-86 are in effect may incur debt in anticipation of redemption of real estate tax liens held by the city or town, in order to pay current maintenance and operation expenses or to fund cash deficits, and may issue notes therefor that are secured and made payable in accordance with this section, notwithstanding the provisions of RSA 33:7.

II. Notes issued under this section shall be general obligations but may also be secured, pursuant to a vote or a resolution of the local legislative body of the city or town, by a pledge of all or a portion of the proceeds of payments in redemption made under RSA 80:69 and RSA 80:71. Any such proceeds so pledged shall be deposited upon receipt in a segregated account to be held by the treasurer, or a corporate trustee designated by the treasurer, shall be applied without appropriation to the payment of such notes, and shall not be used for any other purpose until the notes and the interest on such notes are paid in full; provided that any earnings derived from investment of moneys in the account shall be credited to the general fund of the city or town and shall be available for appropriation for any lawful purpose. Any resolution adopted under this section may contain such covenants or restrictions with respect to maintenance, investment and disposition of the account, and any other provisions for protecting and enforcing the rights, security and remedies of the noteholders as may be, in the discretion of the city council or board of selectmen, reasonable and proper and not in violation of law. Any pledge made under this section shall be valid and binding and deemed continuously perfected from the time the pledge is made; and any proceeds so pledged and then held or thereafter acquired shall immediately be subject to the lien of that pledge. The resolution authorizing or creating the pledge need

not be recorded other than in the records of the city or town clerk and no filing of the resolution need be made under RSA 382-A.

Amend the bill by replacing section 2 with the following:

2 Transfer of Tax Liens; Auction or Sale of Liens. Amend RSA 80:63 to read as follows:

80:63 Right to Tax Lien. **Except under the provisions of RSA 80:80, II-a**, only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes.

3 Transfer of Tax Liens. Amend RSA 80:80, I to read as follows:

I. No transfer of any tax lien upon real estate acquired by a town or city as a result of the execution of the real estate tax lien by the tax collector for nonpayment of taxes thereon shall be made to any person by the municipality during the 2-year period allowed for redemption, nor shall title to any real estate taken by a town or city in default of redemption be conveyed to any person, unless the town, by majority vote at the annual meeting, or city council by vote, shall authorize the selectmen or the mayor to transfer such lien or to convey such property by deed.

4 New Paragraph; Authority of Selectmen or Mayor to Transfer Tax Liens by Public Auction or Sale. Amend RSA 80:80 by inserting after paragraph II the following new paragraph:

II-a. If the selectmen or mayor are authorized to transfer such liens during the 2-year redemption period, either a public auction shall be held, or the liens may be sold by advertised sealed bids. The selectmen or mayor may establish minimum bids, and may set the terms and conditions of the sale. Such liens may be sold singly or in combination, but no fractional interest in any lien shall be sold. Such transfer shall not affect the right of the owner or others with a legal interest in the land to redeem the tax lien pursuant to RSA 80:69, or make partial payments in redemption pursuant to RSA 80:71, but the transferee shall become the lienholder for purposes of RSA 80:72 and 80:76.

5 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill allows cities and towns operating under the real estate tax lien procedure to issue tax lien redemption notes. The notes would mature within 3 years from the date of issuance and would be secured by tax lien receivables.

The bill also specifies that if the selectmen or mayor are authorized to transfer tax liens, the transfer must be by means of a public auction or sale, and details how the auction or sale is to be held.

Adopted.

Rep. Chambers offered a floor amendment.

This bill allows cities and towns operating under the real estate tax lien procedure to issue tax lien redemption notes. The notes would mature within 3 years from the date of issuance and would be secured by tax lien receivables.

The bill specifies that if the selectmen or mayor are authorized to transfer tax liens, the transfer must be by means of a public auction or sale, and details how the auction or sale is to be held.

This bill also extends from 2 to 3 years the time period allowed for redemption before a municipality may sell a property for nonpayment of property taxes for a temporary 3-year period.

Rep. Chambers spoke in favor and yielded to questions.

Rep. Weyler spoke against.

Rep. Grodin spoke against and yielded to questions.

Roll call request sufficiently seconded.

The question being the adoption of the floor amendment.

### ENROLLED BILLS REPORT

**SB 372**, authorizing industrial development financing for the Manchester Airport.  
 Rep. Marsh, for the Committee

### REGULAR CALENDAR (continued)

**HB 1331**, authorizing the establishment of municipal trails. **INEXPEDIENT TO LEGISLATE.**

Rep. A. Gibb Dodge, Jr. for Public Works: The majority believes that there is currently no demonstrated need for this legislation because municipalities do now establish trails through favorable vote of their governing body. Vote 12-3.

Adopted.

**HB 1296**, permitting on-sale licensees to allow cribbage card games on their premises. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsy McKinney for Regulated Revenues: This bill, as amended, will remove the prohibition against card games for on-sale licensees' premises and allow cribbage or bridge tournaments, providing there is no gambling. This is current law for Social Clubs. The Committee feels that this would correct what is currently a double standard. The second part of the bill allows a "commercial motor vehicle racetrack with at least a quarter mile of paved track" to sell beer or wine coolers to their patrons. Vote 12-0.

5077L

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

removing a prohibition on certain card games and permitting commercial motor vehicle racetrack facilities to make certain beverage sales.

Amend the bill by replacing all after the enacting clause with the following:

1 Gambling or Wagering Prohibited. Amend RSA 179:19, VII to read as follows:

VII. On-sale licensees shall not allow [card games] **gambling or wagering** on their premises[, except that golf clubs, veterans' clubs, social clubs, and military clubs may allow card games, provided that no gambling or wagering shall be allowed].

2 Race Tracks; Cocktail Lounge Exception. Amend RSA 178:20, V(n) to read as follows:

(n) Race Tracks.

(1) The commission may issue to any operator of a race track or his designee a cocktail lounge license which shall allow the licensee to serve liquor and beverages to patrons in such rooms or areas as are located within the confines of the track and are approved by the commission and only during the hours set by the commission. Such race track shall be licensed by the state pari-mutuel commission for pari-mutuel betting purposes. Liquor and beverages sold by a licensee under this section need not be consumed with meals, provided that suitable food services, approved by the commission, are available for patrons. A licensee under this section may sell beverages and liquor on dates other than those on which pari-mutuel betting takes place.

(2) Notwithstanding the requirements of RSA 178:20, II and V, a commercial motor vehicle racetrack facility with a paved course of at least 1/4 mile may elect to have an exception to the cocktail lounge definition of RSA 175:1, XXIII and requirements under RSA 178:20, V(r) to sell beverage only, from commission-approved beverage service facilities located in areas approved by the commission within the commercial motor vehicle race track facility and allow patrons to carry beverage, not exceeding 2 containers at any time as approved by the commissioner, to approved grandstand seating, other seating accommodations or areas approved for alcoholic beverage consumption by the commission under such rules as the commission may adopt pursuant to RSA 541-A.

3 Contingency. If HB 1114 and HB 1116 of the 1992 regular session become law, section 2 of this act shall take effect 60 days after its passage. If HB 1114 and HB 1116 of the 1992 regular session do not become law, section 2 of this act shall not take effect.

4 Effective Date.

I. Section 1 of this act shall take effect 60 days after its passage.

II. Section 2 of this act shall take effect as provided in section 3 of this act.

**AMENDED ANALYSIS**

This bill removes a prohibition on card games on the premises of on-sale licensees. It prohibits gambling or wagering on the premises of on-sale licenses.

This bill permits commercial motor vehicle racetrack facilities to elect to sell beverages to patrons who may carry the beverages to certain approved facility seating.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1354**, establishing a committee to study the establishment of utility rate regulation based on incentives rather than rate of return. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Charles C. Vogler for the Majority of Science, Technology and Energy: The Public Utilities Commission (PUC) is already using incentives in the regulation of some aspects of electric power generation. In addition, the PUC currently has a major docket with New England Telephone exploring a major shift to incentive regulation in telecommunications. Therefore, it was the opinion of the Majority of the Committee that a study effort on incentive regulation was unnecessary, redundant, and could possibly interfere with the pending docket at the PUC. Vote 8-6.

Rep. Arthur P. Ferlan for the Minority of Science, Technology and Energy: The bill sets up a task force to investigate management guidelines which would reduce electric utility rates for residents, industry, and business in lieu of the current guidelines that have existed for approximately 100 years. The alternate, called incentive regulation which is being used in the United States and foreign countries, would authorize the PUC to provide managers of utilities to maintain price caps to their benefit as well as those of New Hampshire consumers. Testimony to the Committee included utilities, consumer advocates and businesses.

Rep. Ferlan moved that the words Ought to Pass be substituted for the report of the Committee, Inexpedient to Legislate, spoke to his motion and yielded to questions.

Rep. Vogler requested a quorum count.

The Speaker declared a quorum present.

Rep. Vogler spoke against and yielded to questions.

Roll call request sufficiently seconded.

Reps. Marilyn Campbell and Daigle declared that a conflict of interest existed and they did not participate.

The question being the adoption of the substitute motion.

**HB 1421**, establishing a task force to develop incentives for energy efficient buildings.  
**REFER FOR INTERIM STUDY.**

Rep. Alan B. Greenglass for Science, Technology and Energy: Hearings disclosed that the Department of Energy and the Department of Housing and Urban Affairs are sponsoring a joint task force to examine this very issue. Therefore, the Committee would like to return this bill to Interim Study to follow the current federal efforts and determine what New Hampshire can do to further that effort. Vote 9-2.

Referred for Interim Study.

**HB 1435**, prohibiting refiners from requiring that retailers purchase motor fuel from certain distributors and imposing penalties for violations. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Stanley W. Peters for the Majority of Science, Technology and Energy: This bill is one more example of government interference in a competitive marketplace. Prohibiting

refiner participation in New Hampshire will eliminate substantial sums of money needed for growth, station renovation and environmental clean-ups. Of the six states who have tried divorcement, Florida has already removed it from the statutes and Virginia wound up with a much less restrictive bill than this one. This is an anti-consumer bill. Vote 8-6.

Reps. David Allison, Philip M. Ackerman, Jane A., Harland, Amanda A. Merrill, Arthur Ferlan and Gary R. Gilmore for the Minority of Science, Technology and Energy: House Bill 1435, as amended by the floor amendment, establishes a study committee to examine the health of the motor fuel service station industry in New Hampshire. Testimony in the Committee hearing indicates that gross inequities exist in the distribution of motor fuel, causing hardship to independent gasoline dealers. The Minority of the Committee firmly believes that the preservation of independent gasoline dealers is essential to assuring a competitive marketplace and that these issues demand further study.

Rep. Gilmore moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate.

Reps. Ackerman and Gilmore spoke in favor.

Rep. Peters spoke against and yielded to questions.

Rep. Rodeschin spoke against.

Roll call request sufficiently seconded.

The question being the adoption of the substitute motion.

Ordered to third reading.

**HB 1481-FN-A**, relative to a uniform business tax. **INEXPEDIENT TO LEGISLATE.**

Rep. Frederick G. Ahrens for Ways and Means: The first vote was to Refer for Interim Study. It failed 5-12. The second vote for Inexpedient to Legislate passed 15-2. The bill would repeal the Business Profits Tax and substitute a Uniform Business Tax, which suggestion has been turned down by the Ways and Means Committee twice before because

it would impose a tax on businesses regardless of whether they make a profit. In these times, it was felt that such a radical change in business taxation would be inappropriate.

Rep. William McCann moved that the words Refer to Interim Study be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Rep. Hayes spoke against and yielded to questions.

On a division vote, 68 members having voted in the affirmative and 254 in the negative, the motion lost.

Report adopted.

**HB 1443-FN-L**, extending the time period allowed for redemption before a municipality may sell a property for nonpayment of property taxes. **INEXPEDIENT TO LEGISLATE**.

Rep. Karen O. Wadsworth for Municipal and County Government: The Committee held a public hearing on this bill on January 28, and was expecting an amendment which would have changed the thrust of the bill. No amendment has been presented. The Department of Revenue Administration estimated that this bill, if passed, would cause a cash-flow problem of over 2.5 million dollars, which could be recovered after the third year. The bill was favored by the co-sponsors, but was opposed by the finance director of the City of Nashua, the tax collector of the City of Manchester (representing the NH Tax Collectors Association), and by the New Hampshire Municipal Association. Vote 14-0.

Adopted.

**CACR 28**, relating to restricted motor vehicle revenues. Providing that excess motor vehicle revenues be appropriated for public transportation. **INEXPEDIENT TO LEGISLATE**.

Rep. David J. Alukonis for Public Works: The Public Works Committee is unanimous in its belief that this proposed constitutional amendment is both unwise and unnecessary based upon the following findings:

1. Fairness: Our constitutional guaranty that auto fuel taxes and automotive-related fees be dedicated to highway construction and maintenance is an extremely fair tax — it is a true user fee. An alteration of this sort to Article 6-A of the State constitution would lessen the fairness of this tax as it currently exists.

2. Funds available: The State Highway Fund does not have funds enough available for any further erosion of this fund. Currently, the N.H. D.O.T. is eligible to use only 65 cents of every highway fund dollar for highway construction and maintenance.

The other 35 cents of each and every dollar goes to places such as the Department of Safety, the court system, drug and alcohol abuse programs, and as highway block grants to cities and towns.

We have heard much about the \$554 million of federal funds which New Hampshire expects to receive over the the next six (6) years as a result of the federal Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). However, the Legislature must be mindful that the state still will be \$150 million shy of enough funds to construct the projects legislated in the 10-year plan. The Highway Fund simply cannot afford any further erosion.

3. Merit: The majority of those who testified in favor of CACR 28 spoke of the need for passenger rail service throughout the state. The committee was presented with no evidence that such costly measures would be feasible. As an example - the U.S. Congress has appropriated \$50 million to establish passenger rail service between Portland and Boston. It is expected that only 200 to 250 New Hampshire residents will use this rail line daily.

Additionally, no federal dollars could be used to develop rail stations or adjacent parking lots, nor would any federal dollars be available to cover the operating deficits which are anticipated.

Should the Legislature choose to pursue mass transit via railway systems, other existing funding mechanisms are already in place such as the railroad tax which currently collects \$400,000 annually. It should be noted that there already exists legislation which allows the state to subsidize 80% of the improvements made to privately-owned rail lines.

Should the Legislature choose to pursue mass transit via non-rail options, the committee understands that the D.O.T. may use highway funds for such purposes should those methods involve the state highway system. The Attorney General's office has indicated that the current language of Article 6:A of the constitution would not prohibit the use of those funds for transit systems involving busses, car pools or other methods which use roadways. Vote 13-0.

Rep. Alukonis yielded to questions.

Rep. Klemarczyk spoke against the committee report.

Adopted.

### MOTION TO SPECIAL ORDER

Rep. Lougee moved that **HB 1450**, establishing a 5-year capital budget plan, be made a special order for March 3, and spoke in favor.

Reps. Gene Chandler and Gross spoke against.

The motion failed.

**HB 1450**, establishing a 5-year capital budget plan. **INEXPEDIENT TO LEGISLATE.**

Rep. Beaton Marsh for Public Works: House Bill 1450 directs the governor to submit a 5-year capital budget to the Legislature annually, detailing capital projects to be undertaken in the next two fiscal years and forecasting the capital projects for the following three fiscal years. The Committee agrees with the sponsor that the Capital Budget should be based on long-range planning. However, they did not feel sufficient testimony was given to support the proposed 5-year plan. Vote 14-0.

Rep. Lougee spoke against.

Rep. Gene Chandler spoke in favor.

Adopted.

The Speaker requested a quorum count.

The Speaker declared a quorum present.

### MOTION

On a division vote, 135 members having voted in the affirmative and 182 in the negative, the motion failed.

### RESOLUTION

Rep. Gross offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same

**HB 1054-FN**, relative to the industrial development authority.(A) OUGHT TO PASS.

Rep. Robert E. Murphy for Appropriations: The bond guarantee addressed in this bill will apply to a James River Corporation bond for modification of the plants in Berlin and Gorham. There will be very little if any impact on the bond rating of the state. The corporation is self-funding and its assets will adequately cover this 25 million dollar bond. The continuation of the operation of these plants will provide up to 22,000 jobs in Coos County, both direct employment and supporting jobs. Vote 18-1.

**HB 1211**, permitting public employees to file an unfair labor practice complaint after a certain time without exhausting administrative remedies. OUGHT TO PASS.

Rep. Channing T. Brown for Appropriations: This bill permits a public employee to file certain unfair labor practice complaints without exhausting administrative remedies if after commencing remedy procedure the administrative remedies have not been exhausted within six months. The Appropriations Committee feels there are minimal if any fiscal impacts as a result of this bill. Vote 18-0.

**HB 1216**, allowing certain funds to be transferred to the new women's dormitory account at the New Hampshire technical institute. OUGHT TO PASS.

Rep. Mary Jane Wallner for Appropriations: This bill allows funds in the women's dormitory sustenance fund to be transferred to the new women's dormitory account at the New Hampshire Technical Institute. This will allow these funds to be used to pay for the new women's dormitory. Vote 19-0.

**HB 1227-A**, decreasing the bonding authorized relative to the Manchester access ramp project.(A) OUGHT TO PASS.

Rep. Gerald P. Merrill for Appropriations: This is a housekeeping bill which brings the bonding authorized for the Manchester access ramp project in line with the expenditure and repeals a duplicated bond authorization for Gosling Road improvements. Vote 19-0.

**HB 1238-FN**, authorizing the reconstruction of the Route I-89 exits 18 and 20 interchanges in Lebanon.(A) OUGHT TO PASS.

Rep. Merle W. Schotanus for Appropriations: This bill adds to the 10-year highway plan reconstruction of Exit 18, I-89, which serves the Dartmouth/Mary Hitchcock Medical Center, and Exit 20, I-89, which serves the burgeoning commercial area of the upper valley region. Vote 19-0.

**HB 1347-A**, designating money for the planning and design of a regional vocational education center in Milford.(A) OUGHT TO PASS.

Rep. Neal M. Kurk for Appropriations: This bill authorizes the state treasurer to make moneys available to the Department of Education for the purpose of planning and designing a regional vocational education center in Milford. **HB 1375**, requiring individuals convicted of drunk or drugged driving to obtain a medical insurance rider to cover the cost of treatment for alcoholism or drug abuse. INEXPEDIENT TO LEGISLATE

Rep. Richard L. Hill for Commerce, Small Business and Consumer Affairs: The committee felt this was legislation to mandate as did the Deputy Commissioner David Nichols of the Insurance Department. The vote of the committee was 13 to 0 to recommend inexpedient to legislate. Vote 13-0.

**HB 1417**, requiring the return of a mortgage discharge within 15 days. INEXPEDIENT TO LEGISLATE

Rep. Lawrence J. Guay for Commerce, Small Business and Consumer Affairs: This bill would have changed the date of discharges on mortgages from 60 days to 15 days. The committee feels that passing this bill would not solve the problem. Before January 1, 1990, the mortgagor was responsible to discharge the mortgages with the register of deeds where the land lies. After January 1, 1990, the mortgagee (banks, mortgage corporations, etc.) now has the responsibility to discharge the mortgages with the register of deeds. Changing the numbers of days would not help those who paid their mortgages before 1990. Vote 13-0.

**HB 1323-L**, forming a study committee to develop a survey to be used by the department of education to collect and compile information regarding major school construction projects. OUGHT TO PASS WITH AMENDMENT.

Rep. Susan B. Durham for Education: The Committee felt that the results of such a survey on completed school buildings would be useful to other local school officials starting a new building project. The amendment brings in a broader spectrum of opinion than the original bill. Vote 16-0.

(1) Since the effective date of this act, the manufacturer has worked in good faith to develop mercury-free alkaline manganese batteries which, with respect to safety, leakage, capacity, rate capability and shelf life, are as good as alkaline manganese batteries containing no more than 0.025 percent mercury produced by that manufacturer on January 1, 1993; and

(2) If granted that exemption, the manufacturer shall continue to work in good faith to achieve the goals described in subparagraph (a)(1).

(b) An exemption granted by the commissioner of environmental services under this paragraph shall be effective for 2 years and may be renewed.

(1) "CONTAINS NICKEL-CADMIUM BATTERY. MUST BE DISPOSED OF PROPERLY"; or

(2) "NICKEL-CADMIUM BATTERY. MUST BE DISPOSED OF PROPERLY."

VI. The commissioner of environmental services may authorize the sale of a consumer product which does not comply with the provisions of paragraph V, if such product was available for sale on or before the effective date of this act and the commissioner determines that:

(a) Such product cannot reasonably be redesigned and manufactured by July 1, 1993; or

330-A:15-a Investigations and Preliminary Hearings.

I. The board may investigate possible misconduct by certified members and other matters within the scope of this chapter. Investigations may be conducted formally, after issuance of a board order setting forth the general scope of the investigation, or informally, without such an order. In either case, board investigations and the information gathered in such investigations shall be exempt from the public disclosure

provisions of RSA 91-A, except to the extent such information may later become the subject of a public disciplinary hearing. The board may disclose information acquired in an investigation to law enforcement or health licensing agencies in this state or any other jurisdiction, or in response to specific statutory requirements or court orders.

II. The board may retain legal counsel, medical advisors, mental health advisors, or other investigators to assist with any investigation and with adjudicatory hearings. Members of the board are not eligible for retainment.

III. The form taken by an investigation is a matter reserved to the discretion of the board. The board may conduct investigations on an ex parte basis.

IV.(a) The board may administer oaths or affirmations, preserve testimony and issue subpoenas for witnesses and for documents and things only in a formal investigation or an adjudicatory hearing, except that subpoenas for medical records and pharmacy records, as provided in paragraph V, may be issued at any time.

(b) The board may serve a subpoena on any certified member of the board by certified mail, but shall serve a subpoena on any certified member of the board in accordance with the procedures and fee schedules used in superior court.

(c) Any person certified by the board shall not be entitled to a witness fee or mileage expenses for travel within the state.

(d) Any subpoena related to appearance at a hearing or investigatory proceeding issued by the board shall be annotated "Fees Guaranteed by the New Hampshire Board of Psychology and Mental Health Practice" in order to be valid.

(e) A minimum of 48 hours' notice shall be given for compliance with a subpoena issued under this chapter.

V. The board may at any time subpoena medical records and pharmacy records from its certified members and from hospitals and other health care providers licensed or certified in this state. Such subpoenas shall be served by certified mail or by personal delivery to the address shown on the respondent's current certificate, and shall require no witness or other fee. A minimum of 15 days' advance notice shall be allowed for complying with a subpoena duces tecum issued under this paragraph.

VI. All certified members shall have the duty to notify the board of their current business and residence addresses. A certified member shall receive adequate notice of any hearing or other action taken under this chapter if notice is mailed in a timely fashion to the most recent home or business address furnished to the board by the certified member.

VII. On its own motion or in response to a complaint received by the board, the board may informally mail a copy of a complaint to any certified member who is the subject of the complaint and require the certified member to provide a detailed and good faith written response to the allegations identified by the board. The certified member shall provide complete copies of his office records concerning any patient identified in the complaint. The certified member shall respond to such request within a reasonable time period of not less than 15 days, as the board may specify in its written request.

VIII. Any person may file a written complaint with the board which charges that a person certified by the board has committed misconduct. The board may hold preliminary hearings to facilitate the informal disposition of complaints which, during the preliminary hearing, are found to be unwarranted or unjustified. The board shall follow the provisions of RSA 541-A:16, V in conducting such hearings. Some or all of the allegations in a complaint may be consolidated with another complaint or with issues which the board wishes to investigate or hear on its own motion. If an investi-

gation of a complaint results in an offer of settlement by the certified member, the board may settle the allegations against the certified member without the consent of a complainant, provided that material facts are not in dispute and the complainant is given an opportunity to comment upon the terms of the proposed settlement.

330-A:15-b Hearings.

I. Any complaint not resolved at or prior to a preliminary hearing shall be heard by the board. Such hearing shall be an open public hearing. Any member of the board shall have the authority to preside at such a hearing and to issue oaths or affirmations to witnesses.

II. The board shall furnish the respondent and the complainant, if any, at least 15 days' written notice of the date, time and place of a hearing, except as otherwise provided in this chapter. Such notice shall include an itemization of the issues to be heard, and, in the case of a disciplinary hearing, a statement as to whether the action has been initiated by a written complaint or upon the board's own motion, or both. If a written complaint is involved, the notice shall provide the complainant with a reasonable opportunity to intervene as a party.

III. The board may at any time dispose of allegations in a complaint, investigation, or disciplinary hearing by settlement, default, or consent order, by issuing an order of dismissal for failing to state a proper basis for disciplinary action or by summary judgment order based upon undisputed material facts. In disciplinary hearings, the board may hold prehearing conferences which shall be exempt from the provisions of RSA 91-A, but all final disciplinary actions, including those which occur without holding a public hearing, shall be publicly released at the time they are served upon the parties.

IV. The respondent shall be heard in his defense either in person or by counsel and may produce witnesses and testify in his behalf. A stenographic record of the hearing shall be taken and preserved. The hearing may be adjourned from time to time.

V. Every final disciplinary action and other adjudicatory decisions made final by the board shall be reduced to writing and served upon the parties. Such decisions shall not be public until they are served upon the parties.

VI. The board shall have no obligation or authority to appoint or provide an attorney to any person appearing at a board hearing or investigation.

330-A:15-c Temporary Suspension Where Imminent Threat. In cases involving imminent danger to life or health, the board may order suspension of a certificate pending hearing for a period of no more than 120 days. In such cases, the basis for the board's finding of imminent danger to life or health shall be reduced to writing and combined with a hearing notice which complies with RSA 330-A:15-b. A certified member may be allowed additional time to prepare for a hearing, but any additional time for preparation shall result in an extension of certificate suspension commensurate with the additional time extended.

8 Persons Excepted. RSA 330-A:16 is repealed and reenacted to read as follows:

330-A:16 Persons Excepted. Nothing in this chapter shall be construed to limit:

I. If any person refuses a test as provided in RSA 265:92 or submits to a test described in RSA 265:84 which discloses an alcohol concentration of 0.10 or more or in the case of a person under the age of 21, 0.04 or more, the law enforcement officer shall submit a sworn report to the department. In the report the officer shall certify that the test was requested pursuant to RSA 265:84 and that the person refused to submit to testing or submitted to a test which disclosed an alcohol concentration of 0.10 or more, or in the case of a person under the age of 21, 0.04 or more.

II. Upon receipt of the sworn report of a law enforcement officer submitted under paragraph I, the department shall suspend the person's driver's license or privilege to drive as follows:

(a) In the case of a refusal to take a test described in RSA 265:84, the suspension shall be for the period specified in RSA 265:92.

(b) In the case of a person who submits to a test described in RSA 265:84 which discloses an alcohol concentration of 0.10 or more or, in the case of a person under the age of 21, 0.04 or more, the suspension shall be for:

(1) Six months if there is no prior refusal under RSA 265:92, no prior driving while intoxicated or aggravated driving while intoxicated convictions, and no prior administrative license suspension pursuant to RSA 265:91-a.

(2) Two years if there is a prior refusal under RSA 265:92, or a prior driving while intoxicated or aggravated driving while intoxicated conviction, or a prior administrative suspension pursuant to RSA 265:91-a.

III. On behalf of the department, the law enforcement officer submitting the sworn report under paragraph I shall serve immediate notice of suspension on the person, and the suspension shall be effective 30 days after the date of service. If the person has a valid New Hampshire driver's license, an officer shall take the driver's license of the person, and issue a temporary license valid for the notice period. The officer shall send the license to the department along with the sworn report under paragraph I.

IV. If the person submits to a test described in RSA 265:84 and the results of the test are not immediately available and therefore no notice has been served by the law enforcement officer the department shall mail such notice and the suspension shall be effective 30 days after the date of service. If the address shown in the law enforcement officer's report differs from that shown on the department records, the notice shall be mailed to both addresses. The notice shall be presumed to have been served 3 days after mailing. Upon receipt of the notice of suspension and before requesting any review or hearing under RSA 265:91-b, if the person has a New Hampshire driver's license that has not been surrendered, the person shall surrender his license at a place designated by the department and shall be issued a temporary driving permit valid for the notice period.

V. In the case of a person who has a driver's license from another jurisdiction, all provisions of this subdivision shall apply except that surrender of the out-of-state driver's license and issuance of a temporary driving permit shall not be required. The department shall transmit a copy of the suspension order to the motor vehicle authorities in the jurisdiction where the person's license was issued, and also in the jurisdiction of the person's residence if different from that where the license was issued.

#### 265:91-b Administrative Review and Hearings.

I.(a) Any person whose license is suspended or revoked under this subdivision or RSA 263:96 may request either an administrative review or a hearing. The request shall be in writing and shall state the grounds upon which the persons seeks to have the order of suspension or revocation rescinded, which grounds shall be limited to those provided in paragraph II. The filing of the request shall not stay the suspension or revocation. A request for either administrative review or hearing received by the department after 30 days from the date the notice is issued shall be denied as untimely.

(b) If the request is for an administrative review, the request may be accompanied by any statement or other evidence which the person wants the department to consider. Upon receiving the request the department shall review the order, the evidence upon which it is based, including whether the person was driving or in actual physical control of a motor vehicle, and any other information brought to the attention of the department, and shall determine whether sufficient cause exists to sustain the order.

(c) If the request is for a hearing, the request shall also indicate whether or not the person desires to have the law enforcement officer present. The hearing shall be held within 20 days after the filing of the request unless the person requests a continuance. A request for a continuance by the person shall not stay the order of suspension or revocation. The hearing shall be recorded, and be conducted by the department's designated agent. The hearing may be conducted upon a review of the law enforcement officer's report if there is no request to have the officer present. If there is a request that the law enforcement officer be present at the hearing and the officer fails to appear without good cause shown, the case shall be dismissed and the order rescinded. If the person requesting the hearing fails to appear without good cause shown, the right to a hearing shall be waived and the order sustained.

II. The scope of the administrative review or hearing shall be limited to the issues of:

(a) Whether the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a vehicle upon the ways of this state while under the influence of intoxicating liquor, narcotics or drugs;

(b) The facts upon which the reasonable grounds to believe such are based;

(c) Whether the person had been arrested;

(d) Whether the person has refused to submit to the test upon the request of the law enforcement officer or whether a properly administered test or tests disclosed an alcohol concentration of 0.10 or more, or in the case of a person under 21 years of age, 0.04 or more;

(e) Whether the officer informed the arrested person of his right to have a similar test or tests conducted by a person of his own choosing; and

(f) Whether the officer informed the arrested person of the fact that refusal to permit the test would result in suspension of his license or driving privilege and that testing above the alcohol concentration level specified in RSA 265:91-a would also result in suspension.

III. In the case of either an administrative review or a hearing, the hearing officer shall issue his ruling on the order of suspension or revocation within 15 days of the request for administrative review or the hearing date. The ruling shall be in writing and a copy shall be provided to the parties. The ruling shall be final unless an appeal is filed under RSA 265:91-d.

265:91-c Period of License Suspension. Where a license or driving privilege has been suspended under RSA 265:91-a and the person is also convicted on criminal charges arising out of the same event both the suspension and the court ordered revocation shall be imposed but the total period of suspension and revocation shall not exceed the longer of the 2 periods; provided, however, that any suspension for refusing to submit to a test under the provisions of RSA 265:92 shall not run concurrently with any other penalty imposed under the provisions of this title.

265:91-d Appeal. Any person aggrieved by a decision of the department under this section, after the administrative review or hearing, may appeal the decision as provided in RSA 263:76. Notwithstanding any provision of RSA 263:76 to the contrary, such appeal shall be to the Merrimack County superior court.

8 Reference Change. Amend RSA 265:92, I(a)(1) to read as follows:

(1) The director shall [revoke] **suspend** his license to drive or nonresident driving privilege for a period of 180 days; or

9 Reference Change. Amend RSA 265:92, I(b)(1) to read as follows:

(1) The director shall [revoke] **suspend** his license to drive or nonresident driving privilege for a period of 2 years; or

10 Concurrent Penalty Prohibited. RSA 265:92, II is repealed and reenacted to read as follows:

II. The 180-day or 2 year suspension period or denial of issuance period imposed pursuant to this section shall not run concurrently with any other penalty imposed under the provision of this title. Any such suspension or denial of a license or privilege to drive shall be imposed in addition to any other penalty provided by law, subject to review as provided in RSA 265:91-b.

11 Implementation; Funding. Notwithstanding the effective date of this act, if adequate funds are not appropriated or otherwise made available for its full implementation, the commissioner of the department of safety may delay implementation of the provisions for point-of-arrest seizure of license and issuance of temporary permit, or the provisions for administrative license suspension when the person has submitted to testing or may implement such procedures on a pilot basis in limited areas within the state. The commission is authorized to request from the fiscal committee such high-ways funds as are necessary to implement the provision of this act, but shall first make every effort to obtain any available federal funds.

12 Repeal. The following are repealed:

I. RSA 263:74, relative to administrative review.

II. RSA 263:75, relative to appeal from an implied consent revocation.

13 Effective Date. This act shall take effect January 1, 1993.

#### AMENDED ANALYSIS

This bill provides for the implied consent of any person who drives a vehicle in this state to physical tests and examinations by a certified breath testing official.

This bill also establishes a procedure for administrative license suspension if a person refuses to submit to a test to determine alcohol concentration or fails such test.

This bill lowers the alcohol concentration percentage that establishes prima facie evidence that a person was not under the influence of an intoxicating liquor.

This bill also increases the driver's license reinstatement fee.

**HB 1109**, relative to criminal threatening. **INEXPEDIENT TO LEGISLATE**

Rep. David D. Hultgren for Judiciary: The Committee feels that the reasons expressed during the public hearing do not warrant a change in our criminal code. Vote 14-0.

**HB 1112**, providing that penalty assessments not be counted in determining whether total fines and penalties exceed \$500. **INEXPEDIENT TO LEGISLATE**.

Rep. Donnalee M. Lozeau for Judiciary: The penalty assessments addressed in this bill are also addressed in HB 1128 which is the bill dealing with Class A or B misdemeanors. Therefore, this bill became unnecessary. Vote 13-0.

**HB 1123**, preventing attorney participation in small claims actions. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Alf E. Jacobson for Judiciary: This bill provides a necessary corrective to the State v. Settle (1987) and Knox Leasing v. Turner (1989) which forbids single owner corporations and other forms of business other than single order proprietors from appearing pro se because of the interpretation of RSA 311:1. This bill permits corporations of five or less members, and partnerships and trusts with five members or less to appear without a licensed attorney in small claims or claims of general jurisdictions in district court. Vote 17-0.

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

establishing procedures for representation in small claims court and  
authorizing persons to appear for corporations, partnerships,  
and trusts in district court.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Representation by Attorneys; Small Claims Actions. Amend RSA 503 by inserting after section 2 the following new section:

503:2-a Representation by Attorneys.

I. Any attorney appearing in a small claims action on behalf of a party shall file an appearance with the court and shall provide copies of that appearance to all opposing parties at least 2 days prior to the hearing date.

II. The court shall give notice of the requirement to file an appearance under paragraph I to all parties in small claims actions.

III. Any party which fails to receive timely notice under paragraph II may request a continuance, which the court shall ordinarily grant.

2 New Paragraph; Representation of Certain Corporations, Partnerships and Trusts in District Court. Amend RSA 502-A:14 by inserting after paragraph III the following new paragraph:

IV. Representation of Certain Corporations, Partnerships, and Trusts.

(a) To the extent not inconsistent with court rules, corporations, partnerships, and trusts may be represented in any civil matter before a district or municipal court as follows:

(1) A corporation with no more than 5 shareholders may be represented by any shareholder, officer or employee with the written authorization of all shareholders.

(2) A partnership with no more than 5 partners may be represented by any partner or employee with the written authorization of all general partners.

(3) A trust with no more than 5 beneficiaries may be represented by any trustee or employee with the written authorization of all trustees.

(b) The requirement for written authorization in subparagraph IV(a) shall be met by a document authorizing the representation by a particular individual in a particular matter and acknowledging that the corporation, partnership, or trust shall be bound by any agreement entered into by such individual or any order of the court in the matter. Any such written authorization shall be presented to the court under oath by the representative.

(c) Nothing in this paragraph shall prevent the court from denying representation by any individual it deems to be improper, inappropriate or unable to adequately represent the interests of the corporation, partnership, or trust.

3 Effective Date. This act shall take effect January 1, 1993.

**AMENDED ANALYSIS**

This bill requires any attorney appearing on behalf of a party in a small claims action to file an appearance with the court and provide copies of that appearance to all opposing parties at least 2 days prior to the hearing date.

The bill also sets out certain requirements for persons representing corporations, partnerships and trusts of limited size in district courts.

**HB 1200-FN**, relative to blood alcohol tests and enrollment in substance abuse programs in domestic violence cases. **INEXPEDIENT TO LEGISLATE.**

Peter Hoe Burling for Judiciary: The committee feels that the establishment of another group to review the impact of drugs and alcohol would be duplicative. The House and Senate Rape Committee will be looking at domestic violence for the next two years, and there is a considerable volume of material relative to this subject in the written works of various scholars. Vote 13-0.

**HB 1217-L**, requiring a peace officer to give written notice of certain charges to the county attorney. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David D. Hultgren for Judiciary: This bill would require peace officers to give written notice of certain charges to the county attorney. Vote 16-0.

5236L

#### **Amendment**

Amend RSA 594:10-a as inserted by section 1 of the bill by replacing it with the following:

594:10-a Notice of Arrest. A peace officer making an arrest on complaints for felony, misdemeanor, or violation charges arising from the same facts or circumstances shall within 24 hours, excluding weekends and holidays or before a plea is accepted or entered in court, give notice in writing of all charges pending to the county attorney. Failure to provide such notice shall not affect the validity of the arrest or the prosecution of any charges arising from the arrests.

#### **AMENDED ANALYSIS**

This bill requires peace officers to give written notice to the county attorney of charges pending in cases where a person has been arrested on misdemeanor, felony, or violation charges.

**HB 1310**, relative to civil and criminal liability for bad checks. **INEXPEDIENT TO LEGISLATE.**

Rep. Donnalee M. Lozeau for Judiciary: It is the belief of the committee that the current criminal statute 638:4 and the civil statute 544-B1 and 544-A are more than adequate in addressing the issue of bad checks. Bad checks create a risk that merchants should be aware of prior to making a decision on whether or not they will accept checks. Vote 14-0.

**HB 1353**, relative to civil recovery of damages for shoplifting. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: This bill allows a standard form to be used by merchants statewide in settlements for shoplifting. It does not prevent criminal charges from being brought by the state. It is a clear and sincere attempt to alleviate the dilemmas faced by the courts and merchants relative to shoplifting. Vote 15-0.

5134L

#### **Amendment**

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The general court recognizes that the crime of shoplifting results in the loss of a great deal of money to merchants each year and requires merchants to spend further large amounts of money on security to protect their products. These losses to merchants are partially compensated for in the pricing of merchandise but essentially must be paid for by merchants out of their profits. The general court finds that it is in

the interest of the state to allow civil damages for the purposes of deterring the crime of shoplifting and to allow compensation to merchants.

2 New Chapter; Civil Damages for Shoplifting. Amend RSA by inserting after chapter 544-B the following new chapter:

CHAPTER 544-C  
CIVIL DAMAGES FOR SHOPLIFTING

544-C:1 Recovery of Civil Damages for Shoplifting.

I. For purposes of this chapter, "shoplifting" shall mean shoplifting or willful concealment as defined in RSA 644:17.

II. A person who shoplifts shall be liable for civil damages to the merchant in the amount of \$200 plus the merchandise or the value of the merchandise if it has been damaged or rendered unrecoverable.

III. A merchant may recover civil damages for shoplifting by bringing suit in a district court or by executing a settlement agreement in the form set out in paragraph IV of this section.

IV. A merchant and a person accused of shoplifting by such merchant may agree to execute a civil settlement agreement for \$200 in civil damages, plus the return of the merchandise or the replacement value of the merchandise. The form of the settlement agreement shall be as follows:

Settlement of Claim for Taking Merchandise  
Without Payment

The undersigned, \_\_\_\_\_, having failed to pay for certain merchandise, more specifically described as follows \_\_\_\_\_, hereby agrees to pay civil damages in the amount of \$200, plus the merchandise or the replacement value of the merchandise. The parties agree that this payment shall constitute full and complete payment of damages to the following establishment \_\_\_\_\_. The following establishment \_\_\_\_\_ agrees to waive any and all claims it may have for civil damages.

Nothing in this agreement shall constitute an admission of guilt for purposes of criminal law. If this agreement is signed and payment is made in full, no police report or criminal complaint will be filed by the merchant relative to this incident. However, nothing in this agreement can or will bar the state of New Hampshire from instituting such criminal prosecutions as it deems necessary.

\_\_\_\_\_  
Party #1

\_\_\_\_\_  
Party #2 for the following  
establishment:

544-C:2 Penalty for Abuse of Agreement Provisions. Any person who knowingly uses the provisions for agreement under RSA 544-C:1 to extort money from one not legally obligated to pay the same by threatening criminal prosecution or other means shall be guilty of a misdemeanor.

3 Reference Change; Civil Actions for Theft. Amend RSA 507:8-f to read as follows:

507:8-f Civil Actions for Theft. When the conduct of a person would constitute willful concealment or shoplifting as provided in RSA 644:17, the person shall be

liable to the merchant for damages as provided in RSA [644:17-a] **544-C:1**. An action for recovery of damages, pursuant to this section, may be brought in small claims court if the total damages do not exceed the jurisdictional limit of such court, or in any other appropriate court. The provisions of this section are in addition to other civil remedies and shall not limit the rights of merchants or other persons to elect to pursue other civil remedies.

4 Repeal. RSA 644:17-a, relative to civil damages for willful concealment and shoplifting, is repealed.

5 Effective Date. This act shall take effect January 1, 1993.

#### AMENDED ANALYSIS

This bill allows a person accused of shoplifting by a merchant and the merchant to settle all claims for civil damages by a written agreement in which the person agrees to pay the merchant \$200 and return the merchandise or pay the replacement value of the merchandise. In the agreement, the merchant states he will not file a police report or criminal complaint based on the shoplifting incident. The agreement, however, does not bar the state from instituting a criminal prosecution.

**HB 1364**, prohibiting any state official or public official of any political subdivision from releasing the name of a person arrested for driving while intoxicated unless such person is convicted of the offense. **INEXPEDIENT TO LEGISLATE**.

Rep. Elizabeth D. Lown for Judiciary: The Committee is concerned about the journalistic responsibility to retract charges against individuals who are found innocent of a crime but this bill would single out one class of crime - DWI - and allow only that class to be exempt from the Freedom of Information Act. Vote 17-0.

**HB 1403**, limiting the authority of governor and council to approve out-of-court settlements for claims against the state and requiring the approval of governor and council for certain judgments against the state. **INEXPEDIENT TO LEGISLATE**.

Rep. Barbara J. Baldizar for Judiciary: This bill would establish a procedure that would delay the judicial process even more. For example, it could take a year or more to approve a settlement which then would have to be approved by the Legislature. This only makes a difficult situation worse. The committee agreed unanimously on this vote. Vote 17-0.

**HB 1433**, prohibiting the wearing of certain masks and hoods. **INEXPEDIENT TO LEGISLATE**

Rep. Donnalee M. Lozeau for Judiciary: This bill was meant to add a new section to the criminal code section "breaches of the peace and related offenses." While the sponsor believed this legislation was necessary, the Committee felt that current law allowed sufficient punishment for the crimes committed and that the added penalties under RSA 651:6-g (extended terms for hate crimes) allows for significant penalties for these hateful crimes. Vote 13-0.

**HB 1462-FN**, accelerating parole eligibility prior to the expiration of minimum sentencing based on credits for good conduct, removing the requirement of a 150-day disciplinary period and establishing a performance and behavioral agreement parole requirement. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Donnalee M. Lozeau for Judiciary: While many of us have faith in the "Truth in Sentencing Laws", concerns were raised relative to the automatic addition of "bad days" at 150 days per year of sentencing. The intent behind truth in sentencing has

been carried out, but some of the foreseen results have not occurred. We believe it is necessary to address some of the current issues raised. Therefore, we voted for a statutory study committee with a deadline of November 1, 1992. Vote 14-1.

5 Report. The committee shall submit a report of its findings and recommendations, including proposed legislation, to the speaker of the house, the senate president and the governor no later than November 1, 1992.

6 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill establishes a committee to examine all aspects of parole eligibility.

**HB 1498-FN**, relative to drug forfeiture. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: This is the bill promised when the committee dealt with HB 693. The committee believes that this bill allows for automatic stays in drug forfeiture. It also sets out the need for proportionality. The committee felt that this was very reasonable. We urge members to take notice of the amendment printed in the calendar. Vote 13-2.

5169L

**Amendment**

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraphs; Limitation on Judicial Drug Forfeiture. Amend RSA 318-B:17-b, III by inserting after subparagraph (b) the following new subparagraphs:

(c) No interest in property, whether real or personal, shall be subject to forfeiture unless the effect of that forfeiture is both just and proportionate to the seriousness of the chargeable felonious offense. In determining proportionality, the finder of fact shall consider such things as the quantity and value of the controlled drugs related to the property, the manner and circumstances of the chargeable felonious offense, the impact of the forfeiture on the person or persons having an interest in the said property, and the impact of the forfeiture on the family, dependants and community connected to the property.

(d) Any proceeding for forfeiture shall be automatically stayed pending the final resolution of any criminal proceedings brought against a party under this chapter and arising from the transaction which gave rise to the forfeiture. The court may waive such stay upon the request of all parties to the forfeiture proceeding, or if the person having an ownership interest in property subject to forfeiture escapes from the jurisdiction of the court, or if the court finds that a delay in forfeiture proceedings is likely to result in the property being:

- (1) Transferred to, sold to or deposited with a third party;
- (2) Placed beyond the jurisdiction of the court; or
- (3) Substantially diminished in value.

If a person having such an ownership interest is found not guilty of the chargeable offense, the fact of that verdict shall be admissible as evidence in any related forfeiture proceeding.

2 New Paragraph; Limitation on Administrative Forfeiture. Amend RSA 318-B:17-d by inserting after paragraph I the following new paragraph:

I-a.(a) No interest in property, whether real or personal, shall be subject to forfeiture unless the effect of that forfeiture is both just and proportionate to the seriousness of the chargeable felonious offense. In determining proportionality, the finder of fact shall consider such things as the quantity and value of the controlled drugs related to the property, the manner and circumstances of the chargeable felonious offense, the impact of the forfeiture on the person or persons having an interest in the said property, and the impact of the forfeiture on the family, dependants and community connected to the property.

(b) Any proceeding for forfeiture shall be automatically stayed pending the final resolution of any criminal proceedings brought against a party under this chapter and arising from the transaction which gave rise to the forfeiture. The court may waive such stay upon the request of all parties to the forfeiture proceeding, or if the person having an ownership interest in property subject to forfeiture escapes from the jurisdiction of the court, or if the court finds that a delay in forfeiture proceedings is likely to result in the property being:

- (1) Transferred to, sold to or deposited with a third party;
- (2) Placed beyond the jurisdiction of the court; or
- (3) Substantially diminished in value.

If a person having such an ownership interest is found not guilty of the chargeable offense, the fact of that verdict shall be admissible as evidence in any related forfeiture proceeding.

3 New Section; Forfeiture Report. Amend RSA 318-B by inserting after section 17-d the following new section:

318-B:17-e Forfeiture Reports. The attorney general shall biennially submit a report to the governor, senate president and speaker of the house relative to the seizure of any items or property interests under RSA 318-B:17-b and 318-B:17-d. Such report shall include:

I. A full and complete description of any items or property interests seized including the property's location and value.

II. The name and address of each person having an equitable interest in the property.

III. Findings of fact relative to the proportionality of the property seized as determined under RSA 318-B:17-b, III(c) and RSA 318-B:17-d, I-a.

4 Effective Date. This act shall take effect January 1, 1993.

#### AMENDED ANALYSIS

This bill requires that judicial and administrative drug forfeitures be just and proportionate to the seriousness of the chargeable felonious assault. Any procedure for forfeiture shall be automatically stayed pending the final resolution of any criminal proceedings brought against a party under the controlled drug act and arising from the transaction which gave rise to the forfeiture.

This bill also requires the attorney general to submit reports to the governor, speaker of the house, and president of the senate relative to forfeitures.

**HB 1384**, relative to the right of firefighters and police officers to recover for workers' compensation injuries caused by the negligence of others. REFER FOR INTERIM STUDY.

Rep. Carl R. Johnson for Labor, Industrial and Rehabilitative Services: The bill was heard by a joint committee between members of the Judiciary Committee and Labor, Industrial and Rehabilitative Services Committee. The Subcommittee met three times and felt that after listening to questions being raised on both sides of the issue of firefighters and police officers recovering from injuries and damages while on duty outside of the workers' compensation system, a fuller study was merited and the bill was amended to allow the formation of a committee to fully explore the ramifications of such third party suits. Vote 13-0.

**HB 1298**, allowing any public utility, municipal fire or police department, or independent emergency service, to record incoming and outgoing central dispatch and emergency telephone calls. OUGHT TO PASS WITH AMENDMENT.

Rep. Karen K. McRae for Science Technology and Energy: HB 1298 as amended clarifies the current statutes with regard to wiretap as they apply to fire, police or emergency service. Vote 11-1.

#### AMENDED ANALYSIS

This bill allows a municipal fire or police department, or independent emergency service, and its employees in the course of their employment to record any incoming or outgoing central dispatch and emergency service calls when engaged in any activity which is a necessary rendition of service or is for the protection of life and property.

**HCR 20**, urging the federal government to establish a post office in the town of Lee. **OUGHT TO PASS.**

Rep. Dennis H. Fields for State-Federal Relations: The committee felt that due to the inconvenience to the citizens of the town of Lee and three (3) other towns in travelling to Durham for normal postal services a terrible burden results. This, combined with a significant population growth, has resulted in strong local support for their own post office in the town of Lee. Vote 10-0.

**HCR 26**, urging the New Hampshire legislature and the New Hampshire Congressional delegation to discourage certain Air Force testing of F-16 fighter aircraft in New Hampshire airspace. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Carol H. Holden for State-Federal Relations: This resolution urges the New Hampshire Congressional delegation be respectfully urged to work with the United States Air Force to define a full range of alternatives for the special use of air space in the military operation area which includes New Hampshire. The military proposes to nearly double the area for training and lower the ceiling for its jets to 100 feet above the ground. Our Congressional delegation has indicated that it would welcome the

resolution and that they will work with the military on a plan that will have the approval of the Lakes Region and the North Country. Vote 10-1.

#### **Amendment**

Amend HCR 26 by replacing all after the resolving clause with the following:

That the New Hampshire House of Representatives and the New Hampshire Senate oppose the changes that are proposed in the Yankee Two Military Operations Area to accommodate F-16 training exercises, and that the New Hampshire Congressional delegation be respectfully urged to work with the United States Air Force to define a full range of alternatives for the special use of airspace in the Military Operations Area which includes New Hampshire; and

That copies of this resolution signed by the speaker of the house and the president of the senate, be transmitted to each member of the New Hampshire Congressional delegation.

**HCR 28**, urging the federal government to restore full funding for prescription drugs for veterans with service-related disabilities. **OUGHT TO PASS.**

Rep. Lawrence J. Guay for State-Federal Relations: HCR 28 urges the Congress of the United States to eliminate federal laws and regulation which require certain veterans with service-related disabilities to share in the cost for prescription drugs and to enact legislation to restore full funding for prescription drugs for veterans with service-related disabilities. The committee feels that we should protect those that protected us by active duty in the military consequently suffering injuries. Vote 10-0.

**HB 1499-FN**, relative to inter-track wagering and the conduct of simulcast racing. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert N. Kelley for Regulated Revenues: The bill removes the requirement that one live race must be held when a track is not operating a regular live racing program but is simulcasting instead. This bill sets forth the operating conditions that will prevail as a result of the agreed upon "circuit" between Suffolk Downs et al and Rockingham et al. New Hampshire will have the summer dates, including Memorial Day, Father's Day, 4th of July, and Labor Day - some 180 days of live racing. This bill insures that municipalities that host New Hampshire tracks will be paid daily fees due under RSA 284:23, IV, (a) and (b). The amendment provides that in the event of no running horse racing in other New England states, the aggregate number of days that a New Hampshire licensee conducts live racing shall exceed the aggregate number of days that the licensee conducts simulcasts only. The Committee felt that this would earn more money for the state as well as permit the tracks to fully utilize their facilities. Much input into the final crafting of this legislation occurred in an effort to make a bill that would be a credit to this House. Vote 14-0.

#### **Amendment**

Amend the bill by replacing all after section 4 with the following:

5 Live Racing. RSA 284:22-a, II(b) is repealed and reenacted to read as follows:

(b) In the event that, for the period of any 2 consecutive calendar years after the effective date of this section, no person, corporation or association is licensed to conduct live running horse racing or a live running horse race meet in any of the New England states, other than New Hampshire, then in each calendar year thereafter, and provided that there is no live running horse racing or a live running horse race meet in

any New England state, other than New Hampshire during any part of such calendar year, the aggregate number of days on which the licensee conducts live racing in each calendar year shall exceed the aggregate number of days on which the licensee simulcasts only. Such licensee shall also comply with all provisions of RSA 284:22-a, II(a). For the purposes of this section only, live running horse racing or a live running horse race meet in any of the New England states, other than New Hampshire, shall not include live running horse racing or a live running horse race meet conducted by any person, corporation or association solely in conjunction with a state, county or local fair for a period of 15 calendar days or less, in a calendar year.

6 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill changes when a licensee may sell pari-mutuel pools on simulcast races held at racetracks other than the racetrack at which the licensee conducts its race meet.

This bill removes the requirement under current law that the aggregate number of live races at a racetrack must exceed the aggregate number of races simulcast at that track. This bill allows simulcasting if a licensee has scheduled at least 100 days of live racing in the year or, if fewer than 100 days are scheduled, the licensee conducts live racing on the day of the simulcast. If a licensee has scheduled fewer than 100 days of live racing in the year, the licensee may conduct simulcasting if the live racing is cancelled due to weather or unsafe conditions at the racetrack, provided that no more than 10 such cancellations are allowed in a year.

The bill makes the local fee payment applicable in all possible racing combinations, i.e., live racing only, simulcast racing only, or a combination of live and simulcast racing.

This bill requires the aggregate number of days on which the licensee conducts live racing in each calendar year to exceed the aggregate number of days on which the licensee simulcasts only. This applies only in the event that no live running horse races are scheduled in any New England state for 2 consecutive years.

**HB 1056-FN-A**, relative to a business tax and making an appropriation therefor. INEXPEDIENT TO LEGISLATE.

Rep. Barbara E. Arnold for Ways and Means: The sponsor withdrew the bill as the need was not there due to the supplemental medicaid tax passed by the General Court in November 1991. Vote 14-0.

**HB 1059-FN**, relative to the payment schedule for the medicaid enhancement tax. INEXPEDIENT TO LEGISLATE.

Rep. Robert C. Hayes for Ways and Means: The original bill, which was sponsored for the Governor, was rendered moot by the supplemental medicaid tax passed by the General Court in November 1991. An amendment proposed by Division 3 of Appropriations would have required extensive quarterly reports from hospitals receiving medicaid disproportionate share funds. Based upon assurances by Commissioner Bird, Health and Human Services, that he would issue regulations in a timely manner to provide for both fund accountability and timely information for state budgeting, the Committee voted both the amendment and the bill Inexpedient to Legislate. Vote 14-0.

**REGULAR CALENDAR**

**HB 1225-FN-L**, to exempt all political subdivisions of the state from the payment of certain fees imposed by the department of environmental services. **INEXPEDIENT TO LEGISLATE.**

Rep. Charles L. Vaughn for Appropriations: There is some virtue in this bill. Nonetheless, DES was encouraged in past sessions to be self-funding with minimal dependence on general revenues. If passed, the bill would reduce two DES PAU's — dam maintenance and permitting — amounting to \$74,247. Further, additional services provided by DES such as workshops, outreach to towns on solid waste, water treatment planning and like services provided to municipalities would of necessity end. Vote 15-3.

Adopted.

**HB 1414-FN-A**, relative to the medicaid plan to enhance the funding of services for children and families and making an appropriation therefor. (A) **OUGHT TO PASS.**

Rep. Pamela B. Bean for Appropriations: This bill directs the Department of Health and Human Services to develop and refine the state medicaid plan designed to enhance the funding of services for children and families. This plan could bring in many more federal dollars to the Department. The \$50,000 required to pay for this will be deducted from budget lines within the Department. Vote 19-0.

Adopted.

Ordered to third reading.

**HB 1496-FN-L**, relative to the funding methodology of the retirement system. (A) **OUGHT TO PASS.**

Rep. Elizabeth Hager for Appropriations: The committee confirmed that the amount of money currently in the budget is the correct amount to fund the bill as written. The bill has no further fiscal impact in the current biennium. Vote 16-3.

Adopted.

Ordered to third reading.

**HB 1485**, requiring the division for children and youth services to use reasonable efforts to preserve families while providing services designed to protect children. **OUGHT TO PASS WITH AMENDMENT.**

Reps. William F. McCain and Ellen-Ann Robinson for Children, Youth and Juvenile Justice: House Bill 1485 addresses two specific initiatives which will enhance the laws governing the services provided to children and families by the Division for Children and Youth Services. The "reasonable efforts" portion relating to the abuse and neglect laws (RSA 169-C and RSA 170-G) addresses the level of service and effort that must be provided by DCYS in its response to situations of children who are abused. Reasonable efforts must be provided to prevent removal of the child from the family or reunify the family after removal, or efforts are required to promote permanent placement if the original conditions which caused removal cannot be corrected. The changes are outlined in the definition section RSA 169-C:2 and in the case plan requirements (RSA 169-C:21,II). A monitoring committee is established to oversee and report on the enactment of this law and development of new reports and services required by the law. The monitoring committee also will be utilized for two years in the monitoring and review of the new CHINS procedures established in RSA 169-G pilot program. The "Chins" portion (RSA 169-G) provides for a new version of the "Chins" law. This new statute institutes a pilot program in Merrimack County for the next two years. The pilot program will test the key elements added to the current

process. These elements are: 1) County intake functions funded by the state. 2) Voluntary Family Service plans which act as a family buffer and helps avoid the confrontational aspects of a court hearing. 3) Expanded latitude for the judiciary to order more appropriate alternative services (i.e. mental health service) when the child is not clearly a defined "CHIN." 4) A system which fosters family participation and maintenance at a local level, but utilizing the power of state funding when special services are found to be necessary in the voluntary mode (even in an emergency). The monitoring committee will continually review (at least quarterly) the implementation and will conduct a minimum of one public hearing prior to submitting either a resolution of continued implementation or of repeal prior to October 1, 1993. Vote 13-4.

(4) Such information as the court may by rule or by specific order require.

(5) A report of opinions or recommendations received by the bureau from other professionals or agencies that provide evaluative, social, reunification, or other services to the child and family.

(b) No dispositional order shall be made by a court without first reviewing the social study, except pursuant to a voluntary consent order or when waived by all parties.

(5) An order of protection which may set forth reasonable conditions of behavior to be observed for a specified time by a person who is before the court and is a parent, or otherwise resident in the home of the child. Such order may require any such person to:

(A) Stay away from the home, another party, or the child.

(b) A statement of the specific responsibilities of the child-placing agency and the family as to the initiation and delivery of services ordered by the court.

(c) If the court orders placement of the child, the court shall specify the reasons for such placement and whether the efforts made by the child-placing agency to prevent the removal of the child from his surroundings and to reunify the family after removal were reasonable efforts.

The burden shall be upon the division to demonstrate the need for temporary alteration of the plan and whether or not the alteration shall continue.

(f) Such other information as the court may by rule or by specific order require.

9 Standard Changed. RSA 169-C:23 is repealed and reenacted to read as follows:

169-C:23 Standard for Return of Child in Placement. Before a child in placement is returned to the custody of the person responsible for the child's welfare, such person shall demonstrate to the court that:

I. Such person is in compliance with the outstanding dispositional court order.

II. The conditions in the home leading to the removal of the child have been corrected, and that no other facts before the court require the court to find that a substantial risk of harm to the child's life, physical or mental health, or general welfare would exist should the child be allowed to return home.

III. Upon showing that the conditions of paragraph I and II have been met, there shall be a rebuttable presumption that a return of custody is in the child's best interests.

10 Supplemental Report Requirements. Amend RSA 169-C:24 to read as follows:

169-C:24 Court Review of the Disposition. The status of all consent orders, of all children not under the custody of their parents, or children under legal supervision shall be reviewed by the court at least once every year following the initial approval of the order or initial dispositional hearing. The court may also review a case, upon the request of any party, at any time. 12 Comprehensive Statewide Plan. RSA 170-G:4, IV is repealed and reenacted to read as follows:

15 New Chapter; Children and Family Services Established. Amend RSA by inserting after RSA 169-F the following new chapter:

#### CHAPTER 169-G CHILDREN AND FAMILY SERVICES

169-G:1 Purpose. This chapter shall apply to children in need of services as defined in this chapter and shall be construed and administered in accordance with the following purposes and policies:

I. Certain behavior occurring within a family environment indicates that a child is experiencing serious difficulties and is in need of diversion from such behavior or services to provide him with the care, counseling, discipline, and supervision necessary to assist him in becoming a responsible and productive member of society.

II. Parents are the primary caregivers for children, and are primarily responsible to assure that their children receive the care, guidance, discipline, supervision, and treatment required to assist a child in becoming a responsible and productive member of society.

III. Services should be implemented which preserve and strengthen the unity of the family, seeking change through the voluntary participation of family members in the least restrictive environment consistent with the safety of the child, the family, and the public.

IV. The goal is to keep the child in his family environment unless it is clearly shown that removal of the child from his home is necessary to maintain the safety of the child, to maintain the safety of others in the family, or to maintain public safety. Removal should be achieved through judicial procedures which assure that the constitutional and other rights of the parties are recognized and protected.

I. The county shall accept a referral from any person who provides specific and credible facts to suggest that a child named in the referral is in need of services.

II. The referral may be oral, and the director may initially refer the case to a diversion program.

III. Within 48 hours from the referral, a child in need of services (CHINS) petition shall be filed by the director, if necessary. The director shall consult with the director of the diversion program and the juvenile services officer assigned to the community where the child resides or is found in order to determine whether the filing of a CHINS petition is necessary.

IV. Anyone participating in good faith in the making of a referral pursuant to this chapter is immune from any liability, civil or criminal, that might otherwise be incurred or imposed. Any such participant has the same immunity with respect to participation in any assessment or judicial proceeding which may be undertaken by the division resulting from the report.

child, specifying the grounds for taking the child into custody, and indicating the basis for the disposition.

I. If a child taken into temporary custody pursuant to RSA 169-G:6 cannot be released to a person responsible for the welfare of the child within 4 hours of being taken into custody, the court shall be notified, a petition shall be filed, and placement until the development of a voluntary family service plan shall be determined by the court.

II. If placement is likely to be made other than with a person responsible for the welfare of the child, the division shall be notified and, pursuant to RSA 169-F, shall be granted an opportunity to be heard prior to the entry of an order for placement.

III. The court shall release the child to one of the following, which in the court's opinion is the least restrictive and most appropriate:

(a) A person responsible for the welfare of the child.

(b) The division for placement with a suitable adult willing to pursue licensure for foster care, in a foster home, group home, crisis home, or facility or agency licensed pursuant to RSA 170-E, and certified by the division to accept children in need of services, or an alcohol crisis center certified to accept juveniles, with expenses charged according to RSA 169-G:19.

(c) An adult, who at the time of the hearing is an acquaintance of the child, is found to be suitable by the court, and who agrees to accept placement of the child for a period of up to 30 days under such conditions as may be prescribed by the court, which shall include a home visit by a representative of the division, the results of which shall be reported to the court.

IV. Notwithstanding any other provisions of law, no child detained under this chapter shall be held for any period of time in a public or private facility, which includes construction fixtures designed to physically restrict the movements and activities of persons in custody, including but not limited to locked rooms and buildings, fences, or other physical structures. This paragraph shall not be construed to prohibit detention in facilities where physical restriction of movement or activity is provided solely through facility staff.

169-G:8 Petition.

I. Any person may file a petition alleging a child is in need of services with a clerk of the court in the judicial district in which the child is found or resides. The petition shall be in writing and verified under oath.

II. To be legally sufficient, the petition shall set forth with particularity, but not be limited to, the date, time, manner and place of the conduct alleged and should state the statutory provision alleged to have been violated.

III. If the parents of a child are filing the petition, they shall include information which shows what efforts the child and family have previously undertaken to resolve the expressed problem through available community alternatives, that the problem still remains, and that court ordered intervention is needed.

IV. No acts which qualify as delinquent acts as described in RSA 169-B:2, IV shall be included in any petition filed under this chapter.

V. Before a school official files a petition, the legally liable school district shall first determine whether the child is educationally disabled, as defined in RSA 186-C. When a school official is filing a petition involving a child determined to be educationally disabled pursuant to RSA 186-C, he shall include information which demonstrates that the legally liable school district:

(a) Has determined that the child is educationally disabled; and

(b) Has reviewed the services contained in the child's individualized education program (IEP) and made recommendations for the provision of such services to the child.

169-G:9 Petition Stayed.

I. Every petition filed with the clerk of court shall automatically be stayed for not longer than 30 days, unless the provisions of RSA 169-G:6 apply.

II. Within 48 hours after a petition has been filed, the clerk shall enter the petition into the juvenile court system and send a copy of the petition to the director in the county where the child named in the petition resides or is found.

III. The director shall conduct a preliminary investigation, the record of which shall be in writing.

IV.(a) It shall be the duty of the director to review all petitions, in conjunction with the preliminary investigation, and determine whether the petition should be:

(1) Dismissed for lack of specific and credible facts;

(2) Dismissed as an inappropriate referral;

(3) Referred to another agency; or

(4) Accepted, and the child found a child in need of services.

(b) The director shall make written findings to the family interdisciplinary team not later than 48 hours after the county receives the petition from the court. Reports due under this subparagraph shall be due on the next business day when the due date falls on a weekend or a holiday.

V.(a) If the director determines that a child is in need of services then the petition shall be referred to a family interdisciplinary team and the director shall have the authority to order temporary services for the benefit of the child in emergency situations. The director shall convene a family interdisciplinary team as needed.

(b) The team shall work with the child and family to develop a voluntary family service plan. Such a plan shall be in writing and shall contain:

(1) A statement of facts, describing the problems, conduct, or condition supporting the need for service.

(2) A statement of the problems to be addressed by the plan, identifying the services to be utilized by the child and family to address the problems.

(3) A statement of the objectives to be achieved by the plan, with agreed time frames for achieving each objective, together with the criteria for measuring whether the objectives have been achieved. Services are to terminate on a date specified in the plan, unless extended in writing by the county with the consent of the parties.

(4) A plan for reimbursement for services.

(c) The plan document shall contain a notice of the following consequences of entering into a voluntary service plan:

(1) That failure to comply with the terms of the plan shall lead to filing of a notice by the division seeking court intervention.

(2) That the state of New Hampshire may recover the costs of services authorized and provided at the expense of the state from persons chargeable for the child.

VI. Within 10 working days from the receipt of the intake report, the development of the voluntary family service plan shall be completed and signed by the director as chairman of the family interdisciplinary team, the child in need of services, the person responsible for the child, a juvenile services officer, and any family members who are to participate in the voluntary family service plan.

169-G:10 Court Action. The clerk shall schedule a date not later than 30 days from the date the petition is filed when the court shall take one of the following actions:

I.(a) At any point during the process, the court may, on its own motion, the recommendation of the director, or a request by any of the parties, order the child to submit to a mental health evaluation for the purpose of determining whether the child is competent to have committed the offenses or acts alleged in the petition. The evaluation shall be completed within 60 days of the date of such order and shall be conducted by an agency other than the Philbrook center which is approved by the commissioner of health and human services, or conducted by a psychologist certified in New Hampshire or a qualified psychiatrist, or by the Philbrook center only upon receiving prior approval for admission of the child for such evaluation by the director, division for children and youth services. The evaluation shall be submitted to the court in writing upon completion.

(b) The court shall inform the child of his right to object to the evaluation. If the child does object, he shall do so in writing to the court within 5 days of the court's order for the evaluation. The court shall hold a hearing to consider the objection, and may, for good cause, excuse the child from the evaluation.

(c) Whenever such an evaluation has been made previously for consideration at a prior proceeding, it shall be jointly reviewed by the court and the evaluating agency before the case is heard. The evaluator shall keep records of having conducted the evaluation, but no reports or records shall be made available, other than to the court and parties, except upon the written consent of the child or his legal representative, parent or guardian or pursuant to RSA 169-B:35. The expense of such evaluation is to be borne as provided in RSA 169-B:40.

II.(a) If the voluntary service plan is signed by all parties, it shall be attached to the petition and returned to the court. The court shall order this plan, which shall take the form of a consent decree. The presence of the parties shall not be required for court approval except when the voluntary plan recommends a placement with a relative for longer than 14 days or any other out-of-home placement for any period of time.

(b) No out-of-home placement shall be approved unless the child and parents, guardian, or custodian are informed of the consequences of the order by the court, and the court determines that the child and parents voluntarily and intelligently agreed to the terms and conditions of the order.

(c) The consent decree shall be considered a final dispositional order and subject to the provisions of 169-G:16, II.

III. If the director recommends the petition be dismissed, his report, including the reasons for recommending dismissal, shall be attached to the petition and returned to the court. The court may either:

(a) Accept the report of the director;

(b) Refer the petition to the director for review by the family interdisciplinary team and development of a voluntary service plan; or

(c) Determine that some other appropriate action be taken.

IV. If any party refuses to agree to the voluntary family service plan, the court shall set a date for an adjudicatory hearing not later than 14 days from the initial court date.

V. If any party violates any provision of the voluntary service plan after it has been ordered by the court, the division shall file notice with the court. The court shall conduct a hearing pursuant to 169-G:15, V.

VI. After the court has ordered services or set a date for an adjudicatory hearing, the division shall be responsible for the case management, prosecution, followup, and assessment.

VII. When a date for an adjudicatory hearing is set, the court shall issue a summons to be served personally or, if personal service is not possible, at the usual place of abode of the person having custody or control of the child or with whom the child may be, requiring that person to appear with the child at a specified place and time. If the person so notified is not the parent or guardian of the child, then a parent or, guardian shall be notified, provided the person and the person's residence are known, or if there is neither parent nor guardian, or the residence is not known, then some relative, if there be one and his residence is known.

VIII. A copy of the petition shall be attached to each summons or incorporated in the summons.

IX. The summons shall contain a notice of the child's right to representation by counsel and the available procedures for obtaining counsel. The summons shall also state as follows:

"Parents and other individuals chargeable by law for the child's support and necessities may be liable for expenses incurred in this proceeding including the costs of certain evaluations and placements. RSA 186-C regarding educationally disabled children grants children and their parents certain rights to services from school districts at public expense and to services from school districts at public expense and to appeal school district decisions regarding services to be provided."

(a) At the time of the initial appearance, the court shall assure that the right of the child to counsel is protected in the following manner:

(1) By appointing an attorney to serve as counsel for the child.

(2) If the court is of the opinion that the best interests of the child require separate protection, by appointing a guardian ad litem to represent the best interests of the child.

(b) No person responsible for the welfare of the child or chargeable for the support and necessities of the child or other person appearing before the court with respect to the proceeding shall be entitled to have counsel appointed by the court at the expense of the state to represent their interests, unless criminal charges directly related to the proceeding may be brought against the person and the person qualifies for indigent defense.

(c) The child may waive the right to have counsel appointed only with the consent of the person responsible for the welfare of the child, and upon a finding by that court that such waiver is made voluntarily, competently, and with full understanding of the consequences.

X. Copies of all pleadings and other materials authorized by rule or law to be filed with the court and copies of all communications with the court shall be served upon all counsel of record or parties appearing pro se by mailing or delivery in hand,

unless otherwise ordered by the court. All such materials shall contain a statement of compliance herewith.

XI. All reports, evaluations and other records from the county, the division for children and youth services, counselors, and guardians ad litem in proceedings under this chapter shall be filed with the court and all other parties at least 5 days prior to any hearing. All such materials shall contain a statement of compliance with this section. Once filed with the court and given to all other parties, the report, evaluation or other record need not be refiled during the proceeding. Failure to comply with the provisions of this paragraph shall not be grounds for dismissal of the petition.

169-G:11 Failure to Appear; Warrant.

I. Any person summoned who, without reasonable cause, fails to appear with the child, may be proceeded against for contempt of court.

II. If a summons cannot be served or the party served fails to obey the summons, and in any case where it appears to the court that such summons will be ineffectual, a warrant may be issued for the child's appearance or for the appearance of anyone having custody or control of the child or for both.

169-G:12 Educationally Disabled Child.

I. (a) At any point during the process, on its own motion, the recommendation of the director or a request from any party, the court may join the legally liable school district as a party for the limited purposes of:

(1) Directing the school district to determine whether the child is educationally disabled as defined in RSA 186-C; or

(2) Directing the school district to review the services offered or provided under RSA 186-C if the child has already been determined to be educationally disabled.

(b) In all instances where a residential placement of an educationally disabled child has resulted or may result from an order of the court, the legally liable school district shall be joined as a party.

II. Once joined as a party, the legally liable school district shall have full access to all educational records maintained by the county, the division, or the district court under this chapter, and shall be afforded the opportunity to participate with the family interdisciplinary team in developing a voluntary family service plan or case service plan for the child.

III. The legally liable school district shall offer to the family interdisciplinary team and to the district court a recommendation as to how the educational needs of the child can best be met. Such recommendation shall be submitted at any stage of the proceeding which contemplates a change in the placement of the child and which has the potential to interfere with the provision of a free and appropriate public education to the child in accordance with an approved and implemented individual education plan for the educationally disabled child.

IV. In any order in which the court declines to accept the recommendation of the legally liable school district, the court shall make written findings of fact to explain why the recommendation was not followed.

169-G:13 Out-of-District Placement. In the case of an out-of-district placement, the appropriate court shall notify the department of education on the date that the court order is signed, stating the initial length of time for which such placement is made. This section shall apply to the original order and all subsequent modifications of that order.

169-G:14 Adjudicatory Hearing.

I. An adjudicatory hearing shall be conducted by the court, separate from the trial of criminal cases. The petitioner has the burden to prove the allegations in support of the petition by a preponderance of the evidence. The court shall not be bound by the technical rules of evidence, and may admit evidence which it considers relevant and material.

II. Upon its own motion, or the motion of any party, the court may enter an order to control the disclosure of witnesses, admission of facts and documents, and the sharing of any other relevant or material information between the parties in advance of the adjudicatory hearing. Upon the request of any party, the court may issue such protective orders as it deems just to control the use of such shared information, but such orders shall not prevent access to information as allowed in RSA 169-G:18.

III. The petitioner shall present witnesses to testify in support of the petition and any other evidence necessary to support the petition. The child shall have the right to present evidence and witnesses on his behalf and to cross-examine adverse witnesses.

IV. If the court finds that the petitioner has not sustained its burden of proof, it shall dismiss the petition, and unless stayed or modified by the court pending an appeal, any order of placement shall expire, and the child shall be returned to the person responsible for his welfare forthwith.

V. If the court sustains the petition, the court shall order the division to prepare an investigation report and case service plan. The division may seek the assistance of the family interdisciplinary team in the preparation of the plan. The court may order the child and any person responsible for the welfare of the child to submit to a physical examination or mental health evaluation as required by the division. The child and any person responsible for the welfare of the child shall be advised of his right to object to any order for physical or mental health evaluation. Objections shall be submitted in writing to the court within 5 days after notification of the time and place of the examination or evaluation. The court may excuse any person so filing an objection for good cause shown, or may deny the objection and proceed to enforce its order for the examination or evaluation as in cases of contempt of court.

VI. If the court sustains the petition, it shall make an order for the release of the child in accordance with RSA 169-G:7, pending the final dispositional hearing.

VII. The court shall set a date for the final dispositional hearing, to be commenced within 30 days of the conclusion of the adjudicatory hearing. All reports to be considered at the final dispositional hearing shall be filed with the court 5 business days in advance of the hearing, and shall be shared with all parties. The court may excuse this requirement for good cause shown, or may recess the final dispositional hearing to allow any party a further opportunity to review the report or obtain information in opposition to the conclusions reached in the report.

#### 169-G:15 Final Dispositional Hearing.

I. If the court sustains the petition and finds the child is in need of services, it shall order the least restrictive and most appropriate disposition considering the facts in the case. In making this disposition, the court shall also consider and make written findings of the following:

(a) The basis for the finding that the child is in need of services.

(b) If placed away from his home, that the division undertook reasonable efforts to prevent such placement, and that the case service plan constitutes a reasonable effort to reunify the child with his family.

(c) The dispositional placement does not deny the child the free exercise of his religion, or that of his parents, whether living or dead, nor the liberty of worshipping in accordance with such religion.

II. Such disposition may include:

(a) Permitting the child to remain with a person responsible for his welfare or suitable adult willing to pursue licensure for foster care, subject to such limitations and conditions as the court may prescribe, including:

(1) Home detention, as defined in the court order.

(2) Placing the child on conditional release for a period of up to 2 years, but not to extend beyond the period of extended jurisdiction defined in RSA 169-G:3.

(3) Acceptance of the terms of an individual education plan proposed for an educationally disabled child.

(4) Ordering the child or the person responsible for his welfare to accept mental health services or medical treatment.

(5) Ordering the child to make restitution.

(6) Perform community service pursuant to RSA 169-B:19, I(h), when such service will, in the opinion of the court, foster respect for those interests violated by the child's conduct. However, no person who performs such public service under this provision shall receive any benefits that such employer for whom the service is performed gives to its other employees, including but not limited to, workers' compensation and unemployment benefits, and no such employer shall be liable for any damages sustained by a person while performing services for the benefit of the employer or any damages caused by that person unless the employer is guilty of gross negligence.

(b) Releasing the child in the legal supervision of the division for placement as ordered by the court. Any placement in this state shall be with a facility licensed pursuant to RSA 170-E and certified by the division to provide services to children in need of services. If a child is placed out of state, the provisions of RSA 170-A and rules governing the certification of providers shall be followed. The court may further order the child or the person responsible for his welfare to accept mental health services or medical treatment. Placement may be made with:

(1) A foster home.

(2) A group home, crisis home, or shelter care facility.

III. Every final dispositional order shall contain an order for reimbursement of the expenses incurred for services to a child in need of services in accordance with the requirements and procedure set forth in RSA 169-G:19. Every person chargeable for the support and necessities of the child shall be afforded notice of a hearing and an opportunity to be heard at the final dispositional hearing upon the issue of reimbursement. The division shall make a recommendation for the amount of reimbursement, calculated in accordance with rules adopted pursuant to RSA 169-G:23. If the court deviates from such recommendation, it shall enter written findings of the basis for such deviation.

IV. Any child or person responsible for the welfare of the child or chargeable for the support and necessities of the child adjudicated pursuant to this chapter who fails or refuses to comply with the final dispositional order may be proceeded against for contempt of court.

V. Upon its own motion or the motion of any party seeking sanctions for contempt, the court shall schedule a hearing, provide notice of the conduct alleged to constitute contempt, and shall make a finding of contempt only after all parties are

afforded an opportunity to be heard and show cause why such person should not be found to be in contempt of court.

VI. A child found in contempt of court may be removed from an existing placement and placed in a more restrictive setting until such time as the contempt is purged by the performance of such acts as may be ordered by the court.

169-G:16 Review of Final Dispositional Order.

I. At any time following the entry of the final dispositional order, upon the motion of any party or upon its own motion, the court may schedule a hearing to review or modify a final dispositional order.

II. Notwithstanding the provisions of paragraph I, the court shall schedule and hold a review hearing at least once within each 12-month period following the entry of the final dispositional order. Such review may include a review of the family's financial situation as it relates to recovery for the cost of services provided by the state.

169-G:17 Appeals. An appeal of questions of law, under this chapter, may be taken to the supreme court by the child or the person responsible for the welfare of the child within 30 days of the final dispositional order, but an appeal shall not suspend the order or decision of the court unless the court so orders. In all other respects the judgment of the district court shall be final at the expiration of the appeal period.

169-G:18 Confidentiality of Court Records.

I. All records pertaining to cases of children in need of services shall be kept in books and files separate from all other court records. Such records shall be withheld from public inspection, but shall be open to juvenile services officers, police officers, the child, persons responsible for the welfare of the child, persons chargeable for the support and necessities of the child, attorneys for the parties, a legally liable educational authority joined as a party, and the guardian ad litem. Additional access shall be granted by the court upon good cause shown. Once a child in need of services is 18 years of age and his case has closed, all such records shall be destroyed, unless required to be maintained for the purpose of audit by the federal government, or until the expiration of an applicable statute of limitations. Statistical records, which shall not serve to identify the child, may be maintained indefinitely.

II. No participant in any hearing relating to a child alleged to be in need of services shall disclose any data with respect to such child or hearing to any person without the prior express order of the court, upon penalty of being in criminal contempt of court.

III. No owner, employee, agent, or representative of a print, electronic, or other form of media shall print or otherwise broadcast or publish any information with respect to a child alleged to be in need of services without prior permission of the court. Any such person or partnership, trust, or corporation which violates this section shall be proceeded against for criminal contempt of court.

169-G:19 Liability for Expenses.

I. Any expense incurred in the provision of services to a family or child under a voluntary family service plan, or under a court ordered case service plan, including expenses for board and care of the child placed outside of the home of the person responsible for the welfare of the child, and services required to meet the medical treatment or mental health needs of such child, shall be paid in the first instance by the division, except for:

(a) Expenses for services which, when authorized, were capable of being paid for by any private or governmental contract or policy of insurance which named the recipient of the service as an insured or benefited person.

(b) Expenses for services provided to an educationally disabled child as expressly required by RSA 186-C.

II. The time expended by county personnel for implementing this chapter shall be chargeable to the state. The county shall also be granted credit for reasonable office expenses. These charges shall accrue monthly.

III. (a) Notwithstanding paragraph I, the county in which the child resided or was found at the time the case commenced, whether by voluntary family service plan or by court intervention, shall be liable to the division for 25 percent of the expenses authorized for such child and paid by the division.

(b) County credits accrued under 169-G:19, II shall be deducted from payments due the state under this paragraph.

(c) A monthly accounting of payments due shall be prepared by the division and sent to the director.

(d) County payments due to the state shall be paid to the division on a monthly basis within 30 days' notice of the amount due to the state. Delinquent payments due to the state under this paragraph with interest at the rate of 12 percent per annum, may be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor or may, at the request of the state agency, be deducted from any other moneys payable to such subdivision by any department or agency of the state.

III. Notwithstanding any change of residence by a child or family while under a voluntary family service plan, or subsequent acts by a child in need of services which brings him to the attention of a court, the county made initially liable under paragraph II shall remain the county of liability until the child reaches the age of 18 or jurisdiction of the court shall cease, whichever shall first occur, provided that whenever the court retains jurisdiction according to the provisions of RSA 169-G:3, II the county liable in paragraph II of this section shall remain liable until jurisdiction of the court ceases.

IV. The state of New Hampshire acting on its own behalf, or for the county of liability shall, within the context of a proceeding under this chapter, be entitled to recover funds expended to serve a child in need of services from the persons chargeable by law for the support and necessities of the child. Procedures for recovery shall be as follows:

(a) In the first instance the recovery shall be based on ability to pay, as determined by the financial statement filed by the person chargeable for the support and necessities of the child, but shall not be less than \$10 per week and not more than an amount equal to child support as determined pursuant to RSA 458-C. Payments under this section shall continue for a duration of time equal to the duration of time in which expenses are incurred on behalf of the child by the state.

(b) For subsequent petitions, the recovery shall be based on ability to pay, as determined by a current financial statement filed by the person chargeable for the support and necessities of the child and equal to an amount as determined pursuant to RSA 458-C. Payments under this section shall continue until the child reaches the age of majority.

(c) The court may suspend a portion of the payment if extraordinary circumstances are found to exist. If there is a negligent violation of the court order by the

person chargeable for the support and necessities of the child the suspension may be lifted.

(d) In cases where the person chargeable for the support and necessities of the child is not the custodial parent, is currently under court order to pay child support for the child receiving services, and is not in violation of said order, recovery by the state shall be as follows:

(1) Payment for services, other than out-of-home placement, not covered under the court order of child support. These costs shall be assessed on the basis of ability to pay additional charges and shall not be considered child support.

(2) Payment for out-of-home placement shall be based on the ability to pay additional charges and shall not be considered child support unless the court determines that reducing the child support payment by an amount equal to the portion allocated to support of the child receiving services would not endanger the child's family nor jeopardize the home environment to which the child would return. If the court makes such a determination, it shall temporarily order that portion of the child support payment to be made to the state, and such payments shall be considered child support. Such order shall be directed to the non-custodial parent with notice to the custodial parent or guardian.

#### 169-G:20 Collection of Reimbursements Due to State.

I. No further action or process shall be required to permit the state of New Hampshire to collect the expenses paid for services for any person under this chapter from a person chargeable by law for such expenses who is before the court.

II. If a child or family is receiving services pursuant to a voluntary family service plan, and has agreed to a plan for reimbursement to the state of New Hampshire for expenses associated with the plan, such plan shall be enforceable in the judicial district where the child resided or was found at the time the plan commenced.

III. The jurisdiction of the court to order reimbursements shall continue until the obligation to reimburse has been fulfilled.

IV. If the person responsible for paying reimbursements to the state is financially able to pay such reimbursements but fails to make such payments, the state may apply to the superior court for a lien on such person's real or personal property for the amount of reimbursements due.

#### 169-G:21 Division Duties. The division shall have the power and duty:

I. After consultation with the advisory board created by RSA 170-G:6, to establish rates for all services, placements and programs which are paid for by the division pursuant to RSA 169-G:19. When educational aspects are present in any service, placement or program subject to rate-setting by the division, rates for the educational component shall be addressed jointly by the division and the department of education.

II. To certify all providers of services, placements and programs which are paid for by the division pursuant to RSA 169-G:19. Each certification issued for this purpose shall have 2 components: one based upon standards of quality and performance, and one based upon the need the state may have for such service, placement, or program. When educational aspects are present in any service, placement, or program subject to certification by the division, certification for the educational component shall be addressed jointly by the division and the department of education. The commissioner of the department of health and human services shall develop by rule an appeals process for providers of services, placements, and programs who have sought and been refused certification under this paragraph.

169-G:22 Treatment and Services. Notwithstanding any other provisions of law, whenever a person under 18 years of age who is judged by a peace officer to be intoxicated or incapacitated and who has not been charged with a crime is taken into protective custody, if no needed treatment is available, his parent or guardian shall be immediately notified and such person may be held at a police station or a local jail or a county correctional facility in a room or ward separate from any adult or any person charged with juvenile delinquency until the arrival of his parent or guardian. If such person has no parent or guardian in the area, arrangements shall be made to house him according to the provisions of RSA 169-G:8.

169-G:23 Rulemaking. The commissioner of health and human services shall adopt rules, pursuant to RSA 541-A, necessary to carry out the provisions of this chapter.

16 Monitoring Committee.

I. The monitoring committee established under RSA 169-C:39-j shall monitor and review the pilot program established in RSA 169-G as inserted by section 15 of this act.

II. The committee shall meet at least quarterly with a district court judge sitting in Merrimack County and named by the administrative judge of the district courts, the county human resources director and designee, if appointed, the director of the division of children and youth services and designee, if appointed a member from law enforcement involved with children in need of services in Merrimack County, named by the New Hampshire Police Chiefs Association and a school board member from Merrimack County, named by the New Hampshire School Boards Association.

III. At least two weeks prior to its first quarterly meeting the committee shall have developed and published guidelines for monitoring and evaluating the pilot program.

IV. The committee shall report its findings and recommendations for any legislation including a recommendation for repeal if necessary or a resolution in support of statewide implementation. Reports shall be submitted to the governor, president of the senate, speaker of the house, and the general court not later than October 1, 1993. Prior to submitting its final report, the committee shall conduct at least one public hearing in Merrimack County to give the public an opportunity to comment on the issue of whether the pilot program achieved its goals and purpose and to recommend changes to RSA 169-G.

17 Rules. The county commissioners shall adopt rules, pursuant to RSA 28:12, necessary to carry out the provisions of section 15 of this act. For the purposes of the program in Merrimack County, the commissioners of that county may begin formulating rules and interviewing personnel prior to July 1, 1992.

18 Transfer of Appropriated Funds. The time expended by county personnel, which is chargeable to the state for implementing children and family services under this act, shall be paid by the state from moneys available under PAU 05, 01, 03, 02, 07, class 90 settlement.

19 Opt-out Provision. Any person who becomes a party to a petition filed in Merrimack County between July 1, 1992 and July 1, 1994 shall have the opportunity to have the petition considered under provisions of RSA 169-D, as amended, rather than under the provisions of RSA 169-G.

20 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not effect other provisions or applications of the act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

21 Definition Modified. Amend RSA 169-B:2, IV to read as follows:

IV. "Delinquent" means a person who has committed an offense before reaching the age of 18 years which would be a felony, [or] misdemeanor **or violation** under the criminal code of this state, **or any other statute creating a violation or crime** if committed by an adult, and is expressly found to be in need of counselling, supervision, treatment, or rehabilitation as a consequence thereof.

and the motion failed.

Reps. Wall and Nordgren notified the Clerk they voted yea and meant to vote nay.

Rep. Martin notified the Clerk that she wished to be recorded in favor of the substitute motion.

Amendment adopted.

Report adopted.

Ordered to third reading.

**HB 1262**, requiring financial institutions which are responsible for paying property tax bills from escrow accounts to pay a property tax bill within 10 days of its receipt and to pay any fees, penalties or interest charged on overdue bills. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard Krueger for Commerce, Small Business and Consumer Affairs: The problem the bill addressed was not substantiated as a major one in testimony, and the mechanism to solve it was counterproductive. The subcommittee was unanimous in recommending the amendment giving rulemaking authority with teeth to the Banking Department as an effective means to solve this problem when it may occur. Vote 13-1. 5203L

**Amendment**

Amend the title of the bill by replacing it with the following:

**AN ACT**

relative to the rulemaking authority of the bank commissioner.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Rulemaking Authority. Amend RSA 384 by inserting after section 43 the following new subdivision:

**Rulemaking Authority**

384:43-a Rulemaking Authority. The commissioner shall adopt rules, pursuant to RSA 541-A, consistent with the provisions of this chapter, which shall include rules relative to payment of funds from escrow accounts held by depository and nondepository institutions, including imposition of fees, penalties or fines for failure to comply with such rules.

2 Effective Date. This act shall take effect 60 days after its passage.

**AMENDED ANALYSIS**

This bill authorizes the bank commissioner to adopt rules consistent with the provisions of RSA chapter 384, including rules relative to payment of funds from escrow accounts held by depository and nondepository institutions.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1369**, defining the terms "experimental and investigatory" concerning medical procedures for insurance purposes and establishing a review board to hear controversial cases. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.**

Rep. Patricia A. Fair for the Majority of Commerce, Small Business and Consumer Affairs: This bill requires insurers which exclude coverage for experimental and investigatory procedures to include a statement in their contracts that states "experimental and investigatory means any procedure, facility, equipment, drug, device, or supply not generally acknowledged as accepted by the relevant medical specialists practicing in New Hampshire". It also establishes a review board of three physicians, three insurance industry representatives, one public member and the insurance commissioner (all political appointments) to review disputed cases and determine when a procedure, in their opinion, is no longer experimental or investigatory. Examples of things that are currently considered experimental or investigatory nationally include: certain cardiac procedures, AIDS drug therapies, fetal tissue transplants for Parkinson's Disease, "super aspirin" for dissolving clots and bone marrow transplants for cancers other than the leukemias. This bill would put into law, a review board, the majority of whom are nonmedical, nonresearch to make complex medical and research decisions regarding when a procedure, drug or equipment are no longer experimental or investigatory and therefore should be paid for by insurers. These procedures are not covered by Medicare or Medicaid. This bill sets a precedence for a review board to mandate to insurers what will be covered. These procedures are very costly starting at \$100,000. The conduct of medical research and its funding should not be a state issue. It should be a federal and medical issue. With 100,000 New Hampshire residents currently without insurance, the legislature should focus on seeing that insurance is available and affordable to them before adding very costly procedures to policies of people who already have insurance coverage for care other than that which is experimental or investigatory. Vote 14-5.

Reps. Thea Braiterman, John B. Hunt, Deborah L. Arnesen, Anthony Syracuse and George H. Baker, Sr. for the Minority of Commerce, Small Business and Consumer Affairs: At present, whether a particular health insurance policy will pay for certain life or death treatments is decided case by case, usually behind closed doors, or by expensive law suits, or by emotional media attention. The subcommittee assigned to this bill recommended interim study to this issue by a vote of 3-0. The New Hampshire Medical Society stands ready to assist by providing appropriate professional input. We recognize that a serious problem exists, and that efforts should be made to develop a level playing field for both consumers and insurers. We recommend that we begin to study this issue by referring it to the committee for interim study.

Rep. Hunt moved that the words Refer for Interim Study be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Reps. Fair and Bonnie Packard spoke against and yielded to questions.

Reps. Fuller Clark spoke in favor and yielded to questions.

Roll call request sufficiently seconded.

Reps. Lockwood and Terninko declared that a conflict of interest existed and they did not participate.

The question being the adoption of the substitute motion.

#### REGULAR CALENDAR (continued)

**HB 1105**, relative to requiring disclosure of campaign contributions by candidates for local and school district elections. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Calvin Warburton for Constitutional and Statutory Revision: This requires the same type of report on expenditures as is required by State Representatives. The only difference is that the reports will be filed with town or city clerks instead of the Secretary of State. This is just enabling legislation. Vote 9-1.

5135L

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to disclosure of campaign contributions by candidates for  
 local and school district elections.

Amend the bill by replacing all after the enacting clause with the following:

1 Reporting Requirements Applicable to Local Elections. Amend RSA 664:1 to read as follows:

664:1 Applicability of Chapter. The provisions of this chapter shall apply to all state primary, general, and special elections, **and to all city, town, school district and village district elections in cities, towns, school districts, and village districts which have adopted the provisions of RSA 664:1-a**, but shall not apply to presiden-

tial preference primaries. The provisions relating to political advertising, RSA 664:14 through 17-a, shall additionally apply to city, town, school district and village district elections **without an affirmative vote to adopt those provisions**. The provisions relating to voluntary expenditure limitations, RSA 664:5-a and 664:5-b, shall additionally apply to elections for United States senator and representative to Congress, **but shall not apply to any city, town, school district, or village district elections**.

2 New Section; Political Contributions and Candidates at Local Elections. Amend RSA 664 by inserting after section 1 the following new section:

664:1-a Reporting Requirements for and Prohibited Political Contributions to Candidates at Local and School District Elections.

I. Each city, town, school district, and village district may adopt, under paragraph II, the provisions of RSA 664:4 and 664:7. If a city, town, school district, or village district votes to adopt these provisions, then the provisions of RSA 664 relative to reporting requirements for campaign contributions, and the prohibitions against making certain political contributions shall also apply to all candidates in the city, town, school district, or village district election.

II. Each town, city, school district, and village district may adopt the provisions of RSA 664:4 and 664:7 relative to reporting requirements for campaign contributions and prohibitions against making certain political contributions, in the following manner:

(a) In a town, the question shall be placed on the warrant of a special or annual town meeting under the procedures set out in RSA 39:3, and shall be voted on by ballot. If the official ballot is not used for voting on such a question, the prescribed wording shall be placed in the warrant, and may also be placed upon a pre-printed ballot to be acted upon in open meeting in the same manner as a secret "yes-no" ballot under RSA 40:4-a.

(b) In a city, the legislative body may consider and act upon the question in accordance with its normal procedures for passage of resolutions, ordinances, and other legislation. The legislative body of a city may vote to place the question on the official ballot for any regular municipal election, or, in the alternative, shall place the question on the official ballot for any regular municipal election upon submission to the legislative body of a petition signed by 5 percent of the registered voters.

(c) In a village district, the question shall be considered and acted upon at an annual or special district meeting according to the provisions of RSA 52:11-a.

(d) In a school district, the question shall be considered and acted upon at an annual or special meeting according to the provisions of RSA 197:1-10. In a cooperative school district, the question shall be considered and acted upon according to the provisions of RSA 195:13.

III. If a majority of those voting on the question vote "Yes," RSA 664:4 and 664:7 shall apply within the city, town, school district, or village district on the date set by the governing body.

IV.(a) Any city, town, school district, or village district which has adopted RSA 664:4 and 664:7 may rescind its action in the manner described in paragraph II. The wording of the question shall be the same as set out on the ballot, except that the word "adopt" shall be changed to "rescind."

(b) If a majority of those voting on the question vote "Yes," then as of the next January 1, RSA 664:4 and 664:7 shall not apply within the city, town, school district, or village district.

3 Prohibited Political Contributions; Local Elections. Amend the introductory paragraph of RSA 664:4 to read as follows:

No contribution, whether tangible or intangible, shall be made to a candidate, a political committee, or political party, or in behalf of a candidate or political committee or political party, directly or indirectly, for the purpose of promoting the success or defeat of any candidate or political party at any state primary or general election, or at any city, town, school district, or village district election in a city, town, school district, or village district which has adopted the provisions of RSA 664:1-a:

4 Reporting Requirements by Candidates in Local Elections. Amend RSA 664:7 to read as follows:

664:7 Reporting by Candidates.

I. Each candidate at the primary or general election for governor, councilor, state senator, representative to general court, or county officer, and each candidate at any city, town, school district, or village district election in a city, town, school district, or village district which has adopted the provisions of RSA 664:1-a, who has expenditures exceeding \$500, shall file statements before and after an election in like manner and detail as prescribed in RSA 664:6, II, II-a, III, IV, and V, excepting, however, the expenditures of political committees of the party to which the candidate belongs in elections other than primaries.

II. Each candidate of any city, town, school district, or village district election who is required to file statements under paragraph I, shall file such statements with the appropriate city, town, school district, or village district clerk rather than with the secretary of state.

5 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

Under present law reporting requirements for campaign contributions and expenditures only apply to candidates for state and county offices. This bill extends existing reporting requirements to candidates in city, town, school district, and village district elections, if the voters in a city, town, school district, or village district vote to adopt those requirements.

**HB 1176**, relative to a state referendum question on increasing the size of the senate and decreasing the size of the house. **INEXPEDIENT TO LEGISLATE.**

Rep. Natalie S. Flanagan for Constitutional and Statutory Revision: The committee feels that this referendum is not necessary. It would just confuse the voter. Vote 11-1.

Rep. Teague spoke to the bill.

**HB 1245-FN**, implementing the model landscape care act in New Hampshire relative to the application of landscape care products. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Linda Griebsch for the Majority of Environment and Agriculture: The Committee discussed the good reputation of the pesticide program in New Hampshire and after reviewing the administrative rules of the Pesticide Board and a hearing on the amendment, it was passed by the Majority of the Committee. Vote 8-5.

Rep. Betty B. Hall for Environment and Agriculture: The Pesticide Board has operated for more than 20 years under its present authority. The Minority believes that there is no demonstrated need to give it additional authority over local communities. If the Board needs additional powers, it should be addressed in a bill, not a non-germane amendment.

Rep. Musler moved that the words Refer for Interim Study for the report of the Committee, Ought to Pass with Amendment, and spoke in favor.

Referred for Interim Study.

**HB 1439**, instituting a motor vehicle emissions inspection program and requiring a study of the impact of diesel fuel and vehicles on the environment. **OUGHT TO PASS WITH AMENDMENT.**

Reps. Jeb E. Bradley, Bonnie L. McCann, Gregory L. Hanselman, Amanda A. Merrill, Robert A. Daigle, Irene M. Messier and David M. Scanlan for Environment and Agriculture: This bill, as amended, represents the best effort of the Committee to address the serious issue of air quality in New Hampshire. As proposed, this legislation allows the House and Senate to develop a detailed vehicle testing program when EPA regulations are finalized. House Bill 1439 was developed with the assistance of both business and environmental interests, DES, DOT, and DRED who concur with the Committee that this legislation protects public health and the environment while insuring opportunities for future growth to the New Hampshire business community. This bill requires that future legislation be drafted by the House Environment and Agriculture Committee and/or Senate Environment Committee. This bill does not allow DES to create vehicle testing regulations without legislative authority. Vote 13-1.

### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

instituting a motor vehicle emissions inspection program and requiring  
a study of diesel and other vehicles.

Amend the bill by replacing all after the enacting clause with the following:

#### I Findings and Purpose.

I.(a) The general court finds that it is the goal of the Clean Air Act Amendments (CAAA) of 1990 to improve public health in the United States through significant reductions in air pollution. The United States Environmental Protection Agency (EPA) has designated certain areas of New Hampshire as serious ozone non-attainment areas as indicated by air monitoring. Ground level ozone in these non-attainment areas exceeds the levels established under the Clean Air Act as safe for human health.

(b) The CAAA mandates a 15 percent reduction in emissions causing ground level ozone by the year 1996 and 24 percent by 1999 in serious non-attainment areas.

(c) Because motor vehicles account for a majority of the emissions which result in excessive levels of ground level ozone, these mandated reduction can be most effectively achieved through an aggressive motor vehicle inspection and maintenance program.

II. Under the Clean Air Act Amendments industries in the United States are subject to new and more stringent emissions controls. If the CAAA requirements are not fulfilled in New Hampshire, industries may be subject to even more stringent

additional emissions controls. The possibility of these further emissions controls subjects many New Hampshire industries to a high degree of uncertainty and could discourage economic growth.

III. The CAAA calls for sanctions against industry and highway funds in the event of non-compliance. Industrial sanctions will create a significant disincentive to expand or locate industrial enterprises in the state. The general court finds that it is of utmost importance that New Hampshire's state implementation plan for compliance with the CAAA shall provide an unequivocally clear emission reduction margin to insure economic growth and quality job opportunities for New Hampshire citizens and to prevent the potential loss of significant amounts of federal transportation funds.

IV. The purpose of this act is to demonstrate the commitment of the general court to meet the requirements of the CAAA by implementing an enhanced motor vehicle inspection and maintenance program in the state of New Hampshire. Enactment of this enhanced program shall serve as a critical step toward the achievement of cleaner air for New Hampshire citizens. This act shall further serve to mitigate economic uncertainty by assuring that motor vehicle emissions are reduced by a margin sufficient to guarantee compliance with the CAAA.

2 Enhanced Program Required. An enhanced motor vehicle inspection and maintenance program which shall comply with the CAAA of 1990 and related regulations promulgated by the EPA, and which addresses the long-term best interests of the economy and environment of New Hampshire, shall be implemented in the state of New Hampshire no later than July 1, 1994. The department of safety shall administer and enforce the program and the department of environmental services shall set the emission standards and testing requirements.

3 Proposed Legislation. Upon the issuance of enhanced motor vehicle inspection and maintenance regulations by the EPA, the house environment and agriculture and the senate environment committees, with the assistance of the department of environmental services, the department of safety, the department of transportation, and the department of resources and economic development, shall recommend legislation for introduction in the next legislative session relative to the administration and enforcement and setting of standards and testing requirements for an enhanced motor vehicle inspection and maintenance program in the state of New Hampshire which complies with the requirements of section 2 of this act.

4 Diesel and Other Exempted Vehicles Study. The house environment and agriculture and the senate environment committees shall study the impact on human health and the environment of certain motor vehicles and their emissions which are currently or proposed to be exempted from certain motor vehicle emissions and air quality laws, regulations, or standards, including but not limited to diesel, electric, or propane powered vehicles; vehicles of model year 1967 and older; vehicles over 8,500 pounds; and motorcycles. The committees shall make a recommendation on their findings, including any proposed legislation, by November 1, 1992.

5 Effective Date. This act shall take effect upon its passage.

#### AMENDED ANALYSIS

This bill institutes a motor vehicle emissions inspection program to be implemented no later than July 1, 1994. The house environment and agriculture and the senate environment committees shall recommend legislation relative to the administration of such program once the Environmental Protection Agency issues its regulations on the program.

The house environment and agriculture and the senate environment committees shall also study the impact of diesel and other exempted motor vehicles and their emissions on the environment and human health.

**HB 1456-FN**, relative to health insurance for state employees. **INEXPEDIENT TO LEGISLATE.**

**HB 1128**, classifying certain misdemeanors as either class A or class B. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: This bill was encouraged by the House last year. The issues contained within the bill are items that we have discussed numerous times within the Committee. The study committee that met had significant input to the full Committee and we chose to adopt their recommendations. Vote 13-2.

**Amendment**

Amend the bill by replacing all after the enacting clause with the following:

1 Misdemeanors Reclassification. RSA 625:9, IV is repealed and reenacted to read as follows:

IV. Misdemeanors are either class A misdemeanors or class B misdemeanors when committed by an individual. Misdemeanors committed by a corporation or an unincorporated association are unclassified.

(a) A class A misdemeanor is:

(1) Any crime so designated by statute within or outside this code and any crime defined outside of this code for which the maximum penalty, exclusive of fine, is imprisonment not in excess of one year; or

(2) Any crime designated within or outside this code as a misdemeanor, without specification of the classification.

(b) A class B misdemeanor is any crime so designated by statute within or outside this code and any crime defined outside of this code for which the maximum penalty does not include any term of imprisonment or any fine in excess of the maximum provided for a class B misdemeanor in RSA 651:2, IV(a).

2 New Paragraphs; Reduction of Class A Misdemeanor Offense to Class B Misdemeanor; Disposition of Certain Misdemeanor Records. Amend RSA 625:9 by inserting after paragraph VI the following new paragraphs:

VII. The state may change any offense designated or defined as a class A misdemeanor as defined by paragraph IV to a class B misdemeanor if such change is in the interest of public safety and welfare and is not inconsistent with the societal goals of deterrence and prevention of recidivism, as follows:

(a) In its own discretion prior to or at the time of arraignment in the district court;

(b) In its own discretion following an entry of appeal in the superior court or within 20 days thereafter; or

(c) With the agreement of the person charged at any other time.

VIII. If a person convicted of a class A misdemeanor has been sentenced and such sentence does not include any period of incarceration or any fine in excess of the maximum provided for a class B misdemeanor in RSA 651:2, IV(a), the court shall record such conviction and sentence as a class B misdemeanor.

3 Class B Misdemeanor Bail; Reference Added. Amend the introductory paragraph of RSA 597:2, III to read as follows:

III. If the court or justice determines that the release described in paragraph II will not reasonably assure the appearance of the person as required or, **as described in paragraph II or VI**, will endanger the safety of the person or of any other person or the community, he shall issue an order that includes the following conditions:

4 New Paragraph; Class B Misdemeanor Defendant Detention Limited. Amend RSA 597:2 by inserting after paragraph V the following new paragraph:

VI. Notwithstanding any law to the contrary, upon the appearance of a person charged with a class B misdemeanor, the court or justice shall issue an order that, pending trial, the person be released on his personal recognizance, unless the court determines that such release will endanger the safety of the person or of any other person or the community. The court shall appoint an attorney to represent any indigent person charged with a class B misdemeanor denied release for the purpose of representing such person at any detention hearing.

5 Class B Misdemeanor; Right to Sound Recording. Amend RSA 502-A:27-d to read as follows:

502-A:27-d Use of Recording Devices. Upon petition by any party the court may, in its discretion, allow said party to record the proceedings by any recording device. The recordings shall be made at the expense of the petitioner, except as provided under RSA 599:1-c for violations. If in a criminal proceeding the defendant is indigent, the defendant shall upon request at least 5 days prior to any hearing or trial be entitled to a sound recording of the proceedings at state expense. **The court shall give written notice to a defendant charged with a class B misdemeanor that the defendant shall, upon request at least 5 days prior to any hearing or trial, be entitled to a sound recording of the proceedings at state expense.**

6 Class A Misdemeanors; Appeals. Amend RSA 599:1 to read as follows:

599:1 Appeals. A person sentenced by a district or municipal court for a class A misdemeanor [or for any offense which provides the basis for enhanced penalties if the offender is subsequently convicted of the same offense, or who has been sentenced by the imposition of a civil penalty bringing the total fines and penalties for a violation to an amount in excess of \$500], **with a sentence which includes actual incarceration, or a suspended or deferred jail sentence, or fine in excess of the maximum provided for a class B misdemeanor in RSA 651:2, IV(a)**, may, at the time the sentence is declared, appeal therefrom to the superior court. The appeal shall be entered by the appellant at the next return day unless for good cause shown the time is extended by the superior court. In all misdemeanor cases which are so appealed or in which defendants are bound over it shall be the duty of the superior court to transmit to the justice of the district or municipal court, within 10 days after the case is finally disposed of, a certificate showing the final disposition of the case.

7 Bail Jumping; Reference Added. Amend RSA 642:8, III(a)(3) to read as follows:

(3) A **class A** or **class B** misdemeanor, he shall be fined not more than \$2,000 or imprisoned for not more than one year, or both;

8 Sentences and Limitations; Reference Added. Amend RSA 651:2, I and II to read as follows:

I. A person convicted of a felony or a **class A** misdemeanor may be sentenced to imprisonment, probation, conditional or unconditional discharge, or a fine.

II. If a sentence of imprisonment is imposed, the court shall fix the maximum thereof which is not to exceed:

(a) Fifteen years for a **class A** felony,

(b) Seven years for a **class B** felony,

(c) One year for a **class A** misdemeanor,

(d) Life imprisonment for murder in the second degree, and, in the case of a felony only, a minimum which is not to exceed 1/2 of the maximum, or if the maximum is life imprisonment, such minimum term as the court may order.

9 New Paragraph; **Class B Misdemeanors**. Amend RSA 651:2, III to read as follows:

III. A person convicted of a **class B misdemeanor** or a violation may be sentenced to probation, conditional or unconditional discharge, or a fine.

10 **Class B Misdemeanor**; Fine Added. Amend RSA 651:2, IV(a) to read as follows:

(a) Any individual may not exceed \$4,000 for a felony, \$2,000 for a **class A** misdemeanor, **\$1,200 for a class B misdemeanor**, and \$1,000 for a violation.

11 New Paragraph; **Annulment of Class B Misdemeanor Conviction**. Amend RSA 651:5 by inserting after paragraph XV the following new paragraph:

XVI. If a person who has been convicted and sentence for a **class B misdemeanor** has complied with all the terms and conditions of his sentence, he may, at any time after one year following completion of such terms and conditions, apply to the court in which the original sentence was entered for an order to annul the record of conviction and sentence. If such person has committed no felony or misdemeanor during a period which extends from the date of sentencing until one year following the completion of the terms of his sentence, the court shall enter an order annulling such conviction. The court shall, at the time of sentencing, provide written notice to a person convicted of and sentenced for a **class B misdemeanor** that the person has the right to apply to the court to annul the record of conviction and sentence. #### AMENDED ANALYSIS

This bill:

(1) Designates certain misdemeanors as class B, crimes for which the maximum penalty is a fine not to exceed \$1,200. Class A misdemeanors are defined as having a maximum penalty of imprisonment for 1 year and a fine not to exceed \$2,000.

(2) Permits the state, at arraignment, after entry of appeal to superior court, or at any time with the agreement of the person charged, to reduce a class A misdemeanor to a class B.

(3) Provides that if a person is convicted of a class A misdemeanor but only sentenced to a fine not exceeding the maximum fine for a class B misdemeanor, the court shall record the conviction and sentence as a class B misdemeanor.

(4) Limits the authority of a court to detain a person charged with a class B misdemeanor.

(5) Prohibits a person convicted of a class B misdemeanor from appealing to the superior court.

(6) Requires the court to provide written notice to any person convicted of a class B misdemeanor that he has the right to apply to the court for an order to annul the conviction and sentence any time after one year following completion of the terms of the sentence. The order shall be issued provided the person has not committed a felony or misdemeanor during the period extending 1 year from sentencing to 1 year after completion of the terms of the sentence.

(7) Designates certain misdemeanors as class B misdemeanors.

Adopted.

Report adopted.

Ordered to third reading.

**HB 1179**, relative to service of civil process by private citizens. **INEXPEDIENT TO LEGISLATE.**

Rep. Janet G. Wall for Judiciary: The Majority of the Committee believes that although the concept of the bill is good, it seems to address a localized problem in only two counties. There is considerable concern that the bill does not provide for record-keeping, nor is the issue of liability addressed. Sheriffs testified against changes which would take place if this bill is enacted. Vote 10-7.

Adopted.

**HB 1187**, making it first degree assault to knowingly or recklessly cause serious bodily injury to a person under 13 years of age. **OUGHT TO PASS.**

Rep. Richard H. Campbell, Jr. for Judiciary: This bill makes it a first degree assault to knowingly or recklessly cause serious bodily injury to a person under 13 years of age. "Serious bodily injury" is defined in statute, and is for more than any corporal punishment by a parent or guardian. Vote 14-3.

Adopted.

Ordered to third reading.

**HB 1257**, making consumption of alcoholic beverages by persons under 21 a violation. **INEXPEDIENT TO LEGISLATE.**

Rep. Donnalee M. Lozeau for Judiciary: The Committee felt that this issue could not be addressed by trying to force a minor to take a test to reveal whether they have been drinking. With no "implied consent" law able to apply to this issue the Committee found this to be impossible to enforce. Vote 12-4.

Adopted.

**HB 1275**, relative to death with dignity for certain persons suffering terminal illness. **MAJORITY: REFER FOR INTERIM STUDY. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert A. Lockwood for the Majority for Judiciary: It was obvious from the first moments of Committee discussion that there were very deep and conflicting

opinions over what passage of this bill would mean. It also became readily apparent that a substantial majority of the Committee was not ready to make a final recommendation at this time because of the enormity, the complexity, the magnitude, and the finality of some of the issues and outcomes that would arise if this bill became law. Some of the issues were co-existent with present law, abuse, and the appropriate role of government relative to this subject matter. Vote 11-6.

Rep. Alice B. Record for the Minority for Judiciary: The original motion was made by Rep. Record to make this bill Inexpedient to Legislate as a concern to doctors in having taken their Hippocratic Oath to aid people in living and now being asked for assistance in dying. Secondly, the potential abuses that this bill could create were worrisome to the doctors as a whole. This motion was substituted by the Committee to send this bill to Interim Study. The Minority felt that this bill has been studied enough, and should be voted up or down.

Referred for Interim Study.

**HB 1293**, waiving a person's fifth amendment rights in certain divorce actions where adultery is alleged. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donnalee M. Lozeau for Judiciary: The Committee felt that it was impossible for anyone under any circumstances to legislatively waive these fifth amendment rights. Vote 14-2.

#### **Amendment**

Amend the title of the bill by replacing it with the following:

#### **AN ACT**

reducing the penalty for adultery from a misdemeanor to a violation.

Amend the bill by replacing section 1 with the following:

1 Adultery; Penalty Modified. Amend RSA 645:3 to read as follows:

645:3 Adultery. A person is guilty of a [misdemeanor] **violation** if, being a married person, he engages in sexual intercourse with another not his spouse or, being unmarried, engages in sexual intercourse with another known by him to be married.

#### **AMENDED ANALYSIS**

This bill reduces the penalty for adultery from a misdemeanor to a violation.

Rep. Jasper spoke against.

Rep. Lozeau spoke in favor.

Report adopted.

Ordered to third reading.

**HB 1324-FN**, extending the minimum period for driver's license suspension or revocation for a drug offense to 6 months and expanding the advice by a law enforcement officer relative to implied consent testing for DWI. **INEXPEDIENT TO LEGISLATE**

Rep. Richard M. Campbell, Jr. for Judiciary: This bill was presented as necessary to avoid losing federal funds. Recent information indicates doubt that the bill would pass federal muster without further revision. The bill also included loss of driver's license for drug offenses not related to motor vehicles. Vote 13-3.

Adopted.

**HB 1381**, establishing a procedure to be used in the absence of a living will if the wishes of the terminally ill or permanently unconscious patient were known to other persons. REFER FOR INTERIM STUDY

Rep. Peter Hoe Burling for Judiciary: The Committee felt the bill required further work. Of particular interest are those issues which deal with the power of relatives to make life or death decisions for a terminally ill patient, both individually and as a group (with potentially conflicting views of how their ill relative should be treated). Vote 12-5.

Referred for Interim Study.

**HB 1407**, repealing laws relative to abortion. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Peter Hoe Burling for the Majority of Judiciary: The majority feels that the time has arrived for us to repeal the three 1848 laws relative to abortion. The decision by the U.S. Supreme Court to review the doctrine of Roe v Wade makes it essential that we have clear, enforceable laws on the books relative to matters of choice in reproduction. The existing laws are anything but clear (two are completely unenforceable), and their removal from the statute books is timely and appropriate. Vote 15-3.

Rep. David D. Hultgren for the Minority of Judiciary: This bill repeals all existing laws relative to abortion, allowing abortion for any reason until the birth of the child. It would provide New Hampshire with an abortion policy more liberal than Roe v Wade, and would be declaring open season on human life within the womb.

Rep. Hultgren moved that the words Inexpedient to Legislate be substituted for the report of the Committee, Ought to Pass, spoke in favor and yielded to questions.

Reps. Lown and Trombly spoke against and yielded to questions.

Rep. Healy requested a quorum count.

The Speaker declared a quorum present.

Rep. Healy spoke in favor.

Reps. Elizabeth Greene and Burling spoke against.

Rep. Carter spoke in favor and yielded to questions.

Rep. Janet G. Wall for Judiciary: The majority of the committee believes that this is a major first step towards invading the rights of private citizens through the use of audio and video tape recordings. There is tremendous potential for abuse. Without

establishing clear, mandatory standards concerning the uniform use of audio and video recordings, the bill essentially offers the police the opportunity to edit the evidence. Vote 9-6.

**HB 1422**, establishing procedures for expediting resolution of medical injury claims. REFER FOR INTERIM STUDY

Rep. Alf E. Jacobson for Judiciary: This legislation proposes a judicial calendar for adjudicating medical injury claims. There were a number of questions raised. First, there is no agreement between defense and plaintiff attorneys. Second, each medical injury is a unique event, and calendaring them on the same schedule could create injustices. Yet there is a need for more expeditious handling of all court cases. We need also to encourage court administration leaders to look hard at developing rules. Therefore, the Committee recommends interim study. Vote 13-4.

Referred for Interim Study.

**HB 1494-FN-L**, implementing the recommendations of the New Hampshire supreme court long-range planning task force regarding the judicial branch. OUGHT TO PASS WITH AMENDMENT

Rep. Alf E. Jacobson for Judiciary: This bill creates some basic changes in the administration of justice. First, it provides for the required statutory changes respecting the establishment of the Northern and Southern Districts in Hillsborough County. Second, it provides for equity jurisdiction in the Probate Court. Third, it makes revisions in the procedures and membership of the Judicial Council. Fourth, it provides for a process for the retention or destruction of court records. Fifth, it provides for establishing the master jury list from drivers' license lists or IDs from the Department of Safety. Sixth, it re-establishes community service penalties for district court jurisdictions. Vote 14-0.

## Amendment

Amend the bill by replacing all after the enacting clause with the following:

1 Trusts; Cy Pres; Cemetery Trust Funds. Amend the introductory paragraph of RSA 31:22-a to read as follows:

31:22-a Cy Pres, Cemetery Trust Funds. Upon petition of a majority of the board of trustees and upon a finding that it is in the public interest, the superior court **or the probate court** may direct the application of only accumulated excess trust income for the general care, capital improvements to or expansion of the cemetery relative to which the particular trust applies. The court shall determine from the terms of the particular trust whether the excess income accumulation of the particular burial lot trust fund will not be required for the care of the burial lot in the foreseeable future. In determining this requirement the court shall consider:

2 Durable Power of Attorney for Health Care; Reference to Court Changed. Amend RSA 137-J:16 to read as follows:

137-J:16 Civil Action. Any person who is a near relative of the principal or a responsible adult who is directly interested in the principal by personal knowledge and acquaintance, including but not limited to a guardian, social worker, physician, or clergyman, may file an action in [superior] **probate** court requesting that the

durable power of attorney for health care be revoked on the grounds that the principal was not of sound mind or was under duress, fraud, or undue influence when the durable power of attorney for health care was executed and shall have all the rights and remedies provided by RSA 506:7 which shall apply to documents executed under this chapter and persons acting pursuant to this chapter.

3 Minors; Public Service. Amend RSA 169-B:19, I(h) to read as follows:

(h) Order the minor to perform up to 50 hours of uncompensated public service subject to the approval of the elected or appointed official authorized to give approval of the city or town in which the offense occurred. The court's order for uncompensated public service shall include the name of the official who will provide supervision to the minor. **However, no person who performs such public service under this paragraph shall receive any benefits that such employer gives to its other employees, including, but not limited to, worker's compensation and unemployment benefits and no such employer shall be liable for any damages sustained by a person while performing such public service or any damages caused by that person unless the employer is guilty of gross negligence;**

4 Appeals; Delinquent Children. RSA 169-B:29 is repealed and reenacted to read as follows:

169-B:29 Appeals. Any minor subject to prosecution under this chapter may, within 30 days of final dispositional order, appeal questions of law to the supreme court, but an appeal shall not suspend the order or decision of the court unless the court so orders. In all other respects the judgment of the district court shall be final at the expiration of the appeal period.

5 Child Protection Act; Appeals. RSA 169-C:28 is repealed and reenacted to read as follows:

169-C:28 Appeals. An appeal of questions of law, under this chapter, may be taken to the supreme court by the child or the child's authorized representative or any party having an interest, including the state, within 30 days of the final dispositional order, but an appeal shall not suspend the order or decision of the court unless the court so orders. In all other respects the judgment of the district court shall be final at the expiration of the appeal period. For purposes of this chapter, a "final dispositional order" includes a dismissal of a petition for abuse and neglect by the district court.

6 New Subparagraph; Minors; Public Service. Amend RSA 169-D:17, I by inserting after subparagraph (c) the following new subparagraph:

However, no person who performs such public service under this subparagraph shall receive any benefits that such employer gives to its other employees, including, but not limited to, worker's compensation and unemployment benefits and no such employer shall be liable for any damages sustained by a person while performing such public service or any damages caused by that person unless the employer is guilty of gross negligence.

8 Voluntary Corporations; Dissolution; Procedure. Amend RSA 292:9, I to read as follows:

I. Any such corporation, or 1/4 of the members thereof, may apply by petition to the superior court, **or in the case of a charitable corporation to the superior court or the probate court**, in the county in which the corporation is located, for a decree of dissolution, or for such other relief as may be just; and the court, after due notice to all parties interested and a hearing, may decree that the corporation be dissolved, subject to such limitations and conditions as justice may require. **The attorney general shall be notified and given an opportunity to be heard in all cases involving charitable corporations.**

11 Absentees; Notice. Amend RSA 464-A:17 to read as follows:

464-A:17 Appointment for Absentees. Whenever an absentee has an interest in any form of property in this state or is a legal resident of this state and has not provided an adequate power of attorney authorizing another to act in his or her behalf in regard to such property or interest, then, the probate court of the county of such absentee's legal domicile or of the county where [such] the property is [situated] located, either on the court's own motion or upon petition alleging the foregoing facts and showing the necessity for providing care of the property of such absentee made by any person who would have an interest in the property of the absentee were such absentee deceased, after notice to, or on receipt of proper waivers from, the heirs and next of kin of the absentee as provided by law for the administration of an estate, **as well as notice by publication once in a newspaper of general circulation in the county of such absentee's legal domicile or of the county where the property is located and, if in a different county, once in a newspaper of general circulation of the county where such absentee was last seen, and upon good cause being shown, may, after finding the facts to be as aforesaid, appoint a conservator to take charge of the**

Upon receipt of the application, the court shall schedule a hearing thereon and give notice to all persons named in the application by registered mail **and by publication as provided in RSA 464-A:17.** The court may appoint guardians ad litem to represent the absentee or other interested persons under disability in connection with the hearing. If after the hearing the court finds the matters set forth in the application to be true and further finds that the proposed action should be authorized and that there is no necessity for the appointment of a conservator, the court shall grant the authority applied for. The court may impose reasonable conditions to safeguard the proceeds of any transaction authorized, or otherwise to protect the interest of the absentee or his dependents, but third persons dealing in good faith with the person authorized to act shall not be held responsible for compliance with any such conditions the court may impose.

13 Settlements on Behalf of Minors; Guardian Required. Amend RSA 464-A:42 to read as follows:

In the event a finding of guilty is made, the court shall set the fine, and the clerk shall forthwith mail or deliver to the defendant at the defendant's last known mailing address a notice of finding and imposition of fine form approved by the administrative judge of the district court, appointed pursuant to supreme court rule. Payment of the fine in full shall be required no later than 30 days from the date of said notice. Upon the failure of any defendant to remit said payment, the procedure required by subparagraph II(a) shall

be followed by the court. No finding made by the court under this section shall be set aside except for good cause shown.

(c) In defaulted cases of violations of title XXI or title XVIII, the court shall notify the director of the division of motor vehicles of the defendant's default of a title XXI violation, or the executive director of the department of fish and game of the defendant's default of a title XVIII violation, and the amounts of the fine and other penalties on a form prescribed by the director of the division of motor vehicles or the executive director of the department of fish and game, as appropriate. 502-A:27-a Destruction of Records. The district court, subject to the approval of the supreme court, shall establish retention and destruction schedules for those original files, papers and records in cases and matters disposed of by the court. The district court shall be responsible for the implementation of the schedules and for directing that any files having the potential for historical significance shall be preserved or transferred to any public historical society or corporation organized for the preservation of historical documents. The schedule may provide for original records to be sent to the records center established under RSA 5.

44 District and Municipal Court Financial Records. RSA 502-A:27-b is repealed and reenacted to read as follows:

502-A:27-b Financial Records. The retention and destruction policy established by RSA 502:27-a shall provide for financial records to be retained for the current fiscal year and the preceding 5 fiscal years.

45 Transitory Actions. Amend RSA 507:9 to read as follows:

507:9 Transitory. Transitory actions, in which any one of the parties is an inhabitant of the state, shall be brought in the county **or judicial district thereof** where some one of them resides. If no one of the parties is an inhabitant of the state, the action may be brought in any county **or judicial district**.

46 Actions by or Against Executor. Amend RSA 507:10 to read as follows:

507:10 By or Against Executor. An action by or against an executor or administrator shall be brought in the same county **or judicial district thereof** or in one of the counties **or judicial district thereof** in which it might have been brought by or against the testator or intestate at the time of his death; provided, that nothing in this section shall affect the right of any executor or administrator to maintain an action in the county [wherein] **or judicial district in which he or she** is appointed.

47 Trustee Process. Amend RSA 512:2 to read as follows:

512:2 Venue. Such action shall be brought in the county **or judicial district thereof** in which it should be brought if no trustee were summoned.

49 Landlord-Tenant; Damages. Amend RSA 540:23 to read as follows:

540:23 Plaintiff's Damages. If a defendant files a plea of title or appeals, and the plaintiff recovers judgment against [him] **the defendant**, the court shall cause [his] **plaintiff's** damages, exemplary or otherwise, including a just compensation for the use and detention of the property and for any injury thereto, to be assessed [by the jury who try the issue, or otherwise,] and may issue execution therefor, or the same may be recovered on the recognizance taken as before provided.

50 Landlord-Tenant; Recognizance. Amend RSA 540:25 to read as follows:

540:25 Recognizance, by Defendant. The defendant[, while his appeal is pending,] shall pay into court or to the plaintiff, as the court directs, all rents becoming due [after the appeal] **from the date the notice of intent to appeal is filed with the district court**. In any case in which the duty to pay rent or a portion thereof is in dispute, the defendant shall be required to pay such portion of the rents becoming due after the [appeal] **notice of intent** is filed into court, as the court may direct, which amounts shall be held by the court in escrow until a final decision is rendered. After such decision has been rendered, the escrowed rent money and any accrued interest thereon shall be apportioned between plaintiff and defendant on the basis of a finding of rent actually due [during the pendency of the appeal]. For the purpose of this section, "rent" shall mean the amount of money called for by the lease or rental agreement at the time the action for possession was instituted.

51 Remedies for Certain Nuisances; Venue. Amend RSA 544:4 to read as follows:

544:4 Venue. Such proceeding shall be in the superior court of the county or **judicial district thereof** in which the property is located.

52 Probate Courts; Jurisdiction. RSA 547:3 is repealed and reenacted to read as follows:

547:3 Jurisdiction. The probate court shall have exclusive jurisdiction over the following: jurisdiction of the probate of wills; the granting of administration of all matters and things of probate jurisdiction relating to the composition, administration, sale, settlement and final distribution of estates of deceased persons, including the assignment of homestead and claims against the executor or administrator for those services related to the prior care and maintenance of the decedent and the administration of insolvent estates and appeals therefrom; the exclusive jurisdiction to interpret and construct wills and to interpret, modify, and terminate testamentary and express trusts as that term is defined in RSA 564-A:1, I, and as to the appointment of and administration by trustees, in the cases prescribed by law; jurisdiction in relation to the appointment and removal of conservators, and of the guardians of minors, mentally incompetent persons and spendthrifts, and in relation to the duties by law imposed on such conservators and guardians, and the management and disposition of the estates of their wards; jurisdiction in relation to the adoption of children; jurisdiction of petitions for partition and to quiet title of real estate pursuant to RSA 547-C; for cause shown, to change the names of persons who apply therefor; to terminate parental rights; jurisdiction of declaratory judgment actions pursuant to RSA 547:11-b, jurisdiction in relation to durable power of attorney for health care under RSA 137-J; and any other jurisdiction as may be granted by statute. The probate court shall have concurrent jurisdiction with the superior court in cases involving charitable uses and trusts other than express trusts as that term is defined in RSA 564-A:1, I.

53 New Sections; Probate Courts; Issues to Court Petition; Jurisdiction. Amend RSA 547 by inserting after section 3 the following new sections:

547:3-a Issues to Court. In any proceeding before a probate court involving material facts which are in dispute, the probate court shall have jurisdiction to try such

factual issues to court after due notice to all interested parties. However, the probate court may, if the interests of an estate require it, appoint a special administrator under RSA 553:20.

**547:3-b Equity Jurisdiction.** The probate court shall have the powers of a court of equity in cases in which there is not a plain, adequate and complete remedy at law involving partition, guardianships, conservatorships and the probate of an estate and in all other like cases cognizable in a court of equity arising under RSA 547, RSA 547-C and RSA 552:7. The probate court shall have concurrent jurisdiction with the superior court in cases involving charitable uses and trusts other than express trusts as that term is defined in RSA 564-A:1, I. The court may hear and determine such cases according to the course of equity, and may grant writs of injunction whenever the same are necessary to prevent fraud or injustice.

**547:3-c Deviation from Terms of Trust.** In all cases where by reason of a change of circumstances which has occurred, shall occur, or is reasonably foreseeable, subsequent to the creation, heretofore or hereafter, of a trust by any deed, will or other instrument, compliance by the trustee or trustees with the terms of the trust relating to the property or the kinds of classes of property which may be held under the trust would defeat or substantially impair the accomplishment of the purposes of the trust, the court may, upon the filing by the trustee of a bill in equity for instructions and upon notice to all parties in interest, enter a decree permitting the trustee to deviate from such terms of the trust and directing the trustee, if necessary to carry out the purposes of the trust, to sell all or any part of the property held under the trust and to invest the proceeds of such sale in kinds or classes of property which are lawful investments for trustees of estates. No such decree, after its entry, shall thereafter operate to relieve any trustee of any duty imposed by law relating to the investment of trust funds and the exercise of reasonable care for the preservation thereof. This section shall not be construed to limit or restrict the general equitable jurisdiction of the court over the trustees, trusts or trust funds.

**547:3-d Cy Pres Doctrine.** If property is or has been given in trust to be applied to a charitable purpose, and said purpose or its application is or becomes impossible or impracticable or illegal or obsolete or ineffective or prejudicial to the public interest to carry out, the trust shall not fail. Upon petition by the trustee or trustees or the attorney general, the probate court may direct the application of the property to some charitable purpose which is useful to the community, and which charitable purpose fulfills as nearly as possible the general charitable intent of the settlor or testator. In applying the doctrine of cy pres, the court may order the distribution of the trust assets to another charitable trust or to a charitable corporation to be held and administered by it in accordance with the terms of the governing instrument as said terms may be modified by the application of cy pres under this section and RSA 547:3-e.

**547:3-e Federal Taxation.** Whenever it shall be made to appear to the court that the intention of the testator or settlor of a charitable trust will be frustrated in whole or in part by reason of a tax imposed under the United State Internal Revenue Code on the income or principal of the trust, or by reason of administrative burden or disproportionate cost of administration, then the court, in order to prevent the diversion of funds from the charitable purpose by federal taxation, may enter a decree:

I. Modifying or enlarging the powers granted the trustee, or declaring that a trustee does not have certain powers under New Hampshire law to the extent necessary in order to bring the terms of the governing instrument into compliance with the tax exemption requirements of federal law.

II. Authorizing the trustee to make charitable distributions from principal.

III. Terminating the trust and directing the distribution of the trust assets to another charitable trust or to a charitable corporation, to be held and administered in accordance with the terms of the governing instrument as said terms may be modified by the application of cy pres under RSA 547:3-d and this section.

IV. Removing the trustee or trustees, or directing the appointment of new or additional trustees.

V. Reducing or limiting the charitable organizations or classes of charitable organizations or charitable objects which may be benefited under the trust instrument.

547:3-f Inapplicability of Cy Pres. Whenever it shall appear to the court that any proposed cy pres application would not be proper because it is in violation of New Hampshire law, the court shall enter a decree denying said proposed cy pres application and stating the reason therefor.

547:3-g Definitions. For the purposes of RSA 547:3-h and for the purposes of any petition for deviation under RSA 547:3-c or under common law equity powers the following words shall have the meanings ascribed here unless the context indicates otherwise:

I. "Charitable trust" means any fiduciary relationship with respect to property arising as a result of a manifestation of an intention to create it and subjecting the person by whom the property is held to equitable duties to deal with the property for charitable or community purposes.

II. "Trustee" means:

(a) Any individual, group of individuals, corporation or other legal entity holding property in trust pursuant to any charitable trust or charitable purpose.

(b) A corporation formed for the administration of a charitable trust pursuant to the directions of the settlor or at the instance of the trustee.

547:3-h Termination of Charitable Trusts. If the probate court, upon application by the trustee or trustees, finds that the continuance of a charitable trust is impracticable or unfeasible, and that the charitable purpose of the settlor or testator can be accomplished by a transfer of the trust assets to another charitable trust or corporation, or to the beneficiaries of said trust, the trust is subject to termination by the court upon such terms and conditions as it may impose. This section shall not be construed to limit or restrict the general equitable jurisdiction of the court over trustees, trusts or trust funds.

54 New Sections; Probate Courts; Declaratory Judgments; Quiet Title; Appeals. Amend RSA 547 by inserting after section 11-a the following new sections:

547:11-b Declaratory Judgments. Any person claiming a present legal or equitable right or title to real or personal property listed in the estate of deceased persons or listed as guardianship, conservatorship, or trust assets may maintain a petition against the estate, guardian, conservator, or trustee to determine the question as between the parties, and the court's judgment or decree thereon shall be conclusive.

547:11-c Quiet Title. An action may be brought in probate court by any person claiming title to, or any interest in, real or personal property, or both, listed in the estate of a deceased person or listed as guardianship, conservatorship, or trust assets over which the probate court has jurisdiction, against the estate, guardian, conservator, or trustee who may claim to own the same, either in fee, for years, for life or in reversion or remainder, or to have any interest in the same, or any lien or encumbrance thereon, adverse to the plaintiff, or in whom the land records disclose any interest, whether or not the plaintiff is entitled to the immediate or exclusive posses-

sion of such property, for the purpose of determining such adverse estate, interest or claim, and to clear up all doubts and disputes and to quiet and settle the title to the same. In any action brought under this provision, where applicable, the procedure set forth in RSA 498:5-b through 5-d shall be followed.

547:11-d Appeals. In cases where a right to jury trial is guaranteed by the constitution or granted by statute, a person may, at the time judgment by the probate court is declared, appeal therefrom to the superior court. The appeal shall be entered 15 days from the date of the register's issuance of the notice of decision unless for good cause shown the time is extended by the superior court. If such an appeal is taken, the superior court shall expedite such requests and schedule the case for trial in as timely a manner as possible. In all cases which are so appealed, it shall be the duty of the superior court to transmit to the judge of the probate court, within 10 days after the case is finally disposed of, a certificate showing the final disposition of the case.

547:11-e Failure to Prosecute Appeal. If the appellant fails to enter an appeal within the time limited and prosecute such appeal, a record thereof shall be made, and, within 10 days, the clerk of court shall transmit to the probate court appealed from a certificate of such forfeiture.

55 If Disqualified to Sit. Amend RSA 547:15 to read as follows:

547:15 If Disqualified to Sit. If the judge disqualifies himself, by reason of a conflict of interest or otherwise, to sit in any case, he shall cause a record of the disqualification to be made and shall adjourn the case to another time and place. **Upon the assignment of the administrative judge of the probate court**, a full-time judge or, if he is unavailable, another judge shall have the power to make any decree or order which could have been made by the judge before whom the case was originally entered, had he not disqualified himself.

56 Vacancy. Amend RSA 547:18 to read as follows:

547:18 Vacancy. Whenever there is a vacancy in the office of the judge of probate of any county, the [register of probate] **administrative judge of the probate court** shall call upon the judge of some other county, who shall act during such vacancy. Such judge who is called upon[, with prior approval of the supreme court,] shall receive [the same per diem compensation as is generally allowed to masters serving in the superior court] **per diem compensation determined by the supreme court upon recommendation by the judicial branch administrative council**, plus reasonable expenses, which shall be paid by the state.

57 Absence or Inability to Attend. Amend RSA 547:18-a to read as follows

547:18-a Absence or Inability to Attend. Whenever a judge of probate in any county shall be absent or unable to attend a session of the probate court, the [register of probate] **administrative judge of the probate court** shall call upon the judge of some other county, who shall act during such absence or inability. Such judge who is called upon[, with prior approval of the supreme court,] shall receive [the same per diem compensation as is generally allowed to masters by the superior court] **per diem compensation determined by the supreme court upon recommendation by the judicial branch administrative council**, plus reasonable expenses, which shall be paid by the state.

58 Probate Judges; Retired Referees, Compensation. Amend RSA 547:19-c to read as follows:

547:19-c Retired Judges of Probate. Each judge of the probate court retired therefrom by age limitation who has served on such court [for at least 7 years] shall upon retirement become a referee. Such referees shall be empowered to act as such in the

probate courts, and their powers and the procedures for hearings before them shall be determined by statute or rule of court. Such referees shall be allowed their expenses and a per diem compensation [at the same rate as paid to masters of the superior court] **determined by the supreme court upon recommendation by the judicial branch administrative council, established pursuant to supreme court rule.**

59 Probate Judges; Retired Masters; Compensation. RSA 547:37 is repealed and reenacted to read as follows:

547:37 Retired Judges as Masters; Special Masters.

I. APPOINTMENT IN CONTESTED CASES. A probate judge may appoint as a master in any contested case such former judge of the probate court as has retired therefrom by age limitation when to do so will expedite the business of the court. If a probate judge is unable for any cause to sit in any case, a member of the Bar of New Hampshire who is a disinterested justice of the peace, or a disinterested justice or special justice from a district court, attending upon written request of the sitting judge and approval of the administrative judge of the probate court, may hear as master and make recommendations as to the disposition of the case. Said appointed special master shall keep a record of the case, which shall be kept with and constitute a part of the records of said court, all of which shall be approved by the judge of said court before the order is issued.

II. COMPENSATION. Such master or special master when sitting as master shall be allowed per diem compensation determined by the supreme court upon recommendations by the judicial branch administrative council, established pursuant to supreme court rule, plus reasonable expenses. If the parties are indigent, the probate court, in its discretion, may assess such charges against the state; provided, however, that all bills submitted by the master for compensation shall first be submitted to the probate judge for approval.

60 New Chapter; Jurisdiction; Partition of Real Estate. Amend RSA by inserting after chapter 547-B the following new chapter:

CHAPTER 547-C  
PARTITION OF REAL ESTATE  
Disputed Partition

547-C:1 Parties. Any person owning a present undivided legal estate in land, not subject to redemption, or the holder of an equity of redemption shall be entitled to have partition in the manner hereinafter provided. If such estate is in fee, he shall be entitled to partition in fee; if a life estate or a term for years, he shall be entitled to partition thereof to continue so long as his estate endures. A life tenant, remainderman, or a tenant for years of whose term at least 20 years remains unexpired may, in the exercise of the court's equitable powers, have partition of the fee. The existence of a lease of the whole or a part of the land to be divided shall not prevent partition, but such partition shall not disturb possession of a lessee under a lease covering the interests of all the co-tenants.

547-C:2 Petition. A petition may be filed by such person in the probate court in the county in which the estate or any part of the estate lies, particularly describing the estate, the names of all owners or persons interested, if known, and the share of the petitioner in the estate and praying for partition of the estate. Upon petition by the administrator or upon its own motion, the court may cause any real estate to be partitioned or divided in accordance with procedures described in this chapter.

547-C:3 Appeal. In cases where a right to jury trial is guaranteed by the constitution, a person may, at the time judgment by the probate court is declared, appeal therefrom to the superior court. The appeal shall be entered 15 days from the date of the register's issuance of the notice of decision unless for good cause shown the time is extended by the superior court. If a trial by jury is requested, the superior court shall expedite such request and schedule the case for trial in as timely a manner as possible and may cause any real estate to be partitioned or divided in accordance with procedures described in this chapter. In all cases which are so appealed, it shall be the duty of the superior court to transmit to the judge of the probate court, within 10 days after the case is finally disposed of, a certificate showing the final disposition of the case.

547-C:4 Owner Unknown. If the persons interested in any such real estate with the petitioner are unknown, it shall be described in the petition in the same manner as is required in the case of taxing unimproved lands of nonresidents, specifying the share held by each petitioner, and stating that it is held with persons unknown.

547-C:5 Notice. The petitioner shall give notice to all persons interested in the estate, by causing the petition and order of notice thereon to be served on each in the same manner that writs of summons are required to be served.

547-C:6 Publication of Petition. If any petitionee or his residence is unknown, or if petitionee resides out of the state and has not had personal notice, the court shall order publication of the petition and order of notice, and may fix the time of the last publication.

547-C:7 Additional Notice. If any petitioner is absent at the time of the service of the petition, and has not returned, and does not appear at the sitting of the court at which the petition is entered, it may be continued and further notice ordered.

547-C:8 Appointing Agents. If any petitionee is a minor, or otherwise incapacitated to take care of his estate, partition shall not be made until a guardian or agent has been appointed. Such guardian or agent may be appointed by the court.

547-C:9 Owner Unknown. If any petitionee is unknown the court may, in its discretion, appoint an agent to aid and advise in petitionee's behalf in making the partition.

547-C:10 Trial of Issues. Matters alleged in the petition may be denied or avoided by the petitionee by plea, and further proceedings may be had, and an issue of fact or of law made and tried, as upon a writ at common law or a bill in equity, and the court shall have full power to determine the respective interests of all the parties; or the petitionee may file a plea denying that the petitionee holds any part of the premises with the petitioner, with a brief statement of matters in defense.

547-C:11 Judgment for Partition; Committee. If the issue is determined in favor of the petitioner, or if after notice the petitionee does not appear, or if no sufficient objection is made, the court shall render judgment that partition be made, and shall appoint a committee, consisting of 3 suitable persons, resident of the county, to make partition of the estate, to set off the shares of the several petitioners according to their respective titles and to award costs as they deem just.

547-C:12 Oath; Notice. The committee shall be sworn. They shall appoint a time and place of hearing, and cause notice thereof in writing, signed by the chairperson, to be served upon each person interested, or each interested person's agent or attorney, or to be left at each interested person's abode at least 7 days before the day of hearing.

547-C:13 Publication of Notice. If any petitionee or petitionee's residence is unknown the committee shall cause the notice to be published.

547-C:14 Setoff; Report. The committee shall make partition of the estate as directed in their commission, by setting off to each petitioner his or her just share thereof, according to his or her right, by proper metes and bounds or other distinct description, and shall return to the court a full report of their doings, with a particular description of each portion of the estate so set off.

547-C:15 Judgment; Record. If no sufficient objection appears, the court shall render judgment upon the report. The partition so made shall be recorded in the registry of deeds for the county where the real estate lies.

547-C:16 Costs. The committee shall award the costs of making the partition, and apportion the same in such manner as they think just, and shall make report thereof to the court.

547-C:17 Against Petitioner. If on the trial of an issue, as provided in RSA 547-C:10, it is determined that the petitioner has no share in the estate, or a less share than the petitioner claims, the petitionee shall recover the taxable costs of such trial.

547-C:18 Failure to Enter, Etc. If the petitioner fails to enter or prosecute his or her petition, costs shall be awarded in favor of all the petitionees upon whom service was made.

#### Undisputed Partition

547-C:19 Petition. If there is no dispute about the title, a petition for partition may be filed with the judge of probate for the county where the real estate or the greater part thereof lies, who shall appoint a time and place of hearing on the petition.

547-C:20 Notice. Notice of the petition and hearing shall be given to all parties interested, by giving to each in hand, or leaving at their abode, an attested copy of the petition and order of notice, at least 14 days before the day of hearing, or by causing the same to be published.

547-C:21 Procedure. If on the hearing no sufficient objection appears, the judge shall cause partition to be made by a committee, who shall be appointed, be sworn, give notice and proceed, and the court shall appoint guardians or agents for all minors or persons incapacitated, and agents for all persons unknown or out of the state, interested in such estate, receive and accept the report of such committee, and render judgment and award costs thereon, in the manner prescribed in this chapter.

#### Unequal Division and Sale

547-C:22 Division with Consent. Whenever an estate is so situated that it cannot be divided so as to give each owner his or her share of the estate without great prejudice or inconvenience, the whole or a part of the estate may be assigned, if the parties consent, to one of them, the assignee paying to the others who have less than their share such sums as the committee shall award.

547-C:23 Non-assent. If the parties will not consent to the division under RSA 547-C:22 the committee shall report the facts to the court.

547-C:24 Recommitment. If it appears to the court that the estate is divisible it shall recommit the report to the committee with instructions as to the division of the estate.

547-C:25 Sale. When the proceedings are pending, if it is alleged in the petition that the estate is so situated that it cannot be divided so as to give each owner his or her share of the estate without great prejudice or inconvenience and the court so finds, or if, upon the report of the committee that the estate is of the nature aforesaid, the court so finds, the court may order it to be sold and the proceeds from the sale to be divided among the owners according to their respective titles, and may make all other

orders that may be necessary to cause such sale and the distribution of the proceeds, as a court of equity may do in like cases.

547-C:26 Distribution Deferred. When it appears that an owner not residing within the territorial limits of the United States of America or any territorial possession thereof would not have the benefit or use or control of such proceeds due them and that special circumstances make it desirable that delivery of such proceeds to them be deferred, the court may order that such proceeds be paid to the state to be invested by the state treasurer and handled subject to such further order as such court may enter; provided a reasonable fee, as allowed by the court, of the attorney for any such owner shall be considered a lien thereon and shall be paid by the fiduciary having such funds in charge to such attorney prior to payment to the state treasurer.

547-C:27 Further Notice. If due notice to the petitionees has not been given, the court may continue the case and order such further notice of the pendency thereof as it may deem just, and when the order has been complied with it shall proceed with such division.

547-C:28 Mortgagees, etc. No partition shall be avoided by any conveyance made by a petitionee after the entry of the petition therefor, nor by any conveyance, unless duly recorded at the date of such entry, nor by any mortgage, attachment or lien thereon, whenever made, nor by the death of either party; but the share of each petitioner shall be set off in severalty, and be subject to all legal claims thereon, as if the claimant had been a party thereto.

(3) Restructuring the judicial council.

(4) Increasing the jurisdiction of the probate and district courts and amending statutes relative to superior court jurisdiction to conform to the increased jurisdiction of the other courts.

(5) Providing for establishment of retention and destruction schedules for court records.

(6) Providing for department of safety drivers' license list as jury pools.

(7) With regard to the district courts, updates methods of determining salaries of the district court special justices; increases district court jurisdiction, including equity jurisdiction; authorizes the supreme court to create regional jury trial courts; and

increases the damage amount which entitles the defendant to transfer a case for jury trial to conform with the New Hampshire constitution.

**HB 1254**, removing certain benefits from the calculation which determines the amount of wages a person is receiving for the purposes of unemployment compensation. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gary L. Daniels for Labor, Industrial and Rehabilitative Services: This bill will expedite the cases heard before the Public Employees Labor Relations Board, which now has a backlog of cases pending. The addition of a hearings examiner will enable the Board to refer unfair labor practice charges to the hearings examiner, allowing cases to move more swiftly on the Board's docket since there will be no requirement for a quorum or for travel by the three members of the Board in order to attend hearings. This would also reduce the expense of Board meetings. Vote 10-0.

#### Amendment

Amend the title of the bill by replacing it with the following:

#### AN ACT

relative to public employee labor relations board hearings.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The changes made in this act will enable the public employee labor relations board to refer pending matters for hearing before a hearing officer. The legislation permits unfair labor practice charges to be heard by a hearing officer as is currently the practice for unit determination matters and, in that respect, makes RSA 273-A internally consistent. Because these matters may be heard by a hearing officer, cases will move more swiftly on the board's docket since there will be no requirement for a quorum or for travel by 3 members of the board in order to attend hearings. The board shall retain the right to exert its original jurisdiction for cases which it believes merit its attention and will continue to act as an appellate tribunal for matters heard by a hearing officer. Because the board's docket and workload are growing, both in the number of cases filed and decided and in the breadth of jurisdiction conferred upon it, namely, the racetrack amendments, this legislation is timely and required if the board's docket is not to become clogged or more delayed.

2 Hearings Conducted by Hearing Officer. Amend RSA 273-A:6 to read as follows:

I. The board shall have primary jurisdiction of all violations of RSA 273-A:5, but no complaint may be filed with the board for violation of RSA 273-A:5, I(c) or (d) until the complainant has exhausted the administrative remedies provided by statutes other than this chapter. **The board may refer any prohibited practice charges, as defined in RSA 273-A:5, to a hearing officer who shall conduct a hearing, make findings of fact, and report to the board within the time limits set forth in this section.**

II. Complaints shall be filed by affidavit. A copy of the complaint shall be given to the party complained against at the time the complaint is filed. The board **or its designee** shall hold a hearing within 45 days under rules adopted by the board pursuant to RSA 541-A and shall give 5 working days' notice of the hearing by certified mail to all persons required to appear and to the representative of [a] any party against whom a complaint has been filed.

III. The board may issue a cease and desist order if it deems one necessary in the public interest, pending the hearing.

IV. The board **or its designee** shall have the power to compel the attendance of witnesses and the production of documents by the issuance of subpoenas, and to take testimony under oath, as provided in RSA 516, and may delegate such powers to any persons it may appoint.

V. Both parties shall have the right to be represented by counsel.

VI. The board **or its designee** shall render its decision within 45 days after the hearing, in accordance with rules adopted by the board pursuant to RSA 541-A. Upon finding that a party has violated RSA 273-A:5, the board may (a) issue a cease and desist order; (b) order reinstatement of an employee with back pay; (c) require periodic reporting of compliance; (d) order payment of the costs incurred by a party negotiating in good faith in negotiations found by the board to have been carried on not in good faith by the other party, if the board finds such penalty appropriate to the circumstances; or (e) order such other relief as the board may deem necessary.

VII. The board shall summarily dismiss any complaint of an alleged violation of RSA 273-A:5 which occurred more than 6 months prior to the filing of the complaint with the body having original jurisdiction of that complaint.

**VIII. Any proceeding referred to a hearing officer under this section or RSA 273-A:8, I shall be reviewable by the board on motion of any party thereto or on motion of the board if the motion is made within 30 days of the rendering of such decision; otherwise the decision shall become final. The review by the board may result in approval, denial, or modification of the decision of the hearing officer and may be made administratively by the board without a hearing de novo unless ordered by the board.**

3 Positions. The public employee labor relations board shall hire the following personnel to carry out the purposes of this act:

I. Hearing officer, labor grade 26.

II. Clerk III, labor grade 7.

4 Effective Date. This act shall take effect 60 days after its passage.

#### AMENDED ANALYSIS

This bill authorizes certain matters normally heard by the public employee labor relations board to be heard before a hearing officer who is to report back to the board. The board will continue to act as the appellate tribunal for such matters.

Adopted.

Rep. Hawkins yielded to questions.

Report adopted.

Referred to Appropriations.

**HB 1276-FN**, relative to hearings on the state budget by legislative policy committees. **REFER FOR INTERIM STUDY.**

Rep. Miriam D. Dunn for Legislative Administration: This bill proposes public hearings by all state departments before the various legislative policy committees, specifically on budget matters. However, the timing of such hearings would be burdensome on both the departments and the committees. Interim study is recommended so that the issues in this bill can be incorporated into new Legislative Orientation plans as well as Committee orientation for the 1993 Session. There is an important list of departments, agencies, boards and commissions for which policy committees are responsible. Vote 10-1.

Referred for Interim Study.

**HB 1322**, allowing legislators to testify before the fiscal committee and limiting certain powers of the fiscal committee. **REFER FOR INTERIM STUDY.**

Rep. Caroline L. Gross for Legislative Administration: If the Interim Study is adopted, the Committee recommends that the Speaker send the bill to Interim Study by the Appropriations Committee for reasons similar to those outlined in greater detail in the Committee report on HB 1427. Because Interim Study by Appropriations is unusual, this bill is not on the consent calendar even though the vote was 12-0.

Referred for Interim Study.

**HB 1401**, requiring the mandates task force to study the impact of the development of the prison facility in the city of Laconia. **INEXPEDIENT TO LEGISLATE.**

Rep. Elizabeth A. Moore for Legislative Administration: The testimony offered at the hearing on House Bill 1401 did not reveal serious hardships or monetary costs to the City of Laconia because of the establishment of the Lakes Region Facility of the New Hampshire Department of Corrections in October, 1991. The facility is at the site of the former Laconia State School. It was reported that the city bill the state for municipal services. The superintendent of the facility feels that there are good lines of communication with all levels of government in Laconia. The Committee felt there was no need for the Mandates Task Force to be involved. Vote 10-1.

Rep. Rosen moved that the words Ought to Pass with Amendment be substituted for the report of the Committee, Inexpedient to Legislate and spoke in favor.

Reps. Salatiello and Horton spoke in favor.

On a division vote, 194 members having voted in the affirmative and 114 in the negative, the motion passed.

Rep. Rosen offered a floor amendment and spoke in favor.

Rep. Horton spoke in favor.

### Floor Amendment

Amend the bill by deleting section 3 and renumbering the original section 4 to read as 3.

Adopted.

The substituted Committee report was adopted.

Ordered to third reading.

**HB 1427**, to restrict the policymaking authority of the fiscal committee. REFER FOR INTERIM STUDY.

Rep. Caroline L. Gross for Legislative Administration: The full Committee was first presented with an amendment that completely rewrote the bill two days before the final deadline to report the bill out of committee. The sponsors themselves agree that the amendment needed further work. Rather than killing the bill, the Committee looked through both the original bill (40 pages) and the proposed amendment (28 pages) and agreed that it is indeed time to undertake a thorough review of the number and scope of the responsibilities that have been delegated, piece by piece, to the Fiscal Committee over the years. Although the Committee vote for Interim Study was 12-0, the bill was not placed on the consent calendar because, if Interim Study is adopted, the Committee urges the Speaker designate the Appropriations Committee to perform, define and co-ordinate the study. This is not normally done. However, neither the original bill nor the amendment has been formally reviewed by Appropriations and it was apparent at the hearing the differences of opinion about parts of the bill do exist among even the small number of Appropriations Committee members in attendance. The Committee further recommends that in its study of Fiscal Committee statutes, Appropriations be asked to consult both the policy and statutory committees and the state agencies that would be affected by proposed changes in current laws involving the Fiscal Committee. Potential sections affecting the Judicial Branch, the Legislative Facilities Committee, the Performance Audit and Oversight Committee, the Postsecondary Education Commission and the Department of Fish and Game were among those specifically mentioned as entities that should be consulted before changes affecting their relationship with the Fiscal Committee are made.

Referred for Interim Study.

**HR 50**, urging the speaker of the house to create a committee to establish a state-wide hospital health insurance plan based on regional criteria. INEXPEDIENT TO LEGISLATE.

Rep. Elizabeth A. Moore for Legislative Administration: While the Committee agrees that the problem of providing health insurance is one of the most important issues facing us as a society, it was felt that existing policy committees are best qualified to perform such a study. The Speaker already has authority to appoint ad hoc committees unless otherwise ordered by the House. A House policy committee can conduct such a study or the Speaker can request it — creating another committee is not necessary at this time. Vote 11-0.

Adopted.

**HR 52**, urging the leadership to assign bills pertaining to health insurance to both the commerce, small business and consumer affairs committee and the health, human services and elderly affairs committee. INEXPEDIENT TO LEGISLATE.

Rep. Caroline L. Gross for Legislative Administration: At the public hearing the prime sponsor testified that she was not certain that this resolution as written is the best way to solve the problem. Nonetheless, she introduced it because she believes that the problem — how best to handle the referral of a single piece of legislation addressing issues of legitimate concern to more than one House policy committee — needs to be addressed. The Committee agrees. But joint referral of a bill to more than one policy committee as proposed in the resolution has drawbacks, whether the bill is referred simultaneously to committees which must act jointly, or consecutively to a second policy committee which acts after the first committee has completed its review

and made its recommendation. The Committee vote of 10 to 1 in favor of Inexpedient to Legislate is made in the hope that better ways to handle what is becoming a frequent problem can be found for both the short and long term. Specifically, it is suggested that for the remainder of this session policy committees with overlapping jurisdictions continue to explore the use of joint subcommittees regardless of which committee has actual physical possession of the bill. And in preparation for the 1993-1994 session, it is suggested that committees with overlapping jurisdictions consider amendments to House Rules to either amend jurisdictions or provide for a more formal process for joint consideration.

Adopted.

**HB 1235**, establishing a task force to evaluate the metric system in the manufacture of product. MAJORITY: INEXPEDIENT TO LEGISLATE, MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Robert R. Jean for the Majority of Science, Technology and Energy: While all members of the committee recognize the implementation of the metric system in New Hampshire is essential to our economic future, the Majority of the Committee believe a task force would do little, if anything, to further that goal. Vote 9-3.

Rep. Arthur P. Ferlan for the Minority of Science, Technology and Energy: The bill, with floor amendment, proposes establishment of a task force comprising industry, education and New Hampshire government to obtain and disseminate facts about the metric system of measurements for industrial application. At the original committee hearing, eight (8) people provided favorable testimony. No one opposed the bill. The United States is the only major world country still using the 300-year old English system and trying to sell products incompatible with world needs, life left-handed auto drives to a right-handed world. Current United States law states that to the extent economically feasible, metric manufactured products are to be delivered to NASA, DOD, etc. starting in November 1992. We need to jumpstart the New Hampshire economy. The metric system of measurement will help. Vote. 9-3.

#### LAI D ON THE TABLE

Rep. Ferlan moved that **HB 1235**, establishing a task force to evaluate the metric system in the manufacture of products, be laid on the table.

On a division vote, 171 members having voted in the affirmative and 133 in the negative, the motion was adopted.

#### REGULAR CALENDAR (continued)

**HCR 23**, urging the federal government to pass legislation limiting the cost of prescription drugs. INEXPEDIENT TO LEGISLATE.

Rep. George N. Katsakiores for State-Federal Relations: Despite the understanding that prescription prices are increasing at an alarming rate, the resolution presented runs counter to America's "free enterprise system" by requiring federal price controls. Further, the resolution requires "profit margin" publication of all drugs, the prohibition of research and development costs onto consumers costs and government oversight on drug prices. Vote 6-4.

Adopted.

**HCR 29**, urging Congress to reduce military spending in light of the end of the Cold War. INEXPEDIENT TO LEGISLATE.

Rep. George N. Katsakiores for State-Federal Relations: The resolution presented asks Congress to convert reduced military spending to domestic needs. As noble as the cause is, the Budget Enforcement Act of 1991 sets forth an agreed spending plan

Congress and the administration agreed to. The Enforcement Act of 1991 was destined to ultimately reduce the federal deficit over a period of several years. Vote 6-4.

Adopted.

**HB 1143-FN-A**, relative to administrative fines, court fines for violations of weights and measures laws, continually appropriating a special account to the bureau of weights and measures, and increasing the per-brand registration fee for commercial feed. (A) OUGHT TO PASS WITH AMENDMENT.

Rep. Charles W. Ferguson for Appropriations: The committee used this bill to increase the fees for commercial feed and increased the appropriation for the Bureau of Markets for the inspection of commercial animal feeds and fertilizers and for the inspection of small business operators' scales. Vote 18-0.

Report adopted.

Ordered to third reading.

**HB 1252-FN**, creating exceptions from and reciprocity for state water laboratory certification, clarifying the use of fees for certifying state water laboratories, and changing the special account into a special continuously appropriated revolving fund account. (A) OUGHT TO PASS WITH AMENDMENT.

Rep. John P. Chandler for Appropriations: This bill enables DES to recover actual costs of certification in certain cases and to retain such revenue to offset associated expenses. The amendment requires that any balance in excess of \$1000 at the end of each fiscal year lapse to the general fund and removes the proposed exemption for political subdivisions inasmuch as technical services are clearly received for the costs charged. Vote 19-0.

#### Amendment

Amend RSA 485:46, II as inserted by section 3 of the bill by replacing it with the following:

II. The schedule of fees shall be designed to recover **the costs of staff and** the direct cost and travel expenses associated with the certification services provided under RSA 485:44, and such fees shall be available to the department to be used to defray the cost of **staffing, and the cost of** travel and associated expenses for such services. Funds received shall be deposited in a special **revolving fund** account maintained by the department **which shall be continuously appropriated to the department** to offset the costs of the [inspection] **certification** program. Any balance **in excess of \$1,000** remaining at the end of the fiscal year shall lapse to the general fund. This paragraph shall not be construed to mean that all agency costs associated with the certification program, such as agency overhead[,], **and** facilities[,], and staff services] are to be prorated and recovered by fees.

#### AMENDED ANALYSIS

This bill adds certain exceptions from certification for state water laboratories, allows certification fees to be used for staffing and costs associated with certification services, and permits the department of environmental services to enter into reciprocal agreements with other laboratories that are certified by the United States Environmental Protection Agency.

This bill also changes the special account into a special continually appropriated revolving account.
